

Single Platform Investment Repackaging Entity SA

(a public limited liability company (société anonyme) incorporated under the laws of Luxembourg with registered office at 3, rue Gabriel Lippmann, L-5365 Munsbach, Grand Duchy of Luxembourg, having a share capital of EUR 31,000, and duly registered with the Registre de Commerce et des Sociétés, Luxembourg with number B206430) ("SPIRE")

Secured Note Programme

SPIRE is a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) under the laws of Luxembourg and has the status of an unregulated securitisation undertaking (*société de titrisation*) within the meaning of the Luxembourg act dated 22 March 2004 relating to securitisation, as amended (the "**Securitisation Act 2004**").

This Base Prospectus gives information on SPIRE and on SPIRE's programme (the "**Programme**") for the issuance of secured notes ("**Notes**"). The liability of SPIRE under the Notes and the Programme is separate in respect of each Series. SPIRE has established its Programme by entering into a programme deed, as amended and restated from time to time (the "**Programme Deed**"). Under the Programme, SPIRE, subject to compliance with all relevant laws, regulations and directives, may, from time to time, issue series (each, a "**Series**") of Notes, in one or more tranches (each, a "**Tranche**"), on the terms set out in this Base Prospectus as completed by the final terms prepared in connection with such Tranche (the "**Final Terms**") or as completed, amended, supplemented or varied by the pricing terms prepared in connection with such Tranche (the "**Pricing Terms**", and with Final Terms and Pricing Terms both comprising "**Accessory Conditions**"). References to applicable Final Terms in this Base Prospectus include only final terms pursuant to Regulation (EU) 2017/1129, as amended (the "**Prospectus Regulation**"). Notes may also be issued under the Programme by way of a prospectus (a "**Series Prospectus**") that includes the Pricing Terms for the Notes and incorporates by reference the whole or any part of this Base Prospectus, as necessary.

Under Luxembourg law, SPIRE's assets and liabilities can and, in respect of the Programme, will be divided into "Compartments" (as defined in the section of this Base Prospectus titled "*Overview of the Programme*"). SPIRE acting in respect of one of its Compartments (the "**Issuer**") will purchase assets and/or enter into other contractual arrangements using the proceeds of issue of a Series, and those assets and the Issuer's liabilities in respect of such Series will be allocated to the Compartment created for that Series and will be segregated from SPIRE's other assets and liabilities and from the assets and liabilities allocated to all other Compartments. The assets in any Compartment will be available exclusively to meet the Issuer's obligations in respect of the Series relating to that Compartment and may not be used by SPIRE to meet its obligations in respect of any other Series or any other obligations.

In addition, each Series will be secured by a security interest created in favour of the Trustee over the assets allocated to a Compartment relating to such Series as described in "*Master Conditions - Condition 5 (Security)*".

If the proceeds of liquidation of any available collateral, or of enforcement of the security, are not sufficient to meet all of its obligations in respect of the Series, the Issuer's obligations in respect of the Notes will be limited to those proceeds. Neither the assets of another Compartment nor any of SPIRE's other assets will be available to meet any shortfall.

The Central Bank of Ireland (the "**Central Bank**") as competent authority under the Prospectus Regulation has approved this Base Prospectus. The Central Bank only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval is not to be considered as an endorsement of either SPIRE or the quality of the Notes that are the subject of this Base Prospectus and investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to The Irish Stock Exchange plc, trading as Euronext Dublin ("**Euronext Dublin**") for Notes issued under the Programme for the period of 12 months from the date of this Base Prospectus to be admitted to the Official List of Euronext Dublin (the "**Official List**") and to trading on its regulated market (the "**Regulated Market**"). The Regulated Market is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "**MiFID II**"). Such approval relates only to the Notes which are to be admitted to trading on the Regulated Market or other regulated markets for the purposes of MiFID II.

This Base Prospectus will be valid for admissions to trading on a regulated market by or with the consent of SPIRE for 12 months from its date. The obligation to supplement it in the event of significant new factors, material mistakes or material inaccuracies will not apply after the date falling 12 months from the date of this Base Prospectus.

Application has also been made to Euronext Dublin for Notes issued under the Programme for the period of 12 months from the date of this Base Prospectus to be admitted to the Official List and to trading on its Global Exchange Market ("**GEM**"). This document constitutes Base Listing Particulars for the purpose of such application and has been approved by Euronext Dublin. The GEM is not a regulated market for the purposes of MiFID II. Such approval relates only to the Notes which are to be admitted to trading on the GEM.

Notes may also be listed and admitted to trading on such other or further stock exchanges as may be agreed between SPIRE and the Dealer for the Series and as specified in the applicable Accessory Conditions. Unlisted Notes may also be issued pursuant to the Programme on the terms set out in this Base Prospectus as completed, amended, supplemented or varied by Pricing Terms. The applicable Accessory Conditions in respect of the Notes will specify whether or not such Notes will be listed on the Official List and admitted to trading on the Regulated Market or admitted to trading on GEM or any other stock exchange. This Base Prospectus has not been reviewed by the Central Bank in relation to any Pricing Terms.

Notes to be admitted to the Official List and to trading on the Regulated Market or any other regulated market for the purposes of MiFID II may only be issued (i) by way of Final Terms under this Base Prospectus or (ii) pursuant to a Series Prospectus. Notes may only be issued by way of Final Terms under this Base Prospectus where (a) a public offering of the Notes is not intended, (b) the minimum specified denomination is €100,000 (or its equivalent in any other currency as at the issue date of the Notes), (c) the Swap Counterparty (if applicable) is an Approved Swap Counterparty, (d) the Repo Counterparty (if applicable) is an Approved Repo Counterparty, (e) the SL Counterparty (if applicable) is an Approved SL Counterparty and (f) the Original Collateral is Approved Original Collateral.

Notes to be admitted to the Official List and to trading on GEM may be issued by way of a Pricing Supplement under these Base Listing Particulars. For this purpose, references in these Base Listing Particulars to “Base Prospectus”, “Pricing Terms” and “Supplemental Prospectus(es)” shall be deemed to be references to “Base Listing Particulars”, “Pricing Supplement” and “Listing Particulars Supplement(s)” respectively. Notes may also be issued under the Programme by way of a Series Listing Particulars that includes the Pricing Terms for the Notes and incorporates by reference the whole or any part of these Base Listing Particulars, as necessary.

Notes to be issued under the Programme will be rated or unrated. Notes may be rated by Fitch Ratings Limited (“**Fitch**”), Moody’s Investors Service Ltd (“**Moody’s**”), Rating and Investment Information, Inc. (“**R&I**”), S&P Global Ratings Europe Limited (“**S&P**”), Scope Ratings GmbH (“**Scope**”) and/or any other rating agency specified in the Accessory Conditions. Where Notes are rated (i) the applicable rating(s) and (ii) whether or not such rating(s) will be treated as having been issued by a credit rating agency established in the European Union and registered under Regulation (EC) No 1060/2009 (the “**CRA Regulation**”) will be specified in the applicable Accessory Conditions. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency. Fitch, Moody’s and R&I are not established in the European Union and are not registered under the CRA Regulation. S&P and Scope are established in the European Union and registered under the CRA Regulation.

Prospective investors should have regard to the risk factors described under the section of this Base Prospectus titled “Risk Factors” and, in particular, to the limited recourse nature of the Notes and the fact that the Issuer is a special purpose vehicle. This Base Prospectus does not describe all of the risks of an investment in the Notes.

Unless otherwise defined elsewhere in this Base Prospectus, capitalised terms used in this Base Prospectus shall have the meaning given to them in “Master Conditions - Condition 1 (Definitions and Interpretation)”. For convenience, an index of defined terms used in this Base Prospectus is set out at pages 339 – 343 of this Base Prospectus.

This Base Prospectus comprises a base prospectus for the purposes of the Prospectus Regulation and for the purpose of giving necessary information with regard to SPIRE and the Notes which, according to the particular nature and circumstances of SPIRE and the type of Notes, is material to investors for making an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of SPIRE, the rights attaching to the Notes and the reasons for the issuance and its impact on SPIRE.

SPIRE accepts responsibility for the information contained in this Base Prospectus. To the best of SPIRE's knowledge, the information contained in this Base Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Base Prospectus has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area (the "**EEA**") (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Regulation from the requirement to publish a prospectus for offers of Notes. Accordingly, any person making or intending to make an offer of Notes in that Relevant Member State which are the subject of an offering contemplated in this Base Prospectus as completed by Final Terms or as completed, amended, supplemented or varied by Pricing Terms in relation to the offer of those Notes may only do so in circumstances in which no obligation arises for SPIRE or any Programme Dealer to publish a prospectus pursuant to the Prospectus Regulation or supplement a prospectus pursuant to the Prospectus Regulation, in each case, in relation to such offer. Neither SPIRE nor any Programme Dealer have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for SPIRE or any Programme Dealer to publish or supplement a prospectus for such offer.

Solely for the purposes of each manufacturer's product approval process where MiFID II and its related regulations apply, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate.

Solely for the purposes of each manufacturer's product approval process where the FCA Handbook: Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") applies, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "**EUWA**") ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate.

Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the relevant manufacturer's target market assessment; however, a distributor subject to MiFID II or the UK MiFIR Product Governance Rules is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a "retail client" as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation.

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "**PRIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIPs Regulation.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the “**UK**”). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook (“**DISC**”) for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulation 2024.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in any jurisdiction. For these purposes, a “retail investor” (i) has the meanings given to it above in relation to EEA and UK law and (ii) means a person who does not qualify as a professional, institutional, qualified, accredited, sophisticated or other similar category of investor under the applicable laws and regulations of any other jurisdiction into which the Notes are being offered, sold, distributed or otherwise made available.

This Base Prospectus is to be read in conjunction with all documents which are incorporated herein by reference (see the section of this Base Prospectus titled “*Documents Incorporated by Reference*”).

No person has been authorised to give any information or to make any representation other than those contained in this Base Prospectus and the applicable Accessory Conditions in connection with the issue or sale of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by SPIRE or any of the Programme Dealers. Neither the delivery of this Base Prospectus nor any sale made in connection therewith shall, under any circumstances, create any implication that there has been no change in the affairs of SPIRE since the date of this Base Prospectus or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of SPIRE since the date of this Base Prospectus or the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The language of this Base Prospectus is English. Certain legislative references and technical terms have been cited in their original language in order that the correct technical meaning may be ascribed to them under applicable law.

The information on any websites referred to herein does not form part of this Base Prospectus unless that information is incorporated by reference into this Base Prospectus.

The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by SPIRE and the Programme Dealers to inform themselves about and to observe any such restriction.

The Notes have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”) or with any securities regulatory authority of any state or other jurisdiction of the United States. The Notes may include notes in bearer form that are subject to U.S. tax law requirements. Notes may not at any time be offered, sold or, in the case of Notes in bearer form, delivered within the United States or to, or for the account or benefit of, any person who is (a) a U.S. person (as defined in Regulation S under the Securities Act), (b) a U.S. person (as defined in the credit risk retention rules issued under Section 15G of the U.S. Securities Exchange Act of 1934 (the “**U.S. Credit Risk Retention Rules**”)) or (c) not a Non-United States person (as defined in Rule 4.7 of the rules of the Commodity Futures Trading Commission (the “**CFTC Rules**”) under the U.S. Commodity Exchange Act of 1936 (the “**CEA**”), but excluding for purposes of subsection (D)

thereof, the exception to the extent that it would apply to persons who are not Non-United States persons (“**Rule 4.7**”).

Any investor in the Notes (including investors following the issue date of such Notes) shall be deemed to give the representations, agreements and acknowledgments specified in the Conditions of such Notes, including a representation that it is not, nor is it acting for the account or benefit of, a person who is (i) a U.S. person (as defined in Regulation S under the Securities Act), (ii) a U.S. person (as defined in the U.S. Credit Risk Retention Rules) or (iii) not a Non-United States person (as defined in Rule 4.7).

If such an investor is purchasing the Notes on their issue date, such an investor may also be required to provide the relevant Programme Dealer with a letter containing a representation substantially in the same form as the deemed representation specified above.

The Notes may not at any time be offered, sold or, in the case of Notes in bearer form, delivered within the United States or to, or for the account or benefit of, U.S. persons (as defined in the U.S. Internal Revenue Code of 1986, as amended), and regulations thereunder.

For a description of certain restrictions on offers and sales of Notes and on distribution of this Base Prospectus, see the section of this Base Prospectus titled “*Subscription and Sale*”.

SPIRE has not been, and will not be, registered under the U.S. Investment Company Act of 1940, as amended (the “**Investment Company Act**”).

No person has registered, nor will register, as a Commodity Pool Operator of the Issuer under the CEA and the rules of the U.S. Commodity Futures Trading Commission (the “**CFTC**”) thereunder.

Each Programme Dealer accordingly disclaims all and any liability whether arising in tort or contract or otherwise (save as referred to above) which it might otherwise have in respect of any Notes, any Transaction Documents or this Base Prospectus or any such statement.

Prospective investors should have regard to the risk factors described in the section of this Base Prospectus titled "*Risk Factors*". This Base Prospectus does not describe all of the risks of an investment in the Notes. Neither this Base Prospectus nor any financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of SPIRE or the Programme Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes.

Prospective investors should conduct such independent investigation and analysis regarding SPIRE, the security arrangements and the Notes as they deem appropriate to evaluate the merits and risks of an investment in the Notes. Prospective investors should have sufficient knowledge and experience in financial and business matters, and access to, and knowledge of, appropriate analytical resources, to evaluate the information contained in this Base Prospectus and the applicable Accessory Conditions and the merits and risks of investing in the Notes in the context of their financial position and circumstances. None of the Programme Dealers undertakes to review the financial condition or affairs of SPIRE during the life of the arrangements contemplated by this Base Prospectus or during the term of any Notes issued nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Programme Dealers. The Programme Dealers disclaim any responsibility to advise investors of the risks and investment considerations associated therewith as they may exist at the date hereof or as they may from time to time alter.

- (vi) are able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect their investment and their ability to bear the applicable risks.

Owing to the structured nature of the Notes, their price may be more volatile than that of non-structured securities.

Investors: Each prospective investor in the Notes should have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where principal and interest may reduce as a result of the occurrence of different events whether related to the creditworthiness of any entity or otherwise or changes in particular rates, prices, values or indices, or where the currency for principal or interest payments is different from the prospective investor's currency.

Investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. No representations: None of the Issuer, the Programme Dealers or (in respect of any Series) any of the other Transaction Parties makes any representation or warranty, express or implied, in respect of any:

- (i) Collateral or in respect of any information contained in any documents prepared, provided or filed in respect of such Collateral with any exchange, governmental, supervisory or self-regulatory authority or any other person;

Method of Issue

The Notes will be issued in Series, with the Notes of a Series being ultimately interchangeable with all other Notes of that Series. Each Series may be issued in Tranches on the same or different issue date(s). The specific terms of each Tranche (which will be completed, where necessary, with supplemental terms and conditions and, save in respect of the issue date, issue price, first payment of interest and principal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the applicable Final Terms or completed, amended, supplemented or varied in the applicable Pricing Terms.

Issue Price of the Notes

Notes may be issued at their principal amount or at a discount or premium to their principal amount.

Form of Notes

The Notes of a Series may be issued in bearer form ("**Bearer Notes**") or in registered form ("**Registered Notes**") but Notes of a Series may not comprise both Bearer Notes and Registered Notes.

Each Tranche of Bearer Notes may be issued in definitive form ("**Definitive Bearer Notes**") or if they are to be deposited on issue with a common depository on behalf of Euroclear and Clearstream, Luxembourg or such alternative clearing system as is approved by the Trustee, they will be represented on issue by either (i) a temporary global note (a "**Temporary Global Note**") if (a) definitive Notes are to be made available to Noteholders following the expiry of 40 days after their issue date or (b) such Notes have an initial maturity of more than one year and are being issued in compliance with TEFRA D (as defined in "*U.S. TEFRA Categorisation*" below), or otherwise (ii) a permanent global note (a "**Permanent Global Note**").

Each Tranche of Registered Notes will be represented by certificates (each, a "**Certificate**"), one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Where issued individually to Noteholders and not in the name of a nominee for one or more clearing systems, such Certificates are referred to as "**Definitive Registered Notes**". Certificates representing Registered Notes that are registered in the name of a nominee for one or more clearing systems are referred to as "**Global Certificates**".

Clearing Systems

Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking S.A. ("**Clearstream, Luxembourg**") and, in relation to any Series, such other clearing system approved by the Issuer, the Issuing and Paying Agent, the Trustee, the Dealer and (in the case of Registered Notes) the Registrar.

Initial Delivery of Notes

On or before the issue date for each Tranche, the Global Note representing Bearer Notes or the Global Certificate representing Registered Notes may be deposited with a common depository for Euroclear and Clearstream, Luxembourg. Global Notes or Global Certificates may also be deposited with any other clearing system or may be delivered outside any clearing system, provided

that the method of such delivery has been agreed in advance by the Issuer, the Issuing and Paying Agent, the Trustee and the relevant Dealer. Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of nominees or a common nominee for such clearing systems.

Limited Recourse and Non-Petition

The Notes comprise secured, limited recourse obligations of the Issuer.

The obligations of the Issuer to pay any amounts due and payable in respect of a Series and to the other Transaction Parties at any time in respect of a Series shall be limited to the proceeds available out of the Mortgaged Property in respect of such Series at such time to make such payments in accordance with "*Master Conditions - Condition 15 (Application of Available Proceeds)*". Notwithstanding anything to the contrary contained herein, or in any Transaction Document, in respect of a Series, the Transaction Parties, the Noteholders and the Couponholders shall have recourse only to the Mortgaged Property in respect of the Series, subject always to the Security, and not to any other general assets of SPIRE or to any other assets of SPIRE acting in respect of other Compartments.

If, after (i) the Mortgaged Property in respect of the Series is exhausted (whether following Liquidation or enforcement of the Security or otherwise) and (ii) application of the Available Proceeds as provided in "*Master Conditions - Condition 15 (Application of Available Proceeds)*", any outstanding claim, debt or liability against the Issuer in relation to the Notes of the Series or the Transaction Documents relating to the Series remains unpaid, then such outstanding claim, debt or liability, as the case may be, shall be extinguished and no debt shall be owed by the Issuer in respect thereof.

Following extinguishment in accordance with "*Master Conditions - Condition 17(a) (General Limited Recourse)*", none of the Transaction Parties, the Noteholders, the Couponholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors to recover any further sum in respect of the extinguished claim, debt or liability and no debt shall be owed to any such persons by the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors in respect of such further sum in respect of the Series.

None of the Transaction Parties, the Noteholders, the Couponholders or any other person acting on behalf of any of them may, at any time, institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer, SPIRE or any of its officers, shareholders, members, incorporators, corporate service providers or directors or any of its assets, and none of

OVERVIEW OF THE PROGRAMME

them shall have any claim arising with respect to the assets and/or property attributable to any other Obligations issued or entered into by the Issuer or SPIRE (save for any further notes which form a single series with the Notes) or any other assets of the Issuer or SPIRE.

Notwithstanding the provisions of the foregoing, the Trustee may lodge a claim in the liquidation of SPIRE which is initiated by another party or take proceedings to obtain a declaration or judgment as to the obligations of the Issuer.

In addition, no Noteholders or Couponholders or any other person acting on behalf of them may start proceedings against the Issuer which are based on article 470-21 of the Luxembourg law of 10 August 1915 relating to commercial companies, as amended (the “**Companies Act 1915**”).

Such limited recourse and non-petition provisions shall survive notwithstanding any redemption of the Notes of any Series or the termination or expiration of any Transaction Document in respect of any Series.

Currencies

Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency as agreed between the Issuer, the Issuing and Paying Agent and the Dealer.

Maturities

Subject to compliance with all relevant laws, regulations and directives, Notes of any maturity may be issued under the Programme.

Specified Denomination

Notes will be in such denominations as may be specified in the applicable Accessory Conditions in accordance with all relevant laws, regulations and directives, provided that (i) the minimum specified denomination shall in each case be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes) and (ii) unless otherwise permitted by the then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of the Financial Services and Markets Act 2000 (“**FSMA**”) will have a minimum denomination of the greater of €100,000 and £100,000 (or their equivalent in other currencies).

Fixed Rate Notes

Fixed interest will be payable in arrear on the date or dates in each year specified in the applicable Accessory Conditions.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series and will be determined on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating either the 2006 ISDA Definitions or 2021 ISDA Definitions, as applicable, each as published by the International Swaps and Derivatives Association, Inc. (unless the Notes are

issued by way of Pricing Terms and such Pricing Terms specify otherwise).

Variable-linked Interest Rate Notes

Interest payable on Variable-linked Interest Rate Notes (which will only be applicable with respect to Notes issued by way of Pricing Terms) will be determined in the manner and by reference to the formula specified in the applicable Pricing Terms.

Zero Coupon Notes

Zero Coupon Notes may be issued at their principal amount, at a discount to it or at a premium to it and will not bear interest unless payment under the Notes on the due date for redemption is improperly withheld or refused.

Interest Periods and Rates of Interest

The length of the interest periods for the Notes and the applicable rate of interest or its method of calculation may differ from time to time or be constant for any Series. All such information will be set out in the applicable Accessory Conditions.

Redemption

The applicable Accessory Conditions will specify the basis for calculating the redemption amounts payable. Unless permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies) per Note.

Redemption by Instalments

Where a Series is redeemable in two or more instalments, the applicable Accessory Conditions will set out the dates on which, and the amounts in which, such Notes may be redeemed.

Early Redemption for Events of Default, Tax or Other Reasons

The Notes may be redeemed prior to or following the Maturity Date upon the occurrence of:

- (i) certain tax events with respect to the Notes or the Original Collateral;
- (ii) certain events with respect to the Original Collateral (which includes the Original Collateral being called for redemption or repayment prior to its scheduled maturity date (other than a scheduled amortisation of the Original Collateral) and certain default events relating to the Original Collateral – for further information see the section of this Base Prospectus titled “*Risk Factors*” and the risk factor “*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*” therein);
- (iii) the termination of the Swap Agreement, the Repo Agreement or the SL Agreement;
- (iv) the bankruptcy of the Swap Counterparty, the Repo Counterparty or the SL Counterparty;
- (v) it becoming unlawful for the Issuer to perform its obligations in respect of the Notes;
- (vi) certain disruption events with respect to a relevant Original Collateral Reference Rate;

OVERVIEW OF THE PROGRAMME

- (vii) certain disruption events with respect to a relevant Reference Rate;
- (viii) an Issuer Call Condition being satisfied;
- (ix) a Noteholder Early Redemption Option being exercised; or
- (x) an Event of Default with respect to the Notes.

Any redemption following the Maturity Date would be as a result of a redemption being triggered prior to the Maturity Date but with the resultant liquidation or enforcement process not being completed until after the Maturity Date.

If one of the above events occurs, the Disposal Agent may be required to liquidate the Collateral or the Trustee may enforce the Security following the occurrence of an Enforcement Event (as the case may be). The amount payable to Noteholders in such circumstances will be the Early Redemption Amount.

The Early Redemption Amount will be an amount per Note equal to that Note's *pro rata* share of:

- (a) the proceeds of liquidation or realisation of the Collateral available to the Issuer or the Trustee (as the case may be); plus
- (b) any termination payment payable to the Issuer by the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty on the termination of the Swap Agreement, the Repo Agreement and/or the SL Agreement (if any); minus
- (c) any termination payment payable to the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty by the Issuer on the termination of the Swap Agreement, the Repo Agreement and/or the SL Agreement (if any),

(unless the Notes are issued by way of Pricing Terms and such Pricing Terms specify otherwise).

The Early Redemption Amount of a Note may be less than the Specified Denomination of that Note and may be zero.

If the Issuer fails to pay (I) any Early Redemption Amount that has become due and payable on the relevant Early Redemption Date, (II) any amount of interest or principal or any instalment amount on the Notes that has become due and payable on the Maturity Date by the Relevant Payment Date or (III) any amount due and payable to the Swap Counterparty, the Repo Counterparty or the SL Counterparty on the relevant due date for payment under the Swap Agreement, the Repo Agreement or the SL Agreement (as applicable) relating to that Series (but only if the Issuer has already paid in full any amount due and payable to the Noteholders and the Couponholders of that Series), the Trustee may (and if (A) requested in writing by holders of at least 20 per cent. of the aggregate principal amount of the Notes then outstanding, (B) directed by an Extraordinary Resolution or (C) directed in writing by the Swap Counterparty, the Repo Counterparty or the SL Counterparty (whichever shall be the first to so request or direct) shall), provided in each case that the

Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and provided that the Trustee has given an Enforcement Notice to the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and any Disposal Agent appointed at that time, upon the occurrence of the related Enforcement Event, enforce the Security constituted by the Trust Deed and/or any Security Documents (if applicable), subject to the provisions of the Trust Deed.

In addition, on a redemption of the Notes other than on the Maturity Date or on an Instalment Date at the Instalment Amount, the Issuer or (from the date on which any Enforcement Notice is given by the Trustee following the occurrence of an Enforcement Event) the Trustee (as the case may be) will apply available sums in accordance with the order of priority set out in "*Master Conditions - Condition 15 (Application of Available Proceeds)*". Such sums may not be sufficient to meet the claims of the Secured Creditors against the Issuer in respect of the Series and, accordingly, following application in accordance with the order of priority, there may not be sufficient sums available to satisfy the Issuer's obligation to pay the Early Redemption Amount in full or at all. See "*Limited Recourse and Non-Petition*" above.

Status of Notes

The Notes will be (i) secured, limited recourse obligations of the Issuer ranking *pari passu* without any preference among themselves, (ii) subject to the Securitisation Act 2004 and (iii) secured in the manner described in "*Master Conditions - Condition 5 (Security)*". Recourse in respect of any Series will be limited to the Mortgaged Property for that Series. Claims of Noteholders, the Trustee, the Swap Counterparty, the Swap Guarantor, the Repo Counterparty, the SL Counterparty, the Custodian, the Issuing and Paying Agent and any other Secured Creditor shall rank in accordance with the priorities specified in "*Master Conditions - Condition 15 (Application of Available Proceeds)*" as it may be amended by the applicable Accessory Conditions.

Restrictions

So long as any Note is outstanding, the Issuer shall not, without the prior written consent of the Trustee or the sanction of an Extraordinary Resolution, and except as provided for or contemplated in the Conditions or any Transaction Document and within the limits of the Securitisation Act 2004, engage in any business other than the issuance or entry into of Obligations, the entry into of related agreements and transactions, the acquisition and holding of related assets and the performing of acts incidental thereto or necessary in connection therewith, and provided that:

- (i) such Obligations are secured on assets of the Issuer other than any fees paid to the Issuer (for its own account) in connection with the Notes or other Obligations and any assets securing any other Obligations (other than Equivalent Obligations) of the Issuer;

OVERVIEW OF THE PROGRAMME

- (ii) such Obligations and any related agreements contain limited recourse and non-petition provisions;
- (iii) the terms of such Obligations comply with all applicable laws; and
- (iv) (x) the terms of such Obligations comply with paragraph 2 (*Additional Restrictions*) of the Product Criteria and (y) any underlying assets relating to such Obligations comply with the Collateral Criteria, in each case in effect at the time such Obligations are entered into.

In addition, the Issuer will be subject to certain other restrictions as specified in “*Master Conditions - Condition 6 (Restrictions)*”.

Cross Default

None.

Rating

It is anticipated that certain Series may be rated by Fitch, Moody's, R&I, S&P, Scope, and/or any other rating agency specified in the Accessory Conditions.

Where an issue of Notes is to be rated, such rating will be specified in the applicable Accessory Conditions.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Withholding Tax

All payments in respect of the Notes will be made subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature that the Issuer, the Trustee or any Agent is required by applicable law to make (and any withholding required by an Information Reporting Regime shall be deemed to be required by applicable law). In that event, the Issuer, the Trustee or such Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount(s) so required to be withheld or deducted. None of the Issuer, the Trustee or any Agent will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

U.S. Reference Notes

In order to mitigate the risk of U.S. withholding tax being applied against payments to the Issuer in respect of the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement, investors will be required to provide U.S. tax forms or other documentation to the intermediary through which it receives payments on the Notes (or, where applicable, to the Issuer directly) evidencing that the investor would have been entitled to receive such payment without any deduction or withholding for or on account of any U.S. withholding tax if such payment had been made to the investor instead of to the Issuer.

Further Issues

The Issuer may, from time to time, issue further Notes of any Series on the same terms (except for the issue date, issue price, first payment of interest and principal amount) as existing Notes and such further Notes shall be consolidated and form a single Series with such existing Notes of the same Series, provided that,

OVERVIEW OF THE PROGRAMME

unless otherwise approved by an Extraordinary Resolution of Noteholders, the Issuer provides, in accordance with “*Master Conditions – Condition 6 (Restrictions)*”, additional assets as security for such further Notes.

Governing Law

The Notes are governed by English law. The provisions relating to meetings of noteholders contained in articles 470-1 to 470-19 of the Companies Act 1915 will not apply in respect of the Notes.

Listing and Admission to Trading

Application has been made to list Notes issued under the Programme on the Official List and to admit them to trading on the Regulated Market or as otherwise specified in the applicable Accessory Conditions. As specified in the applicable Accessory Conditions, a Series may be unlisted.

1 Risks relating to SPIRE and the Issuer

(a) Securitisation Act 2004 and Compartments

SPIRE is a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) under the laws of Luxembourg and has the status of an unregulated securitisation undertaking (*société de titrisation*) within the meaning of the Securitisation Act 2004.

For further information, see the section of this Base Prospectus titled “*Description of SPIRE – Securitisation Act 2004 and Compartments*”.

The rights of Noteholders and other Secured Creditors against SPIRE in respect of a Series are limited to the assets in respect of the corresponding Compartment. However, Noteholders may be exposed to competing claims of other creditors of SPIRE if foreign courts or regulators which have jurisdiction over assets of SPIRE allocated to a Compartment do not recognise the segregation of assets and the compartmentalisation, as provided for in the Securitisation Act 2004. The claims of these other creditors may affect the scope of assets which are available for the claims of Noteholders and those of the other Secured Creditors.

The assets of each Compartment may include the proceeds of the issue of the Notes of the relevant Series and the Collateral. The fees, costs and expenses in relation to the Notes of each Series are allocated to the Compartment relating to the relevant Series in accordance with the Conditions and the Articles.

Noteholders of a Series will have recourse only to the Mortgaged Property relating to the relevant Series.

(b) SPIRE is a special purpose vehicle

SPIRE is a special purpose vehicle established for the purpose of issuing asset backed securities within the limits of the Securitisation Act 2004. The Issuer has covenanted (amongst other things) that, so long as any Note is outstanding, it will not, except as otherwise provided for or contemplated in the Conditions or any Transaction Document, engage in any business, subject always to the restrictions set out in the Trust Deed and the Conditions.

For further information on the restrictions on the Issuer’s activities, see the section of this Base Prospectus titled “*Description of SPIRE – Special Purpose Vehicle*”.

As such, the Issuer has, and will have, no assets other than such fees (as agreed) payable to it in connection with the issue of Notes or entry into other Obligations from time to time and any Mortgaged Property and any other assets on which Notes or other Obligations are secured.

(c) **Consequences of winding-up proceedings**

SPIRE is structured to be an insolvency-remote vehicle.

SPIRE shall only contract with parties who agree not to make any application for the commencement of winding-up, or bankruptcy or similar proceedings against SPIRE. Legal proceedings initiated against SPIRE in breach of these provisions shall, in principle, be declared inadmissible by a Luxembourg court.

However, if SPIRE fails for any reason to meet its obligations or liabilities, a creditor who has not (and cannot be deemed to have) accepted non-petition and limited recourse provisions in respect of SPIRE is entitled to make an application for the commencement of insolvency proceedings against SPIRE.

Furthermore, the commencement of such proceedings may, in certain conditions, entitle creditors to terminate contracts with SPIRE and claim damages for any loss suffered as a result of such early termination.

SPIRE is insolvency-remote, not insolvency-proof.

(d) **Evolution of international fiscal policy**

SPIRE may seek to rely on double taxation treaties concluded between Luxembourg and other states, particularly in respect of income and gains of the Issuer. Whilst each double taxation treaty needs to be considered individually taking into account fiscal practices primarily of the country from whom relief is sought, a number of requirements need to be met. These requirements may include ensuring that an entity is resident in Luxembourg, is subject to taxation on income and gains in Luxembourg and is also the beneficial owner of such income and gains. There can be no certainty that SPIRE will be able to rely on double tax treaties because fiscal practice in relation to the construction of double tax treaties and the operation of the administrative processes surrounding those treaties may be subject to change. For example, fiscal practice could evolve such that SPIRE could be regarded as not being the beneficial owner because the overriding commercial object of SPIRE is to allocate income and gains, less certain expenses and losses, for the benefit of Noteholders, and SPIRE is entitled to a tax deduction in respect of that allocation and, as such, SPIRE would not be able to rely on a double taxation treaty on its own behalf. Also, upon the entry into force of the Multilateral Convention to Implement Tax Treaty Related Measures to Prevent Base Erosion and Profit Shifting (“**BEPS**”) signed on 7 June 2017, participating jurisdictions may require the principal purpose test to be met in order to benefit from a double taxation treaty. Luxembourg has adopted the Multilateral Convention to Implement Tax Treaty Related Measures to prevent BEPS under the Law of 7 March 2019 and deposited its instrument of ratification with the OECD on 9 April 2019. If SPIRE is unable to rely on such double taxation treaties, this may result in the Notes being the subject of an early redemption and any tax payable by SPIRE in such circumstances could reduce the Early Redemption Amount payable to Noteholders. See the risk factor titled “*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*” below.

(e) **Impact of anti-tax avoidance directive on Luxembourg securitisation companies**

The Council Directive (EU) 2016/1164 of 12 July 2016 laying down rules against tax avoidance practices that directly affect the functioning of the internal market dated 12 July 2016 was transposed into Luxembourg domestic law by the law of 21 December 2018 (“**ATAD I**”) and entered into force on 1 January 2019. ATAD I has been amended by the Council Directive (EU) 2017/952

of 29 May 2017, which was implemented into Luxembourg domestic law by the law of 20 December 2019 (“**ATAD II**”, and together with ATAD I, “**ATAD**”) and entered into force on 1 January 2020, except for the reverse hybrid mismatch rule, which entered into force on 1 January 2022.

ATAD may result in corporate income tax being effectively imposed and due on SPIRE to the extent that SPIRE derives income other than interest income or income equivalent to interest from its underlying assets and transactions or, as the case may be, if any of the anti-hybrid rules under ATAD apply, for instance, if the Notes issued by SPIRE qualify for tax purposes as hybrid financial instruments. Where ATAD results in denying the tax deductibility of a portion of the interest accrued on the Notes, this could lead to an early redemption of the Notes and any tax payable by the Issuer as a result of ATAD could reduce the Early Redemption Amount payable to Noteholders.

(f) **Impact of Pillar Two on Luxembourg securitisation companies**

On 20 December 2021, the OECD/G20 Inclusive Framework on BEPS published the Global Anti-Base Erosion Model Rules (commonly referred to as “**Pillar Two**”). Pillar Two aims to ensure that multinational enterprise groups with annual consolidated revenues of €750 million or more are subject to a minimum effective tax rate of 15% in each jurisdiction where they operate.

The primary mechanism under Pillar Two is the income inclusion rule (the “**IIR**”), pursuant to which a top-up tax is payable by a parent entity of a group if one or more constituent entities of the group have not been subject to an effective tax rate of 15%. In the event where the IIR does not apply at the ultimate parent entity level, a lower-level parent entity may be required to apply the IIR. A secondary fall back is provided by the undertaxed profit rule (the “**UTPR**”) in case the IIR has not been applied. The UTPR can be applied by (i) limiting or denying a deduction or (ii) making an adjustment in the form of a top-up tax. In addition, jurisdictions may implement a qualified domestic minimum top-up tax (the “**QDMTT**”). A jurisdiction that incorporates the QDMTT becomes the first in line to levy any top-up tax from low-taxed entities located in its jurisdiction. It must compute profits and calculate any top-up tax due in the same way as the Pillar Two rules. Without a QDMTT, another jurisdiction, as determined by the Pillar Two rules, would be entitled to levy the top-up tax.

At EU level, Pillar Two is implemented through Council Directive (EU) 2022/2523 of 14 December 2022 on ensuring a global minimum level of taxation for multinational enterprise groups and large-scale domestic groups in the European Union (the “**Pillar Two Directive**”). EU Member States were required to transpose the Pillar Two Directive in their national laws by 31 December 2023 and the rules had to become effective for tax years commencing on or after 31 December 2023, with the exception of the UTPR, which has to apply for tax years commencing on or after 31 December 2024. Luxembourg has transposed the Pillar Two Directive through the law of 22 December 2023 (the “**Pillar Two Law**”). In that context, Luxembourg opted to implement the UTPR in the form of an additional tax and to apply a QDMTT applicable for tax years starting on or after 31 December 2023. On 20 December 2024, a law amending the Pillar Two Law introduced certain changes to the Pillar Two Law to reflect the OECD’s administrative guidance published in 2023.

As a result of Pillar Two, effective tax rates could increase within the structure both at the level of EU and non-EU vehicles that have implemented rules based on Pillar Two, including by way of higher levels of tax being imposed than is currently the case, possible denial of deductions or increased withholding taxes and/or profits being allocated differently and/or penalties could be due.

Depending on the application of the technical detail of Luxembourg’s implementation of the Pillar Two Directive, there could be an adverse effect on SPIRE and its operations. Where any additional taxes are imposed on SPIRE in respect of any Series of Notes as a result of such implementation of the Pillar Two Directive, this may result in such Notes being the subject of an early redemption and any tax payable by the Issuer in such circumstances could reduce the Early Redemption

Amount payable to Noteholders. See the risk factor titled “*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*” below.

(g) **FATCA and the possibility of U.S. withholding tax on payments**

(i) **Background**

Pursuant to certain provisions of U.S. law, commonly known as FATCA, a withholding tax is imposed on (i) certain U.S. source payments and (ii) beginning on the date that is two years after the date of publication in the U.S. Federal Register of final regulations defining the term “foreign passthru payment”, payments made by “foreign financial institutions” that are treated as foreign passthru payments. This withholding tax is imposed on such payments made to persons that fail to meet certain certification, reporting, or related requirements. SPIRE is a foreign financial institution for these purposes. A number of jurisdictions (including Luxembourg) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“IGAs”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of FATCA to instruments or agreements such as the Collateral, the Swap Agreement, the Repo Agreement, the SL Agreement and the Notes, including whether withholding on foreign passthru payments would ever be required pursuant to FATCA or an IGA with respect to payments on instruments or agreements such as the Collateral, the Swap Agreement, the Repo Agreement, the SL Agreement and/or the Notes, are uncertain and may be subject to change.

(ii) **Possible impact on payments on Original Collateral or under the Swap Agreement, the Repo Agreement or the SL Agreement (if any)**

If SPIRE or the Issuer, as appropriate, fails to comply with its obligations under FATCA (including the IGA entered into between Luxembourg and the United States to implement FATCA and any IGA legislation thereunder), it may be subject to FATCA Withholding on all, or a portion of, payments it receives with respect to the Original Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement (in each case, if any). Any such withholding would, in turn, result in the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes, the Swap Agreement, the Repo Agreement or the SL Agreement with respect to a Series. No other funds will be available to the Issuer or any other Transaction Party to make up any such shortfall and, as a result, the Issuer may not have sufficient funds to satisfy its payment obligations to Noteholders. Additionally, if payments to the Issuer in respect of the Original Collateral are, will become or are deemed on any test date to be subject to FATCA Withholding, the Notes will be subject to early redemption (see the risk factor titled “*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*” below). No assurance can be given that SPIRE or the Issuer, as appropriate, can or will comply with its obligations under FATCA or that SPIRE or the Issuer, as appropriate, will not be subject to FATCA Withholding.

(iii) **Failure to provide information leading to possible redemption of the Notes**

If the Issuer determines that any Noteholder, Couponholder or beneficial owner of Notes has failed to provide sufficient forms, documentation or other information in accordance with Conditions 12(b) (*Provision of Information*) or 12(c) (*U.S. Reference Notes*) such that any payment received by the Issuer may be subject to a deduction or withholding or the Issuer may suffer a fine or penalty, the Notes shall redeem early at their Early Redemption Amount (as further described in the risk factor titled “*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*” below).

FATCA is particularly complex and its application to SPIRE or the Issuer (as appropriate), the Notes and the Noteholders is subject to change.

(h) **Information reporting obligations and FATCA Amendments**

Information relating to the Notes, their holders and beneficial owners may be required to be provided to tax authorities in certain circumstances pursuant to domestic or international reporting and transparency regimes (including, without limitation, in relation to FATCA). This may include (but is not limited to) information relating to the value of the Notes, amounts paid or credited with respect to the Notes, details of the holders or beneficial owners of the Notes and information and documents in connection with transactions relating to the Notes. In certain circumstances, the information obtained by a tax authority may be provided to tax authorities in other countries. Some jurisdictions operate a withholding system in place of, or in addition to, such provision of information requirements. Pursuant to the Conditions and subject to certain limitations, a holder or beneficial owner of Notes is required to provide information reasonably requested by the Issuer and/or any agent acting on behalf of the Issuer for purposes of the Issuer's, SPIRE's or such agent's compliance with applicable information reporting regimes. If, for a Series, any Noteholder or beneficial owner fails to provide any information so requested by the Issuer, the Issuer may withhold amounts from Noteholders (including intermediaries through which such Notes are held) or such Series may be the subject of an early redemption.

Additionally, the Issuer is permitted, subject to the fulfilment of certain requirements set out in Condition 12(d) (*FATCA Amendments*), to make any amendments (other than an amendment that would require a "special quorum resolution" as defined in the Trust Deed) to the terms of the Notes, the Swap Agreement, the Repo Agreement, the SL Agreement and any other Transaction Document (except for the Programme Deed) as may be necessary to enable the Issuer to comply with its obligations under FATCA (including the IGA entered into between Luxembourg and the United States to implement FATCA and any IGA legislation thereunder) or its obligations under any legislation or agreements relating to any applicable Information Reporting Regime and any such amendment will be binding on the Noteholders and the Couponholders.

Neither a Noteholder nor a beneficial owner of Notes will be entitled to any additional amounts if FATCA Withholding or any other withholding or deduction or charge in connection with an Information Reporting Regime is imposed on any payments on or with respect to the Notes. As a result, Noteholders may receive less interest or principal, as applicable, than expected.

Each Noteholder should consult its own tax adviser to obtain a more detailed explanation of FATCA and the other Information Reporting Regimes and to learn how FATCA and the other Information Reporting Regimes might affect such Noteholder in light of its particular circumstances.

(i) **U.S. Reference Notes**

For background on U.S. Reference Notes, see the section of this Base Prospectus titled "*Taxation – U.S. Reference Notes*".

If there is a deduction or withholding in respect of payments to the Issuer in respect of the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement (in each case, if any) or on the Notes for or on account of any U.S. withholding tax, Noteholders will not be entitled to either receive grossed-up amounts to compensate for such withholding tax or be reimbursed for the amount of any shortfall (as further described in the risk factor titled "*Risks relating to the Notes – No gross-up*" below).

The Issuer also may be subject to U.S. withholding tax on all, or a portion of, payments it receives or is deemed to receive with respect to the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement (in each case, if any) if investors in U.S. Reference Notes would not have been

entitled to receive such payment without any deduction or withholding for or on account of any U.S. withholding tax if such payment had been made to the investor instead of the Issuer or if such investors fail to substantiate that such withholding would not have applied through the provision of U.S. tax forms. Any such withholding would, in turn, result in the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes, the Swap Agreement, the Repo Agreement or the SL Agreement with respect to a Series. No other funds will be available to the Issuer or any other Transaction Party to make up any such shortfall and, as a result, the Issuer may not have sufficient funds to satisfy its payment obligations to Noteholders. It is possible that the U.S. Internal Revenue Service would seek to collect that tax from assets of other Series or payments made on Notes of other Series. Additionally, if payments to the Issuer in respect of the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement in respect of a U.S. Reference Note are subject to U.S. withholding tax, the Notes will be subject to early redemption (see the risk factor titled “*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*” below).

(j) **Regulation of the Issuer by any regulatory authority**

Save for registration with the *Registre de Commerce et des Sociétés, Luxembourg*, the Issuer is not required to be licensed, registered or authorised under any current securities, commodities, insurance or banking laws or regulations of its jurisdiction of incorporation. There is no assurance, however, that in the future such regulatory authorities would not take a contrary view regarding the applicability of any such laws or regulations to the Issuer. There is also no assurance that the regulatory authorities in other jurisdictions would not require the Issuer to be licensed or authorised under any securities, commodities, insurance or banking laws or regulations of those jurisdictions. Any requirement to be licensed or authorised could have an adverse effect on the Issuer and could give rise to circumstances that could result in the early redemption of the Notes, which may prove to be adverse to the holders of the Notes.

(k) **No registration as investment company**

SPIRE has not been registered as an investment company under the Investment Company Act. No opinion or no-action position has been requested of the U.S. Securities and Exchange Commission (the “SEC”) in respect of such non-registration. If the SEC or a court of competent jurisdiction were to find that SPIRE is required to register as an investment company but, in violation of the Investment Company Act, had failed to do so, possible consequences include, but are not limited to, the SEC applying to enjoin the violation, Noteholders suing SPIRE to recover any damages caused by the violation and any contract to which SPIRE is a party made in violation or whose performance involves a violation of the Investment Company Act being unenforceable unless enforcing such contract would produce a more equitable result. Should SPIRE be subjected to any or all of the foregoing or to any other consequences, SPIRE would be materially and adversely affected.

2 Risks relating to the Notes

(a) **Amounts payable to Noteholders on early redemption**

The amount payable to a Noteholder on an early redemption will be an amount per Note equal to the Early Redemption Amount, being either: (i) with respect to Notes issued by way of Pricing Terms, the amount specified as such in the applicable Pricing Terms (or the amount determined in accordance with the formula or method for determining such amount specified therein) or (ii) if no such amount is specified in the applicable Pricing Terms, or with respect to Notes issued by way of Final Terms, such Note’s *pro rata* share of (A) the proceeds of liquidation or realisation of the Collateral and any other assets in respect of the relevant Series available to the Issuer plus (B) any early termination payment under the Swap Agreement payable by the Swap Counterparty to the

RISK FACTORS

Issuer and/or any early termination payment under the Repo Agreement payable by the Repo Counterparty to the Issuer and/or any early termination payment under the SL Agreement payable by the SL Counterparty to the Issuer minus (C) any early termination payment under the Swap Agreement payable by the Issuer to the Swap Counterparty and/or any early termination payment under the Repo Agreement payable by the Issuer to the Repo Counterparty and/or any early termination payment under the SL Agreement payable by the Issuer to the SL Counterparty.

The Noteholders will be paid such amounts after payment of any priority claims in accordance with the Conditions. There is no assurance that in such circumstances the proceeds available following payment of any such priority claims will be sufficient to pay in full the amounts that holders of the relevant Notes would expect to receive if the Notes redeemed in accordance with their terms on their Maturity Date or that such holders will receive back the amount they originally invested.

The Noteholders will be exposed to the market value of the Collateral, the Swap Agreement, the Repo Agreement and the SL Agreement (for a consideration of factors that may impact such values see the risk factor titled "*Risks relating to the Notes – Market value of Notes*" below).

(b) **Limited recourse obligations**

The Notes are direct, secured, limited recourse obligations of the Issuer payable solely out of the Mortgaged Property over which security is given by the Issuer in favour of the Trustee on behalf of the Noteholders and other Secured Creditors. Payments due in respect of the Notes will be made solely out of amounts received by or on behalf of the Issuer in respect of the Mortgaged Property. The Issuer will have no other assets or sources of revenue available for payment of any of its obligations under the Notes. No assurance can be made that the proceeds available for and allocated to the repayment of the Notes at any particular time will be sufficient to cover all amounts that would otherwise be due and payable in respect of the Notes. If the proceeds of the Liquidation of the Collateral received by the Disposal Agent or the realisation of the Security received by the Trustee for the benefit of the Noteholders prove insufficient to make payments on the Notes, no other assets will be available for payment of the shortfall, and, following distribution of the proceeds of such Liquidation or realisation, any outstanding claim, debt or liability against the Issuer in relation to the Notes remains unpaid, then such outstanding claim, debt or liability shall be extinguished and no debt shall be owed by the Issuer in respect thereof.

Further, only the Trustee may pursue remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons and no Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing. In addition, in respect of any failure by the Issuer to make payment of the Final Redemption Amount and/or any interest or Instalment Amount that became due and payable on the Maturity Date, the Trustee may not pursue any remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons until after the Relevant Payment Date, which is the 15th Reference Business Day after the Maturity Date, and the Trustee shall have no liability to any person for any loss which may arise from such delay.

In addition, only the Trustee may enforce the Security over the Mortgaged Property in accordance with, and subject to, the terms of the Trust Deed.

No person other than the Issuer will be obliged to make payments on the Notes.

(c) **Non-petition**

The Noteholders may not, at any time, institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up or any other similar proceedings

(whether court-based or otherwise) in relation to the Issuer, SPIRE or any of its officers, shareholders, members, incorporators, corporate service providers or directors or any of its assets.

(d) If Notes are represented by a Global Note or a Global Certificate, investors will have to rely on the procedures of Euroclear and/or Clearstream, Luxembourg for transfer, payment and communication with the Issuer

Notes issued under the Programme may be (but, for the avoidance of doubt, are not required to be) represented by a Global Note or a Global Certificate. Such Global Notes or Global Certificates will be deposited with a common depository for Euroclear and/or Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note or Global Certificate, investors will not be entitled to receive definitive Notes or Certificates. Euroclear and/or Clearstream, Luxembourg and their respective direct and indirect participants will maintain records of the beneficial interests in the Global Notes or Global Certificates. While the Notes are represented by a Global Note or a Global Certificate, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg and their respective participants.

While the Notes are represented by a Global Note or a Global Certificate, the Issuer will discharge its payment obligations under the Notes by making payments to the common depository for Euroclear and/or Clearstream, Luxembourg for distribution to their account holders. A holder of a beneficial interest in a Global Note or a Global Certificate must rely on the procedures of Euroclear and/or Clearstream, Luxembourg to receive payments under the relevant Notes. The Issuer has no responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in Global Notes or Global Certificates.

Holders of beneficial interests in a Global Note or a Global Certificate will not have a direct right to vote in respect of the relevant Notes so represented. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear and/or Clearstream, Luxembourg and their respective participants to appoint appropriate proxies. Similarly, holders of beneficial interests in a Global Note or a Global Certificate will not have a direct right under such Global Note or Global Certificate to take enforcement action against the Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Trust Deed.

(e) Meetings of Noteholders, electronic consent and written resolutions

The Trust Deed contains provisions for calling meetings of Noteholders to consider any matter affecting their interests generally and to obtain written resolutions on matters relating to the Notes from Noteholders without calling a meeting. A written resolution signed by or on behalf of the holders of at least 75 per cent. of the aggregate principal amount of the Notes then outstanding shall, for all purposes, be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held.

In certain circumstances, where the Notes are held by or on behalf of a clearing system or clearing systems, the Issuer and the Trustee will be entitled to rely upon approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communication systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of at least 75 per cent. of the aggregate principal amount of the Notes then outstanding, and such electronic consents shall, for all purposes, be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held.

A written resolution or an electronic consent described above may be effected in connection with any matter affecting the interests of Noteholders, including modifying the maturity date of the Notes or any date for payment of interest thereof, reducing or cancelling the amount of principal or the rate

of interest payable in respect of the Notes or directing the Trustee to accelerate the Notes following the occurrence of an Event of Default, that would otherwise be required to be passed at a meeting of Noteholders satisfying a special quorum in accordance with the provisions of the Trust Deed. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or in respect of the relevant resolution (or participate in the written resolution or electronic consent, as the case may be) and Noteholders who voted in a manner contrary to the majority (either in a meeting or by written resolution or electronic consent). Consequently, the rights of a holder of less than 25 per cent. of the aggregate principal amount of the Notes then outstanding, or a Noteholder who does not attend and vote at a meeting or participate in respect of a resolution or consent irrespective of its holding, may be varied in a manner that is adverse to its wishes and/or interests.

(f) **Modification, waivers and substitution**

The Trustee may, without the consent of the Noteholders or the Couponholders, (i) agree to any modification to the Conditions, the Trust Deed or any other Transaction Document that is, in the opinion of the Trustee, of a formal, minor or technical nature or is made to correct a manifest error, (ii) agree to any modification to (except as set out in the Trust Deed), and any waiver or authorisation of, any breach or proposed breach by the Issuer of the Conditions, the Trust Deed or any other Transaction Document that is, in each case, in the opinion of the Trustee, not materially prejudicial to the interests of the Noteholders, (iii) determine that an Event of Default, Potential Event of Default or Enforcement Event shall not be treated as such, provided that, in the Trustee's opinion, the interests of the Noteholders will not be materially prejudiced thereby or (iv) agree to the substitution of another entity as the principal debtor under any Notes in place of the Issuer.

An Affected Programme Dealer or an Expelled Programme Dealer can request that the Issuer effect a substitution of itself in respect of a Series without the consent of the Noteholders or the Couponholders. For the purposes of this paragraph, a Dealer shall be an **"Affected Programme Dealer"** if:

- (i) such Dealer or one of its Affiliates that acts on the Programme is reasonably likely to (a) suffer reputational damage through continued participation in the Programme or (b) bear additional costs or regulatory compliance burdens or breach any agreement or applicable law or regulation, in each case as a result of the actions taken by one or more of the other Programme Dealers, the Programme Calculation Agents, the Programme Disposal Agents, the Programme Repo Counterparties, the Programme SL Counterparties or the Programme Swap Counterparties (but in each case excluding actions of an entity that is an Affiliate of the affected Programme Dealer), SPIRE or an Issuer;
- (ii) such Dealer determines it to be advisable or recommended, in order to avoid any negative consequences when one or more of the other Programme Dealers is expelled from the Programme and does not effect a substitution of the Issuer or novation of the Swap Agreement, the Repo Agreement or the SL Agreement in each case in respect of each Series for which such expelled Programme Dealer acts as the Dealer, to effect such a substitution or novation in respect of each Series for which it acts as the Dealer; or
- (iii) any change in applicable law or regulation would have, or be reasonably likely to have, a material adverse effect on the operation of the limited recourse and/or non-petition provisions applicable to any Series,

and a Dealer will become an **"Expelled Programme Dealer"** if a notice, signed by certain non-affiliated Programme Dealers has been given to SPIRE stating that such Programme Dealer is an Expelled Programme Dealer.

Any such substitution must satisfy certain conditions, including without limitation that (i) the substituted company is a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) under the laws of Luxembourg and has the status of an unregulated securitisation undertaking (*société de titrisation*) within the meaning of the Securitisation Act 2004, (ii) the Notes must continue to be admitted to trading, (iii) the identity of the Trustee remains the same, (iv) the identity of the Agents and the Custodian remain the same or certain other pre-approved agents are appointed, (v) the terms of the Notes and the Transaction Documents must not be amended except to reflect the change in identity of the Issuer, (vi) the type and amount of the Original Collateral remains the same, (vii) Rating Agency Affirmation has been received at the time of the substitution from each Rating Agency (if any) then rating the outstanding Notes at the request of the Issuer and (viii) the applicable Transaction Parties' "know your customer" requirements have been satisfied. Notwithstanding these conditions, Noteholders in respect of any Series where the Issuer is substituted may nevertheless suffer losses arising out of the substitution process and shall be exposed to the creditworthiness of the substituted company. As the substituted company will also be a special purpose vehicle under the Securitisation Act 2004, claims against that substituted company by the Secured Creditors (including the Noteholders) in respect of such Series will be limited to the net proceeds of the Mortgaged Property for that particular Series which has been included in the relevant compartment of that substituted company.

(g) **Trustee indemnity and remuneration**

In certain circumstances, the Noteholders may be dependent on the Trustee to take certain actions in respect of a Series, in particular if the Security in respect of such Series becomes enforceable under the Conditions. Prior to taking such action, the Trustee may require to be indemnified and/or secured and or pre-funded to its satisfaction. If the Trustee is not indemnified and/or secured and/or pre-funded to its satisfaction it may decide not to take such action and such inaction will not constitute a breach by it of its obligations under the Trust Deed. Consequently, the Noteholders would have to either arrange for such indemnity and/or security and/or pre-funding or accept the consequences of such inaction by the Trustee. Noteholders should be prepared to bear the costs associated with any such indemnity and/or security and/or pre-funding and/or the consequences of any such inaction by the Trustee. Such inaction by the Trustee will not entitle Noteholders to take action directly against the Issuer or the Trustee to pursue remedies for any breach by the Issuer of the Trust Deed, the Notes or the Coupons (although the events giving rise to the need for the Trustee to take action might also permit the Noteholders to exercise certain rights directly under the Conditions).

So long as any Note is outstanding, the Issuer shall pay the Trustee remuneration for its services. Such remuneration may reduce the amount payable to Noteholders.

(h) **Noteholders required to take action in certain circumstances**

In certain circumstances the Noteholders may need to take collective action in order to exercise rights granted to them in the Conditions. In particular, for a Series:

- (i) in the case of an Event of Default in respect of the Notes, there will be no early redemption of the Notes unless the Trustee exercises its discretion to declare an early redemption or is directed to declare an early redemption by an Extraordinary Resolution of the holders of the Notes (provided, in each case, the Trustee is indemnified and/or secured and/or pre-funded to its satisfaction);
- (ii) in the case of a Swap Counterparty Bankruptcy Event, a Repo Counterparty Bankruptcy Event or an SL Counterparty Bankruptcy Event, there will be no early redemption of the Notes unless the Issuer is directed to declare an early redemption by an Extraordinary Resolution of the holders of the Notes;

- (iii) in the case of a Swap Agreement Event, a Repo Agreement Event or an SL Agreement Event, there will be no early redemption of the Notes unless the Trustee (and consequently the Issuer) is directed by an Extraordinary Resolution of the holders of the Notes to terminate the Swap Agreement, the Repo Agreement or the SL Agreement;
- (iv) in the case of an Enforcement Event, there will be no enforcement of the Security unless the Trustee exercises its discretion to enforce the Security or is (i) requested to enforce the Security in writing by holders of at least 20 per cent. of the aggregate principal amount of the Notes then outstanding, (ii) directed to enforce the Security by an Extraordinary Resolution of the holders of the Notes or (iii) directed to enforce the Security in writing by the Swap Counterparty, the Repo Counterparty or the SL Counterparty (whichever shall be the first to so request or direct) (provided, in each case, the Trustee is indemnified and/or secured and/or pre-funded to its satisfaction); and
- (v) in the case of a Calculation Agent Bankruptcy Event or a Disposal Agent Bankruptcy Event, the Issuer may need to be directed by an Extraordinary Resolution of the holders of the Notes to appoint a substitute Calculation Agent (to enable certain calculations to be made in respect of the Notes) or Disposal Agent (to enable liquidation of the Collateral), as the case may be.

(i) **Priority of claims**

Following a Liquidation and on an enforcement of the Security, the rights of the Noteholders to be paid amounts due under the Notes will be subordinated to (i) amounts owing to the Swap Counterparty, the Repo Counterparty and the SL Counterparty representing the return of its excess collateral transferred under the Credit Support Annex, the Repo Agreement or the SL Agreement (as applicable) and/or manufactured distributions thereon, (ii) the Issuer's share of the payment or satisfaction of all taxes owing by SPIRE, (iii) the fees, costs, charges, expenses and liabilities incurred by the Trustee (including costs incurred in the enforcement of the Security, any taxes to be paid and the Trustee's remuneration), (iv) certain amounts owing to the Custodian, amounts owing to the Issuing and Paying Agent in respect of reimbursement for sums paid by them in advance of receipt by them of the funds to make such payment, and the fees, costs, charges, expenses and liabilities due and payable to the Agents and the Custodian, (v) the fees of the Disposal Agent, (vi) amounts owing to the Swap Counterparty under the Swap Agreement, amounts owing to the Repo Counterparty under the Repo Agreement and amounts owing to the SL Counterparty under the SL Agreement and (vii) any other claims as specified in the Conditions, as may be amended by the Trust Deed relating to the relevant Series, that rank in priority to the Notes.

(j) **No gross-up**

If any withholding tax or deduction for tax is imposed on payments on or in respect of the Notes (as a result of any Information Reporting Regime or otherwise), the Noteholders will not be entitled to either receive grossed-up amounts to compensate for such withholding tax or be reimbursed for the amount of any shortfall. In certain circumstances, the imposition of such taxes or deductions for tax will result in the Notes being redeemed early at their Early Redemption Amount (as further described in the risk factor titled "*Risks relating to the Notes – Early redemption for Events of Default, tax or other reasons*" below).

(k) **Early redemption for Events of Default, tax or other reasons**

The Notes may be redeemed on a date other than on the Maturity Date pursuant to "*Master Conditions - Condition 8 (Redemption and Purchase)*" upon the occurrence of:

- (i) the Original Collateral being called for redemption or repayment prior to its scheduled maturity date (other than a scheduled amortisation of the Original Collateral);

RISK FACTORS

- (ii) certain other events with respect to the Original Collateral or any other obligation for the payment or repayment of borrowed money of the Original Collateral Obligor (which includes such obligation becoming payable prior to its scheduled maturity date, certain failures to make payments in respect of such obligation, a repudiation or moratorium in respect of such obligation, an amendment to the terms of such obligation either agreed between the Original Collateral Obligor or a Governmental Authority and a sufficient number of holders of such obligation to bind all holders of such obligation, an amendment to the terms of such obligation imposed by a Governmental Authority, the conversion of such obligation into another instrument and certain bankruptcy events in respect of the Original Collateral Obligor);
- (iii) certain tax events with respect to the Notes or the Original Collateral;
- (iv) the termination of the Swap Agreement, the Repo Agreement or the SL Agreement;
- (v) the bankruptcy of the Swap Counterparty, the Repo Counterparty or the SL Counterparty;
- (vi) a change in law following which it becomes unlawful for the Issuer to perform its obligations;
- (vii) certain disruption events with respect to a relevant Original Collateral Reference Rate;
- (viii) certain disruption events with respect to a relevant Reference Rate;
- (ix) an Issuer Call Condition being satisfied;
- (x) a Noteholder Early Redemption Option being exercised; or
- (xi) an Event of Default with respect to the Notes.

The Issuer shall:

- (A) direct the redemption of the Notes with respect to paragraphs (i), (iii), (iv) and (vi) above;
- (B) direct the redemption of the Notes with respect to paragraphs (ii), (vii) and (viii) above following receipt of a notice from the Calculation Agent determining that an Original Collateral Default, an Original Collateral Disruption Event or a Reference Rate Default Event has occurred;
- (C) direct the redemption of the Notes with respect to paragraph (v) above following a direction to do so from the Noteholders acting by Extraordinary Resolution;
- (D) direct the redemption of the Notes with respect to paragraph (ix) above following receipt of an Autocall Termination Notice or an Optional Termination Notice (each as defined in the Swap Agreement), as applicable, determining that an Issuer Call Condition has been satisfied; and
- (E) direct the redemption of the Notes with respect to paragraph (x) above following receipt of a valid Noteholder Early Redemption Option Exercise Notice from 100% Noteholders.

The Trustee may, and shall, following a direction to do so from the Noteholders acting by Extraordinary Resolution, direct the redemption of the Notes with respect to paragraph (xi) above, subject in each case to the Trustee having been indemnified and/or secured and/or pre-funded to its satisfaction.

The Noteholders may also, acting by Extraordinary Resolution and upon the occurrence of an event following which the Issuer is able to terminate the Swap Agreement, Repo Agreement or SL Agreement, direct the Trustee (who will give a corresponding direction to the Issuer) to so terminate the Swap Agreement, the Repo Agreement or the SL Agreement, which will result in the redemption of the Notes.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any of the events specified in paragraphs (i) to (x) above has occurred.

In such circumstances, the Disposal Agent may be required to liquidate the Collateral and/or the Trustee may enforce the Security following the occurrence of an Enforcement Event (as the case may be) and any Swap Agreement, Repo Agreement or SL Agreement may terminate in accordance with its terms (for the impact of an early redemption on the amounts payable to Noteholders, see the risk factor titled "*Risks relating to the Notes – Amounts payable to Noteholders on early redemption*" above).

(l) **Determinations of Swap Agreement Termination Payments**

Upon early termination of the Swap Agreement (if any), an early termination payment based on the losses or costs or, as the case may be, gains of the determining party in entering into a replacement transaction or its economic equivalent (or otherwise determined in accordance with the terms of such Swap Agreement) will be payable by the Issuer to the Swap Counterparty, or (as the case may be) by the Swap Counterparty to the Issuer under the Swap Agreement. Such payment will generally be determined by the Swap Counterparty save where it is in default. If the Swap Counterparty is in default, the Issuer will need to appoint a substitute calculation agent under the Swap Agreement for the purposes of making such determination on the Issuer's behalf. The determination of any such losses or costs or, as the case may be, gains will be dependent on a number of factors, including, without limitation, (i) the creditworthiness and liquidity of the assets underlying the swap payments, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled termination date of the Swap Transactions under the Swap Agreement and (iv) where a Credit Support Annex has been entered into as part of the Swap Agreement, the value of any collateral received by the Issuer, or collateral posted by the Issuer, thereunder. The determination of a termination payment and the factors which are taken into account in making that determination, may significantly impact amounts payable to Noteholders. For the purposes of determining such a termination payment, the relevant party is required to act in good faith and to use commercially reasonable procedures to produce a commercially reasonable result.

If, for whatever reason, the Issuer or the Swap Counterparty disputes the determination of a termination payment, any payment of redemption proceeds to Noteholders will be delayed until such dispute is resolved.

(m) **Determinations of Repo Agreement Termination Payments and Deliveries**

Upon early termination of the Repo Agreement (if any), an early termination payment, based on the market value of the initial collateral sold under the Repo Agreement, the market value of any margin posted by the Issuer to the Repo Counterparty or *vice versa* under the Repo Agreement and the repurchase price payable for equivalent collateral, will be payable by the Issuer to the Repo Counterparty or (as the case may be) by the Repo Counterparty to the Issuer. Such payment will generally be determined by the Repo Counterparty save where it is in default. If the Repo Counterparty is in default, the Issuer will need to appoint a calculation agent for the purposes of making such determination on the Issuer's behalf. The market value of the margin transferred under the Repo Agreement will be dependent on a number of factors including, without limitation, (i) the creditworthiness of the issuers and obligors of such margin, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled maturity of the margin and (iv) the liquidity of the margin. The determination of a termination payment and the factors which are taken into account in making that determination, may significantly impact amounts payable to Noteholders. For the purposes of determining such a termination payment, the relevant party is generally required to act in good faith.

If, for whatever reason, the Issuer or the Repo Counterparty disputes the determination of a termination payment, any payment of redemption proceeds to Noteholders will be delayed until such dispute is resolved.

(n) **Determinations of SL Agreement Termination Payments and Deliveries**

Upon early termination of the SL Agreement (if any), an early termination payment, based on the market value of the securities loaned under the SL Agreement and the market value of any margin posted by the Issuer to the SL Counterparty or *vice versa* under the SL Agreement, will be payable by the Issuer to the SL Counterparty or (as the case may be) by the SL Counterparty to the Issuer. Such payment will generally be determined by the SL Counterparty save where it is in default. If the SL Counterparty is in default, the Issuer will need to appoint a calculation agent for the purposes of making such determination on the Issuer's behalf. The market value of the margin transferred under the SL Agreement will be dependent on a number of factors including, without limitation, (i) the creditworthiness of the issuers and obligors of such margin, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled maturity of the margin and (iv) the liquidity of the margin. The determination of a termination payment and the factors which are taken into account in making that determination, may significantly impact amounts payable to Noteholders. However, in determining a termination payment, the relevant party is generally required to act in good faith.

If, for whatever reason, the Issuer or the SL Counterparty disputes the determination of a termination payment, any payment of redemption proceeds to Noteholders will be delayed until such dispute is resolved.

(o) **Market value of Notes**

The market value of the Notes will be affected by a number of factors, including, but not limited to (i) the value and volatility of the Original Collateral and the creditworthiness of the issuers and obligors of any Original Collateral, (ii) the value and volatility of any index, securities, commodities or other obligations to which payments on the Notes may be linked, directly or indirectly, and the creditworthiness of the issuers or obligors in respect of any securities or other obligations to which payments on the Notes may be linked, directly or indirectly, (iii) market perception, interest rates, yields and foreign exchange rates, (iv) the time remaining to the Maturity Date and (v) the nature and liquidity of the Swap Agreement, the Repo Agreement, the SL Agreement or any other derivative or repurchase transaction entered into by the Issuer or embedded in the Notes or the Original Collateral. Any price at which Notes may be sold prior to the Maturity Date may be at a discount, which could be substantial, to the value at which the Notes were acquired on the Issue Date.

Prospective investors should be aware that not all market participants would determine prices in respect of the Notes in the same manner, and the variation between such prices may be substantial. Accordingly, any prices provided by a Programme Dealer may not be representative of prices that may be provided by other market participants. For this reason, any price provided or quoted by a Programme Dealer should not be viewed or relied upon by prospective investors as establishing, or constituting advice by that Programme Dealer concerning, a mark-to-market value of the Notes. The price (if any) provided by a Programme Dealer is at the absolute discretion of that Programme Dealer and may be determined by reference to such factors as it sees fit. Any such price may take into account fees, commissions or arrangements entered into by that Programme Dealer with a third party in respect of the Notes and that Programme Dealer shall have no obligation to any Noteholder to disclose such arrangements. Any price given would be prepared as of a particular date and time and would not therefore reflect subsequent changes in market values or any other factors relevant to the determination of the price.

(p) **Valuations and calculations derived from models**

Valuations or calculations in respect of Notes and certain asset classes of instruments comprising the Collateral relating to Notes have typically been based on quoted market prices or market inputs. However, since 2007 actively traded markets for a number of such asset classes and obligors have either ceased to exist or have reduced significantly. The lack or limited availability of such market prices or inputs has significantly impaired the ability to make accurate valuations or calculations in respect of the Notes and such underlying instruments. No assurance can be given that similar impairment may not occur in the future.

In a number of asset classes, a significant reliance has historically been placed on valuations derived from models that use inputs that are not observable in the markets and/or that are based on historical data and trends. Such models often rely on certain assumptions about the values or behaviour of such unobservable inputs or about the behaviour of the markets generally or interpolate future outcomes from historical data. In a number of cases, the extent of the market volatility and disruption has resulted in the assumptions being incorrect to a significant degree or in extreme departures from historical trends. Where reliance is placed on historical data, in certain instances such data may only be available for relatively short time periods (for example, data with respect to prices in relatively new markets) and such data may not be as statistically representative as data for longer periods.

Prospective investors should be aware of the risks inherent in any valuation or calculation relating to the Notes (including any instrument comprising the Collateral relating to the Notes) that is determined by reference to a model and that certain assumptions will be made in operating the model which may prove to be incorrect and give rise to significantly different outcomes to those predicted by the model.

(q) **Credit ratings**

Notes may or may not be rated. The applicable Accessory Conditions for any Notes will specify if such rating is a condition to issue of such Notes. The rating(s) for a Series will be on the basis of the assessment of each relevant Rating Agency of the ratings of the Original Collateral and/or the Original Collateral Obligor, the rating of the Swap Counterparty and the Swap Guarantor, the rating of the Repo Counterparty, the rating of the SL Counterparty and the terms of the Notes. A security rating is not a recommendation to buy, sell or hold any Notes, inasmuch as such rating does not comment as to market price or suitability for a particular investor. There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn entirely by a Rating Agency if, in its judgment, circumstances in the future so warrant. If a rating initially assigned to any Notes is subsequently lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Notes or to make any change to the terms of the Notes or any Transaction Document and the market value of such Notes is likely to be adversely affected.

Prospective investors should ensure they understand what any rating associated with the Notes (whether of the Notes themselves, of any Original Collateral Obligor (or any guarantor or credit support provider in respect thereof), of the Swap Counterparty and the Swap Guarantor, of the Repo Counterparty, of the SL Counterparty or of any other party or entity involved in or related to the Notes) means and what it addresses and what it does not address.

The assignment of a rating to the Notes should not be treated by a prospective investor as meaning that such investor does not need to make its own investigations into, and determinations of, the risks and merits of an investment in the Notes.

Prospective investors who place too much reliance on ratings, or who do not understand what the rating addresses, may make an investment which is of a different type to what was originally intended as a result.

During its holding of a Note, a Noteholder should take such steps as it considers necessary to evaluate the ongoing risks and merits of a continued investment in such Note. Such steps should not rely solely on ratings. In particular, prospective investors should not rely solely on downgrades of ratings as indicators of deteriorating credit. Market indicators (such as rising credit default spreads and yield spreads with respect to the relevant entity) often indicate significant credit issues prior to any downgrade. During the global financial crisis, rating agencies were the subject of criticism from a number of global organisations because the rating agencies were not considered to have downgraded entities on a sufficiently timely basis.

(r) **Specified Denominations may involve Integral Multiples**

Notes may have Specified Denominations of a certain amount plus one or more integral multiples of a smaller amount (the “**Integral Multiples**”) in excess thereof, in which case (i) for so long as the relevant clearing systems so permit, the Notes will be tradable only in the minimum authorised denomination of the Specified Denomination and the Integral Multiples and (ii) it is possible that the Notes may be traded in amounts in excess of the Specified Denomination that are not integral multiples of the Specified Denomination. A Noteholder who, as a result of trading such amounts as contemplated in (ii) above, holds an amount which is less than the Specified Denomination in its account with the relevant clearing system at the relevant time may need to purchase a principal amount of Notes such that its holding amounts to at least the Specified Denomination in order to be able to (A) transfer its Notes (subject in all cases to the rules and procedures of the relevant clearing system) or (B) receive a definitive Note in respect of such holding (should definitive Notes be printed).

(s) **Application of negative interest rates**

Negative interest rates may apply from time to time in certain circumstances to any cash funds held by the Custodian on behalf of the Issuer which (i) have been transferred by the Swap Counterparty to the cash account in the name of the Issuer opened in London in the books of the Custodian for that Series in respect of the Credit Support Annex (the “**CSA Cash Account**”) to cover its credit risk in accordance with the Credit Support Annex, (ii) have been transferred by the Repo Counterparty to the cash account in the name of the Issuer opened in London in the books of the Custodian for that Series in respect of the Repo Agreement (the “**Repo Cash Account**”) to cover its credit risk in accordance with the Repo Agreement or (iii) have been transferred by the SL Counterparty to the cash account in the name of the Issuer opened in London in the books of the Custodian for that Series in respect of the SL Agreement (the “**SL Cash Account**”) to cover its credit risk in accordance with the SL Agreement.

In respect of (i), to the extent that such negative interest rates were to apply, the Swap Counterparty will pay an additional amount to the Issuer under the Credit Support Annex. The application of any negative interest rates will ultimately be borne by the Swap Counterparty unless the Swap Agreement is terminated as a result of an event of default thereunder by either the Issuer or the Swap Counterparty or as a result of a Swap Counterparty Bankruptcy Event, in which case the reduction in funds held by the Custodian could increase the amount to be claimed by the Issuer from (and therefore the credit risk to) the Swap Counterparty under the Swap Agreement.

In respect of (ii), to the extent that such negative interest rates were to apply, the Repo Counterparty will pay an additional amount to the Issuer under the Repo Agreement. The application of any negative interest rates will ultimately be borne by the Repo Counterparty unless the Repo Agreement is terminated as a result of an event of default thereunder by either the Issuer or the

Repo Counterparty or as a result of a Repo Counterparty Bankruptcy Event, in which case the reduction in funds held by the Custodian could increase the amount to be claimed by the Issuer from (and therefore the credit risk to) the Repo Counterparty under the Repo Agreement.

In respect of (iii), to the extent that such negative interest rates were to apply, the SL Counterparty will pay an additional amount to the Issuer under the SL Agreement. The application of any negative interest rates will ultimately be borne by the SL Counterparty unless the SL Agreement is terminated as a result of an event of default thereunder by either the Issuer or the SL Counterparty or as a result of an SL Counterparty Bankruptcy Event, in which case the reduction in funds held by the Custodian could increase the amount to be claimed by the Issuer from (and therefore the credit risk to) the SL Counterparty under the SL Agreement.

(t) **Risks associated with Notes paying a fixed rate of interest**

In respect of any Notes for which the coupon is fixed (including Fixed Rate Notes), subsequent changes in market interest rates may adversely affect the value of the Notes. A decrease in market interest rates will have a positive impact on the value of the Notes, as the rate of interest payable on the Notes will remain unchanged. Conversely, an increase in market interest rates will have an adverse impact on the value of the Notes.

(u) **Risks associated with Notes paying a floating rate of interest**

In respect of any Notes (including Floating Rate Notes) for which the coupon payable by the Issuer is determined in part by reference to a designated interest rate, index, benchmark or other price source (each a “**Reference Rate**” for the purposes of such Notes):

- (i) the interest rate payable pursuant to the Notes will vary in accordance with the level of the Reference Rate;
- (ii) during the term of the Notes, the Reference Rate may be lower than it was as at the Issue Date; and
- (iii) the Reference Rate may be negative, which means that the interest rate payable may be less than the margin stated to be payable pursuant to the Notes and could be zero.

Prospective investors should ensure that they fully understand how the interest rate applicable to any Series is determined and, where a Reference Rate is relevant, how such Reference Rate is established and administered. See the risk factor titled “*Risks relating to the Notes – Benchmark reform and the risk of a Reference Rate Event*” below for a description of the risks relating to the occurrence of a Reference Rate Event in respect of certain Reference Rates.

(v) **Resolution of financial institutions**

(i) **Potential impact on the Notes**

Following the global financial crisis, in 2011 the Financial Stability Board (the “**FSB**”) produced a document setting out key attributes of effective resolution regimes for financial institutions. Resolution is the process by which the authorities can intervene to manage the failure of a firm in an orderly fashion. The FSB’s proposals have been implemented in the laws of, among others, the European Union and the United States.

The taking of any actions by the relevant resolution authorities under any regime may adversely affect the Noteholders. Whilst SPIRE itself is unlikely to be within scope of any implementing legislation, if the obligor in respect of any Collateral (including the Original Collateral Obligor), the Swap Counterparty, the Repo Counterparty or the SL Counterparty is within the scope of any implementing legislation:

- (i) any applicable bail-in power might be exercised in respect of the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement (as the case may be) to convert any claim of the Issuer as against such person;
- (ii) any applicable suspension power might prevent the Issuer from exercising any termination rights under the Swap Agreement, the Repo Agreement or the SL Agreement; or
- (iii) any applicable close out power might be exercised to enforce a termination of the Swap Agreement, the Repo Agreement or the SL Agreement and to value the transactions in respect of such agreements (which value may be different to the value that would have been determined by the Issuer, the Swap Counterparty, the Repo Counterparty or the SL Counterparty (as the case may be)).

The operation of resolution regimes and their application to cross-border financial institutions is complex and the resolution of any Collateral Obligor, the Swap Counterparty, the Repo Counterparty or the SL Counterparty is likely to adversely affect the Notes in multiple and unpredictable ways. Following an exercise of any powers by a resolution authority, the Issuer may have insufficient assets or sums to meet its obligations under the Notes or any Transaction Document for that Series, the Notes may be the subject of an early redemption and any payment of redemption proceeds to Noteholders may be delayed. Each Noteholder should take such advice as it deems necessary to ensure that it understands the impact that a resolution regime may have on its investment in the Notes.

(ii) **Qualified financial contracts**

In September 2017, the Board of Governors of the Federal Reserve System (the “**Board of Governors**”) adopted a final rule (the “**Final Rule**”) imposing restrictions on the ability of a party to call a default under, or to restrict transfers of, certain qualified financial contracts (“**QFCs**”) entered into by any top-tier bank holding company identified by the Board of Governors as a global systemically important banking organisation (each, a “**GSIB**”), the subsidiaries of any U.S. GSIB (with certain exceptions) or the U.S. operations of any foreign GSIB (with certain exceptions) (collectively, subject to certain exceptions, “**Covered Entities**”). The Federal Deposit Insurance Corporation and the Office of the Comptroller of the Currency have adopted parallel rules which are substantively the same as the Final Rule. A QFC includes, among other things, over-the-counter derivatives, repurchase agreements, contracts for the purchase or sale of securities and any credit enhancement in respect of the foregoing contracts (including a guarantee as well as a charge, pledge, mortgage or other similar credit support arrangement). In respect of each Series, the Swap Counterparty, the Repo Counterparty, the SL Counterparty, the Dealer and the Vendor may be Covered Entities to which the Final Rule applies and the Swap Agreement, the Repo Agreement, the SL Agreement, the Dealer Agreement, the Collateral Sale Agreement and the Trust Deed (as non-U.S. law governed contracts) are likely to constitute QFCs.

While the relevant U.S. federal banking laws and regulations (the “**U.S. Special Resolution Regimes**”) provide for such restrictions on default rights and transfers, if the relevant contract is not governed by the laws of the United States or a state of the United States, a court outside the United States may decline to enforce such provisions even if a Covered Entity is in a proceeding under a U.S. Special Resolution Regime. To address this, the Final Rule requires a Covered Entity to ensure that each QFC it enters into (a “**Covered QFC**”) includes provisions that (i) restrict default rights against such Covered Entity to the same extent as provided under the U.S. Special Resolution Regimes and (ii) restrict the exercise of any cross-default rights against such Covered Entity based on any affiliate’s entry into bankruptcy

or similar proceedings. In respect of each Series, each Transaction Document which constitutes a Covered QFC will include provisions which reflect these requirements and, as a result, the Issuer may face a delay in being able to enforce its rights against such a Transaction Party or be restricted from terminating such a Transaction Document.

(w) **Limited liquidity of the Notes**

Although application may be made to admit the Notes to the Official List and admit them to trading on the Regulated Market, or for Notes to be listed and admitted to trading on other or further stock exchanges, there is currently no secondary market for the Notes. There can be no assurance that a secondary market for any of the Notes will develop, or, if a secondary market does develop, that it will provide the holders of the Notes with liquidity or that it will continue for the life of the Notes. Consequently, any investor in the Notes must be prepared to hold such Notes for an indefinite period of time or until redemption of the Notes or to sell the Notes at significant discounts to their fair market value or to the amount originally invested. If a Programme Dealer begins making a market for the Notes, it is under no obligation to continue to do so and may stop making such a market at any time.

As disclosed in the section of this Base Prospectus titled “*Secondary Market, Swap Counterparty Replacement and Swap Close-Out Quotations*”, Noteholders may request one or more Programme Dealers (irrespective of whether such Programme Dealer acted as the Dealer for the relevant Tranche(s) of Notes) to provide a quotation for the cost of buying all or a part of such Noteholder’s holding of Notes of a Series. There is no guarantee that a secondary market quotation will be provided. Please see the section of this Base Prospectus titled “*Secondary Market, Swap Counterparty Replacement and Swap Close-Out Quotations*” for a summary of the conditions to any such quotation being provided; in particular, a Programme Dealer which has not acted as the Dealer for the relevant Tranche(s) of Notes will not be required to consider providing a quotation in respect of a Series unless, at the relevant time when such quotation is requested, “Standard Terms” is specified as “Applicable” in the applicable Accessory Conditions.

(x) **Exchange rate risks and exchange controls may result in investors receiving less interest or principal than expected**

The Issuer will pay principal and interest on the Notes in the currency specified in the applicable Accessory Conditions (the “**Notes Currency**”). This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “**Investor’s Currency**”) other than the Notes Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Notes Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Notes Currency would decrease (i) the Investor’s Currency equivalent yield on the Notes, (ii) the Investor’s Currency equivalent value of the principal payable on the Notes and (iii) the Investor’s Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

(y) **Purchases by Ineligible Investors**

An Ineligible Investor should be aware of the potential consequences of it purchasing Notes. The rights of the Issuer are specified in “*Master Conditions – Condition 25(a) (Rights of the Issuer)*” and include the right to compel a Noteholder that is an Ineligible Investor to transfer the relevant Notes to the Issuer. The price that will be paid by the Issuer in such a scenario may be less than par. In particular, if the specified denomination of the Collateral is such that it could not be delivered to the

Noteholder in integral multiples, when selling such Collateral, the Issuer shall round down the Collateral to be sold, such that the Noteholder will receive less than it would have been entitled to on the maturity date of the relevant Notes.

(z) **Benchmark reform and the risk of a Reference Rate Event**

Reference Rates, including interest rate benchmarks such as the London Interbank Offered Rate (“**LIBOR**”), Euro Interbank Offered Rate (“**EURIBOR**”) and other interbank offered rates (LIBOR and EURIBOR, together with such other rates, “**IBORs**”), which are and have been used to determine the amounts payable under financial instruments or the value of such financial instruments have, in recent years, been the subject of political and regulatory scrutiny and reform as to how they are created and operated.

Some of these reforms are already effective and have resulted in the cessation or non-representativeness of certain benchmarks, including sterling LIBOR, Japanese Yen LIBOR and U.S. Dollar LIBOR, while others are still to be implemented or formulated. The Programme contains fallback provisions relating to these reforms that may impact the terms and conditions of any Series of Notes, and/or lead to their early redemption if certain events or circumstances have occurred, or subsequently occur, in connection with a relevant Reference Rate.

(i) **Risk-free rates**

Relevant authorities are strongly encouraging the transition away from IBORs and have identified (nearly) risk-free rates (“**RFRs**”) to take the place of such IBORs as primary benchmarks. These RFRs include (i) for sterling LIBOR, a reformed Sterling Overnight Index Average (“**SONIA**”), (ii) for EONIA and EURIBOR, a new Euro Short-Term Rate (“**€STR**”) and (iii) for USD LIBOR, the Secured Overnight Financing Rate (“**SOFR**”).

RFRs are “backward-looking” such that interest payments are calculated shortly before the relevant Interest Payment Date. Therefore, Noteholders have significantly less notice of the amounts due to be paid for an Interest Period where the relevant interest rate is determined by reference to an RFR.

Whilst IBORs are forward-looking term rates that embed bank credit risk, RFRs are overnight rates and are intended to be nearly risk-free. However, RFRs are comparatively new and less historical data is available than for IBORs. As such, Noteholders should be aware that SONIA, SOFR and €STR may behave materially differently from the IBORs as interest reference rates and could provide a worse return over time than an IBOR.

The market continues to develop in relation to RFRs as reference rates in the capital markets. In particular, market participants and relevant working groups are still exploring alternative reference rates based on SONIA, SOFR and €STR (which seek to measure the market's forward expectation of such rates over a designated term).

The market or a significant part thereof may adopt an application or calculation methodology of the relevant RFR (one using a different convention to calculating interest including using a RFR screen-based rate) that differs significantly from that used in relation to a Series that references a RFR and this may adversely affect the value of the Notes.

Potential investors in the Notes should carefully consider how any mismatch between the adoption of such reference rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of any Notes.

(ii) **Triggers, fallbacks and amendment rights**

To the extent that any Notes, Swap Agreement, Repo Agreement or SL Agreement relating to the Notes of a Series reference a Reference Rate, prospective investors should understand (i) what fallbacks might apply in place of such Reference Rate (if any), (ii) when those fallbacks will be triggered and (iii) what amendment rights (if any) exist under the terms of such Notes, Swap Agreement, Repo Agreement or SL Agreement. Prospective investors should also be aware of the consequences of similar events occurring in respect of any Original Collateral. See the risk factor titled “*Consequence of Original Collateral Disruption Event*” below.

(iii) **Determining the occurrence of a Reference Rate Event**

If a Series references a Reference Rate, there is a risk that a Reference Rate Event might have already occurred at the time of issue of such Series or may occur in the future in respect of such Reference Rate. A Reference Rate Event is expected to occur if (A) the Reference Rate has ceased or will cease to be provided permanently or indefinitely, (B) the administrator of the Reference Rate ceases to have the necessary authorisations and as a result it is not permitted under applicable law for one or more persons to perform their obligations under the Notes and/or any hedge transactions entered into by the Swap Counterparty, the Repo Counterparty or the SL Counterparty, (C) the Reference Rate is, with respect to over-the-counter derivatives transactions which reference such Reference Rate, the subject of any market-wide development pursuant to which such Reference Rate is replaced with a risk-free rate (or near risk-free rate) on a specified date, (D) the regulatory supervisor of the administrator of the Reference Rate makes or publishes a public statement announcing that such Reference Rate is no longer, or as of a specified future date will no longer be, representative of the underlying market and economic reality that the Reference Rate is intended to measure and that its representativeness will not be restored, such statement being made in the awareness that it will engage certain contractual triggers for fallbacks activated by pre-cessation announcements by such supervisor or (E) if “Material Change Event” is specified to be applicable in the Accessory Conditions, the definition, methodology or formula for a Reference Rate, or other means of calculating the Reference Rate, has materially changed or as of a specified future date will materially change.

It may be uncertain as to if or when a Reference Rate Event may occur in respect of a Reference Rate. Whether a Reference Rate Event has occurred will be determined by the Calculation Agent.

Investors should be aware that if “Material Change Event” is specified to be not applicable in the Accessory Conditions, a change (whether material or not) to the definition, methodology or formula for a Reference Rate, or other means of calculating such Reference Rate will not, in itself, constitute a Reference Rate Event unless, with respect to Notes issued by way of Pricing Terms only, otherwise specified in the applicable Pricing Terms. Each Noteholder will bear the risks arising from any such change and will not be entitled to any form of compensation as a result of any such change.

(iv) **Consequences of the occurrence of a Reference Rate Event**

If the Calculation Agent determines that a Reference Rate Event has occurred in respect of a relevant Reference Rate, it will attempt to (A) identify an alternative Reference Rate, (B) calculate an adjustment spread that will be applied to the alternative Reference Rate (an “**Adjustment Spread**”) and (C) determine such other amendments which it considers are necessary or appropriate in order to account for the effect of the replacement of the Reference Rate with an alternative Reference Rate (as adjusted by the Adjustment Spread)

and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of the Reference Rate with an alternative Reference Rate (as adjusted by the Adjustment Spread).

Investors should be aware that (I) the application of any alternative Reference Rate (notwithstanding the inclusion of any Adjustment Spread), together with any consequential amendments, could result in the relevant interest rate being determined on a different day than originally intended and/or a lower amount being payable to Noteholders than would otherwise have been the case, (II) any such Reference Rate (as adjusted by any Adjustment Spread) and any consequential amendments shall apply without requiring the consent of the Noteholders or the Couponholders and (III) if no alternative Reference Rate can be identified or Adjustment Spread calculated by the Calculation Agent in accordance with the Conditions, the Notes will be the subject of an early redemption. There is no guarantee that an alternative Reference Rate will be identified or that an Adjustment Spread will be calculated by the Calculation Agent.

(v) **Determination of alternative Reference Rate and any Adjustment Spread**

When identifying alternative Reference Rates, the Calculation Agent may only have regard to (A) any alternative specified in the applicable Accessory Conditions or (B) Reference Rates that are recognised or acknowledged as being industry standard replacements for over-the-counter derivative transactions. If both an alternative Reference Rate is specified in the applicable Accessory Conditions and an industry standard replacement Reference Rate exists, the alternative Reference Rate specified in the applicable Accessory Conditions will take precedence.

The Adjustment Spread shall (I) take account of any transfer of economic value that would otherwise arise as a result of replacing the relevant Reference Rate under the Conditions, including any transfer of economic value from the Issuer to the Swap Counterparty and/or the Repo Counterparty (or *vice versa*) as a result of any changes made to the Swap Agreement and the Repo Agreement as a consequence of such replacement and (II) reflect any losses, expenses and costs that have been or that will be incurred by the Swap Counterparty and/or the Repo Counterparty as a result of entering into, maintaining and/or unwinding any transactions to hedge the Swap Counterparty's obligations under the Swap Transactions under the Swap Agreement and/or the Repo Counterparty's obligations under the Repo Transactions under the Repo Agreement (as applicable), which actions arose from the replacement under the Notes of the Reference Rate with the Replacement Reference Rate. The spread may be positive, negative or zero or determined pursuant to a formula or methodology.

Where the Rate of Interest in respect of Floating Rate Notes is determined in accordance with Condition 7(b)(iii) or Condition 7(b)(iv), as applicable, by reference to an ISDA Rate, if the Reference Rate Event would constitute an index cessation event under the 2006 ISDA Definitions (including, for the avoidance of doubt, the provisions of Supplement number 70 to the 2006 ISDA Definitions) or the 2021 ISDA Definitions, as applicable, then the fallback provisions of the applicable ISDA Definitions (including the fallback spread adjustment published by Bloomberg) shall be taken into account by the Calculation Agent when determining any Replacement Reference Rate and Adjustment Spread. Given the different factors that will inform the Adjustment Spread, it may differ from the relevant fallback spread adjustment published by Bloomberg in respect of the relevant Reference Rate.

(vi) Interim measures

If, following a Reference Rate Event and provided that the Notes are not to be redeemed early as a result thereof, the relevant Reference Rate is required for any determination in respect of the Notes before the adjustments referred to above have occurred, then:

- (A) if the Reference Rate is still available and representative, and it is still permitted under applicable law or regulation for the Notes to reference the Reference Rate, the level of the Reference Rate shall be determined pursuant to the terms that would apply to the determination of the Reference Rate as if no Reference Rate Event had occurred; or
- (B) if the Reference Rate is no longer available, the Reference Rate is non-representative or it is no longer permitted under applicable law or regulation for the Notes to reference the Reference Rate, the level of the Reference Rate shall be determined by reference to the level on the last day on which the rate was published, representative or could be used in accordance with applicable law or regulation, meaning that during this period determinations in respect of the Notes would be made by reference to a static rate that could depart significantly from prevailing market rates.

To the extent that any Notes, Swap Agreement or Repo Agreement relating to the Notes of a Series reference a Reference Rate with respect to which a Reference Rate Event has occurred or is likely to occur during the term of such Notes, prospective investors should be aware of the potential consequences of such a Reference Rate Event described above. Prospective investors should also be aware of the consequences of similar events occurring in respect of any Original Collateral. See the risk factor titled "*Consequence of Original Collateral Disruption Event*" below.

(aa) Impact of increased regulation

The global financial crisis led to a materially increased involvement of governmental and regulatory authorities in the financial sector and in the operation of financial institutions. In particular, governmental and regulatory authorities in a number of jurisdictions (including the United States of America and the European Union) have imposed stricter laws and regulations around certain financial activities and/or have indicated that they intend to impose such controls in the future. Such regulatory changes and the method of their implementation may have a significant impact on the operation of the financial markets. It is uncertain how a changed regulatory environment will affect the Issuer, the treatment of instruments such as the Notes and, for any Series, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and the other Transaction Parties. Consequences may include the occurrence of a Regulatory Requirement Event (as described in the risk factor titled "*Risks relating to the Notes – Modifications following a Regulatory Requirement Event*" below), or termination of the Swap Agreement, the Repo Agreement or the SL Agreement following the occurrence of certain regulatory events (as described in the sections of this Base Prospectus titled "*The Swap Agreement – Termination Events*", "*The Repo Agreement – Events of Default*" and "*The SL Agreement – Events of Default*").

(bb) Modifications following a Regulatory Requirement Event

The Issuer shall amend the Conditions and the terms of any Transaction Document without the consent of the Noteholders or the Couponholders if the Calculation Agent determines that such amendments are required in order to cause (i) the transactions contemplated by the Conditions and the Transaction Documents to be compliant with all Relevant Regulatory Laws, (ii) the Issuer and each Transaction Party to be compliant with all Relevant Regulatory Laws or (iii) the Issuer and each Transaction Party to be able to continue to transact future business (as issuer of Notes or as

a transaction party to the Issuer pursuant to the Programme) in compliance with all Relevant Regulatory Laws. Such amendments may only be made without the consent of the Noteholders and the Couponholders if certain criteria set out in the Conditions are satisfied, including that such modifications will not (A) amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (B) reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (C) reduce the rate or rates of interest in respect of the Notes or vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (D) vary any method of, or basis for, calculating the Final Redemption Amount or the Early Redemption Amount, (E) exchange or substitute the Original Collateral or (F) have a material adverse effect on the validity, legality or enforceability of the Security or on the priority and ranking of the Security.

Amendments made as a result of a Regulatory Requirement Event may not be beneficial to the Issuer or the Noteholders and could put the Issuer (and, indirectly, the Noteholders) in a position that is less advantageous than the position it had immediately prior to effecting such amendments.

3 Risks relating to the assets

(a) Collateral

The Collateral relating to any Notes will be subject to credit, liquidity and interest rate risks. In the event of an insolvency of an issuer or obligor in respect of any Collateral, various insolvency and related laws applicable to such issuer or obligor may (directly or indirectly) limit the amount the Issuer or the Trustee may recover in respect of such Collateral. The obligor of any Collateral may also be subject to a resolution regime (see the risk factor titled “*Risks relating to the Notes – Resolution of financial institutions*” above).

Depending on the type of the Collateral, there might only be limited liquidity for such assets and generally, but especially in times of financial distress, the Collateral may either not be saleable at all or may only be saleable at significant discounts to its fair market value or to the amount originally invested.

If the Issuer has entered into a Repo Agreement, an SL Agreement or a Credit Support Annex as part of its Swap Agreement, by virtue of the collateral requirements applicable to any such arrangements, the Collateral held by it from time to time may comprise assets other than, or in addition to, the Original Collateral, or may comprise less Collateral than the amount held by it on the Issue Date of the first Tranche of the Series (as may be adjusted on each subsequent Issue Date), as assets will be required to be delivered by the Issuer to the Swap Counterparty, Repo Counterparty or SL Counterparty (as applicable) which have an aggregate value (after the application of any relevant haircut) at least equal to the exposure that the Swap Counterparty has to the Issuer under the Swap Agreement, the Repo Counterparty under the Repo Agreement or the SL Counterparty has under the SL Agreement (as applicable). If the Issuer holds other or additional assets, the types of assets that may comprise Collateral may be diverse and may be less liquid and more volatile than the Original Collateral.

If:

- (i) pursuant to the terms of the Credit Support Annex, cash is posted to the Issuer (which will be credited to the CSA Cash Account), interest (if any) will accrue in accordance with the Custodian’s deposit terms and conditions. Such interest rate may be positive (in which case interest will be credited to the CSA Cash Account) or negative (in which case the Swap Counterparty will pay an additional amount to the Issuer under the Credit Support Annex);

RISK FACTORS

- (ii) pursuant to the terms of the Repo Agreement, cash is posted to the Issuer (which will be credited to the Repo Cash Account), interest (if any) will accrue in accordance with the Custodian's deposit terms and conditions. Such interest rate may be positive (in which case interest will be credited to the Repo Cash Account) or negative (in which case the Repo Counterparty will pay an additional amount to the Issuer under the Repo Agreement); or
- (iii) pursuant to the terms of the SL Agreement, cash is posted to the Issuer (which will be credited to the SL Cash Account), interest (if any) will accrue in accordance with the Custodian's deposit terms and conditions. Such interest rate may be positive (in which case interest will be credited to the SL Cash Account) or negative (in which case the SL Counterparty will pay an additional amount to the Issuer under the SL Agreement).

See the risk factor titled "*Risks relating to the Notes – Application of negative interest rates*" above.

If Notes redeem other than on the Maturity Date, the Collateral relating thereto will be Liquidated. No assurance can be given as to the amount of proceeds of any Liquidation of such Collateral at that time since the market value of such Collateral will be affected by a number of factors including but not limited to (i) the creditworthiness of the issuers and obligors of the Collateral, (ii) market perception, interest rates, yields and foreign exchange rates, (iii) the time remaining to the scheduled maturity of the Collateral and (iv) the liquidity of the Collateral. Accordingly, the price at which such Collateral is sold or liquidated may be at a discount, which could be substantial, to the market value of the Collateral on the Issue Date of the first Tranche of the Series (or any subsequent Issue Date (as applicable)) and the proceeds of any such sale or liquidation when taken together with the proceeds of termination of any related Swap Agreement, Repo Agreement and SL Agreement (as applicable) and any other assets available to the Issuer that relate to the relevant Series may not be sufficient to repay the full amount of principal of and interest on the relevant Notes that the holders of such Notes would expect to receive if the Notes were redeemed in accordance with their terms on their Maturity Date.

(b) **Original Collateral subordination**

The Original Collateral relating to any Notes may (but is not required to) comprise direct, unconditional, unsecured and subordinated obligations of the Original Collateral Obligor. In the event of any dissolution, liquidation or winding up of the Original Collateral Obligor, in bankruptcy or otherwise, the payment of principal and interest on any such subordinated Original Collateral will be subordinated to the prior payment in full of all the Original Collateral Obligor's present and future unsubordinated creditors. As a result of the subordinated nature of such Original Collateral, the value attributed thereto by dealers in the market is likely to be substantially less than the value attributed to unsubordinated debt obligations of the Original Collateral Obligor. In particular, the value of such Original Collateral will be affected if the Original Collateral Obligor is or is likely to be dissolved, liquidated or wound up (which may occur in conjunction with an Original Collateral Default) and could be zero. The value of the Original Collateral is an integral component of the Early Redemption Amount that will be payable on the Notes were they to be redeemed early and will directly impact the return of the Noteholders upon early redemption.

(c) **Suspension of payments under the Notes, the Swap Agreement, the Repo Agreement and the SL Agreement during the Original Collateral Default Suspension Period**

The payment obligations of the Issuer under the Notes will be suspended for up to 10 Reference Business Days pursuant to the provisions of "*Master Conditions – Condition 8(r) (Suspension of Payments and Calculations)*" if the Calculation Agent determines that facts exist which may amount to an Original Collateral Default following the expiration of any applicable grace period. During the Original Collateral Default Suspension Period (i) the Issuer shall make no payments on account of principal and/or interest under the Notes, (ii) neither the Issuer nor the Swap Counterparty shall

make any payments or deliveries under the Swap Agreement, (iii) neither the Issuer nor the Repo Counterparty shall make any payments or deliveries under the Repo Agreement and (iv) neither the Issuer nor the SL Counterparty shall make any payments or deliveries under the SL Agreement.

If an Original Collateral Default (A) occurs during the Original Collateral Default Suspension Period then no further payments will be made under the Notes in respect of principal and/or interest and the Notes will be redeemed at the Early Redemption Amount or (B) has not occurred on the final Reference Business Day of the Original Collateral Default Suspension Period, any principal and/or interest amount which would otherwise have been payable will be payable on the second Reference Business Day following the earlier of (I) the final Reference Business Day of such Original Collateral Default Suspension Period or (II) the date on which the Calculation Agent determines that the events which may have resulted in the Original Collateral Default have been remedied or no longer exist.

Noteholders will not be entitled to receive any further payments as a result of such suspension and the corresponding delay in payment of any principal and/or interest amount (including, without limitation, any default interest).

(d) **Likelihood of Original Collateral Default**

The likelihood of an Original Collateral Default occurring will generally fluctuate with, among other things, the financial condition and other characteristics of the Original Collateral Obligor, general economic conditions, the condition of certain financial markets, political events, developments or trends in any particular industry and changes in prevailing interest rates. Prospective investors should review the Original Collateral Obligor and conduct their own investigation and analysis with respect to the creditworthiness of the Original Collateral Obligor and the likelihood of the occurrence of an Original Collateral Default.

(e) **No claim against any Original Collateral Obligor**

The Notes will not represent a claim against the Original Collateral Obligor and, in the event of any loss, a Noteholder will not have recourse under the Notes to the Original Collateral Obligor.

(f) **Consequence of Original Collateral Disruption Event**

If an Original Collateral Disruption Event occurs (being, in summary, the adjustment or replacement of any interest rate, index, benchmark or price source by reference to which any amount payable under the Original Collateral is determined), the Calculation Agent may deliver a notice to the Issuer requiring it to (i) amend the terms of the Notes or (ii) redeem the Notes.

The purpose of any such amendments (the “**Original Collateral Disruption Event Amendments**”) must be to account for any Original Collateral Disruption Event Losses/Gains incurred by the Swap Counterparty and/or the Repo Counterparty and/or the SL Counterparty, which will typically be determined by reference to any difference between the cash flows under the Original Collateral and any transactions in place to hedge the Swap Counterparty’s obligations under the Swap Transactions under the Swap Agreement and/or the Repo Counterparty’s obligations under the Repo Transactions under the Repo Agreement and/or the SL Counterparty’s obligations under the SL Transactions under the SL Agreement (as applicable) which have resulted following the occurrence of an Original Collateral Disruption Event. If there are no such hedge transactions, the Original Collateral Disruption Event Losses/Gains will include any change to the amounts scheduled to be paid by the Original Collateral Obligor pursuant to the terms of the Original Collateral following the occurrence of an Original Collateral Disruption Event.

The Original Collateral Disruption Event Amendments may result in any interest amount and/or principal amount payable pursuant to the Notes being increased or decreased. Consequently,

amendments made as a result of an Original Collateral Disruption Event may not be beneficial to the Noteholders.

4 Risks relating to the Transaction Parties

(a) **Risks relating to the Swap Counterparty, the Swap Guarantor and the Swap Agreement and/or the Repo Counterparty and the Repo Agreement and/or the SL Counterparty and the SL Agreement**

(i) **The Swap Counterparty, the Swap Guarantor, the Repo Counterparty and the SL Counterparty**

The ability of the Issuer to meet its obligations under the Notes may depend on the receipt by it of payments under the Swap Agreement, the Repo Agreement and/or the SL Agreement. Consequently, the Issuer is exposed not only to the occurrence of an Original Collateral Default and the volatility in the market value of the Collateral, but also to the ability of the Swap Counterparty and/or the Swap Guarantor to perform their obligations under the Swap Agreement, the Repo Counterparty to perform its obligations under the Repo Agreement and/or the SL Counterparty to perform its obligations under the SL Agreement.

Default by the Swap Counterparty, the Swap Guarantor, the Repo Counterparty and/or the SL Counterparty may result in the termination of the Swap Agreement, the Repo Agreement and/or the SL Agreement and, in such circumstance, any amount due to the Issuer upon such termination may not be paid in full.

If on the termination of the Swap Agreement, the Repo Agreement or the SL Agreement an amount is payable by the Swap Counterparty, the Repo Counterparty or the SL Counterparty to the Issuer (for the avoidance of doubt, taking into account any collateral posted between the parties pursuant to the terms of any Credit Support Annex, the Repo Agreement or the SL Agreement), then the Issuer shall have an unsecured claim against the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty for such amount.

The receipt by the Issuer of payments and/or deliveries under the Swap Agreement and/or the Repo Agreement and/or the SL Agreement is also dependent on the timely payment and/or delivery by the Issuer of its obligations under the Swap Agreement and/or the Repo Agreement and/or the SL Agreement. Consequently, the ability of the Issuer to make timely payment and/or delivery of its obligations under the Swap Agreement and/or the Repo Agreement and/or the SL Agreement (and not simply the Notes) depends on receipt by it of the scheduled payments under and/or deliveries of the Original Collateral (in the case of the Swap Agreement, any collateral it has purchased under a Repo Transaction (in the case of the Repo Agreement) and any collateral it has received under an SL Agreement (in the case of the SL Agreement)).

The Swap Counterparty and/or the Repo Counterparty and/or the SL Counterparty may also be subject to a resolution regime (see the risk factor titled "*Risks relating to the Notes – Resolution of financial institutions*" above).

(ii) **Termination of the Swap Agreement, the Repo Agreement or the SL Agreement**

In the circumstances specified in the Swap Agreement, the Repo Agreement and/or the SL Agreement entered into by the Issuer in connection with the Notes, the Issuer or the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty may terminate all outstanding Swap Transactions under the Swap Agreement, the Repo Transactions under the Repo Agreement and/or the SL Transactions under the SL Agreement in full, as described in the sections of this Base Prospectus titled "*The Swap Agreement*", "*The Repo*

Agreement” and “*The SL Agreement*”. Any termination of the Swap Transactions under a Swap Agreement, Repo Transactions under a Repo Agreement or the SL Transactions under an SL Agreement will result in a redemption in full of the Notes of the relevant Series at their Early Redemption Amount. Upon any such redemption, the amount paid to Noteholders to redeem such Notes may be significantly less than the Noteholder’s original investment in such Notes and may be zero.

(iii) **Transfer by the Swap Counterparty, the Repo Counterparty or the SL Counterparty**

In respect of a Series, the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty will require the prior written consent of the Issuer and the Trustee (and, if such Series is rated, the affirmation from each Rating Agency then rating the Notes of the Series) in order to transfer its interests and obligations in or under the Swap Agreement, the Repo Agreement or the SL Agreement (as applicable), except where:

- (A) such transfer is pursuant to a consolidation or amalgamation with, or merger with or into, or reorganisation, incorporation, reincorporation, reconstitution, or reformation into or transfer of all or substantially all its assets to, another entity;
- (B) such transfer is of all or any part of its interest in (i) in relation to a Swap Agreement, any Early Termination Amount payable to it by the Issuer as a defaulting party, (ii) in relation to a Repo Agreement, any sum payable to it by the Issuer following application of set-off in accordance with the provisions of paragraph 10 of the Repo Agreement or (iii) in relation to an SL Agreement, any sum payable to it by the Issuer following application of set-off in accordance with the provisions of paragraph 11 of the GMSLA Master Agreement;
- (C) it is an Affected Programme Dealer or an Expelled Programme Dealer or is an Affiliate of an Affected Programme Dealer or an Expelled Programme Dealer and is making such a transfer to any Programme Swap Counterparty, Programme Repo Counterparty or Programme SL Counterparty, provided that holders of 100 per cent. of the aggregate principal amount of the Notes of the relevant Series then outstanding have provided their prior written consent; or
- (D) such transfer is to any Affiliate of the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty (provided that, if such Series is rated, such transferee, or any credit support provider thereto, has a rating not less than that of (i) in relation to a Swap Agreement, the relevant transferring Swap Counterparty or (if higher) the rating of any credit support provider thereto, (ii) in relation to a Repo Agreement, the relevant transferring Repo Counterparty and (iii) in relation to an SL Agreement, the relevant transferring SL Counterparty, in each case at the time of transfer).

For the purposes of paragraph (C) above, to determine whether the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty is an “Affected Programme Dealer” or an “Expelled Programme Dealer”, the definitions of “**Affected Programme Dealer**” and “**Expelled Programme Dealer**”, respectively, in the risk factor titled “*Risks relating to the Notes – Modification, waivers and substitution*” above shall apply, save that references to “such Dealer” and “a Dealer” shall be construed as references to “such Swap Counterparty” and “a Swap Counterparty”, “such Repo Counterparty” and “a Repo Counterparty” or “such SL Counterparty” and “an SL Counterparty” (as applicable), respectively.

Following any such transfer, the Noteholders will be exposed to the credit risk of the transferee Swap Counterparty, Repo Counterparty or SL Counterparty (as applicable). Prior to giving consent to a proposed transfer, the Noteholders should consider the risks outlined

in the risk factor titled “*Risks relating to the Transaction Parties – Risks relating to the Swap Counterparty, the Swap Guarantor and the Swap Agreement and/or the Repo Counterparty and the Repo Agreement and/or the SL Counterparty and the SL Agreement – The Swap Counterparty, the Swap Guarantor the Repo Counterparty and the SL Counterparty*” above in relation to the proposed transferee.

(iv) **Swap Counterparty Replacement**

As disclosed in the section of this Base Prospectus titled “*Secondary Market, Swap Counterparty Replacement and Swap Close-Out Quotations*”, if the Swap Agreement in respect of a Series is terminated because an event of default has occurred with respect to the Swap Counterparty, a replacement swap agreement may be entered into as an alternative to the Notes being subject to an early redemption. Noteholders should be aware that this function is only applicable in respect of a Series if, at the relevant time when such quotation is requested, “Standard Terms” and “Replacement Swap Counterparty Mechanics” are specified as “Applicable” in the applicable Accessory Conditions. Furthermore, there is no guarantee that a replacement swap agreement will be entered into. Please see the section of this Base Prospectus titled “*Secondary Market, Swap Counterparty Replacement and Swap Close-Out Quotations*” for a summary of the conditions to any such agreement being entered into. Noteholders should also be aware that (i) the proposed replacement swap counterparty may be prohibited or restricted from doing so pursuant to bankruptcy, insolvency or liquidation laws and (ii) the terms of the replacement swap agreement, in particular the terms of any collateral arrangements relating to such swap agreement, may not be the same as those for the original Swap Agreement.

(v) **Credit Support Annex**

If specified in the applicable Accessory Conditions, the Issuer will also enter into a Credit Support Annex with the Swap Counterparty in respect of the Notes. Please see the section of this Base Prospectus titled “*The Swap Agreement*” for a summary of the provisions of the Credit Support Annex.

Any collateral transferred from the Issuer to the Swap Counterparty under the Credit Support Annex (“**Issuer CSA Posted Collateral**”) will be delivered on a title transfer basis and will be taken from the Collateral, and will therefore reduce the overall pool of Collateral securing the Issuer’s obligations under the Notes. If “Delivery Cap” is specified as “Applicable” in the applicable Accessory Conditions, the Issuer’s obligation to transfer collateral will effectively be limited to the Collateral that the Issuer has in respect of the Series. If “Delivery Cap” is specified as “Not Applicable” in the applicable Accessory Conditions, such limitation shall not apply and, accordingly, there is a possibility that the Collateral available to the Issuer for transfer might not be sufficient to enable the Issuer to satisfy its delivery obligations under the Credit Support Annex. This would be in a case where the exposure of the Swap Counterparty to the Issuer under the Swap Agreement exceeds the aggregate value (for purposes of the Credit Support Annex and taking into account any applicable haircuts) of the Collateral held by the Issuer and the Issuer CSA Posted Collateral at that time. Any failure of the Issuer to make deliveries required under the Credit Support Annex in full would comprise an event of default under the Swap Agreement if not remedied within the time period therein and would entitle the Swap Counterparty to terminate the Swap Agreement. Such termination would result in an early redemption of the relevant Series.

Swap Counterparty CSA Posted Collateral may be subject to volatility in their prices and subject to credit and liquidity risks. No investigations, searches or other enquiries will be made by or on behalf of the Issuer in respect of the Swap Counterparty CSA Posted

RISK FACTORS

Collateral and no representations or warranties, express or implied, are or will be given by the Issuer or any other person to Noteholders in relation to any Swap Counterparty CSA Posted Collateral.

Any Swap Counterparty CSA Posted Collateral will form part of the assets of the Issuer and the Trustee will take an English law security interest over any Swap Counterparty CSA Posted Collateral by means of an assignment by the Issuer in favour of the Trustee of the Issuer's rights against the Custodian under the Custody Agreement. Where the governing law of such Swap Counterparty CSA Posted Collateral requires further security arrangements, such as in the case of negotiable debt obligations issued by the Japanese government which are held in the Bank of Japan book-entry system (*furikae-kokusai*), such English law security interest may not be recognised under the governing law of such Swap Counterparty CSA Posted Collateral and Noteholders should be aware that any such Swap Counterparty CSA Posted Collateral may consequently not form part of the secured property for the Notes.

Due to fluctuations in the value of the Swap Agreement and of the value of any Swap Counterparty CSA Posted Collateral or Issuer CSA Posted Collateral and to the thresholds and minimum transfer amounts in the Credit Support Annex:

- (A) the value of the Swap Counterparty CSA Posted Collateral at any time may not be sufficient to cover the amount that would otherwise be payable by the Swap Counterparty on termination of the Swap Agreement; and
- (B) the value of the Issuer CSA Posted Collateral at any time could exceed the amount that the Issuer would otherwise owe to the Swap Counterparty on termination of the Swap Agreement.

Following a termination of the Swap Agreement, in respect of both paragraphs (A) and (B) above, a net amount would be payable from the Swap Counterparty to the Issuer. If the Swap Counterparty were insolvent, such amount would rank as an unsecured claim against the Swap Counterparty and there may be insufficient Collateral securing the Issuer's obligations under the Notes. By way of example of paragraph (B) above, if the termination amount under the Swap Agreement would be U.S.\$10,000,000 payable by the Issuer to the Swap Counterparty, but the Issuer had transferred Issuer CSA Posted Collateral to the Swap Counterparty worth U.S.\$12,000,000, then on a termination the Swap Counterparty would owe the net sum of U.S.\$2,000,000 to the Issuer and the Issuer would be an unsecured creditor of the Swap Counterparty for that amount.

If it is determined that the Swap Counterparty must transfer additional collateral to the Issuer, there may be a period prior to the transfer of such collateral in which the value of the Swap Counterparty CSA Posted Collateral transferred to the Issuer under the Credit Support Annex is less than the amount that would be payable by the Swap Counterparty to the Issuer if the Swap Agreement were to terminate. In such circumstances, which are similar to those specified in paragraph (A) above, there may be insufficient Collateral securing the Issuer's obligations under the Notes.

The Issuer is exposed to movements in the value of the Swap Agreement, the Issuer CSA Posted Collateral or the Swap Counterparty CSA Posted Collateral (as the case may be), and to the creditworthiness of the Swap Counterparty and any obligor of Swap Counterparty CSA Posted Collateral.

Investing in the Notes will not make an investor the owner of any cash or securities comprising the Swap Counterparty CSA Posted Collateral. Any amounts payable on the

Notes will be made in cash and the holders of the Notes will have no right to receive delivery of any securities comprising the Swap Counterparty CSA Posted Collateral.

Investors should also note that the Credit Support Annex contains provisions that enable a party to deliver a notice that items that then comprise eligible collateral under the Credit Support Annex will cease to be eligible. Such notice can be delivered if a party to the Credit Support Annex determines that the relevant items either have ceased to satisfy, or as of a specified date will cease to satisfy, collateral eligibility requirements under laws applicable to the recipient of such collateral requiring the collection of variation margin. Any non-eligible credit support will be given a zero value. If the Swap Counterparty delivers such a notice to the Issuer, the Issuer is unlikely to have any other Collateral available to it to provide to the Swap Counterparty as eligible collateral under the Credit Support Annex and, as a result, such legal ineligibility would be likely to lead to an event of default under the Swap Agreement if not remedied within the time period therein and would entitle the Swap Counterparty to terminate the Swap Agreement. Such termination would result in an early redemption of the relevant Series.

Where “CSA Collateral Exchange” is specified as applicable in the relevant Accessory Conditions, the Swap Counterparty may exchange the Original Collateral for other securities issued by the Original Collateral Obligor which satisfy the criteria set out in the Swap Agreement (the “**Eligible Shorter Dated Collateral**”). In such circumstances, the Swap Counterparty has the right, exercisable from time to time, to require the Issuer to transfer securities equivalent to some or all of the Original Collateral to it under the Credit Support Annex in exchange for Eligible Shorter Dated Collateral having a Value at least equal to the Original Collateral transferred to the Swap Counterparty (upon delivery, “**Shorter Dated Collateral**”). Following exercise of this right, the Value of the Original Collateral so transferred and the Value of the Shorter Dated Collateral transferred to the Issuer will be monitored on each Valuation Date and additional transfers will be made such that the Value of the Shorter Dated Collateral transferred to the Issuer is at least equal to the Value of the Original Collateral transferred to the Swap Counterparty. On the relevant end date, the Swap Counterparty shall deliver to the Issuer securities equivalent to the exchanged Original Collateral and the Issuer shall deliver to the Swap Counterparty securities equivalent to the Shorter Dated Collateral. The deliveries of the Original Collateral and the Shorter Dated Collateral may not be simultaneous. Consequently, Noteholders may be subject to increased credit risk to the Swap Counterparty on each occasion that (i) there is an exchange of Original Collateral for Shorter Dated Collateral (or *vice versa*) that is not simultaneous or (ii) the Value of the Shorter Dated Collateral is less than the Value of the Original Collateral transferred to the Swap Counterparty.

(vi) **SFTR (Article 15) title transfer collateral arrangements risk disclosure**

In respect of each Series, the Issuer may enter into one or more “title transfer collateral arrangements” (as defined in Article 2(1) of Directive 2002/47/EC under EU SFTR (as defined below) and regulation 3 of the Financial Collateral Arrangements (No.2) Regulations 2003 under UK SFTR (as defined below) (each such arrangement, a “**Title Transfer Arrangement**”) with a counterparty (as the “**Title Transfer Counterparty**”), as specified in the Accessory Conditions in respect of the relevant Series. The Credit Support Annex, the Repo Agreement and the SL Agreement will each constitute Title Transfer Arrangements.

Under (i) Article 15 of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 (as amended from time to time) (“**EU SFTR**”) and (ii) Article 15 of EU SFTR as it forms part of domestic law by virtue of the

European Union (Withdrawal) Act 2018 (“**UK SFTR**”, and together with EU SFTR, “**SFTR**”), the transferee of securities under any Title Transfer Arrangement is required to inform the transferor of such securities of the general risks and consequences that may be involved in entering into a Title Transfer Arrangement. Such risks are detailed below and are also relevant for Noteholders even though they will not be directly party to any Title Transfer Arrangement, particularly in circumstances where the Issuer is a transferor of securities under a Title Transfer Arrangement.

In the section below, the person that transfers securities under a Title Transfer Arrangement is referred to as the “**Transferor**”, the person to whom such securities are transferred is referred to as the “**Transferee**” and the securities so transferred are referred to as the “**Securities Collateral**”

(A) Loss of proprietary rights in Securities Collateral

The rights, including any proprietary rights, that a Transferor has in Securities Collateral transferred to a Transferee will be replaced (subject to any security granted by the Transferee) by an unsecured contractual claim for delivery of equivalent Securities Collateral, subject to the terms of the Title Transfer Arrangement. If the Transferee becomes insolvent or defaults under the Title Transfer Arrangement, the Transferor’s claim for delivery of equivalent Securities Collateral will not be secured and will be subject to the terms of the Title Transfer Arrangement and applicable law. Consequently, the Transferor may not receive such equivalent Securities Collateral (although the Transferor’s exposure may be reduced to the extent that its liabilities to the Transferee under such Title Transfer Arrangement can be netted or set-off against the obligation of the Transferee to deliver equivalent Securities Collateral to the Transferor).

Where the Issuer is the Transferor, upon transfer of the Securities Collateral, such securities will cease to form part of the Mortgaged Property so Noteholders will no longer have the benefit of security over such securities. If the Title Transfer Counterparty (as Transferee) becomes insolvent or otherwise defaults, the Mortgaged Property will not include equivalent Securities Collateral which the Issuer might otherwise have been expecting to receive. In these circumstances, Noteholders should be aware that the net proceeds of realisation of the Mortgaged Property may be insufficient to cover amounts that would otherwise be due under the Notes and consequently the Noteholders are exposed to the credit risk of the Title Transfer Counterparty (as Transferee).

The Title Transfer Counterparty will not have any proprietary rights in the Securities Collateral transferred to the Issuer. If the Issuer defaults under the Title Transfer Arrangement, the Title Transfer Counterparty’s claim for delivery of equivalent Securities Collateral will, as a result of the applicable payment waterfall, be subordinated to prior ranking claims of certain other Secured Creditors in respect of the Mortgaged Property. Consequently, the Transferor may not receive the equivalent Securities Collateral (although the Transferor’s exposure may be reduced to the extent that its liabilities to the Transferee under such Title Transfer Arrangement can be netted or set-off against an obligation on the Transferee to deliver equivalent Securities Collateral to the Transferor).

(B) Stay of proceedings following resolution process

See the risk factor titled “*Risks relating to the Notes – Resolution of financial institutions*” above for information on the consequences of a resolution process being instituted against the Title Transfer Counterparty.

(C) Loss of voting rights in respect of Securities Collateral

The Transferor in respect of any Securities Collateral will not be entitled to exercise, or direct the Transferee to exercise any voting, consent or similar rights attached to the Securities Collateral.

Noteholders should be aware that where the Transferor is the Issuer, the Noteholders will not have any right under the Notes to direct the Issuer to exercise any voting, consent or similar rights attached to the Securities Collateral.

(D) No information provided in respect of Securities Collateral

The Transferee will have title to any Securities Collateral and may or may not continue to hold such Securities Collateral and as such it will have no obligation to inform the Transferor of any corporate events or actions in relation to any Securities Collateral.

Where the Issuer is the Transferor, this means that no assurance can be given to Noteholders that they will be informed of events affecting any Securities Collateral.

(b) The Custodian**(i) Custodian risk**

Collateral in the form of cash or securities will be held in an account of the Custodian in the name of the Issuer (provided that, in limited circumstances, the Custodian may register or record securities in a name other than the Issuer).

The ability of the Issuer to meet its obligations with respect to the Notes will be dependent upon receipt by the Issuer of payments from the Custodian under the Custody Agreement for the Notes (if the Collateral is so held). Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Custodian in respect of the performance of its obligations under the Custody Agreement for such Notes subject to any relevant provisions or arrangements intended to provide that Collateral in the form of securities is not beneficially owned by the Custodian and therefore would not be available to its creditors on any insolvency of the Custodian.

Any cash deposited with the Custodian by the Issuer and any cash received by the Custodian for the account of the Issuer in relation to a Series will be held by the Custodian as banker and not as trustee. Accordingly, such cash will not be held as client money and will represent only an unsecured claim against the Custodian’s assets.

(ii) Sub-custodians, depositaries and clearing systems**(A) Credit risk**

Under the Custody Agreement, the Issuer authorises the Custodian to hold the Collateral in the Custodian’s account or accounts with any other sub-custodian, any securities depository or at such other account keeper or clearing system as the Custodian deems to be appropriate for the type of instruments which comprise the Collateral.

Where the Collateral is held with a sub-custodian, securities depository or clearing system, the ability of the Issuer to meet its obligations with respect to the Notes will be dependent upon receipt by the Issuer of payments from the Custodian under the Custody Agreement for the Notes (if the Collateral is so held) and, in turn, the Custodian will be dependent (in whole or in part) upon receipt of payments from such sub-custodian, securities depository or clearing system. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral and the Custodian in respect of the performance of its obligations under the Custody Agreement for such Notes, but also on the creditworthiness of any duly appointed sub-custodian, securities depository or clearing system holding the Collateral subject to any relevant provisions or arrangements intended to provide that custody assets held by sub-custodians would not be available to its creditors on any insolvency of the sub-custodian.

In particular, the Custodian is authorised to hold Collateral in the form of securities with sub-custodians in omnibus accounts. Where securities are held in an omnibus account, this may result in such securities not being as well protected as if the securities were held in a segregated account. If there are insufficient securities to meet the claims of all persons holding securities in that account, the Issuer may not recover some or all of its securities, which would adversely affect the ability of the Issuer to meet its obligations with respect to the Notes.

(B) Lien/Right of set-off

Pursuant to their terms of engagement, sub-custodians, security depositories or clearing systems may have liens or rights of set-off with respect to the Collateral held with them in relation to any of their fees and/or expenses and/or other amounts owed to them. If, for whatever reason, the Custodian fails to pay such fees and/or expenses and/or other amounts owed to them, the relevant sub-custodian, security depository or clearing system may exercise such lien or right of set-off, which may result in the Issuer failing to receive any payments due to it in respect of the Collateral, and thereby adversely affecting the ability of the Issuer to meet its obligations in connection with the Notes.

Therefore, the ability of the Issuer to meet its obligations in connection with the Notes will not only be dependent upon receipt by the Issuer of payments from the Custodian under the Custody Agreement for the Notes (if the Collateral is so held) but will also be dependent on any sub-custodian, security depository or clearing system not exercising any lien or right of set-off in respect of any Collateral that it holds. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Custodian in paying when due any fees or expenses of, or other amounts owed to, such sub-custodian, security depository or clearing system.

(c) The Paying Agents

Any payments made to Noteholders in accordance with the Conditions will be made by the Issuing and Paying Agent and/or the Paying Agents on behalf of the Issuer. Pursuant to the Agency Agreement, the Issuer is required to transfer to the Issuing and Paying Agent such amount as may be due under the Notes on or before each date on which such payment in respect of the Notes becomes due.

If the Issuing and Paying Agent and/or the Paying Agents, while holding funds for payment to Noteholders in respect of the Notes, is declared insolvent, the Noteholders may not receive all (or

any part) of any amounts due to them in respect of the Notes from the Issuing and Paying Agent and/or the Paying Agents. The Issuer will still be liable to Noteholders in respect of such unpaid amounts but the Issuer may have insufficient assets to make such payments (or any part thereof) and Noteholders may not receive all, or any part, of any amounts due to them. Consequently, the Noteholders are relying not only on the creditworthiness of the Collateral, but also on the creditworthiness of the Issuing and Paying Agent and the Paying Agents in respect of the performance of their obligations under the Agency Agreement to make or facilitate payments to Noteholders.

(d) **The Disposal Agent**

(i) **Liquidation**

Where the Notes are to be redeemed as a result of a redemption being triggered prior to the Maturity Date or where the Issuer fails to pay any amount owing on the Maturity Date, the Disposal Agent is generally required to sell or otherwise liquidate the Collateral. The Disposal Agent is permitted to sell all or any part of the Collateral at any time or at different times during the relevant period or in stages in respect of smaller portions, and will not have any liability for doing so if a higher price could have been obtained had such sale taken place at a different time during such specified period and/or had or had not been effected in stages in respect of smaller portions.

Subject to the following paragraph, if the Collateral has not been Liquidated in full by the expiry of the Liquidation Period (as extended by any Disposal Agent Bankruptcy Event), the Disposal Agent shall sell the Collateral not then Liquidated, irrespective of the price obtainable and regardless of such price being close to or equal to zero.

The Disposal Agent may elect not to liquidate the Collateral in certain circumstances including, without limitation, on the grounds of illegality. Provided that the Disposal Agent has used reasonable care in the performance of its duties, it shall not be liable for such an election.

If SPIRE is subject to a SPIRE Bankruptcy Event, the Collateral shall be realised by the Trustee enforcing the Security and not by the Disposal Agent pursuant to a Liquidation.

(ii) **Replacement Disposal Agent**

Upon the occurrence of a Disposal Agent Bankruptcy Event, the Disposal Agent's appointment will be automatically terminated and the Issuer will be required to appoint a replacement institution to take its place. Such replacement will be chosen either (i) by the Noteholders acting by Extraordinary Resolution, or (ii) by the Issuer with the consent of the Swap Counterparty (provided no Event of Default (as defined in the Swap Agreement for the Series) has occurred with respect to the Swap Counterparty in accordance with the terms of the Swap Agreement for the Series), the Repo Counterparty (provided no Event of Default (as defined in the Repo Agreement for the Series) has occurred with respect to the Repo Counterparty in accordance with the terms of the Repo Agreement for the Series), the SL Counterparty (provided no Event of Default (as defined in the SL Agreement for the Series) has occurred with respect to the SL Counterparty in accordance with the terms of the SL Agreement for the Series) and the Trustee. Arranging for, and appointing, any such replacement may delay any required liquidation of the Collateral and related payments on the Notes and there is no guarantee that a replacement will be found. Any delay or failure to appoint such a replacement may have adverse consequences for the Noteholders.

(iii) **Resignation following loss of licence**

If, for whatever reason, the Disposal Agent ceases to have any licence that it considers necessary to perform its role, it may resign its appointment at any time without giving any reason by giving the Issuer at least 60 days' notice to that effect. The Issuer will be required to appoint a replacement institution to take its place. Arranging for, and appointing, any such replacement may delay any required liquidation of the Collateral and related payments on the Notes.

(e) **The Calculation Agent**(i) **Replacement Calculation Agent**

Upon the occurrence of a Calculation Agent Bankruptcy Event, the Calculation Agent's appointment will be automatically terminated and the Issuer will be required to appoint a replacement institution to take its place. Such replacement will be chosen either (i) by the Noteholders acting by Extraordinary Resolution, or (ii) by the Issuer with the consent of the Swap Counterparty (provided no Event of Default (as defined in the Swap Agreement for the Series) has occurred with respect to the Swap Counterparty in accordance with the terms of the Swap Agreement for the Series), the Repo Counterparty (provided no Event of Default (as defined in the Repo Agreement for the Series) has occurred with respect to the Repo Counterparty in accordance with the terms of the Repo Agreement for the Series), the SL Counterparty (provided no Event of Default (as defined in the SL Agreement for the Series) has occurred with respect to the SL Counterparty in accordance with the terms of the SL Agreement for the Series) and the Trustee. Arranging for, and appointing, any such replacement, may delay certain calculations and/or determinations and related payments on the Notes and there is no guarantee that any replacement will be found. Any delay or failure to appoint such a replacement may have adverse consequences for the Noteholders.

(ii) **Limited liability of Calculation Agent**

All calculations and determinations by the Calculation Agent shall (in the absence of manifest error) be final, conclusive and binding upon all Noteholders, Couponholders, Transaction Parties and all other parties.

In making any calculation or determination, giving any notice or exercising any discretion, in each case under the Conditions or any Transaction Document, the Calculation Agent does not assume any responsibility or liability to anyone other than the Issuer for whom it acts as agent. In particular, the Calculation Agent assumes no responsibility to Noteholders, Couponholders, the Trustee or any other persons in respect of its role as Calculation Agent and, without limitation, shall not be liable for any loss (whether a loss of profit, loss of opportunity or consequential loss), cost, expense or any other damage suffered by any such person.

The Calculation Agent shall not be liable to the Issuer for any errors in calculations or determinations made by it in respect of the Notes, or any failure to make, or delay in making, any calculations or determinations (irrespective of whether such error, failure or delay affects any other calculations or determinations made in respect of the Notes) in the manner required of it by the Conditions save that the Calculation Agent shall be liable to the Issuer (but not to any other person or persons, including Noteholders, Couponholders and the Trustee) where such error, failure or delay arose out of its negligence, fraud or wilful default, as described in more detail in the Conditions.

Where the Calculation Agent (acting in a commercially reasonable manner) determines that, as a result of market disruption, force majeure, systems failure or any other event of an

analogous nature, it is unable to make a calculation or determination in the manner required by the Conditions or any Transaction Document, then the Calculation Agent shall not be liable for failure to make such calculation or determination in the required manner.

Where the Calculation Agent (acting in a commercially reasonable manner) determines that (i) it has not received the necessary information from any person or other source that is expected to deliver or provide the same pursuant to the Conditions or any Transaction Document which means that it is unable to make a determination required of it in accordance with the Conditions or the provisions of a Transaction Document and/or (ii) one or more provisions (including any mathematical terms and formulae) contained in the Conditions or any Transaction Document appear to the Calculation Agent (taking into account the context of the transaction as a whole and its background understanding) to be erroneous on the basis that it is impossible to make such calculation or that such provisions produce a result that, in the opinion of the Calculation Agent, is economically nonsensical, the Calculation Agent shall be permitted to make its determination on the basis of the provisions of the Conditions or such Transaction Document but may make such amendments thereto as, in its opinion, are necessary to cater for relevant circumstances falling under (i) and/or (ii) above, provided always that in so doing the Calculation Agent acts in good faith and in a commercially reasonable manner.

(f) **Impact of FATCA Withholding on the Trustee, each Agent and the Custodian**

The application of FATCA Withholding (as defined in “*Master Conditions - Condition 1 (Definitions and Interpretation)*”) to interest or other amounts payable under or in respect of the Notes is not clear (see the risk factor titled “*Risks relating to SPIRE and the Issuer – FATCA and the possibility of U.S. withholding tax on payments*” above). If FATCA Withholding was applied to interest or other payments payable under or in respect of the Notes, none of the Issuer, the Trustee, any Agent, the Custodian or any other person would, pursuant to the Conditions, be required to pay additional amounts as a result of such FATCA Withholding. In such circumstances, Noteholders might receive less than otherwise expected.

(g) **Conflicts of interest**

The Transaction Parties and their affiliates may act in a number of capacities in connection with the Notes and the Mortgaged Property in respect of a Series and need not take into account the specific interests of any individual Noteholder. Such a party may also enter into business dealings relating to the Notes or the Collateral or any asset to which the Notes or Collateral are exposed, including the acquisition of the Notes, from which such party may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor, or act in a way that is adverse to the interests of the Noteholders generally.

In addition, where the Swap Counterparty, the Swap Guarantor, the Repo Counterparty or the SL Counterparty is entitled to exercise its discretion or to undertake a decision in such capacity under or in respect of the Swap Agreement, the Repo Agreement or the SL Agreement, the terms and conditions or otherwise in respect of the Notes then such party will be under no obligation or duty to the Noteholders or any other person and is likely to attempt to maximise the beneficial outcome for itself and will not be liable to account to the Noteholders or any other person for any profit or other benefit to them or any of their respective affiliates that may result directly or indirectly from any such action.

For further information, see the section of this Base Prospectus titled “*Conflicts of Interest*”.

(h) **Systemic risk**

Financial institutions and other significant participants in the financial markets that deal with each other are interrelated as a result of trading, investment, clearing, counterparty and other relationships. This risk is sometimes referred to as “systemic risk”. Financial institutions such as the Programme Dealers, the Programme Trustee, the Programme Swap Counterparties, the Programme Repo Counterparties, the Programme SL Counterparties, the Programme Custodian, the Programme Calculation Agent, the Programme Disposal Agent, the Programme Issuing and Paying Agent, the Programme Paying Agent, the Programme Registrar and the Programme Transfer Agent (or any affiliate of any of them) and any obligors of the Collateral (or any guarantor or credit support provider in respect thereof) that are financial institutions or are significant participants in the financial markets are likely routinely to execute a high volume of transactions with various types of counterparties, including brokers and dealers, commercial banks, investment banks, insurers, mutual and hedge funds, and institutional clients. To the extent they do so, they are and will continue to be exposed to the risk of loss if counterparties fail or are otherwise unable to meet their obligations. In addition, a default by a financial institution or other significant participant in the financial markets, or concerns about the ability of a financial institution or other significant participant in the financial markets to meet its obligations, could lead to further significant systemic liquidity problems and other problems that could exacerbate the global financial crisis and, as such, have a material adverse impact on other entities.

CONFLICTS OF INTEREST

1 General

For the purposes of this section, references to “Collateral” shall also include Original Collateral to the extent that such Original Collateral has been transferred to the Swap Counterparty under the Swap Agreement by virtue of the Credit Support Annex thereto, to the Repo Counterparty under the Repo Agreement by virtue of the collateral provisions therein or to the SL Counterparty under SL Agreement by virtue of the collateral provisions therein.

The Dealer and any of its affiliates (each, a “**Relevant Party**”) may act in a number of capacities in connection with the Notes. A Relevant Party shall have only the duties and responsibilities expressly agreed to by such entity in the relevant capacity and shall not, by virtue of its or any affiliate acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to hold a standard of care other than as may be expressly provided with respect to the relevant capacity. A Relevant Party may enter into business dealings relating to the Notes or the Collateral or any asset to which the Notes or Collateral are exposed, including the acquisition of the Notes, from which such Relevant Party may derive revenues and profits in addition to any fees stated in the various documents, without any duty to account therefor.

A Relevant Party may, from time to time, be in possession of certain information (confidential or otherwise) and/or opinions with regard to the issuer or obligor of any Collateral or another Relevant Party which information and/or opinions might, if known by a Noteholder, affect decisions made by it with respect to its investment in the Notes. Notwithstanding this, no Relevant Party shall have any duty or obligation to notify the Noteholders or the Issuer or any other Transaction Parties (including any directors, officers or employees thereof) of such information and/or opinions.

A Relevant Party may deal in any obligation of the issuer or obligor of any Collateral and may accept deposits from, make loans or otherwise extend credit to, and generally engage in any kind of commercial or investment banking or other business transactions with, the issuer or obligor of any Collateral and may act with respect to such transactions in the same manner as if the Swap Agreement and the Notes did not exist and without regard to whether any such action might have an adverse effect on the issuer or obligor of any Collateral, the Issuer, the Swap Counterparty or the Noteholders.

A Relevant Party may, at any time, be active and significant participants in or act as market maker in relation to a wide range of markets for currencies, instruments relating to currencies, securities and derivatives. Activities undertaken by a Relevant Party may be on such a scale as to affect, temporarily or on a long-term basis, the price of such currencies, instruments relating to currencies, securities and derivatives or securities and derivatives based on, or relating to the Notes or any Collateral. Notwithstanding this, no Relevant Party shall have any duty or obligation to take into account the interests of any party in relation to any Notes when effecting transactions in such markets.

One or more Relevant Parties or any Transaction Party may:

- (i) have placed or underwritten, or acted as a financial arranger, structuring agent or adviser in connection with the original issuance of, or may act as a broker or dealer with respect to the Collateral;
- (ii) act as trustee, paying agent and in other capacities in connection with certain of the Collateral or other classes of securities issued by an issuer of, or obligor with respect to, the Collateral or an affiliate thereof;
- (iii) be a counterparty to issuers of, or obligors with respect to, certain of the Collateral under a swap or other derivative agreements or repurchase agreement;

- (iv) lend to certain of the issuers of, or obligors with respect to, the Collateral or their respective affiliates or receive guarantees from such issuers, obligors or their respective affiliates;
- (v) provide other investment banking, asset management, commercial banking, financing or financial advisory services to the issuers of, or obligors with respect to, the Collateral or their respective affiliates; or
- (vi) have an equity interest, which may be a substantial equity interest, in certain issuers of, or obligors with respect to, the Collateral or their respective affiliates.

The Dealer may have acquired, or during the terms of the Notes may acquire, confidential information or enter into transactions with respect to any Collateral or an obligor of any such collateral and it shall not be under any duty to disclose such confidential information to any Noteholder, the Issuer, the Trustee or any of the other Transaction Parties.

When acting as a trustee, paying agent or in other service capacities with respect to the Collateral, the Transaction Parties may be entitled to fees and expenses senior in priority to payments on such Collateral. When acting as a trustee for other classes of securities issued by the issuer of any Collateral or an affiliate thereof, a Transaction Party will owe fiduciary duties to the holders of such other classes of securities, which classes of securities may have differing interests from the holders of the class of securities of which the relevant Collateral is a part, and may take actions that are adverse to the holders (including, where applicable, the Issuer) of the class of securities of which the relevant Collateral is a part. As a counterparty under swaps and other derivative agreements or repurchase agreements, a Transaction Party may take actions adverse to the interests of the Issuer, including, but not limited to, demanding collateralisation of its exposure under such agreements (if provided for thereunder) or terminating such swaps or agreements in accordance with the terms thereof. In making and administering loans and other obligations, a Transaction Party may take actions including, but not limited to, restructuring a loan, foreclosing on or exercising other remedies with respect to a loan, requiring additional collateral or other credit enhancement, charging significant fees and interest, placing the issuers of, or obligors with respect to, any Collateral in bankruptcy or demanding payment on a loan guarantee or under other credit enhancement. The Issuer's acquisition, holding and sale of the Collateral may enhance the profitability or value of investments made by a Transaction Party in the issuers thereof or obligors in respect thereof. As a result of all such transactions or arrangements between a Transaction Party and issuers of, and obligors with respect to, the Collateral or their respective affiliates, a Transaction Party may have interests that are contrary to the interests of the Issuer and the Noteholders.

2 The Trustee

In connection with the exercise of its functions, the Trustee shall have regard to the interests of the Noteholders as a class and, in particular, but without prejudice to the generality of the foregoing, shall not have regard to the consequences of such exercise for individual Noteholders and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim from the Issuer or the Trustee, any indemnification or payment in respect of any tax arising in consequence of any such exercise upon individual Noteholders. In acting as Trustee under the Trust Deed, the Trustee shall not, in respect of Notes of any Series, assume any duty or responsibility to any of the Swap Counterparty, the Swap Guarantor, the Repo Counterparty, the SL Counterparty, the Custodian, the Issuing and Paying Agent, any of the Paying Agents or any other Secured Creditor or any other Transaction Party (other than to pay any such party any moneys received and payable to it and to act in accordance with the Conditions and the Trust Deed and other than in respect of any obligations it may have to Secured Creditors in respect of any enforcement of the Security) and shall have regard solely to the interests of the Noteholders and (save where expressly provided otherwise in the Transaction Documents to which the Trustee is a party) shall not be obliged to act on any directions of any Secured Creditor or Transaction Party if this would, in the Trustee's opinion, be contrary to the interests of the Noteholders.

3 The Swap Counterparty, the Swap Guarantor, the Repo Counterparty and the SL Counterparty

Prospective investors should be aware that where the Swap Counterparty, the Swap Guarantor, the Repo Counterparty or the SL Counterparty is entitled to exercise its discretion or to undertake a decision in such capacity under or in respect of the Swap Agreement, Repo Agreement or SL Agreement (including any right to terminate the Swap Agreement, Repo Agreement or SL Agreement), in respect of the terms and conditions or otherwise in respect of the Notes then, unless specified to the contrary therein, the Swap Counterparty, the Swap Guarantor, the Repo Counterparty or the SL Counterparty will be under no obligation to, and will not assume any fiduciary duty or responsibility for, the Noteholders or any other person. In exercising their discretion or undertaking any decision, prospective investors should expect and understand that the Swap Counterparty, the Swap Guarantor, the Repo Counterparty and the SL Counterparty are likely to attempt to maximise the beneficial outcome for themselves (that is maximise any payments due to them and minimise any payments due from them) and will not be liable to account to the Noteholders or any other person for any profit or other benefit to them or any of their respective affiliates that may result directly or indirectly from any such selection.

- (v) risk factors relating to SPIRE and any Notes issued under the Programme; and
- (vi) certain tax information, although you should always seek specialist advice which has been tailored to your circumstances.

You should note that the section of this Base Prospectus titled "*Overview of the Programme*" and this section titled "*Commonly Asked Questions*" must be read only as an introduction to this Base Prospectus.

COMMONLY ASKED QUESTIONS

Any decision to invest in the Notes should be based on a consideration of this Base Prospectus as a whole, together with the applicable Accessory Conditions and any Series Prospectus.

What information is included in the Accessory Conditions?

While this Base Prospectus includes general information about all Notes, the Accessory Conditions is the document that sets out the specific details of each particular issuance of Notes. The Accessory Conditions will complete (in the case of Final Terms) or complete, amend, supplement or vary (in the case of Pricing Terms) the Master Conditions and will contain, for example, the issue date, the maturity date and the methods used to calculate the redemption amount and any interest payments, if applicable, as well as any other terms applicable to those particular Notes.

Therefore, the Accessory Conditions for such Notes must be read in conjunction with this Base Prospectus.

What is the Series Prospectus and when will the Issuer prepare one?

For some Notes, the Issuer may prepare a Series Prospectus. The Series Prospectus would include the Accessory Conditions for those Notes, incorporating by reference the whole or any part of this Base Prospectus, but would also contain additional information, such as additional risk factors. The Issuer will prepare a Series Prospectus where it needs to do so in order to comply with the Prospectus Regulation.

5. How much of your investment is at risk?

For some Notes, the amount payable on the maturity date may be less than your original investment and may even be zero.

Investors should note that they will be exposed to the credit risk of (i) the Issuer, (ii) the obligor of the Original Collateral, (iii) the Custodian, (iv) the Paying Agents and (v) the Swap Counterparty, the Repo Counterparty and the SL Counterparty. If there is a default on the Original Collateral or by the Custodian, a Paying Agent, the Swap Counterparty, the Repo Counterparty or the SL Counterparty, investors are highly likely to lose some or all of their money.

6. What does the Issuer do with the issue proceeds of the Notes?

The Issuer will typically use the issue proceeds of the Notes to purchase the Original Collateral. The Original Collateral will usually constitute debt securities issued by a third-party issuer, but could take the form of other assets. The exact Original Collateral will be specified in the applicable Accessory Conditions.

For each Series, the Issuer may enter into a Swap Agreement with a Swap Counterparty and/or a Repo Agreement with a Repo Counterparty and/or an SL Agreement with an SL Counterparty. Where this is the case, this will be specified in the applicable Accessory Conditions. The issue proceeds of the Notes may be used to fund any initial payment obligations under the Swap Agreement and/or the Repo Agreement and/or the SL Agreement.

7. What is the Collateral?

The Collateral, the Swap Agreement, the Repo Agreement and the SL Agreement will generally be the only assets available to the Issuer to fund its payment obligations under the Notes. The payments under such assets (both to and from the Issuer) will be designed to ensure that the Issuer has sufficient funds to meet its payment obligations under the Notes and to meet any related payment obligations.

“**Collateral**” consists of (i) the Original Collateral, (ii) any assets received from the Swap Counterparty which collateralises the Swap Counterparty’s obligations under the Swap Agreement, (iii) any assets received from the Repo Counterparty under the Repo Agreement and (iv) any assets received from the

COMMONLY ASKED QUESTIONS

SL Counterparty under the SL Agreement, but excludes any assets which have been transferred by the Issuer to the Swap Counterparty, the Repo Counterparty or the SL Counterparty.

The Original Collateral shall include any different collateral acquired by the Issuer by way of substitution or replacement of such Original Collateral originally held by it or as a result of its conversion or exchange.

The applicable Accessory Conditions will specify whether collateralisation is required in respect of the Swap Agreement from the Swap Counterparty, the Issuer or both. Collateral will be transferred on a title transfer basis under a Credit Support Annex and will reflect movements in the market value of the Swap Agreement and of the collateral provided under such Credit Support Annex. If the Issuer is required to provide collateral under the Credit Support Annex, Original Collateral will be used to meet such obligation and the Original Collateral will be reduced accordingly. Upon posting to the Swap Counterparty as collateral, title to the relevant assets is transferred to the Swap Counterparty.

Collateralisation will be required in respect of a Repo Agreement from both the Issuer and the Repo Counterparty. The collateral to be transferred will reflect movements in the market value of the securities purchased under the Repo Agreement and of the collateral provided under such Repo Agreement. If the Issuer is required to provide collateral under the Repo Agreement, Original Collateral will be used to meet such obligation and the Original Collateral will be reduced accordingly. Upon posting to the Repo Counterparty as collateral, title to the relevant assets is transferred to the Repo Counterparty.

Collateralisation may be required in respect of an SL Agreement from both the Issuer and the SL Counterparty. The collateral to be transferred will reflect movements in the market value of the securities received under the SL Agreement and of the collateral borrowed by the SL Counterparty under such SL Agreement. If the Issuer is required to deliver collateral under the SL Agreement, Original Collateral will be used to meet such obligation and the Original Collateral will be reduced accordingly. Upon delivery to the SL Counterparty of such collateral, title to the relevant assets is transferred to the SL Counterparty.

8. When might the Original Collateral change?

If “Substitution of Original Collateral” is specified as “Applicable” in the applicable Accessory Conditions, Noteholders acting by an Extraordinary Resolution may request a substitution of the Original Collateral (in whole but not in part).

If “Substitution Knockout” is specified as “Applicable” in the applicable Accessory Conditions and, at any prior time to the Issuer Call Settlement Date, the Original Collateral is substituted following such a request by Noteholders acting by an Extraordinary Resolution, the provisions relating to any Issuer Call Condition shall no longer apply.

9. To which assets of SPIRE, if any, do Noteholders have recourse?

The Noteholders and the other Transaction Parties will have recourse only to the Mortgaged Property in respect of a Series, subject always to the Security, and not to any other general assets of SPIRE or to any other assets of SPIRE acting in respect of other Compartments. The Mortgaged Property includes, primarily, the Collateral, the Issuer’s rights under the Swap Agreement, the Issuer’s rights under the Repo Agreement and the Issuer’s rights under the SL Agreement. Noteholders’ claims (and those of other Transaction Parties) will also be subject to the order of priority referred to below. If the Mortgaged Property is not sufficient to meet Noteholders’ claims and those of all the other relevant parties, the Mortgaged Property will be used to meet claims according to a specified order of priority. Amounts owing to the Swap Counterparty under the Swap Agreement, the Repo Counterparty under the Repo Agreement, the SL Counterparty under the SL Agreement and certain other sums payable to certain Transaction Parties, will be paid before Noteholders. If there is no Mortgaged Property left after paying such persons, Noteholders will not be paid and will lose their investment.

10. What happens if the Original Collateral defaults?

See paragraph 13(i) (“*Under what circumstances may the Notes be redeemed before their stated maturity? – Redemption of Original Collateral and default of Original Collateral*”) below.

11. Who will be the Swap Counterparty, the Repo Counterparty or the SL Counterparty?

The Swap Counterparty to any Swap Agreement, the Repo Counterparty to any Repo Agreement and the SL Counterparty to any SL Agreement will be specified in the applicable Accessory Conditions and will be one of the Programme Swap Counterparties, Programme Repo Counterparties or Programme SL Counterparties. The obligations of a Swap Counterparty may be guaranteed.

If the Swap Agreement in respect of a Series is terminated because an event of default has occurred with respect to the Swap Counterparty, a replacement swap agreement may be entered into as an alternative to the Notes being subject to an early redemption. Please see the section of this Base Prospectus titled “*Secondary Market, Swap Counterparty Replacement and Swap Close-Out Quotations*” for a summary of the conditions to any such agreement being entered into.

12. What happens if the Swap Counterparty, the Repo Counterparty or the SL Counterparty defaults?

See paragraph 13(iv) (“*Under what circumstances may the Notes be redeemed before their stated maturity? – Swap Counterparty Bankruptcy Event, Repo Counterparty Bankruptcy Event and SL Counterparty Bankruptcy Event*”) below.

13. Under what circumstances may the Notes be redeemed before their stated maturity?

The Notes may be redeemed prior to their stated maturity in any of the following circumstances:

(i) *Redemption of Original Collateral and default of Original Collateral*

If the Original Collateral is called for redemption or repayment (whether in whole or part) prior to its scheduled maturity date (other than a scheduled amortisation of the Original Collateral), the Issuer shall, upon becoming aware of such event, direct the redemption of the Notes.

If the Calculation Agent determines that certain events have occurred with respect to the Original Collateral or any other obligation for the payment or repayment of borrowed money of the Original Collateral Obligor, the Issuer shall direct the redemption of the Notes. The relevant events include (a) such obligation becoming payable prior to its scheduled maturity date, (b) certain failures to make payments in respect of such obligation, (c) a repudiation or moratorium in respect of such obligation, (d) an amendment to the terms of such obligation either agreed between the Original Collateral Obligor or a Governmental Authority and a sufficient number of holders of such obligation to bind all holders of such obligation, (e) an amendment to the terms of such obligation imposed by a Governmental Authority, (f) the conversion of such obligation into another instrument and (g) certain bankruptcy events in respect of the Original Collateral Obligor.

(ii) *Certain tax events*

If the Issuer determines that (a) it will be required by any applicable law to withhold or deduct tax from any payment in respect of the Notes, (b) a Noteholder has failed to provide sufficient forms, documentation or other information such that any payment in respect of the Notes may be subject to withholding or deduction or the Issuer may suffer a fine or penalty, (c) it will be unable to receive any payment in respect of the Original Collateral without any withholding or deduction for tax or (d) it is required to comply with any reporting requirement in respect of payments received on the Original Collateral (which would incur material expense for the Issuer or are unduly onerous for the Issuer to comply with), the Issuer shall direct the redemption of the Notes.

(iii) *Termination of Swap Agreement, Repo Agreement or SL Agreement*

If the Swap Agreement, the Repo Agreement or the SL Agreement is terminated early, the Issuer shall direct the redemption of the Notes.

The sections of this Base Prospectus titled “*The Swap Agreement*”, “*The Repo Agreement*” and “*The SL Agreement*” describe the events that may lead to the termination of the Swap Agreement, the Repo Agreement and the SL Agreement respectively. These include certain payment defaults, breaches of agreement and insolvency as well as the occurrence of certain illegality, redenomination and force majeure events, certain tax-related events, certain regulatory events and certain amendments to the terms of the Notes and the Transaction Documents when made without the Swap Counterparty’s, the Repo Counterparty’s or the SL Counterparty’s (as applicable) consent.

The Noteholders may also, upon the occurrence of an event following which the Issuer is able to terminate the Swap Agreement, Repo Agreement or SL Agreement, direct the Trustee (who will, subject to being indemnified and/or secured and/or pre-funded to its satisfaction, give a corresponding direction to the Issuer) to so terminate the Swap Agreement, the Repo Agreement or the SL Agreement, which will result in the redemption of the Notes.

(iv) *Swap Counterparty Bankruptcy Event, Repo Counterparty Bankruptcy Event and SL Counterparty Bankruptcy Event*

If a Swap Counterparty Bankruptcy Event, a Repo Counterparty Bankruptcy Event or an SL Counterparty Bankruptcy Event occurs (broadly speaking, if the Swap Counterparty, Repo Counterparty or SL Counterparty becomes subject to an insolvency procedure), the Issuer may direct the redemption of the Notes following a direction to do so from the requisite number of Noteholders.

(v) *Illegality*

If, due to the adoption of or change in any applicable law after the Issue Date of the first Tranche of the Series, it becomes unlawful for the Issuer to perform obligations in respect of the Notes, to hold any Collateral or receive payment in respect thereof or to comply with any other material provision of any agreement entered into in connection with the Notes, the Issuer shall, upon becoming aware of such event, direct the redemption of the Notes.

(vi) *Original Collateral Disruption Event*

Following the occurrence of an Original Collateral Disruption Event (being, in summary, the adjustment or replacement of any interest rate, index, benchmark or price source by reference to which any amount payable under the Original Collateral is determined), the Calculation Agent may deliver a notice to the Issuer requiring it to amend or redeem the Notes. If the Calculation Agent delivers a notice which requires a redemption of the Notes, the Issuer shall direct the redemption of the Notes.

(vii) *Reference Rate Default Event*

If the Calculation Agent determines that a Reference Rate Default Event has occurred, the Issuer shall direct the redemption of the Notes.

A Reference Rate Default Event will occur if (a) the Calculation Agent has determined that a Reference Rate Event has occurred and (b) either (I) an alternative benchmark and any Adjustment Spread, together with associated amendments, are not identified prior to the relevant deadline, (II) it is or would be unlawful or would contravene any applicable licensing requirements for the Calculation Agent to perform the actions prescribed in the Conditions following the

COMMONLY ASKED QUESTIONS

occurrence of a Reference Rate Event or (III) the calculation of an Adjustment Spread would impose material additional regulatory obligations on the Calculation Agent or the Swap Counterparty or the Repo Counterparty.

A Reference Rate Event is expected to occur if (I) the relevant Reference Rate has ceased or will cease to be provided permanently or indefinitely, (II) the administrator of the Reference Rate ceases to have the necessary authorisations and as a result it is not permitted under applicable law for one or more persons to perform their obligations under the Notes and/or any hedge transactions entered into by the Swap Counterparty and the Repo Counterparty, (III) the Reference Rate is, with respect to over-the-counter derivatives transactions which reference such Reference Rate, the subject of any market-wide development pursuant to which such Reference Rate is replaced with a risk-free rate (or near risk-free rate) on a specified date, (IV) the regulatory supervisor of the administrator of the Reference Rate makes or publishes a public statement announcing that such Reference Rate is no longer, or as of a specified future date will no longer be, representative for the underlying market and economic reality that the Reference Rate is intended to measure and that its representativeness will not be restored, such statement is being made in the awareness that it will engage certain contractual triggers for fallbacks activated by pre-cessation announcements by such supervisor or (V) if “Material Change Event” is specified to be applicable in the Accessory Conditions, the definition, methodology or formula for a Reference Rate, or other means of calculating the Reference Rate, has materially changed or as of a specified future date will materially change.

(viii) *Satisfaction of an Issuer Call Condition*

If “Issuer Call” is specified as applicable for a Series, the Issuer shall, upon being notified of satisfaction of an Issuer Call Condition, direct the redemption of the Notes.

An Issuer Call Condition may be satisfied where (a) the Swap Counterparty elects an optional termination under the Swap Agreement, where Optional Termination Trigger is specified in the Accessory Conditions, (b) the calculation agent under the Swap Agreement determines that, where Autocall Termination Trigger is specified in the Accessory Conditions, the Autocall Termination Trigger (namely, that sum of (x) the value of the Original Collateral and (y) the anticipated termination value of the Swap Agreement, is equal to or greater than an amount equal to the aggregate of each Issuer Call Redemption Amount of the Notes then outstanding) has been met on a particular date or (c) the Calculation Agent determines that any other event specified as an Issuer Call Condition in the Accessory Conditions in respect of the Notes has occurred.

If “Substitution Knockout” is specified as “Applicable” in the applicable Accessory Conditions and, at any prior time to the Issuer Call Settlement Date, the Original Collateral is substituted (see ‘*When might the Original Collateral change?*’ above), the provisions relating to any Issuer Call Condition shall no longer apply.

(ix) *Exercise of Noteholder Early Redemption Option*

If “Noteholder Early Redemption Option” is specified as applicable for a Series, the Issuer shall, upon receiving a valid Noteholder Early Redemption Option Exercise Notice from 100% Noteholders, direct the redemption of the Notes in full (and not in part).

(x) *Events of Default*

The Notes may be redeemed early upon the occurrence of certain defined Events of Default. These include (a) a default (for a period of more than 14 days) in the payment of any principal or interest due in respect of the Notes, (b) a failure by the Issuer to perform any of its other obligations in relation to the Notes if such failure is incapable of remedy or, if in the opinion of the Trustee the failure is capable of remedy, is not, in the opinion of the Trustee, remedied within 30 days after

the Trustee gives notice to the Issuer of such default or (c) the insolvency of SPIRE. If an Event of Default occurs, the Trustee may, and shall (provided it has been indemnified and/or secured and/or pre-funded to its satisfaction), following a direction to do so from the requisite number of Noteholders, direct the redemption of the Notes.

14. At what amount do the Notes redeem?

Each Note will redeem on the relevant Maturity Date at the Final Redemption Amount or, if the Note is an Instalment Note, the final Instalment Amount. The Final Redemption Amount will be a cash amount and will consist of the Specified Final Redemption Amount, as specified in the applicable Accessory Conditions. If no Specified Final Redemption Amount is specified in the applicable Accessory Conditions, the Final Redemption Amount shall be the outstanding principal amount of such Note. The final Instalment Amount will be a cash amount as specified in, or determined in accordance with, the applicable Accessory Conditions.

If the Notes are redeemed prior to their stated maturity, they will redeem at their Early Redemption Amount, which will generally be an amount equal to their share of (i) the proceeds of the sale or redemption of the Collateral, plus (ii) any termination payment (if any) payable by the Swap Counterparty, the Repo Counterparty and the SL Counterparty to the Issuer pursuant to the Swap Agreement, Repo Agreement and SL Agreement respectively, minus (iii) any termination payment (if any) payable by the Issuer to Swap Counterparty, the Repo Counterparty and the SL Counterparty pursuant to the Swap Agreement, Repo Agreement and SL Agreement respectively.

The Collateral referred to in (i) above shall include any Swap Counterparty CSA Posted Collateral under any Credit Support Annex in respect of the Swap Agreement. In all circumstances where the Notes are redeeming prior to their stated maturity (whether as a result of a Swap Counterparty default, an Issuer default or any other event), any Swap Counterparty CSA Posted Collateral shall be Liquidated by the Disposal Agent, with the proceeds of such Liquidation constituting the "Value" ascribed to such Swap Counterparty CSA Posted Collateral for the purposes of determining any termination payment payable under the Swap Agreement under (ii) or (iii) above.

Unless otherwise provided for in respect of a particular Series of Notes, any Swap Counterparty CSA Posted Collateral shall not be returned to the Swap Counterparty on an early termination of the Swap Agreement, thereby reducing the Noteholders' exposure to the Swap Counterparty's creditworthiness in respect of any termination payment that may be owed by the Swap Counterparty to the Issuer.

The amount payable to Noteholders on redemption of the Notes (whether on or prior to their stated maturity) will be subject to payment of any amounts owed by the Issuer to any other Transaction Parties which rank in priority to payments due to the Noteholders.

How is the Collateral sold?

The Disposal Agent will liquidate (sell or otherwise turn into cash) the Collateral on behalf of the Issuer during the Liquidation Period (which will typically be a 10 Reference Business Day period (where "Liquidation Period Cut-off" is specified as 10 Reference Business Days in the applicable Accessory Conditions) or a 30 Reference Business Day period (where "Liquidation Period Cut-off" is specified as 30 Reference Business Days in the applicable Accessory Conditions)), except for any Collateral that is due to redeem in full during that period. However, no such sale will be made if the Disposal Agent is not permitted to effect such liquidation under applicable laws or it is otherwise not possible or practicable for it to do so or if the Disposal Agent is no longer employed to perform that role (see '*Who is the Disposal Agent?*' below).

The Disposal Agent may sell to itself or to any affiliate of itself, the Swap Counterparty (if different), the Repo Counterparty (if different) or the SL Counterparty (if different), provided that such sale is at a price

COMMONLY ASKED QUESTIONS

which it believes to be a fair market price. Furthermore, the Disposal Agent may liquidate the Collateral by way of one or multiple transactions on a single or multiple day(s).

Who is the Disposal Agent?

The Disposal Agent is the entity specified in the applicable Accessory Conditions and will typically be the Swap Counterparty, the Repo Counterparty, the SL Counterparty or an affiliate of the Swap Counterparty, Repo Counterparty or SL Counterparty.

If a Disposal Agent Bankruptcy Event occurs (broadly speaking, if the Disposal Agent is subject to an insolvency proceeding or, if the Disposal Agent is an affiliate of the Swap Counterparty, the Repo Counterparty or the SL Counterparty, if the Swap Counterparty, the Repo Counterparty or the SL Counterparty is subject to an insolvency proceeding), then such entity will cease to be the Disposal Agent and a replacement Disposal Agent may be appointed by the Issuer and shall be appointed if the Issuer is directed by the requisite number of Noteholders.

What happens if the Collateral is not sold by the expiry of the Liquidation Period?

If any Collateral has not been sold by the expiry of the Liquidation Period, the Disposal Agent shall, subject to the following sentence, sell the Collateral not then sold, irrespective of the price obtainable and regardless of such price being close to or equal to zero. The Disposal Agent may elect not to liquidate the Collateral in certain circumstances including, without limitation, on the grounds of illegality.

If any of the Collateral has still not been sold by the Early Valuation Date, the Early Redemption Amount will be determined based on the fair market value (as determined by the Calculation Agent) of the relevant assets instead of sale proceeds. However, when those assets have finally been realised (for example by a replacement Disposal Agent or by or on behalf of the Trustee), if the Early Redemption Amount that would have been calculated using such actual proceeds is greater than the Early Redemption Amount that was calculated using such fair market value, the Issuer shall owe the difference to the Noteholders. If the actual realisation proceeds are less than the fair market value used to determine the Early Redemption Amount, Noteholders will receive less than the Early Redemption Amount.

When is the Early Valuation Date and when is the Early Redemption Date?

The Early Valuation Date is the date as of which the Calculation Agent will determine the Early Redemption Amount in respect of the Notes. The Early Redemption Date is the date on which the Early Redemption Amount will become due and payable. The Early Valuation Date is the day falling three Reference Business Days before the Early Redemption Date.

The Early Redemption Date will depend on the timing of the liquidation of the Collateral. It will generally be (i) the 15th Reference Business Day (where "Liquidation Period Cut-off" is specified as 10 Reference Business Days in the applicable Accessory Conditions) or (ii) the 35th Reference Business Day (where "Liquidation Period Cut-off" is specified as 30 Reference Business Days in the applicable Accessory Conditions) following the date on which the Issuer gives notice of the early redemption of the Notes or, if earlier, the fifth Reference Business Day following the date on which the Collateral has been liquidated in full. If the early redemption is caused by an early redemption of the Original Collateral, the Early Redemption Date will depend on the redemption date of the Original Collateral.

How will the termination payment under the Swap Agreement be calculated?

The termination payment under the Swap Agreement will be based on the value, to the determining party, of the Swap Agreement as at the Early Termination Date (determined on the Early Valuation Date or as soon as reasonably practicable thereafter), taking into account all of the amounts that would have been payable by each party if the swap had not terminated. This amount could be negative (in which case the termination payment would be made by the determining party) or positive (in which case the termination payment would be made by the other party). The termination payment will usually be calculated by the

COMMONLY ASKED QUESTIONS

Swap Counterparty, unless the Swap Counterparty's default triggered the termination of the Swap Agreement. If the Swap Counterparty is in default, the Issuer will need to appoint a substitute calculation agent under the Swap Agreement for the purposes of determining the termination payment on the Issuer's behalf. It is possible that the Swap Counterparty may dispute the valuations of a substitute calculation agent, both in respect of any valuation ascribed to collateral posted under the Credit Support Annex or, ultimately, any termination payment due under the Swap Agreement. In the event of any such dispute, the quantum and/or timing of any payments due to the Issuer under the Swap Agreement may be impacted, and the Noteholders may therefore receive an Early Redemption Amount that is either lower and/or later than originally anticipated.

How will the termination payment under the Repo Agreement be calculated?

Upon early termination of the Repo Agreement, an early termination payment, based on the market value of the initial collateral sold under the Repo Agreement, the market value of any collateral posted by the Issuer to the Repo Counterparty or *vice versa* under the Repo Agreement and the repurchase price payable for equivalent collateral, will be payable by the Issuer to the Repo Counterparty or (as the case may be) by the Repo Counterparty to the Issuer. The termination payment will usually be calculated by the Repo Counterparty, unless the Repo Counterparty's default triggered the termination of the Repo Agreement. If the Repo Counterparty is in default, the Issuer will need to appoint a calculation agent for the purposes of determining the termination payment on the Issuer's behalf.

How will the termination payment under the SL Agreement be calculated?

Upon early termination of the SL Agreement (which may occur as a result of a default by the SL Counterparty or the insolvency of the Issuer), an early termination payment, based on the market value of the securities loaned under the SL Agreement and the market value of any margin posted by the Issuer to the SL Counterparty or *vice versa* under the SL Agreement, will be payable by the Issuer to the SL Counterparty or (as the case may be) by the SL Counterparty to the Issuer. The termination payment will usually be calculated by the SL Counterparty, unless the SL Counterparty's default triggered the termination of the SL Agreement. If the SL Counterparty is in default, the Issuer will need to appoint a calculation agent for the purposes of determining the termination payment on the Issuer's behalf.

15. What is the order of priority?

If the Notes redeem early, or if there is a default at maturity (whether in respect of the Original Collateral, by the Issuer or by the Swap Counterparty, Repo Counterparty or SL Counterparty, or otherwise), or if there is an enforcement of security then the proceeds of the Mortgaged Property will be applied in accordance with a specified order of priorities. In such order of priorities, the claims of other creditors of the Issuer in respect of the Notes will be met before the claims of the Noteholders. Amounts paid in priority to the Noteholders include, among other things, (i) payments due to the Trustee, (ii) payments due to the Swap Counterparty under the Swap Agreement, to the Repo Counterparty under the Repo Agreement and to the SL Counterparty under the SL Agreement, (iii) any fees of the Disposal Agent and (iv) any payments due to the Custodian and/or the other Agents. The Mortgaged Property is the only property the Issuer has from which to meet the claims in respect of the Notes. As a result of other claims having priority to those of the Noteholders, this means there may not be enough cash for the Issuer to meet its obligations to Noteholders (whether in full or at all).

16. Who is the "Noteholder"?

If the Notes are held through a clearing system (which will usually be the case if so specified in the applicable Accessory Conditions), the legal "Noteholder" will be the entity nominated by the clearing system as the nominee or depositary for the Notes (known as the common depositary). Such entity will hold the Notes for the benefit of the clearing systems and it shall be the only person entitled to receive payments in respect of such Notes and the Issuer shall be discharged by payment to, or to the order of,

such entity in respect of each amount so paid. As an investor, your rights in relation to the Notes will be governed by the contract you have with your broker, custodian or other entity through which you hold your interest in the Notes and the contracts they have with the clearing system and any intermediaries in between. Accordingly, where this Base Prospectus describes a right as being owed to, or exercisable by, a Noteholder then your ability to benefit from or exercise such right will be dependent on the terms of the contracts in such chain.

If the Notes are held outside the clearing systems, the Noteholder will be the person who holds the definitive Bearer Note (in the case of Bearer Notes in definitive form) or the person in whose name a Registered Note is registered (in the case of Registered Notes).

17. What rights do Noteholders have against the Issuer?

Noteholders' rights include the right to any payments payable to Noteholders in accordance with the Master Conditions and the applicable Accessory Conditions. Noteholders may also have the right to make certain determinations or decisions (which may sometimes be required to be by a resolution of Noteholders) and the Issuer may only take certain actions with respect to the Notes if approved by Noteholders. Noteholders should note that, notwithstanding they may be owed payments under the Notes, their rights of direct action against the Issuer are limited as the right to take such action is generally instead vested in the Trustee (see paragraph 20 ("*Who can enforce your rights against the Issuer if the Issuer has failed to make a payment on the Notes?*") below).

18. What are the requirements for exercising Noteholders' rights in respect of the Notes?

The Conditions specify the requirements for exercising each right in respect of the Notes, including the person (if any) that is entitled to enforce such right on behalf of the Noteholders and the required percentage of Noteholders (if any) that may direct such person to enforce such right. For example, the Conditions specify that only the Trustee may exercise the right to enforce the Security on behalf of Noteholders if a default in payment by the Issuer has occurred. The Noteholders may direct the Trustee to exercise such rights by way of an Extraordinary Resolution. An "Extraordinary Resolution" means a resolution passed at a duly convened meeting by a majority consisting of not less than 75 per cent. of the votes cast at such meeting.

In certain circumstances, where the Notes are held on behalf of a clearing system, the Issuer and the Trustee will be entitled to rely upon approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communication systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of not less than 75 per cent. of the aggregate principal amount of the Notes of the relevant Series then outstanding, and neither the Issuer nor the Trustee will be liable or responsible to anyone for such reliance.

In other circumstances where electronic consent is not being sought, Noteholders may also pass written resolutions on matters relating to the Notes without calling a meeting. A written resolution must be signed by or on behalf of the holders of at least 75 per cent. of the aggregate principal amount of the Notes of the relevant Series then outstanding. For the purpose of determining whether a written resolution has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, by accountholders in the clearing system with entitlements to the Notes and/or, where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person for whom such entitlement is ultimately beneficially held.

Such a written resolution or an electronic consent described in the previous paragraphs may be effected in connection with any matter affecting the interests of Noteholders that would otherwise be required to be passed at a meeting of Noteholders and shall take effect as an Extraordinary Resolution. These

provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting or in respect of the relevant resolution (or participate in the written resolution or electronic consent, as the case may be) and Noteholders who voted in a manner contrary to the majority (either in a meeting or by written resolution).

Noteholders should be aware that, even if they have directed the Trustee to act in accordance with the Conditions, the Trustee may request that it is indemnified and/or secured and/or pre-funded before it so acts.

19. How do you exercise a right to vote or enforce your rights in respect of the Notes?

If the Notes are held through a clearing system then, as rights under the Notes can only be exercised by the legal Noteholders (see paragraph 16 (“*Who is the “Noteholder”?*”) above), you must contact the custodian, broker or other entity through which you hold your interest in the Notes if you wish for any vote to be cast or direction to be given on your behalf.

In respect of Notes held outside the clearing system, you may exercise your rights to vote or give directions directly in accordance with the Conditions.

20. Who can enforce your rights against the Issuer if the Issuer has failed to make a payment on the Notes?

The Issuer will execute a Trust Deed in respect of each Series, under which it will covenant to the Trustee that it will make the relevant payments and deliveries due on the Notes. The Trustee will hold the benefit of this covenant for Noteholders. If the Issuer fails to make a payment or delivery when due, only the Trustee may pursue the remedies available under the Trust Deed to enforce the rights of the Noteholders, unless the Trustee fails to do so within a reasonable period after having become bound to do so and such failure is continuing.

21. When will the Security be enforced?

The Security may be enforced by the Trustee following the occurrence of an Enforcement Event.

An Enforcement Event includes, amongst other events, the failure by the Issuer to pay (i) the Early Redemption Amount in respect of the Notes on the Early Redemption Date or (ii) any principal or interest in respect of the Notes on the Maturity Date and such failure is continuing on the Relevant Payment Date.

The Trustee shall enforce the Security following the occurrence of an Enforcement Event if it is (i) requested in writing by holders of at least 20 per cent. of the aggregate principal amount of the Notes then outstanding, (ii) directed by an Extraordinary Resolution of the Noteholders or (iii) directed in writing by the Swap Counterparty, the Repo Counterparty or the SL Counterparty (whichever shall be the first to so request or direct, as the case may be) (provided in each case that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and provided that the Trustee has given an Enforcement Notice to the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and any Disposal Agent appointed at that time).

22. How are payments made to you?

If the Notes are held through a clearing system, payments will be made in accordance with the contract you have with your broker, custodian or other entity through which you hold your interest in the Notes.

For Notes not held through a clearing system, the “Noteholder” will be the investor who physically holds the Note (in the case of Bearer Notes) or the investor shown on the register (in the case of Registered Notes). To receive payment of principal, interest or other amounts, you will need to contact a paying agent (for Bearer Notes) or the registrar (in the case of Registered Notes) and present evidence of your holding of the relevant Note. The Issuer will not make payments to you directly but will do so through the relevant agents.

23. When are payments made to investors?

Payments of principal and, if applicable, interest or other amounts are made on the dates specified in the applicable Accessory Conditions.

24. Who calculates the amounts payable?

Determinations will be made by the Calculation Agent. The Calculation Agent will be the entity specified in the applicable Accessory Conditions.

The Calculation Agent is an agent of the Issuer and not of the Noteholders. You should also be aware that the Calculation Agent is likely to be an affiliate of the Dealer, the Swap Counterparty, the Repo Counterparty and the SL Counterparty. See the section of this Base Prospectus titled "*Risk Factors*" and the risk factors titled "*Conflicts of interest*" therein.

If the Calculation Agent is insolvent or if the Calculation Agent is an affiliate of the Swap Counterparty, the Repo Counterparty or the SL Counterparty and the Swap Counterparty, Repo Counterparty or SL Counterparty is in default or insolvent, a replacement Calculation Agent may be appointed in accordance with the Conditions to make any necessary calculations.

The calculation agent under the Swap Agreement is responsible for performing the calculations and determinations required under the Swap Agreement in good faith and in a commercially reasonable manner. The calculation agent will be the Swap Counterparty. If the Swap Counterparty is insolvent, the replacement calculation agent shall be the replacement calculation agent appointed in respect of the related Notes.

25. Are the Calculation Agent's determinations binding on you?

All calculations and determinations made by the Calculation Agent in relation to the Notes will be final and binding (except in the case of manifest error).

26. Will you be able to sell your Notes? If so, what will be the price of the Notes?

A market may not develop for the Notes. While one or more of the Programme Dealers may make a market in the Notes upon their issuance, they are under no obligation to do so and may cease to do so at any time. Even if a Programme Dealer does make a market in the Notes, there is no guarantee that a secondary market will develop or, to the extent that a secondary market does exist, that such market will provide the holders of any such Notes with liquidity or will continue for the life of the Notes. You should therefore be prepared to hold your Notes until their maturity date.

The Notes may be subject to certain transfer restrictions and, in such case, will only be capable of being transferred to certain transferees under certain circumstances. Such restrictions on the transfer of Notes may further limit their liquidity.

Please see the section of this Base Prospectus titled "*Secondary Market, Swap Counterparty Replacement and Swap Close-Out Quotations*" for a summary of the conditions to any quotation being provided by a Programme Dealer.

Please see the section of this Base Prospectus titled "*Risk Factors - Risks relating to the Notes – Market value of Notes*" for a description of factors that may be relevant for determining the price of the Notes at any given time. Please note that any price at which Notes may be sold prior to the maturity date may be at a discount, which could be substantial, to the value at which the Notes were acquired on the issue date.

27. Are there any fees, expenses or taxes to pay when purchasing, holding or selling Notes? What other taxes might affect the Notes?

You may incur fees and expenses in relation to the purchase, holding, transfer and sale of Notes. You should also be aware that stamp duties or taxes may have to be paid in accordance with the laws and practices of the country where the Notes are transferred.

You should note that, if the Issuer, the Trustee, any Agent or the Custodian is required by applicable law to apply any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature, it will account to the relevant authorities for the amount so required to be withheld or deducted and only pay the net amount after application of such withholding or deduction. None of the Issuer, the Trustee, any Agent or the Custodian will be obliged to make any additional payments to you in respect of such withholding or deduction.

If a tax is imposed on payments to the Issuer in respect of the Original Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement, or on payments from the Issuer to the Swap Counterparty under the Swap Agreement, to the Repo Counterparty under the Repo Agreement or to the SL Counterparty under the SL Agreement, the Notes will generally be redeemed at their Early Redemption Amount.

General information relating to certain aspects of Luxembourg taxation is set out under the section of this Base Prospectus titled "*Taxation*". You should consult your selling agent for details of fees, expenses, commissions or other costs and your own tax advisers in order to understand fully the tax implications specific to investment in any Notes.

28. Can the Issuer amend the Conditions of Notes without your consent?

The Issuer may amend the Conditions without the consent of the Noteholders if:

- (i) the Trustee determines that the relevant amendment is of a formal, minor or technical nature or is made to correct a manifest error or is not materially prejudicial to the interests of the Noteholders in accordance with the terms of the Trust Deed;
- (ii) the Issuer determines that the relevant amendments are necessary to reflect the appointment or replacement of any Agent or the Custodian;
- (iii) such amendments are necessary to avoid the imposition of withholding on payments made to the Issuer, or fines or penalties that would be suffered by the Issuer, under an applicable Information Reporting Regime;
- (iv) such amendments constitute the replacement of a Reference Rate with a Replacement Reference Rate or are necessary or appropriate in order to account for the effect of the replacement of a Reference Rate with a Replacement Reference Rate (as adjusted by the Adjustment Spread) and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of a Reference Rate with a Replacement Reference Rate (as adjusted by the Adjustment Spread);
- (v) the purpose of such amendments is to account for any Original Collateral Disruption Event Losses/Gains incurred by the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty; or
- (vi) such amendments are required in order to cause (a) the transactions contemplated by the Conditions and the Transaction Documents to be compliant with all Relevant Regulatory Laws, (b) the Issuer and each Transaction Party to be compliant with all Relevant Regulatory Laws or (c) the Issuer and each Transaction Party to be able to continue to transact future business (as

issuer of Notes or as a transaction party to the Issuer pursuant to the Programme) in compliance with all Relevant Regulatory Laws,

and, in the case of paragraphs (iii) to (vi) above, subject to the satisfaction of additional requirements set out in the Conditions.

Any amendment pursuant to paragraphs (i) or (ii) above shall only be notified to the Noteholders if required by the Trustee.

29. Will the Programme be rated?

The Programme is not rated. However, Notes may be rated by Fitch, Moody's, R&I, S&P, Scope and/or any other rating agency specified in the Accessory Conditions.

- (ii) reduce or eliminate, to the extent reasonably practicable, any transfer of economic value from (a) the Issuer to the Swap Counterparty and/or the Repo Counterparty or (b) the Swap Counterparty and/or the Repo Counterparty to the Issuer, in each case that would otherwise arise as a result of any changes made to the Swap Agreement and the Repo Agreement as a consequence of the replacement under the Notes of the Reference Rate with the Replacement Reference Rate; and

4 **Constitution, Status, Collateral and Non-applicability**

(a) **Constitution and Status of Notes**

The Notes are constituted and secured by the Trust Deed. The Notes are secured, limited recourse obligations of the Issuer, at all times ranking *pari passu* and without any preference among themselves, which are subject to the provisions of the Securitisation Act 2004 and secured in the manner described in Condition 5 (*Security*) and recourse in respect of which is limited in the manner described in Conditions 14 (*Enforcement of Security*), 15 (*Application of Available Proceeds*) and 17(a) (*General Limited Recourse*).

(b) **Collateral**

In connection with the issue of the Notes, the Issuer may acquire rights, title and/or interests in and to the Collateral. The Original Collateral shall be as specified in the applicable Accessory Conditions. In addition or in the alternative to its acquisition of rights, title and/or interests in and to the Original Collateral, the Issuer may enter into a Swap Agreement, guaranteed, if applicable, by the Swap Guarantor, a Repo Agreement and/or an SL Agreement, in each case with respect to the Notes as specified in the applicable Accessory Conditions.

(c) Non-applicability

Where no reference is made in the applicable Accessory Conditions to any Original Collateral, references in the Conditions to any Original Collateral, to any Secured Payment Obligation relating to such Original Collateral and to any related Original Collateral Obligor or Secured Creditor relating to such Collateral, as the case may be, shall not be applicable. Where no reference is made in the applicable Accessory Conditions to any Swap Agreement, Swap Counterparty, Swap Guarantor, Repo Agreement, Repo Counterparty, SL Agreement and/or SL Counterparty, references in the Conditions thereto shall not be applicable. Where no reference is made in the Accessory Conditions to any Rating Agency rating the Notes at the request of the Issuer, references in the Conditions to any Rating Agency or Rating Agency Affirmation shall not be applicable.

(d) Rating Agency Affirmation

The Trustee shall be entitled to assume, without further investigation or enquiry, for the purpose of exercising or performing any right, power, trust, authority, duty or discretion under or in relation to the Trust Deed or any other Transaction Document (including, without limitation, any consent, approval, modification, waiver, authorisation or determination), that such exercise will not be materially prejudicial to the interests of the Noteholders, if it receives a Rating Agency Affirmation in respect thereof or each Rating Agency then rating the outstanding Notes at the request of the Issuer has publicly announced that the then current rating by it of the outstanding Notes (if any) would not be adversely affected or withdrawn in connection therewith. For such purpose, the public announcement by the relevant Rating Agency need not refer to the Notes specifically but may instead refer generally to securities possessing certain characteristics.

5 Security**(a) Security**

Unless otherwise specified in the Issue Deed, pursuant to the Trust Deed, the Secured Payment Obligations are secured in favour of the Trustee for the benefit of itself and the other Secured Creditors by:

- (i) a first fixed charge over the Collateral and all property, assets and sums derived therefrom;
- (ii) an assignment by way of security of all the rights, title and interest of the Issuer attaching or relating to the Collateral and all property, sums and assets derived therefrom, including, without limitation, any right to delivery thereof or to an equivalent number or principal value thereof which arises in connection with any such assets being held in a clearing system or through a financial intermediary;
- (iii) an assignment by way of security of the rights and interest of the Issuer in and under the Swap Agreement and any related guarantee provided by a Swap Guarantor and of the rights, title and interest of the Issuer in all property, assets and sums derived from the Swap Agreement and any such guarantee, without prejudice to, and after giving effect to, any contractual netting provision contained in the Swap Agreement;
- (iv) an assignment by way of security of the rights and interest of the Issuer in and under the Repo Agreement and of the rights, title and interest of the Issuer in all property, assets and sums derived from the Repo Agreement, without prejudice to, and after giving effect to, any set off provision contained in the Repo Agreement;
- (v) an assignment by way of security of the rights and interest of the Issuer in and under the SL Agreement and of the rights, title and interest of the Issuer in all property, assets and sums

derived from the SL Agreement, without prejudice to, and after giving effect to, any set off provision contained in the SL Agreement;

- (vi) an assignment by way of security of the rights and interest of the Issuer in and under the Agency Agreement, any other agreement entered into between the Issuer and the Disposal Agent and the Custody Agreement and of the rights, title and interest of the Issuer in all property, assets and sums derived from such agreements;
- (vii) a first fixed charge over (A) all sums held by the Issuing and Paying Agent and the Custodian to meet payments due in respect of any Secured Payment Obligation, and (B) any sums received by the Custodian under the Swap Agreement, the Repo Agreement and the SL Agreement; and
- (viii) a first fixed charge over all property, sums and assets held or received by the Disposal Agent relating to the Transaction Documents and the Collateral,

subject, in each case, to any Japanese Pledge Agreement or Korean Pledge Agreement that may be applicable to a Series.

Certain of the assets being the subject of the Security created pursuant to the Trust Deed shall be released automatically, without the need for any notice or other formalities (A) to the extent required for the Issuer to be able to duly make any payment or delivery in respect of the Notes of a Series and/or under the Swap Agreement in respect of that Series and/or under the Repo Agreement in respect of that Series and/or under the SL Agreement in respect of that Series and/or the other Transaction Documents which is due and payable or deliverable, (B) in connection with the purchase of Notes or (C) as otherwise provided for under the Conditions or the relevant Transaction Documents in respect of a Series.

Additionally, the Secured Payment Obligations of the Issuer may be secured pursuant to a Security Document other than the Trust Deed as specified in the Issue Deed.

(b) Issuer's Rights as Beneficial Owner of Collateral

Prior to the Trustee giving an Enforcement Notice to the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and any Disposal Agent appointed at that time, the Issuer may, subject to obtaining the sanction of an Extraordinary Resolution or the prior written consent of the Trustee:

- (i) take such action in relation to the Collateral as it may think expedient; and
- (ii) exercise any rights incidental to the ownership of the Collateral and, in particular (but without limitation and without responsibility for their exercise), any voting rights in respect of such property and all rights to enforce any ownership interests in respect of such property.

The Issuer will not exercise any rights with respect to any Collateral unless it has obtained the sanction of an Extraordinary Resolution or the consent of the Trustee referred to above and, if such sanction or consent is given, the Issuer will act only in accordance with such sanction or consent. For the avoidance of doubt (A) nothing in this Condition 5(b) shall operate to release the Security over the Mortgaged Property and (B) no such sanction or consent is required in connection with any assets which are released from the Security automatically.

(c) Substitution of Original Collateral

- (i) If, for a Series, "Substitution of Original Collateral" is specified as "Applicable" in the applicable Accessory Conditions, Noteholders acting by an Extraordinary Resolution (the Noteholders who voted in favour of the Extraordinary Resolution, the "**Instructing Noteholders**") may deliver a notice in writing (an "**Original Collateral Substitution Notice**")

requesting that the Original Collateral be substituted (in whole but not in part) with other assets specified in the Original Collateral Substitution Notice (such other assets, the “**New Original Collateral**”), which assets shall be delivered to the Custodian on behalf of the Issuer as specified in the Original Collateral Substitution Notice, provided that:

- (A) only one such request may be made for that Series;
- (B) the Original Collateral Substitution Notice must be delivered to the Issuer, the Swap Counterparty, the Repo Counterparty, the SL Counterparty, the Trustee and the Custodian at least 15 Reference Business Days prior to the proposed date for substitution;
- (C) the Custodian must be able to hold the New Original Collateral in the Custody Account in accordance with the terms of the Custody Agreement;
- (D) all of the Original Collateral Substitution Criteria must be satisfied;
- (E) all conditions relating to substitution of Original Collateral specified in the applicable Accessory Conditions must be satisfied;
- (F) Rating Agency Affirmation has been received from each Rating Agency (if any) then rating the outstanding Notes at the request of the Issuer;
- (G) no Early Redemption Trigger Date has occurred; and
- (H) the Issuer has delivered to the Swap Counterparty, the Repo Counterparty, the SL Counterparty, the Trustee and the Custodian a certificate signed by a Director to the effect that the conditions in paragraphs (A) to (G) are satisfied.

For the avoidance of doubt, such replacement right applies only in respect of the Original Collateral for a Series and shall not apply in respect of any New Original Collateral replacing the Original Collateral.

- (ii) With effect from the date of the delivery of the New Original Collateral in accordance with the Original Collateral Substitution Notice from (or procured by) the Instructing Noteholders to the Custodian on behalf of the Issuer (unless the Notes are issued by way of Pricing Terms and such Pricing Terms specify otherwise), the payment obligations of the parties under the Swap Agreement, the Repo Agreement and the SL Agreement will be adjusted (subject to and in accordance with Condition 22(b) (*Swap/Repo/Securities Lending Amendments*)) so that the payment obligations of the Issuer reflect the substitution of the Original Collateral with the New Original Collateral and any Credit Support Annex shall be adjusted (subject to and in accordance with Condition 22(b) (*Swap/Repo/Securities Lending Amendments*)) such that references to the assets constituting the Original Collateral shall be replaced by reference to the assets constituting the New Original Collateral. In addition:

- (A) on the date of delivery of the New Original Collateral where a Credit Support Annex is applicable to the Notes, an aggregate amount of the New Original Collateral having a Value (as defined in the Credit Support Annex) as close as practicable to the prevailing Value (as defined in the Credit Support Annex) of the Original Collateral forming part of the Issuer’s Credit Support Balance (VM) (and, in any event at least such Value of the Original Collateral) shall be transferred to the Swap Counterparty as Eligible Credit Support (VM) (as defined in such Credit Support Annex) and, upon such delivery, the Swap Counterparty shall transfer to or to the order of the Issuer an amount of the Original Collateral equal to that comprised in the Issuer’s Credit Support Balance (VM);

- (B) on the date of delivery of the New Original Collateral where a Repo Agreement is applicable to the Notes, the Issuer and the Repo Counterparty shall make such payments and deliveries as are necessary to enable the Issuer to hold the Original Collateral; and
 - (C) on the date of delivery of the New Original Collateral where an SL Agreement is applicable to the Notes, the Issuer and the SL Counterparty shall make such payments and deliveries as are necessary to enable the Issuer to hold the Original Collateral.
- (iii) Subject to the conditions specified in paragraph (i) above having been satisfied and subject to the Custodian having confirmed to the Issuer that it has received (A) the New Original Collateral from (or procured by) the Instructing Noteholders and (B) the Original Collateral previously comprised in the Issuer's Credit Support Balance (VM) pursuant to the Credit Support Annex, in each case on behalf of the Issuer, the Issuer shall deliver, assign or otherwise transfer the Original Collateral (or cause the same to be delivered, assigned or otherwise transferred) to or to the order of the Instructing Noteholders. The Security created over the Original Collateral as described in Condition 5(a) (*Security*) will automatically be released with effect from the date of delivery of the New Original Collateral without further action on the part of the Trustee.
- (iv) Where the Original Collateral is to be delivered, assigned or otherwise transferred to the Instructing Noteholders, each Instructing Noteholder shall be entitled to receive an Instructing Noteholder Proportion. If the principal amount (after rounding) of Original Collateral to be delivered to an Instructing Noteholder is not by the terms of the Original Collateral capable of being delivered, assigned or otherwise transferred, the principal amount of Original Collateral to be delivered to such Instructing Noteholder (an "**Affected Instructing Noteholder**") shall be the Deliverable Original Collateral Amount. In such circumstances, the resultant shortfall below the amount that would have been delivered, assigned or transferred had it not been for such rounding shall be satisfied by the payment of a Deliverable Cash Amount in accordance with paragraph (v) below.
- (v) If the sum of the Deliverable Original Collateral Amounts relating to all Instructing Noteholders is less than the total principal amount of the Original Collateral as at the date of the Original Collateral Substitution Notice, a principal amount of the Original Collateral equal to such aggregate shortfall (the "**Aggregate Undeliverable Original Collateral Amount**") shall be Liquidated in accordance with Condition 13 (*Liquidation*), provided that for such purpose the Liquidation Period shall be the period from and including the day on which the Disposal Agent is notified that the Issuer has received the Original Collateral Substitution Notice to and including the proposed date of substitution. The Issuer shall promptly notify the Disposal Agent that such Liquidation is required upon becoming aware that there is an Aggregate Undeliverable Original Collateral Amount. Notwithstanding Condition 15 (*Application of Available Proceeds*), the proceeds of such Liquidation shall be applied towards payment to each Affected Instructing Noteholder of its Deliverable Cash Amount.
- (vi) In order to receive delivery of the relevant Deliverable Original Collateral Amount and payment of the relevant Deliverable Cash Amount, each Instructing Noteholder must deposit the relevant Note or the Certificate (if any) relating to such Note with any Paying Agent (in the case of Bearer Notes) or the Registrar or any Transfer Agent (in the case of Registered Notes) at its Specified Office and must supply to the Issuer and the Custodian such evidence of the aggregate principal amount of the Notes held by such Instructing Noteholder as the Issuer may require. The following shall, without limitation, constitute evidence satisfactory to the Issuer:

- (B) if the Notes are in global form held in a clearing system, a certificate or other document issued by Euroclear and/or Clearstream, Luxembourg as to the principal amount of the Notes standing to the credit of the account of the person entitled to a portion thereof (a “**Relevant Accountholder**”) confirming that such Relevant Accountholder has undertaken to Euroclear or Clearstream, Luxembourg expressly for the benefit of the Issuer that it will not sell, transfer or otherwise dispose of its Notes (or any of them) or any interest therein at any time on or prior to the date of delivery of the Original Collateral,

together with, in either case, confirmation from the Paying Agent, Registrar or Transfer Agent (as relevant) that the relevant Instructing Noteholder has deposited the relevant Notes (or in respect of Registered Notes, the Certificate(s) relating thereto) with it.

If the Notes are in global form and held in a clearing system, each Relevant Accountholder shall notify the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty and the SL Counterparty of its instructions concerning the delivery, assignment or other form of transfer to it, or any nominee for it, of the relevant Deliverable Original Collateral Amount and the payment of the Deliverable Cash Amount (if any) to which it is entitled, which instructions must be submitted to the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty and the SL Counterparty together with the certificate or other document to be provided by Euroclear or Clearstream, Luxembourg, as the case may be, in accordance with the preceding paragraphs of this paragraph (vi).

Any stamp duty or other tax payable in respect of the transfer of such Original Collateral shall be the responsibility of, and payable by, the relevant transferee. If an Aggregate Undeliverable Original Collateral Amount exists, the relevant Deliverable Cash Amount(s) shall be paid on the date falling two Reference Business Days after receipt of the aggregate proceeds of such Liquidation by the Disposal Agent to an account with Euroclear or Clearstream, Luxembourg, as may be specified by the Instructing Noteholders.
- (viii) With respect to a Series for which a substitution has been effected in accordance with this Condition 5(c), with effect from the relevant substitution date, (A) references to “Original

Collateral” shall be read and construed as including the “New Original Collateral” and (B) the New Original Collateral will be subject to the Security created pursuant to the Trust Deed in favour of the Trustee for the benefit of all Noteholders (including Instructing Noteholders and non-Instructing Noteholders) in respect of such Series.

(d) **Disposal Agent’s Right Following Liquidation Event**

Notwithstanding Conditions 5(a) (*Security*) and 5(b) (*Issuer’s Rights as Beneficial Owner of Collateral*), following a Liquidation Commencement Notice having been given to the Disposal Agent (copied to each of the other Transaction Parties), the Disposal Agent on behalf of the Issuer (or on a principal-to-principal basis with the Issuer, as contemplated in Condition 13(b) (*Liquidation Process*)) shall undertake any action as contemplated by the Conditions and the Agency Agreement as it considers appropriate, and any actions in furtherance thereof or ancillary thereto as they relate to the relevant Mortgaged Property, without requiring any sanction referred to therein. Pursuant to the terms of the Trust Deed, upon a Liquidation Commencement Notice having been given to the Disposal Agent (copied to each of the other Transaction Parties), the Security described in Condition 5(a) (*Security*) will automatically be released without further action on the part of the Trustee to the extent necessary to effect the Liquidation of the Collateral, provided that nothing in this Condition 5(d) will operate to release the charges and other security interests over the proceeds of the Liquidation of the Collateral or over any Mortgaged Property not subject to such Liquidation.

- (ii) The Rate of Interest in respect of Floating Rate Notes for each Interest Period shall be determined by the Calculation Agent in accordance with either:
- (A) Condition 7(b)(iii) (*ISDA Rate: 2006 ISDA Definitions*), if “ISDA Rate: 2006 ISDA Definitions” is specified as the “Manner in which the Rate(s) of Interest is/are determined” in the applicable Accessory Conditions; or
 - (B) Condition 7(b)(iv) (*ISDA Rate: 2021 ISDA Definitions*), if “ISDA Rate: 2021 ISDA Definitions” is specified as the “Manner in which the Rate(s) of Interest is/are determined” in the applicable Accessory Conditions,

unless the Notes are issued by way of Pricing Terms specifying a different basis of determination, in which case the Rate of Interest for each Interest Period shall be determined in the manner specified in the applicable Pricing Terms.

(iii) *ISDA Rate: 2006 ISDA Definitions*

Where “ISDA Rate: 2006 ISDA Definitions” is specified as the “Manner in which the Rate(s) of Interest is/are determined” in the applicable Accessory Conditions, the Rate of Interest for each Interest Period will be a rate equal to the relevant ISDA Rate, subject as provided in Condition 7(f) (*Margin*).

For the purposes of this Condition 7(b)(iii), “**ISDA Rate**” for an Interest Period means a rate equal to the “Floating Rate” that would be determined by the Calculation Agent in respect of an equivalent period under a Swap Transaction under the terms of an agreement incorporating the 2006 ISDA Definitions and under which:

- (A) the “Floating Rate Option” is as specified in the applicable Accessory Conditions, provided that:
 - (x) if such rate is an “Overnight Floating Rate Option”, the provisions set out in Condition 7(b)(iii)(I) (*Provisions relating to Overnight Floating Rate Options*) below may also apply; and

- (C) the relevant “Reset Date” is as specified in the applicable Accessory Conditions;
- (D) “Average Rate Fixing Day” shall be not applicable, unless the relevant Floating Rate Option specified in the applicable Accessory Conditions is a Published Average Rate in which case it shall be as specified in such Accessory Conditions;

Option specified in the applicable Accessory Conditions is an Overnight Floating Rate Option.

For the purposes of determining the relevant ISDA Rate for a Reset Date, if an applicable rate has not been published on the relevant screen page (or any successor thereto) and:

- a Reference Rate Event has not occurred, then (1) the Calculation Agent will apply the provisions of the 2006 ISDA Definitions relating to the Floating Rate Option to determine the “Floating Rate” and (2) if the Calculation Agent is unable to determine a rate pursuant to such provisions, it shall determine the ISDA Rate for such Reset Date acting in good faith and a commercially reasonable manner; or
- a Reference Rate Event has occurred, the provisions of Conditions 9(c) (*Occurrence of a Reference Rate Event*) and 9(d) (*Specific Provisions for Certain Reference Rates*) shall apply.

For the purposes of this Condition 7(b)(iii), unless otherwise specified in the Conditions, all capitalised terms used for the purpose of determining the relevant ISDA Rate shall have the meanings given to those terms in the 2006 ISDA Definitions.

(I) *Provisions relating to Overnight Floating Rate Options*

If in the applicable Accessory Conditions (A) the Floating Rate Option is specified to be an Overnight Floating Rate Option and (B) an Overnight Rate Compounding/Averaging Method is specified as applicable, then the rate for a Reset Date will be determined using the applicable Overnight Floating Rate Option in accordance with such Overnight Rate Compounding/Averaging Method (which shall be one of the Overnight Rate Compounding Methods or the Overnight Rate Averaging Methods listed below, as specified in the applicable Accessory Conditions).

(1) Overnight Rate Compounding Method

Where “Overnight Rate Compounding Method” is specified as the applicable Overnight Rate Compounding/Averaging Method, one of the following options will be elected in the applicable Accessory Conditions as the applicable Overnight Rate Compounding Method:

- (w) “OIS Compounding”;
- (x) “Compounding with Lookback” (for which purpose, Lookback is the number of Applicable Business Days specified in the applicable Accessory Conditions);
- (y) “Compounding with Observation Period Shift” (for which purpose, (i) Set-in-Advance is applicable if specified as such in the applicable Accessory Conditions, (ii) Observation Period Shift is the number of Observation Period Shift Business Days specified in the applicable Accessory Conditions and (iii) Observation Period Shift Additional Business Days are the days, if any, specified in the applicable Accessory Conditions); or
- (z) “Compounding with Lockout” (for which purpose, (i) Lockout is the number of Lockout Period Business Days specified in the applicable Accessory Conditions and (ii) Lockout Period Business Days are the days specified as such in the applicable Accessory Conditions).

For the purposes of each Overnight Rate Compounding Method:

MASTER CONDITIONS

- if a “Daily Capped Rate” and/or a “Daily Floored Rate” is specified in the applicable Accessory Conditions, then the rate(s) so specified shall apply as such; and
- the relevant “Day Count Basis” shall be as specified in the applicable Accessory Conditions.

(2) Overnight Rate Averaging Method

Where “Overnight Rate Averaging Method” is specified as the applicable Overnight Rate Compounding/Averaging Method, one of the following options will be elected in the applicable Accessory Conditions as the applicable Overnight Rate Averaging Method:

- (w) “Overnight Averaging”;
- (x) “Averaging with Lookback” (for which purpose, Lookback is the number of Applicable Business Days specified in the applicable Accessory Conditions);
- (y) “Averaging with Observation Period Shift” (for which purpose, (i) Set-in-Advance is applicable if specified as such in the applicable Accessory Conditions, (ii) Observation Period Shift is the number of Observation Period Shift Business Days specified in the applicable Accessory Conditions and (iii) Observation Period Shift Additional Business Days are the days, if any, specified as such in the applicable Accessory Conditions); or
- (z) “Averaging with Lockout” (for which purpose, (i) Lockout is the number of Lockout Period Business Days specified in the applicable Accessory Conditions and (ii) Lockout Period Business Days are the days specified as such in the applicable Accessory Conditions).

For the purposes of each Overnight Rate Averaging Method, if a “Daily Capped Rate” and/or a “Daily Floored Rate” is specified in the applicable Accessory Conditions, then the rate(s) so specified shall apply as such.

(II) *Provisions relating to Index Floating Rate Options*

If in the applicable Accessory Conditions (A) the Floating Rate Option is specified to be an Index Floating Rate Option and (B) an “Index Method” is specified as applicable, then the rate for a Reset Date will be determined using the applicable Index Floating Rate Option in accordance with such Index Method, being one of the following methods listed below:

- (1) “Compounded Index Method”;
- (2) “Compounded Index Method with Observation Period Shift” (for which purpose (i) Set-in-Advance is applicable if specified as such in the applicable Accessory Conditions, (ii) Observation Period Shift is the number of Observation Period Shift Business Days specified in the applicable Accessory Conditions and (iii) Observation Period Shift Additional Business Days are the days, if any, specified as such in the applicable Accessory Conditions); or
- (3) “All-In Compounded Index Method” (for which purpose each of “Index Level_{START}” and “Index Level_{END}” are the levels specified in the applicable Accessory Conditions).

For the purposes of each Index Method, the relevant “Day Count Basis” shall be as specified in the applicable Accessory Conditions.

(III) *References in the 2006 ISDA Definitions*

In connection with any Overnight Rate Compounding/Averaging Method or Index Method specified in the applicable Accessory Conditions for the purposes of “ISDA Rate: 2006 ISDA Definitions”, references in the 2006 ISDA Definitions to:

- (1) numbers, financial centres or other items “specified in the Confirmation” shall be deemed to be references to the numbers, financial centres or other items specified for such purpose in the applicable Accessory Conditions;
- (2) “Business Day in the financial centres, if any, specified for such purpose in the Confirmation” shall be deemed to be references to a day that is a Reference Business Day;
- (3) “Calculation Period” shall be deemed to be references to the relevant Interest Period;
- (4) “Confirmation” shall be deemed to be references to the applicable Accessory Conditions;
- (5) “Effective Date” shall be deemed to be references to the Interest Commencement Date;
- (6) “Floating Rate Day Count Fraction” shall be deemed to be references to Day Count Fraction;
- (7) “Payment Date” shall be deemed to be references to the relevant Interest Payment Date;
- (8) “Period End Date” shall be deemed to be references to the relevant Interest Period End Date; and
- (9) “Termination Date” shall be deemed to be references to the final Interest Period End Date.

Notwithstanding anything to the contrary in the 2006 ISDA Definitions:

- (x) any requirement under the 2006 ISDA Definitions for the Calculation Agent (under the 2006 ISDA Definitions) (A) to give notice of a determination made by it to any other party or (B) to consult with the other party or the parties, will, in each case, be ignored. In addition, the right of any party under the 2006 ISDA Definitions to require the Calculation Agent (under the 2006 ISDA Definitions) to take any action or fulfil any responsibility will be deemed to be solely the right of the Issuer to require this of the Calculation Agent in its discretion and no Noteholder will have any right to require the Issuer to do this or to direct the Calculation Agent in this regard;
- (y) where the 2006 ISDA Definitions require agreement between the parties to the relevant transaction, the parties will be deemed to have been unable to reach agreement and the fallback applicable in such circumstances will be deemed to apply; and
- (z) in the event that the Calculation Agent determines that any Fixing Day or other day on which an ISDA Rate is determined under the 2006 ISDA Definitions is less than two Reference Business Days prior to an Interest Payment Date

MASTER CONDITIONS

(having, for the avoidance of doubt, accounted for the application of any delay to such Interest Payment Date where “Delayed Payment” applies), it may determine that such Interest Payment Date be delayed to a date falling not more than two Reference Business Days after the relevant Fixing Day or other day on which such ISDA Rate is determined, provided that Noteholders shall not be entitled to any further interest or other payment in respect of such delay.

If any adjustment, fallback, modification, correction or replacement of a relevant rate applies pursuant to the 2006 ISDA Definitions or the interest rate swap transaction thereunder then, in relation thereto, the Calculation Agent may but shall not be required to:

- if it would not otherwise apply in relation to the determination of the ISDA Rate in accordance with the above provisions, take into account any such adjustment, fallback, modification, correction or replacement (including by reference to any hedging arrangements for the Notes, Swap Transaction(s), Repo Transaction(s) and/or SL Transaction(s)) in determining the relevant ISDA Rate; and
- make any related or consequential changes to the Conditions, Swap Agreement, Repo Agreement and/or SL Agreement not otherwise provided for in this Condition 7(b)(iii) (including, without limitation, any technical, administrative or operational changes, changes to the definition of Interest Period, timing and frequency of determining rates and making payments of interest and changes to the definition of Designated Maturity (where applicable)) that it determines to be appropriate in a manner substantially consistent with market practice (or, if it decides that the adoption of any portion of such market practice is not administratively feasible or if it determines that no appropriate market practice exists, in such other manner as it determines is reasonably necessary).

(iv) *ISDA Rate: 2021 ISDA Definitions*

Where “ISDA Rate: 2021 ISDA Definitions” is specified as the “Manner in which the Rate(s) of Interest is/are determined” in the applicable Accessory Conditions, the Rate of Interest for each Interest Period will be a rate equal to the relevant ISDA Rate, subject as provided in Condition 7(f) (*Margin*).

For the purposes of this Condition 7(b)(iv), “**ISDA Rate**” for an Interest Period means a rate equal to the “Floating Rate” that would be determined by the Calculation Agent in respect of an equivalent period under a Swap Transaction under the terms of an agreement incorporating the 2021 ISDA Definitions and under which:

- (A) the “Floating Rate Option” is as specified in the applicable Accessory Conditions, provided that:
- (x) if such rate is an “Overnight Floating Rate Option”, the provisions set out in Condition 7(b)(iv)(I) (*Provisions relating to Overnight Floating Rate Options*) below may also apply; and
 - (y) if such rate is an “Index Floating Rate Option”, the provisions set out in Condition 7(b)(iv)(II) (*Provisions relating to Index Floating Rate Options*) below may also apply;

MASTER CONDITIONS

- (B) the “Designated Maturity” (if required) is a period specified in the applicable Accessory Conditions, provided that there shall be no Designated Maturity if the Floating Rate Option specified in the applicable Accessory Conditions is an Overnight Floating Rate Option;
- (C) the relevant “Reset Date” is as specified in the applicable Accessory Conditions;
- (D) the “Fixing Day” is as specified in the applicable Accessory Conditions;
- (E) the “Fixing Time” is as specified in the applicable Accessory Conditions;
- (F) “Delayed Payment” shall be applicable if specified as such in the applicable Accessory Conditions;
- (G) “Successor Benchmark” and “Successor Benchmark Effective Date” will be as specified in the applicable Accessory Conditions; and
- (H) Section 6.10 (*Linear Interpolation*) of the 2021 ISDA Definitions shall only apply if a Designated Maturity is specified and “Linear Interpolation” is specified as “Applicable - 2021 ISDA Definitions”, in each case in the applicable Accessory Conditions, and for which purpose “Non-Representative” will apply if specified as applicable in the applicable Accessory Conditions, provided that Section 6.10 (*Linear Interpolation*) shall not apply if the Floating Rate Option specified in the applicable Accessory Conditions is an Overnight Floating Rate Option.

For the purposes of determining the relevant ISDA Rate for a Reset Date, if an applicable rate has not been published on the relevant screen page (or any successor thereto) and:

- a Reference Rate Event has not occurred, then (1) the Calculation Agent will apply the provisions of the 2021 ISDA Definitions relating to the Floating Rate Option to determine the “Floating Rate” and (2) if the Calculation Agent is unable to determine a rate pursuant to such provisions, it shall determine the ISDA Rate for such Reset Date acting in good faith and a commercially reasonable manner; or
- a Reference Rate Event has occurred, the provisions of Conditions 9(c) (*Occurrence of a Reference Rate Event*) and 9(d) (*Specific Provisions for Certain Reference Rates*) shall apply.

For the purposes of this Condition 7(b)(iv), unless otherwise specified in the Conditions, all capitalised terms used for the purpose of determining the relevant ISDA Rate shall have the meanings given to those terms in the 2021 ISDA Definitions.

(I) *Provisions relating to Overnight Floating Rate Options*

If in the applicable Accessory Conditions (A) the Floating Rate Option is specified to be an Overnight Floating Rate Option and (B) an Overnight Rate Compounding/Averaging Method is specified as applicable, then the rate for a Reset Date will be determined using the applicable Overnight Floating Rate Option in accordance with such Overnight Rate Compounding/Averaging Method (which shall be one of the Overnight Rate Compounding Methods or the Overnight Rate Averaging Methods listed below, as specified in the applicable Accessory Conditions).

(1) Overnight Rate Compounding Method

Where “Overnight Rate Compounding Method” is specified as the applicable Overnight Rate Compounding/Averaging Method, one of the following options

MASTER CONDITIONS

will be elected in the applicable Accessory Conditions as the applicable Overnight Rate Compounding Method:

- (v) "OIS Compounding";
- (w) "Compounding with Lookback" (for which purpose, Lookback is the number of Applicable Business Days specified in the applicable Accessory Conditions);
- (x) "Compounding with Observation Period Shift" (for which purpose, (i) Set-in-Advance is applicable if specified as such in the applicable Accessory Conditions, (ii) Observation Period Shift is the number of Observation Period Shift Business Days specified in the applicable Accessory Conditions and (iii) Observation Period Shift Additional Business Days are the days, if any, specified in the applicable Accessory Conditions);
- (y) "Compounding with Lockout" (for which purpose, (i) Lockout is the number of Lockout Period Business Days specified in the applicable Accessory Conditions and (ii) Lockout Period Business Days are the days specified as such in the applicable Accessory Conditions); or
- (z) any other compounding method specified in the applicable Accessory Conditions.

For the purposes of each Overnight Rate Compounding Method:

- if a "Daily Capped Rate" and/or a "Daily Floored Rate" is specified in the applicable Accessory Conditions, then the rate(s) so specified shall apply as such; and
- the relevant "Day Count Basis" shall be as specified in the applicable Accessory Conditions, provided that if the Day Count Fraction is specified as "Actual/Actual", then:
 - "Day Count Basis" shall mean 366 if all of "n_i" or "d" (as applicable) falls into a leap year and 365 if all of "n_i" or "d" (as applicable) falls into a non-leap year;
 - if a portion of "n_i" falls into a leap year, $\frac{n_i}{Day\ Count\ Basis}$ shall be replaced with δ_i where δ_i is the day count fraction for "n_i" calculated in accordance with Actual/Actual; and
 - if a portion of "d" falls into a leap year, $\frac{Day\ Count\ Basis}{d}$ shall be replaced with $\frac{1}{\Delta}$ where Δ is the day count fraction for "d" calculated in accordance with Actual/Actual.

(2) Overnight Rate Averaging Method

Where "Overnight Rate Averaging Method" is specified as the applicable Overnight Rate Compounding/Averaging Method, one of the following options will be elected in the applicable Accessory Conditions as the applicable Overnight Rate Averaging Method:

- (v) "Overnight Averaging";

MASTER CONDITIONS

- (w) “Averaging with Lookback” (for which purpose, Lookback is the number of Applicable Business Days specified in the applicable Accessory Conditions);
- (x) “Averaging with Observation Period Shift” (for which purpose, (i) Set-in-Advance is applicable if specified as such in the applicable Accessory Conditions, (ii) Observation Period Shift is the number of Observation Period Shift Business Days specified in the applicable Accessory Conditions and (iii) Observation Period Shift Additional Business Days are the days, if any, specified as such in the applicable Accessory Conditions);
- (y) “Averaging with Lockout” (for which purpose, (i) Lockout is the number of Lockout Period Business Days specified in the applicable Accessory Conditions and (ii) Lockout Period Business Days are the days specified as such in the applicable Accessory Conditions); or
- (z) any other averaging method specified in the applicable Accessory Conditions.

For the purposes of each Overnight Rate Averaging Method, if a “Daily Capped Rate” and/or a “Daily Floored Rate” is specified in the applicable Accessory Conditions, then the rate(s) so specified shall apply as such.

(II) *Provisions relating to Index Floating Rate Options*

If in the applicable Accessory Conditions (A) the Floating Rate Option is specified to be an Index Floating Rate Option and (B) an Index Method is specified as applicable, then the rate for a Reset Date will be determined using the applicable Index Floating Rate Option in accordance with such Index Method, being one of the following methods listed below:

- (1) “Standard Index Method”;
- (2) “All-In Compounded Index Method”;
- (3) “Compounded Index Method”;
- (4) “Compounded Index Method with Observation Period Shift” (for which purpose (i) Set-in-Advance is applicable if specified as such in the applicable Accessory Conditions, (ii) Observation Period Shift is the number of Observation Period Shift Business Days specified in the applicable Accessory Conditions and (iii) Observation Period Shift Additional Business Days are the days, if any, specified as such in the applicable Accessory Conditions); or
- (5) any other method specified in the applicable Accessory Conditions,

provided that in respect of any Index Floating Rate Option that is specified as the Floating Rate Option in the applicable Accessory Conditions and included in the Floating Rate Matrix Publication Version of the Floating Rate Matrix for which “Style: Compounded Index” is specified, unless otherwise specified in the applicable Accessory Conditions, the Index Method will be Compounded Index Method.

For the purposes of each Index Method, the relevant “Day Count Basis” shall be as specified in the applicable Accessory Conditions.

(III) *References in the 2021 ISDA Definitions*

In connection with any Overnight Rate Compounding/Averaging Method or Index Method specified in the applicable Accessory Conditions for the purposes of "ISDA Rate: 2021 ISDA Definitions", references in the 2021 ISDA Definitions to:

- (1) numbers, financial centres or other items "specified in the Confirmation" shall be deemed to be references to the numbers, financial centres or other items specified for such purpose in the applicable Accessory Conditions;
- (2) "Business Day in the financial centres, if any, specified for such purpose in the Confirmation" shall be deemed to be references to a day that is a Reference Business Day;
- (3) "Calculation Period" shall be deemed to be references to the relevant Interest Period;
- (4) "Confirmation" shall be deemed to be references to the applicable Accessory Conditions;
- (5) "Effective Date" shall be deemed to be references to the Interest Commencement Date;
- (6) "Floating Rate Day Count Fraction" shall be deemed to be references to Day Count Fraction;
- (7) "Payment Date" shall be deemed to be references to the relevant Interest Payment Date;
- (8) "Period End Date" shall be deemed to be references to the relevant Interest Period End Date; and
- (9) "Termination Date" shall be deemed to be references to the final Interest Period End Date.

Notwithstanding anything to the contrary in the 2021 ISDA Definitions:

- (w) any requirement under the 2021 ISDA Definitions for the Calculation Agent (under the 2021 ISDA Definitions) (A) to give notice of a determination made by it to any other party or (B) to consult with the other party or the parties, will, in each case, be ignored. In addition, the right of any party under the 2021 ISDA Definitions to require the Calculation Agent (under the 2021 ISDA Definitions) to take any action or fulfil any responsibility will be deemed to be solely the right of the Issuer to require this of the Calculation Agent in its discretion and no Noteholder will have any right to require the Issuer to do this or to direct the Calculation Agent in this regard;
- (x) where the 2021 ISDA Definitions require agreement between the parties to the relevant transaction, the parties will be deemed to have been unable to reach agreement and the fallback applicable in such circumstances will be deemed to apply;
- (y) in the event that the Calculation Agent determines that any Fixing Day or other day on which an ISDA Rate is determined under the 2021 ISDA Definitions is less than two Reference Business Days prior to an Interest Payment Date (having, for the avoidance of doubt, accounted for the application of any delay to such Interest Payment Date where "Delayed Payment" applies), it may

MASTER CONDITIONS

determine that such date for payment be delayed to a date falling not more than two Reference Business Days after the relevant Fixing Day or other day on which such ISDA Rate is determined, provided that Noteholders shall not be entitled to any further interest or other payment in respect of such delay; and

- (z) in the event that the Correction Time Period (as defined in the 2021 ISDA Definitions) applicable to an ISDA Rate ends later than two Reference Business Days prior to an Interest Payment Date, any corrections published after the second Reference Business Day prior to such Interest Payment Date shall be disregarded for the purposes of determining the relevant ISDA Rate.

If any adjustment, fallback, modification, correction or replacement of a relevant rate applies pursuant to the 2021 ISDA Definitions or the interest rate swap transaction thereunder then, in relation thereto, the Calculation Agent may but shall not be required to:

- if it would not otherwise apply in relation to the determination of the ISDA Rate in accordance with the above provisions, take into account any such adjustment, fallback, modification, correction or replacement (including by reference to any hedging arrangements for the Notes, Swap Transaction(s), Repo Transaction(s) and/or SL Transaction(s)) in determining the relevant ISDA Rate; and
 - make any related or consequential changes to the Conditions, Swap Agreement, Repo Agreement and/or SL Agreement not otherwise provided for in this Condition 7(b)(iv) (including, without limitation, any technical, administrative or operational changes, changes to the definition of Interest Period, timing and frequency of determining rates and making payments of interest and changes to the definition of Designated Maturity (where applicable)) that it determines to be appropriate in a manner substantially consistent with market practice (or, if it decides that the adoption of any portion of such market practice is not administratively feasible or if it determines that no appropriate market practice exists, in such other manner as it determines is reasonably necessary).
- (v) If “Linear Interpolation” is specified as:
- (A) “Applicable - Standard” in the applicable Accessory Conditions, then the Calculation Agent will determine, based on Standard Linear Interpolation, the Rate of Interest for any specified Interest Period (or if no Interest Period is specified, each Interest Period not equal to the Designated Maturity (as specified in the applicable Accessory Conditions));
 - (B) “Applicable - 2006 ISDA Definitions” in the applicable Accessory Conditions, then the provisions of Condition 7(b)(iii)(F) shall apply; or
 - (C) “Applicable - 2021 ISDA Definitions” in the applicable Accessory Conditions, then the provisions of Condition 7(b)(iv)(H) shall apply.
- (vi) Where in the applicable Accessory Conditions:
- (A) “ISDA Rate: 2021 ISDA Definitions” is specified as the “Manner in which the Rate(s) of Interest is/are determined”;

- (B) either the Modified Following Business Day Convention or the Preceding Business Day Convention is specified as applicable with respect to any Interest Payment Date, Interest Period End Date or the Maturity Date;
- (C) in the case of Interest Payment Dates only, “Interest Payment Date adjustment for Unscheduled Holiday” is specified as applicable; and
- (D) in the case of Interest Period End Dates or the Maturity Date only, “Interest Period End Date/Maturity Date adjustment for Unscheduled Holiday” is specified as applicable,

then, notwithstanding the applicable Business Day Convention specified in the applicable Accessory Conditions in respect of any Interest Payment Date, Interest Period End Date or the Maturity Date, if any such date would otherwise have fallen on a day that is not a Reference Business Day as a result of an Unscheduled Holiday, such date shall instead fall on the first following day that is a Reference Business Day.

For the avoidance of doubt, Noteholders will not be entitled to any additional payment of default interest for any delayed payment of interest as a result of an Unscheduled Holiday.

(c) **Variable-linked Interest Rate Notes**

- (i) Each Variable-linked Interest Rate Note bears interest on its outstanding principal amount from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 7(g) (*Interest Payable*).
- (ii) The Rate of Interest in respect of Variable-linked Interest Rate Notes (which will only be applicable with respect to Notes issued by way of Pricing Terms) for each Interest Period shall be determined in the manner specified in the applicable Pricing Terms and interest will accrue in accordance with the applicable Pricing Terms.

(d) **Zero Coupon Notes**

Where a Zero Coupon Note is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount.

(e) **Accrual of Interest**

Interest shall cease to accrue on each Note on the due date for redemption save that if, upon due presentation, payment of the full amount of principal and/or interest due on such due date for redemption is improperly withheld or refused, interest will accrue daily on the unpaid amount of principal and/or interest (after as well as before judgment and regardless of the Interest Basis) from and including the due date for redemption to but excluding the Relevant Date at (i) the rate for each day in that period equal to the rate for deposits in the currency in which the payment is due to be made for a period of one day, as determined by the Calculation Agent, or (ii) if the Notes are issued by way of Pricing Terms specifying otherwise, such other rate as may be specified for such purposes in the applicable Pricing Terms. Such interest (the “**Default Interest**”) shall be compounded daily with respect to the overdue sum at the above rate.

(f) **Margin**

If any “Margin” is specified in the applicable Accessory Conditions (either (i) generally or (ii) in relation to one or more Interest Periods), then an adjustment shall be made to all Rates of Interest, in the case of (i), or the Rate(s) of Interest for the specified Interest Period(s), in the case of (ii),

calculated in accordance with Condition 7(g) (*Interest Payable*) by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin.

(g) **Interest Payable**

In respect of Definitive Bearer Notes and Definitive Registered Notes, the interest payable in respect of any Note for an Interest Period shall be an amount determined by the Calculation Agent equal to the product of (i) the amount of interest payable per Calculation Amount, as determined in accordance with this Condition 7(g) and (ii) the Calculation Amount Factor of the relevant Note.

The amount of interest payable per Calculation Amount in respect of any Note for any Interest Period shall be equal to the product of the Rate of Interest, the Calculation Amount and the Day Count Fraction for such Interest Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Period, in which case the amount of interest payable per Calculation Amount in respect of such Note for such Interest Period shall equal such Interest Amount (or be calculated in accordance with such formula). In respect of any other period for which interest is required to be calculated, the provisions above shall apply, save that the Day Count Fraction shall be for the period for which interest is required to be calculated and, in respect of Default Interest, the Rate of Interest shall be that specified in Condition 7(e) (*Accrual of Interest*) or the applicable Pricing Terms.

Notwithstanding the foregoing, in respect of Global Notes and Global Certificates, the interest payable in respect of any Note for an Interest Period shall be calculated by the Calculation Agent in respect of the aggregate outstanding principal amount of the Global Note or Global Certificate (as the case may be).

In all cases the interest payable in respect of any Note for an Interest Period shall be subject to a minimum of zero.

8 Redemption and Purchase

(a) **Final Redemption**

Each Note of a Series shall become due and payable on the Maturity Date at its Final Redemption Amount or, in the case of a Note falling within Condition 8(b) (*Redemption by Instalments*), its final Instalment Amount.

Notwithstanding the foregoing, in respect of Global Notes and Global Certificates, the principal payable in respect of any Note shall be calculated by the Calculation Agent in respect of the aggregate principal amount of the Global Note or Global Certificate (as the case may be).

(b) **Redemption by Instalments**

Each Instalment Note of a Series shall be partially redeemed on each Instalment Date at the related Instalment Amount. The outstanding principal amount of each such Note shall be reduced by the relevant Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the principal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused, in which case such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

(c) **Redemption upon Original Collateral Default**

If the Calculation Agent determines that an Original Collateral Default has occurred in respect of a Series and gives notice of such determination (including a description in reasonable detail of the facts relevant to such determination) to the Issuer (copied to the Issuing and Paying Agent, the

Trustee, the Swap Counterparty, the Repo Counterparty and the SL Counterparty), then the Issuer shall give an Early Redemption Notice to the Noteholders of the Calculation Agent's determination of the Original Collateral Default as soon as is practicable upon being so notified and attach to that a copy of the notice given by the Calculation Agent with respect to the Original Collateral Default or include the information provided therein and each Note of such Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an "**Early Redemption Trigger Date**".

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Original Collateral Default has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an Original Collateral Default has occurred. If the Noteholders provide the relevant business unit of the Calculation Agent with details of the circumstances which could constitute an Original Collateral Default, the Calculation Agent will consider such notice, but will not be obliged to determine that an Original Collateral Default has occurred solely as a result of receipt of such notice. If the Calculation Agent gives a notice to the Trustee of the occurrence of an Original Collateral Default, the Trustee shall be entitled to rely conclusively on such notice without further investigation.

(d) **Redemption for Taxation Reasons**

(i) Subject to Condition 8(d)(ii), the Issuer shall, as soon as is practicable after becoming aware of the occurrence of a Note Tax Event and/or an Original Collateral Tax Event, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an "**Early Redemption Trigger Date**".

A "**Note Tax Event**" will occur in respect of a Series if:

- (A) the Issuer determines that it will be required by any applicable law to withhold, deduct or account for an amount for any present or future taxes, duties or charges of whatsoever nature, other than a withholding, deduction or account in respect of an Information Reporting Regime, or would suffer the same in respect of its income, so that it would be unable to make in full any payment in respect of the Notes when due (other than an Original Collateral Tax Event and provided that, for the avoidance of doubt, any such taxes relating to ATAD shall be a Note Tax Event);
- (B) on the due date for any payment in respect of the Notes, such a withholding, deduction or account is actually made in respect of any payment in respect of the Notes; or
- (C) the Issuer determines that any Noteholder, Couponholder or beneficial owner of Notes has failed to provide sufficient forms, documentation or other information in accordance with Conditions 12(b) (*Provision of Information*) or 12(c) (*U.S. Reference Notes*) such that any payment received or payable by the Issuer may be subject to a deduction or withholding or the Issuer may suffer a fine or penalty, in each case, pursuant to an Information Reporting Regime,

other than where such event constitutes an Original Collateral Tax Event.

An “**Original Collateral Tax Event**” will occur in respect of a Series if the Issuer determines that it is or will be:

- (A) unable to receive any payment due in respect of any Original Collateral in full on the due date therefor without a deduction for or on account of any withholding tax, back-up withholding or other tax, duties or charges of whatsoever nature imposed by any authority of any jurisdiction;
- (B) required to pay any tax, duty or charge of whatsoever nature imposed by any authority of any jurisdiction in respect of any payment received in respect of any Original Collateral; and/or
- (C) required to comply with any reporting requirement (other than in respect of FATCA and any other Information Reporting Regime that is not materially more onerous to comply with than FATCA) of any authority of any jurisdiction in respect of any payment received in respect of any Original Collateral,

provided that the Issuer, using reasonable efforts prior to the due date for the relevant payment, is (or would be) unable to (I) avoid such deduction(s) or payment(s) and/or (II) comply with such reporting requirements, in each case described in sub-paragraphs (A) to (C) above by filing a valid declaration that it is not a resident of such jurisdiction and/or by executing any certificate, form or other document in order to make a claim under a double taxation treaty or other exemption available to it. If the action that the Issuer would be required to undertake so as to avoid any such deduction(s) or payment(s) and/or comply with such reporting requirements would involve any material expense or is, in the sole opinion of the Issuer, unduly onerous, the Issuer shall not be required to take any such action. Without prejudice to the generality of the foregoing, a FATCA Withholding on payments in respect of any Original Collateral shall constitute an Original Collateral Tax Event. For the purposes of this definition, if on the date falling 60 days prior to the immediately following date on which a payment will be due under the relevant Original Collateral (such 60th day prior being the “**FATCA Test Date**”), the Issuer is a “nonparticipating foreign financial institution” or “nonparticipating FFI” (as such terms are used under section 1471 of the Code or in any regulations or guidance thereunder), the Issuer will be deemed on the FATCA Test Date to be unable to receive a payment due in respect of such Original Collateral in full on the due date therefor without deduction for or on account of any withholding tax and, therefore, an Original Collateral Tax Event will have occurred on the FATCA Test Date.

- (ii) Notwithstanding the foregoing, if the requirement to withhold, deduct or account for any present or future taxes, duties or charges of whatsoever nature referred to in paragraph (i) above arises solely as a result of any Noteholder’s or Couponholder’s connection with the jurisdiction of incorporation of the Issuer otherwise than by reason only of the holding of any Note or receiving or being entitled to any payment in respect thereof then, to the extent possible, the Issuer shall deduct such taxes, duties or charges, as applicable, from the amount(s) payable to such Noteholder or Couponholder, and provided that payments to other Noteholders or Couponholders would not be impaired, the Issuer shall not give an Early Redemption Notice pursuant to Condition 8(d)(i). Any such deduction shall not constitute an Event of Default under Condition 8(q) (*Redemption Following the Occurrence of an Event of Default*), a Liquidation Event under Condition 13 (*Liquidation*) or an Enforcement Event under Condition 14 (*Enforcement of Security*).

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Note Tax Event or Original Collateral Tax Event has occurred. No Transaction

Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that a Note Tax Event or an Original Collateral Tax Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Note Tax Event or an Original Collateral Tax Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(e) **Redemption for Original Collateral Call**

The Issuer shall, as soon as is practicable after becoming aware of the occurrence of an Original Collateral Call, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an **“Early Redemption Trigger Date”**.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Original Collateral Call has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an Original Collateral Call has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of an Original Collateral Call, the Trustee and/or the Calculation Agent (as the case may be) shall be entitled to rely conclusively on such notice without further investigation.

(f) **Redemption for Termination of Swap Agreement**

The Issuer shall, as soon as is practicable after becoming aware of the occurrence of a Swap Termination Event, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an **“Early Redemption Trigger Date”**.

If, prior to the Maturity Date:

- (i) the Issuer becomes aware of the occurrence of a Swap Agreement Event which is then continuing;
- (ii) no Early Termination Date has already been designated or occurred in respect of all outstanding Swap Transactions under the Swap Agreement; and
- (iii) no Early Redemption Trigger Date or Early Redemption Date has occurred under any other Condition in respect of the Notes of the Series,

the Issuer shall, as soon as is practicable after becoming aware of the same, notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Following such notice being given by the Issuer, the Trustee shall, if directed by an Extraordinary Resolution and provided that (A) the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and (B) no Early Redemption Trigger Date or Early Redemption Date has occurred pursuant to any other Condition, give notice to the Issuer that the Issuer is to designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement.

Subject to the Issuer still having such designation right, the Issuer shall, as soon as is practicable, designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement and shall then notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Such notice shall constitute an Early Redemption Notice for purposes of the first paragraph of this Condition 8(f).

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Swap Termination Event or Swap Agreement Event has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that a Swap Termination Event or Swap Agreement Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Swap Termination Event or a Swap Agreement Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

Notwithstanding anything to the contrary, the satisfaction of an Issuer Call Condition pursuant to Condition 8(o) (*Redemption Following Satisfaction of an Issuer Call Condition*) shall not constitute a Swap Termination Event or Swap Agreement Event pursuant to this Condition 8(f).

(g) **Redemption for Swap Counterparty Bankruptcy Event**

The Issuer shall, if so directed by an Extraordinary Resolution resolving that a Swap Counterparty Bankruptcy Event has occurred and that a notice of redemption in respect of the Notes is to be given by or on behalf of the Issuer, give an Early Redemption Notice to the Noteholders as soon as is practicable upon being so directed and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

Notwithstanding anything to the contrary in Condition 19 (*Meetings of Noteholders, Modification, Waiver and Substitution*) or the Trust Deed, any holder of a Note then outstanding may deliver a request in writing to the Issuer, the Calculation Agent and the Trustee for a meeting of Noteholders to be convened to consider an Extraordinary Resolution to sanction that a Swap Counterparty Bankruptcy Event has occurred and to instruct the Issuer to give an Early Redemption Notice in respect of the Notes.

Any such request by any holder of a Note for a meeting to be convened to resolve that a Swap Counterparty Bankruptcy Event has occurred must (i) describe the Swap Counterparty Bankruptcy Event alleged to have occurred and (ii) contain information that reasonably confirms that the Swap Counterparty Bankruptcy Event has occurred which in the sole opinion of the Issuer is satisfactory evidence of the occurrence of the Swap Counterparty Bankruptcy Event. Upon receipt of a valid request from a Noteholder satisfying the requirements outlined in the preceding sentence, the Issuer shall convene a meeting of Noteholders in accordance with the provisions of the Trust Deed.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Swap Counterparty Bankruptcy Event has occurred and shall be entitled to rely conclusively on such Extraordinary Resolution regarding the same. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that a Swap Counterparty Bankruptcy Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Swap Counterparty Bankruptcy Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(h) Redemption for Termination of Repo Agreement

The Issuer shall, as soon as is practicable after becoming aware of the occurrence of a Repo Termination Event, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

If, prior to the Maturity Date:

- (i) the Issuer becomes aware of the occurrence of a Repo Agreement Event which is then continuing;
- (ii) no Early Termination Date has already been designated or occurred in respect of all outstanding Repo Transactions under the Repo Agreement; and
- (iii) no Early Redemption Trigger Date or Early Redemption Date has occurred under any other Condition in respect of the Notes of the Series,

the Issuer shall, as soon as is practicable after becoming aware of the same, notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Following such notice being given by the Issuer, the Trustee shall, if directed by an Extraordinary Resolution and provided that (A) the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and (B) no Early Redemption Trigger Date or Early Redemption Date has occurred pursuant to any other Condition, give notice to the Issuer that the Issuer is to designate an Early Termination Date in respect of all outstanding Repo Transactions under the Repo Agreement.

Subject to the Issuer still having such designation right, the Issuer shall, as soon as is practicable, designate an Early Termination Date in respect of all outstanding Repo Transactions under the Repo Agreement and shall then notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Such notice shall constitute an Early Redemption Notice for purposes of the first paragraph of this Condition 8(h).

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Repo Termination Event or Repo Agreement Event has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that a Repo Termination Event or Repo Agreement Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Repo Termination Event or a Repo Agreement Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(i) Redemption for Repo Counterparty Bankruptcy Event

The Issuer shall, if so directed by an Extraordinary Resolution resolving that a Repo Counterparty Bankruptcy Event has occurred and that a notice of redemption in respect of the Notes is to be given by or on behalf of the Issuer, give an Early Redemption Notice to the Noteholders as soon as is practicable upon being so directed and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued

interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

Notwithstanding anything to the contrary in Condition 19 (*Meetings of Noteholders, Modification, Waiver and Substitution*) or the Trust Deed, any holder of a Note then outstanding may deliver a request in writing to the Issuer, the Calculation Agent and the Trustee for a meeting of Noteholders to be convened to consider an Extraordinary Resolution to sanction that a Repo Counterparty Bankruptcy Event has occurred and to instruct the Issuer to give an Early Redemption Notice in respect of the Notes.

Any such request by any holder of a Note for a meeting to be convened to resolve that a Repo Counterparty Bankruptcy Event has occurred must (i) describe the Repo Counterparty Bankruptcy Event alleged to have occurred and (ii) contain information that reasonably confirms that the Repo Counterparty Bankruptcy Event has occurred which in the sole opinion of the Issuer is satisfactory evidence of the occurrence of the Repo Counterparty Bankruptcy Event. Upon receipt of a valid request from a Noteholder satisfying the requirements outlined in the preceding sentence, the Issuer shall convene a meeting of Noteholders in accordance with the provisions of the Trust Deed.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Repo Counterparty Bankruptcy Event has occurred and shall be entitled to rely conclusively on such Extraordinary Resolution regarding the same. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that a Repo Counterparty Bankruptcy Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of a Repo Counterparty Bankruptcy Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(j) **Redemption for Termination of SL Agreement**

The Issuer shall, as soon as is practicable after becoming aware of the occurrence of an SL Termination Event, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

If, prior to the Maturity Date:

- (i) the Issuer becomes aware of the occurrence of an SL Agreement Event which is then continuing;
- (ii) no Early Termination Date has already been designated or occurred in respect of all outstanding SL Transactions under the SL Agreement; and
- (iii) no Early Redemption Trigger Date or Early Redemption Date has occurred under any other Condition in respect of the Notes of the Series,

the Issuer shall, as soon as is practicable after becoming aware of the same, notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Following such notice being given by the Issuer, the Trustee shall, if directed by an Extraordinary Resolution and provided that (A) the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and (B) no Early Redemption Trigger Date or Early Redemption Date has occurred

pursuant to any other Condition, give notice to the Issuer that the Issuer is to designate an Early Termination Date in respect of all outstanding SL Transactions under the SL Agreement.

Subject to the Issuer still having such designation right, the Issuer shall, as soon as is practicable, designate an Early Termination Date in respect of all outstanding SL Transactions under the SL Agreement and shall then notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Such notice shall constitute an Early Redemption Notice for purposes of the first paragraph of this Condition (j).

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any SL Termination Event or SL Agreement Event has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an SL Termination Event or SL Agreement Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of an SL Termination Event or an SL Agreement Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(k) **Redemption for SL Counterparty Bankruptcy Event**

The Issuer shall, if so directed by an Extraordinary Resolution resolving that an SL Counterparty Bankruptcy Event has occurred and that a notice of redemption in respect of the Notes is to be given by or on behalf of the Issuer, give an Early Redemption Notice to the Noteholders as soon as is practicable upon being so directed and each Note shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

Notwithstanding anything to the contrary in Condition 19 (*Meetings of Noteholders, Modification, Waiver and Substitution*) or the Trust Deed, any holder of a Note then outstanding may deliver a request in writing to the Issuer, the Calculation Agent and the Trustee for a meeting of Noteholders to be convened to consider an Extraordinary Resolution to sanction that an SL Counterparty Bankruptcy Event has occurred and to instruct the Issuer to give an Early Redemption Notice in respect of the Notes.

Any such request by any holder of a Note for a meeting to be convened to resolve that an SL Counterparty Bankruptcy Event has occurred must (i) describe the SL Counterparty Bankruptcy Event alleged to have occurred and (ii) contain information that reasonably confirms that the SL Counterparty Bankruptcy Event has occurred which in the sole opinion of the Issuer is satisfactory evidence of the occurrence of the SL Counterparty Bankruptcy Event. Upon receipt of a valid request from a Noteholder satisfying the requirements outlined in the preceding sentence, the Issuer shall convene a meeting of Noteholders in accordance with the provisions of the Trust Deed.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any SL Counterparty Bankruptcy Event has occurred and shall be entitled to rely conclusively on such Extraordinary Resolution regarding the same. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an SL Counterparty Bankruptcy Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of an SL Counterparty Bankruptcy Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(l) Redemption Following an Illegality Event

The Issuer shall, as soon as is practicable after becoming aware of the occurrence of an Illegality Event, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Illegality Event has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an Illegality Event has occurred. If the Issuer gives a notice to the Trustee and/or the Calculation Agent of the occurrence of an Illegality Event, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(m) Redemption Following Original Collateral Disruption Event

If, in respect of a Series, the Calculation Agent has given an Original Collateral Disruption Event Redemption Notice (copied to the Issuing and Paying Agent, the Trustee, the Swap Counterparty, the Repo Counterparty and the SL Counterparty), then the Issuer shall give an Early Redemption Notice to the Noteholders of such fact as soon as is practicable upon being so notified and attach to that a copy of the Original Collateral Disruption Event Redemption Notice or include the information provided therein and each Note of such Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Original Collateral Disruption Event has occurred. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an Original Collateral Disruption Event has occurred. If the Calculation Agent gives an Original Collateral Disruption Event Redemption Notice to the Trustee, the Trustee shall be entitled to rely conclusively on such notice without further investigation.

(n) Redemption Following Reference Rate Event

If, in respect of a Series:

- (i) either a Replacement Reference Rate Notice or a Replacement Reference Rate Amendments Certificate is not delivered at least two London Business Days before a Cut-off Date in accordance with Condition 9(c) (*Occurrence of a Reference Rate Event*);
- (ii) it (A) is or would be unlawful under any applicable law or regulation or (B) would contravene any applicable licensing requirements, for the Calculation Agent to perform the actions prescribed in Condition 9(c) (*Occurrence of a Reference Rate Event*) (or it would be unlawful or would contravene those licensing requirements were a determination to be made at such time); or

- (iii) the Calculation Agent determines that an Adjustment Spread is or would be an interest rate, benchmark, index or other price source whose production, publication, methodology or governance would subject the Calculation Agent, the Swap Counterparty, the Repo Counterparty or the SL Counterparty to material additional regulatory obligations which it is unwilling to undertake (each of paragraphs (i) to (iii) above, a “**Reference Rate Default Event**”),

then the Calculation Agent shall give notice of such fact to the Issuer (copied to the Issuing and Paying Agent, the Trustee, the Swap Counterparty, the Repo Counterparty and the SL Counterparty). The Issuer shall then give an Early Redemption Notice to the Noteholders of such fact as soon as is practicable upon being so notified and each Note of such Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

(o) **Redemption Following Satisfaction of an Issuer Call Condition**

Where “Issuer Call” is specified to be applicable in the applicable Accessory Conditions, the Issuer shall, as soon as is practicable after becoming aware of the satisfaction of an Issuer Call Condition, give an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the related Early Redemption Date at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”. Interest Amounts, if any, shall be payable pursuant to Condition 7 (*Interest*).

Where the Notes are redeemed pursuant to this Condition 8(o), then on the Issuer Call Settlement Date:

- (i) where “Issuer Call Settlement – Cash to Swap Counterparty” is specified in the applicable Accessory Conditions, the Issuer shall pay (or procure payment of) an amount equal to the proceeds of the Liquidation of the Original Collateral that it is entitled to receive; or
- (ii) where “Issuer Call Settlement – Delivery to Swap Counterparty” is specified in the applicable Accessory Conditions, the Issuer shall deliver (or procure delivery of) the Original Collateral,

in each case, to the Swap Counterparty under the Swap Agreement.

Notwithstanding anything to the contrary, if, at any time following the satisfaction of an Issuer Call Condition and prior to the Issuer Call Settlement Date, an Early Redemption Trigger Date or an Early Termination Date occurs for any other reason, then the Early Redemption Trigger Date resulting directly from the satisfaction of the Issuer Call Condition shall be disregarded and the Notes will instead redeem in accordance with the relevant provision of Condition 8 (*Redemption and Purchase*) to which the subsequent Early Redemption Trigger Date relates. If, at any time from (and including) the Issuer Call Settlement Date and prior to the Issuer Call Redemption Date, an Early Redemption Trigger Date or an Early Termination Date occurs for any other reason, the provisions of this Condition 8(o) shall prevail.

Neither the Issuer nor any Transaction Party shall have any duty to monitor, enquire or satisfy itself as to whether any Issuer Call Condition has been satisfied. No Transaction Party shall have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer that an Issuer Call Condition has been satisfied. If the Issuer gives a notice to the Trustee and/or

the Calculation Agent of the satisfaction of an Issuer Call Condition, the Trustee and/or the Calculation Agent, as the case may be, shall be entitled to rely conclusively on such notice without further investigation.

(p) **Redemption Following Exercise of Noteholder Early Redemption Option**

Where “Noteholder Early Redemption Option” is specified to be applicable in the applicable Accessory Conditions, 100% Noteholders may on any Reference Business Day falling within the Noteholder Early Redemption Option Period deliver a notice outside of the Clearing Systems to the Issuer (copied to each Transaction Party) (a “**Noteholder Early Redemption Option Exercise Notice**”), together with evidence to the satisfaction of each of the Swap Counterparty, the Repo Counterparty and the SL Counterparty (as applicable) of such 100% Noteholders’ beneficial holding of 100 per cent. of the aggregate principal amount of the Notes then outstanding, irrevocably proposing a date on which the Issuer shall redeem each Note of such Series in full (and not in part) in an amount equal to the Early Redemption Amount. For a Noteholder Early Redemption Option Exercise Notice to be valid, the date proposed must fall at least (A) 10 Reference Business Days following the date of the Noteholder Early Redemption Option Exercise Notice and (B) 15 Reference Business Days prior to the Maturity Date.

If a valid Noteholder Early Redemption Option Exercise Notice is delivered, the Issuer shall deliver an Early Redemption Notice to the Noteholders and each Note of the Series shall become due and payable on the date proposed in the Noteholder Early Redemption Option Exercise Notice (being, for such purposes, the Early Redemption Date) at its Early Redemption Amount (which shall be paid pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*) or Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*), as applicable, and which shall be the only amount payable in respect of such Note and there will be no separate payment of any unpaid accrued interest thereon). The date on which such Early Redemption Notice is deemed to have been given shall be an “**Early Redemption Trigger Date**”.

Notwithstanding anything to the contrary (including the provisions of Condition 8(u) (*Effect of Early Redemption Trigger Date, Maturity Date Liquidation Event, Redemption or Purchase and Cancellation*)), if at any time prior to the Early Valuation Date an Early Redemption Trigger Date occurs for any other reason, then the Noteholder Early Redemption Option Exercise Notice (and any related Early Redemption Notice) delivered pursuant to this Condition 8(p) shall be deemed to be void and the Notes will instead redeem in accordance with the relevant provision of Condition 8 (*Redemption and Purchase*) to which the subsequent Early Redemption Trigger Date relates.

The Issuer and each Transaction Party shall be entitled to rely conclusively on any communication purporting to be delivered by 100% Noteholders without further investigation and to act upon the same and shall have no liability whatsoever in respect of such reliance.

(q) **Redemption Following the Occurrence of an Event of Default**

If any of the following events (each, an “**Event of Default**”) occurs, the Trustee at its discretion may, and if directed by an Extraordinary Resolution shall (provided in each case that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction), give an Early Redemption Notice to the Issuer that all but not some only of the Notes of the Series shall become due and payable at the Early Redemption Amount (which shall be the only amount payable and there will be no separate payment of any unpaid accrued interest thereon) on the Early Redemption Date:

- (i) default is made for more than 14 days in the payment of any interest or Instalment Amount in respect of the Notes or any of them, other than any interest or Instalment Amount due and payable on the Maturity Date, and other than where any such default occurs as a result of an

Original Collateral Default, a Note Tax Event, an Original Collateral Tax Event, an Original Collateral Call, a Swap Termination Event, a Swap Agreement Event, a Swap Counterparty Bankruptcy Event, a Repo Termination Event, a Repo Agreement Event, a Repo Counterparty Bankruptcy Event, an SL Termination Event, an SL Agreement Event, an SL Counterparty Bankruptcy Event, an Illegality Event, an Original Collateral Disruption Event (to the extent the Calculation Agent has given an Original Collateral Disruption Event Redemption Notice), a Reference Rate Default Event, the satisfaction of an Issuer Call Condition or the exercise of a Noteholder Early Redemption Option;

- (ii) the Issuer does not perform or comply with any one or more of its other obligations under the Notes or the Trust Deed, which default is incapable of remedy or, if in the opinion of the Trustee capable of remedy, is not in the opinion of the Trustee remedied within 30 days after notice of such default shall have been given to the Issuer by the Trustee; or
- (iii) a SPIRE Bankruptcy Event occurs.

For the purposes of the Conditions and the Transaction Documents, in relation to any Events of Default, the date on which the related Early Redemption Notice is deemed to be given shall be an **“Early Redemption Trigger Date”**.

The Issuer has undertaken in the Trust Deed for the Series that, within 10 Luxembourg Business Days of the publication of SPIRE’s annual financial statements, and forthwith on request from the Trustee, the Issuer will send to the Trustee a certificate signed by a Director to the effect that, having made all reasonable enquiries, to the best of the knowledge, information and belief of the Issuer as at the date of the certificate, no Event of Default or event or circumstance that could, with the giving of notice, lapse of time and/or issue of a certificate, become an Event of Default has occurred since the certification date of the last such certificate or (if none) the Issue Date of the first Tranche of Notes of the Series or, if such an event had occurred, giving details thereof.

(r) **Suspension of Payments and Calculations**

If, at any time within five Reference Business Days on or prior to a day on which an amount will be due and payable in respect of the Notes (the **“Suspended Payment Date”**), the Calculation Agent determines that facts exist which may (assuming the expiration of any applicable grace period) amount to an Original Collateral Default, no payment of principal or interest shall be made by the Issuer in respect of the Notes during the period of 10 Reference Business Days following the Suspended Payment Date (the **“Original Collateral Default Suspension Period”**). If, at any time during the Original Collateral Default Suspension Period, the Calculation Agent determines that an Original Collateral Default has occurred, then the provisions of Condition 8(c) (*Redemption upon Original Collateral Default*) shall apply. If, on the final Reference Business Day of the Original Collateral Default Suspension Period, no such determination has been made, then the balance of the principal or interest that would otherwise have been payable in respect of the Notes shall be due on the second Reference Business Day after such final Reference Business Day of the Original Collateral Default Suspension Period. Noteholders and Couponholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed pursuant to this Condition 8(r).

Notwithstanding the foregoing, if the Calculation Agent determines that the circumstances giving rise to such potential Original Collateral Default have been remedied (if possible) or no longer exist such that no related Original Collateral Default has occurred, then the Issuer shall make any payments that would otherwise have been payable in respect of the Notes on the second Reference Business Day following the date on which the Calculation Agent makes such determination. Noteholders and Couponholders shall not be entitled to a further payment as a consequence of the fact that such payment of such principal or interest is postponed pursuant to this Condition 8(r). In

determining whether a payment failure has (or may have) occurred, the Calculation Agent may rely on evidence of non-receipt of funds.

(s) **Purchases**

If the Issuer has made arrangements for the realisation of no more than the equivalent proportion of the Collateral and/or for the reduction in the notional amount of the Swap Agreement and/or the repurchase of a proportion of collateral under the Repo Agreement and/or for the redelivery of a proportion of the loaned securities under the SL Agreement in connection with the proposed purchase of the Notes, which transactions will leave the Issuer with no assets or net liabilities in respect thereof, it may purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

Notes represented by a Global Note may only be purchased by the Issuer if they are purchased together with the right to receive all future payments of interest and Instalment Amounts (if any) thereon.

(t) **Cancellation**

All Notes purchased by or on behalf of the Issuer shall be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Receipts and Coupons and all unexchanged Talons to or to the order of the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to or to the order of the Registrar and, in each case, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Receipts and Coupons and all unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

Cancellation of any Note (other than upon such Note's redemption) represented by a Global Note shall be effected by reduction in the principal amount of the Global Note representing such Note on its presentation to or to the order of the Issuing and Paying Agent for endorsement in the first schedule thereto (*Principal amount of Notes represented by this Temporary Global Note* or *Principal amount of Notes represented by this Permanent Global Note*, as applicable), whereupon the principal amount of the Global Note shall be reduced for all purposes by the amount so cancelled and endorsed.

(u) **Effect of Early Redemption Trigger Date, Maturity Date Liquidation Event, Redemption or Purchase and Cancellation**

Upon the occurrence of an Early Redemption Trigger Date, a Maturity Date Liquidation Event or upon each Note of the Series being redeemed or purchased and cancelled, Conditions 8(a) (*Final Redemption*) to 8(q) (*Redemption Following the Occurrence of an Event of Default*) shall no longer apply to such Notes, provided that if the Early Redemption Trigger Date occurred as a result of any such Condition, that Condition shall continue to apply.

9 Calculations, Determinations, Rounding, Reference Rate Events and Original Collateral Disruption Events

(a) **Determination and Publication of Rates of Interest, Interest Amounts, any Final Redemption Amount, any Early Redemption Amount and any Instalment Amounts**

The Calculation Agent shall, as soon as is practicable on each Interest Determination Date and on each date the Calculation Agent is required to calculate any rate or amount, obtain any quotation or

make any determination or calculation under the Conditions or any Transaction Document, as the case may be:

- (i) determine such rate and calculate the Interest Amounts for the relevant Interest Period and Interest Payment Date;
- (ii) calculate the Final Redemption Amount, Early Redemption Amount, Instalment Amount or other amount;
- (iii) obtain such quotation and/or make such determination or calculation, as the case may be; and
- (iv) cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, any Final Redemption Amount, Early Redemption Amount, Instalment Amount or other amount, to be notified to the Trustee, the Issuer, each of the Paying Agents, the Noteholders and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange, as soon as possible after their determination but in no event later than (A) in the case of notification to such exchange of a Rate of Interest and Interest Amount, the commencement of the relevant Interest Period if determined prior to such time or (B) in all other cases, the earlier of the date on which any relevant payment is due (if determined prior to such time) and the fourth London Business Day after such determination.

Where any Interest Payment Date or Interest Period End Date is subject to adjustment pursuant to a Business Day Convention, the Interest Amount(s) and the Interest Payment Date(s) so published may subsequently be amended by the Calculation Agent (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

If, in respect of any due date for redemption, payment of the full amount of principal due for redemption is not made, no publication of the rates determined in accordance with this Condition 9(a) to be used in the calculation of any Default Interest need be made unless the Trustee notifies the Calculation Agent to the contrary in writing. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final, conclusive and binding upon all Noteholders, Couponholders, Transaction Parties and all other parties. If the Calculation Agent at any time does not make any determination or calculation or take any action that it is required to do pursuant to the Conditions or any Transaction Document, it shall forthwith notify the Issuer, the Trustee, the Issuing and Paying Agent, the Swap Counterparty, the Repo Counterparty and the SL Counterparty.

In making any calculation or determination, giving any notice or exercising any discretion, in each case under the Conditions or any Transaction Document, the Calculation Agent does not assume any responsibility or liability to anyone other than the Issuer for whom it acts as agent. In particular, the Calculation Agent assumes no responsibility to Noteholders, Couponholders, the Trustee or any other persons in respect of its role as Calculation Agent and, without limitation, shall not be liable for any loss (whether a loss of profit, loss of opportunity or consequential loss), cost, expense or any other damage suffered by any such person.

The Calculation Agent shall not be liable to the Issuer for any errors in calculations or determinations made by it hereunder, or any failure to make, or delay in making, any calculations or determinations (irrespective of whether such error, failure or delay affects any other calculations or determinations made hereunder) in the manner required of it by the Conditions save that the Calculation Agent shall be liable to the Issuer (but not to any other person or persons, including Noteholders,

Couponholders and the Trustee) where such error, failure or delay arose out of its negligence, fraud or wilful default. For this purpose, “**negligence**” shall not include operational delay or failure, save for where such operational delay or failure is such that no reasonable person performing functions similar to those of the Calculation Agent in comparable circumstances, and working within standard office hours, could have justified such delay. Notwithstanding anything to the contrary in the foregoing, it is explicitly acknowledged (and shall be taken into account in any determination of whether it has been negligent) that the Calculation Agent will also be performing calculations and other functions with respect to transactions other than the Notes and that it may make the calculations required by the Notes and other calculations and other functions required by such other transactions in such order as seems appropriate to it and shall not be liable for the order in which it elects to perform calculations or other functions or for any delay caused by electing to perform calculations and other functions for such other transactions prior to those in respect of the Notes.

Where the Calculation Agent (acting in a commercially reasonable manner) determines that, as a result of market disruption, force majeure, systems failure or any other event of an analogous nature, it is unable to make a calculation or determination in the manner required by the Conditions or any Transaction Document, then the Calculation Agent shall notify the Issuer thereof as soon as practicable, and the Calculation Agent shall not be liable for failure to make such calculation or determination in the required manner.

Where the Calculation Agent (acting in a commercially reasonable manner) determines that (I) it has not received the necessary information from any person or other source that is expected to deliver or provide the same pursuant to the Conditions or any Transaction Document which means that it is unable to make a determination required of it in accordance with the Conditions or the provisions of a Transaction Document and/or (II) one or more provisions (including any mathematical terms and formulae) contained in the Conditions or any Transaction Document appear to the Calculation Agent (taking into account the context of the transaction as a whole and its background understanding) to be erroneous on the basis that it is impossible to make such calculation or that such provisions produce a result that, in the opinion of the Calculation Agent, is economically nonsensical, the Calculation Agent shall be permitted to make its determination on the basis of the provisions of the Conditions or such Transaction Document but may make such amendments thereto as, in its opinion, are necessary to cater for relevant circumstances falling under (I) and/or (II) above, provided always that in so doing the Calculation Agent acts in good faith and in a commercially reasonable manner.

(b) **Rounding**

For the purposes of any calculations required pursuant to the Conditions (unless otherwise specified), (i) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 of a percentage point being rounded up to 0.00001) and (ii) all currency amounts that fall due and payable shall be rounded, if necessary, to the nearest unit of such currency (with one half of the lowest unit of the currency being rounded up, for example, GBP0.005 being rounded to GBP0.01), save in the case of Japanese yen or Korean won, which shall be rounded down to the nearest yen or won, respectively. For these purposes, “**unit**” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency (e.g. one cent or one pence).

(c) **Occurrence of a Reference Rate Event**

(i) If the Calculation Agent determines that a Reference Rate Event has occurred in respect of a Series, it shall, as soon as reasonably practicable, deliver a notice to the Issuer (such notice, the “**Reference Rate Event Notice**”) (copied to the Issuing and Paying Agent, the Trustee, the Swap Counterparty and the Repo Counterparty), setting out a description in

reasonable detail of the facts relevant to the determination that a Reference Rate Event has occurred, provided that no Reference Rate Event Notice shall be required to be delivered where the applicable Cut-off Date falls after the latest scheduled payment obligation of the Issuer under the Transaction Documents or the Reference Rate Event had occurred prior to the Issue Date.

- (ii) Following delivery of a Reference Rate Event Notice in respect of a Series, the Calculation Agent shall attempt to determine:
 - (A) a Replacement Reference Rate;
 - (B) an Adjustment Spread; and
 - (C) such other adjustments (the **“Replacement Reference Rate Ancillary Amendments”**) to the Conditions (including, but not limited to, any Business Day, Business Day Convention, Day Count Fraction, Default Interest, Interest Determination Date, Interest Amount, Interest Payment Date, Interest Period, Interest Period End Date and Rate of Interest) which the Calculation Agent determines are necessary or appropriate in order to account for the effect of the replacement of the Reference Rate with the Replacement Reference Rate (as adjusted by the Adjustment Spread) and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of the Reference Rate with the Replacement Reference Rate (as adjusted by the Adjustment Spread),

(the amendments required to the Conditions to reflect paragraphs (A) to (C) together, the **“Replacement Reference Rate Amendments”**).
- (iii) If the Calculation Agent determines a Replacement Reference Rate, an Adjustment Spread and the Replacement Reference Rate Ancillary Amendments pursuant to paragraph (ii) above, the Calculation Agent shall deliver:
 - (A) a notice to the Issuer (such notice, the **“Replacement Reference Rate Notice”**) (copied to the Issuing and Paying Agent, the Trustee, the Swap Counterparty and the Repo Counterparty) which specifies any Replacement Reference Rate, any Adjustment Spread, the specific terms of any Replacement Reference Rate Amendments and the Cut-off Date; and
 - (B) a certificate to the Trustee (such certificate, a **“Replacement Reference Rate Amendments Certificate”**):
 - (I) specifying (w) the Reference Rate Event, (x) the Replacement Reference Rate, (y) the Adjustment Spread and (z) the specific terms of any Replacement Reference Rate Ancillary Amendments; and
 - (II) certifying that the Replacement Reference Rate Ancillary Amendments are necessary or appropriate in order to account for the effect of the replacement of the Reference Rate with the Replacement Reference Rate (as adjusted by the Adjustment Spread) and/or to preserve as closely as practicable the economic equivalence of the Notes before and after the replacement of the Reference Rate with the Replacement Reference Rate (as adjusted by the Adjustment Spread).
- (iv) If either the Replacement Reference Rate Notice or the Replacement Reference Rate Amendments Certificate is not delivered at least two London Business Days before the Cut-Off Date, Condition 8(n) (*Redemption Following Reference Rate Event*) shall apply.

- (v) If the Issuer receives a Replacement Reference Rate Notice from the Calculation Agent at least two London Business Days before the Cut-Off Date, it shall, without the consent of the Noteholders or the Couponholders, promptly make the Replacement Reference Rate Amendments, which amendments will take effect from the Cut-off Date (and the amendments effected by any amendment deed entered into following such date shall be expressed as taking effect as of the Cut-off Date). For the avoidance of doubt, references to the Reference Rate in the Notes and the Transaction Documents will be replaced by references to the Replacement Reference Rate as adjusted by the Adjustment Spread (provided that the Replacement Reference Rate, after application of the Adjustment Spread, may not be less than zero).

The Trustee may rely, without further enquiry and without liability to any person for so doing, on a Replacement Reference Rate Amendments Certificate. Upon receipt of a Replacement Reference Rate Amendments Certificate, the Trustee shall agree to the Replacement Reference Rate Amendments without seeking the consent of the Noteholders, the Couponholders or any other party and concur with the Issuer (at the Issuer's expense) in effecting the Replacement Reference Rate Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be required to agree to the Replacement Reference Rate Amendments if, in the opinion of the Trustee (acting reasonably), the Replacement Reference Rate Amendments would (I) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (II) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

- (vi) The Issuer shall, promptly following the Replacement Reference Rate Amendments having been made, deliver a notice containing the details of the Replacement Reference Rate Amendments to the Noteholders in accordance with Condition 23 (*Notices*).
- (vii) Neither the Calculation Agent nor the Trustee shall have any duty to monitor, enquire or satisfy itself as to whether any Reference Rate Event has occurred. The Calculation Agent shall not have any liability for giving or not giving any notice to the Issuer that a Reference Rate Event has occurred.
- (viii) Any Replacement Reference Rate Amendments will be binding on the Issuer, the Transaction Parties, the Noteholders and the Couponholders.

(d) **Specific Provisions for Certain Reference Rates**

With respect to a Reference Rate that would (i) if ISDA Rate: 2006 ISDA Definitions is applicable, constitute a "Relevant Benchmark" for the purposes of the 2006 ISDA Definitions Benchmarks Annex as published by ISDA or (ii) if ISDA Rate: 2021 ISDA Definitions is applicable, constitute an "Applicable Benchmark" for the purposes of the 2021 ISDA Definitions, if the definition of such Reference Rate includes a reference to a concept defined or otherwise described as an "index cessation event" (regardless of the contents of that definition or description) then, for the purposes of determining any Replacement Reference Rate and Adjustment Spread pursuant to Condition 9(c)(ii) and notwithstanding anything to the contrary in the Conditions, upon the occurrence of such an event, any fallback specified in that definition or description to apply following such an event (the "**Priority Fallback**") shall be taken into account by the Calculation Agent when making its determinations in accordance with Condition 9(c)(ii).

(e) Interim Measures

If, following a Reference Rate Event, the relevant Reference Rate is required for any determination in respect of the Notes and, at that time:

- (i) no amendments have occurred in accordance with Condition 9(c) (*Occurrence of a Reference Rate Event*); and
- (ii) an Early Redemption Trigger Date has not occurred pursuant to Condition 8(n) (*Redemption Following Reference Rate Event*),

then, for the purposes of that determination:

- (A) if the Reference Rate is still available and representative (in relation to a Reference Rate Cessation), the Administrator/Benchmark Event Date has not yet occurred (in relation to an Administrator/Benchmark Event), the Risk-Free Rate Event Date has not yet occurred (in relation to a Risk-Free Rate Event) or the Representative Statement Event Date has not yet occurred (in relation to a Representative Statement Event) or the Material Change Event Date has not yet occurred (in relation to a Material Change Event), the level of the Reference Rate shall be determined pursuant to the terms that would apply to the determination of the Reference Rate as if no Reference Rate Event had occurred; or
- (B) if the level for the Reference Rate cannot be determined under paragraph (A) above, the level of the Reference Rate shall be determined by reference to the rate published in respect of the Reference Rate at the time at which the Reference Rate is ordinarily determined on (I) the day on which the Reference Rate ceased to be available or representative (in relation to a Reference Rate Cessation), (II) the Administrator/Benchmark Event Date (in relation to an Administrator/Benchmark Event), (III) the Risk-Free Rate Event Date (in relation to a Risk-Free Rate Event), (IV) the Representative Statement Event Date (in relation to a Representative Statement Event) or (V) the Material Change Event Date (in relation to a Material Change Event) or, if no rate is published at that time, that rate is non-representative or that rate cannot be used in accordance with applicable law or regulation, by reference to the rate published at that time on the last day on which the rate was published or can be used in accordance with applicable law or regulation, as applicable.

(f) Calculation Agent Determination Standard

Whenever the Calculation Agent is required to act, make a determination or to exercise judgment in any way under Condition 9(c) (*Occurrence of a Reference Rate Event*), without prejudice to Condition 9(c)(vii), it will do so in good faith and in a commercially reasonable manner and in accordance with the provisions of the Agency Agreement.

(g) Separate Application of Fallbacks

If, in respect of a Series, there is more than one Reference Rate, then Conditions 9(c) (*Occurrence of a Reference Rate Event*) and 9(d) (*Specific Provisions for Certain Reference Rates*) shall apply separately to each such Reference Rate. For the avoidance of doubt, any Early Redemption Trigger Date that occurs pursuant to Condition 8(n) (*Redemption Following Reference Rate Event*) in respect of such Series will apply to the whole Series.

(h) Acknowledgement in respect of Reference Rate Modification

If "Material Change Event" is not specified as being applicable in the Accessory Conditions and, in respect of a Series, the definition, methodology or formula for a Reference Rate, or other means of calculating such Reference Rate, is changed, then references to that Reference Rate shall be to

the Reference Rate as changed unless, with respect to Notes issued by way of Pricing Terms only, otherwise specified in the applicable Pricing Terms.

(i) **Occurrence of an Original Collateral Disruption Event**

- (i) If the Calculation Agent determines that an Original Collateral Disruption Event has occurred in respect of a Series, it shall, as soon as reasonably practicable, deliver a notice to the Issuer (copied to the Issuing and Paying Agent, the Trustee, the Swap Counterparty, the Repo Counterparty and the SL Counterparty), setting out a description in reasonable detail of the facts relevant to the determination that an Original Collateral Disruption Event has occurred and:
- (A) confirming that no amendments will be made to the Notes as a result of such Original Collateral Disruption Event (an “**Original Collateral Disruption Event No Action Notice**”); or
 - (B) specifying that amendments will be made to the Conditions, the Swap Agreement, the Repo Agreement and the SL Agreement (the “**Original Collateral Disruption Event Amendments**”) and setting out a description in reasonable detail of such amendments (an “**Original Collateral Disruption Event Amendment Notice**”); or
 - (C) specifying that the Notes will be redeemed (an “**Original Collateral Disruption Event Redemption Notice**”).
- (ii) If the Issuer receives an Original Collateral Disruption Event Amendment Notice from the Calculation Agent, it shall, without the consent of the Noteholders or the Couponholders, promptly make the Original Collateral Disruption Event Amendments, provided that:
- (A) no Early Redemption Trigger Date or Early Redemption Date has occurred in respect of the Notes;
 - (B) the purpose of the Original Collateral Disruption Event Amendments is to account for any Original Collateral Disruption Event Losses/Gains incurred by the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty; and
 - (C) the Calculation Agent certifies in writing (such certificate, an “**Original Collateral Disruption Event Amendments Certificate**”) to the Trustee that the purpose of the Original Collateral Disruption Event Amendments is solely as set out in paragraph (B) above.

The Trustee may rely, without further enquiry and without liability to any person for so doing, on an Original Collateral Disruption Event Amendments Certificate. Upon receipt of an Original Collateral Disruption Event Amendments Certificate, the Trustee shall agree to the Original Collateral Disruption Event Amendments without seeking the consent of the Noteholders, the Couponholders or any other party and concur with the Issuer (at the Issuer’s expense) in effecting the Original Collateral Disruption Event Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be required to agree to the Original Collateral Disruption Event Amendments if, in the opinion of the Trustee (acting reasonably), the Original Collateral Disruption Event Amendments would (x) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (y) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

- (iii) The Issuer shall, promptly following making the Original Collateral Disruption Event Amendments, deliver a notice containing the details of the Original Collateral Disruption Event Amendments to the Noteholders in accordance with Condition 23 (*Notices*).
- (iv) Neither the Calculation Agent nor the Trustee shall have any duty to monitor, enquire or satisfy itself as to whether any Original Collateral Disruption Event has occurred. The Calculation Agent shall not have any liability for giving or not giving any notice in respect of an Original Collateral Disruption Event.
- (v) Any Original Collateral Disruption Event Amendments will be binding on the Issuer, the Transaction Parties, the Noteholders and the Couponholders.

For the avoidance of doubt, if, for a Series, any Original Collateral Disruption Event Losses/Gains are:

- (A) a negative amount, such Original Collateral Disruption Event Losses/Gains may be accounted for by reducing the interest amount and/or principal amount payable (in each case subject to a minimum of zero) pursuant to the Notes for the Series; or
- (B) a positive amount, such Original Collateral Disruption Event Losses/Gains may be accounted for by increasing the interest amount and/or principal amount payable pursuant to the Notes for the Series.

10 Payments and Talons

(a) Definitive Bearer Notes

Payments of principal and interest in respect of Definitive Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its related Definitive Bearer Note), Definitive Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 10(f)(v) (*Unmatured Coupons and Receipts, and Unexchanged Talons*)) or Coupons (in the case of interest, save as specified in Condition 10(f)(v) (*Unmatured Coupons and Receipts, and Unexchanged Talons*)), as the case may be, at the Specified Office of any Paying Agent outside the United States by transfer to an account denominated in such currency with a Bank nominated by such holder presenting such Definitive Bearer Note, Receipts and/or Coupons, as the case may be. In this Condition 10(a), “**Bank**” means a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to T2.

(b) Global Notes

Any payments that are made in respect of a Global Note shall be made to its holder against presentation and (if no further payment falls to be made on it) surrender of it to or to the order of the Issuing and Paying Agent.

If any payment of principal is made in full in respect of any Note represented by a Temporary Global Note, the portion of such Temporary Global Note representing such Note shall be cancelled and the amount so cancelled shall be endorsed by or on behalf of the Issuing and Paying Agent on the first schedule thereto (*Principal amount of Notes represented by this Temporary Global Note*) (such endorsement being *prima facie* evidence that the payment in question has been made) whereupon the principal amount of the Temporary Global Note shall be reduced for all purposes by the amount so cancelled and endorsed.

If any payments are made in respect of the Notes represented by a Global Note (excluding payments of principal in respect of any Note represented by a Temporary Global Note), a record of

each such payment shall be endorsed by or on behalf of the Issuing and Paying Agent on a schedule thereto (such endorsement being *prima facie* evidence that the payment in question has been made).

No person shall be entitled to receive any payment in respect of the Notes represented by a Temporary Global Note that falls due on or after the TGN Exchange Date for such Notes unless, upon due presentation of such Temporary Global Note for exchange, delivery of (or, in the case of a subsequent exchange, due endorsement of) a Permanent Global Note or delivery of Definitive Bearer Notes, as the case may be, is improperly withheld or refused by or on behalf of the Issuer.

Payments due in respect of a D Rules Note before the TGN Exchange Date shall only be made in relation to such principal amount of the Temporary Global Note with respect to which there shall have been Certification dated no earlier than such due date for payment.

No person shall be entitled to receive any payment in respect of the Notes represented by a Permanent Global Note that falls due after the PGN Exchange Date for such Notes unless, upon due presentation of such Permanent Global Note for exchange, delivery of Definitive Bearer Notes is improperly withheld or refused by or on behalf of the Issuer or the Issuer does not perform or comply with any one or more of what are expressed to be its obligations under any Definitive Bearer Notes.

(c) **Registered Notes**

- (i) Payments of principal (which for the purposes of this Condition 10(c) shall include final Instalment Amounts but not other Instalment Amounts) in respect of Definitive Registered Notes shall be made against presentation and surrender of the relevant Certificates at the Specified Office of any of the Transfer Agents or of the Registrar and in the manner provided in paragraph (ii) below.
- (ii) Interest (which for the purposes of this Condition 10(c) shall include all Instalment Amounts other than final Instalment Amounts) on Definitive Registered Notes shall be paid to the person shown on the Register at the close of business on the 15th day before the due date for payment thereof (the “**Record Date**”). Payments of interest on each Definitive Registered Note shall be made in the relevant currency by transfer to an account nominated by such person shown in the Register in the relevant currency maintained by the payee with a Bank.
- (iii) Each payment in respect of Registered Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where “**Clearing System Business Day**” means Monday to Friday inclusive except 25 December and 1 January.

(d) **Payments in the United States**

Notwithstanding the foregoing, if any Definitive Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the Specified Office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with Specified Offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(e) **Payments Subject to Fiscal Laws**

All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment. No commission or expenses shall be charged to the Noteholders or the Couponholders in respect of such payments.

(f) **Unmatured Coupons and Receipts, and Unexchanged Talons**

- (i) Upon the due date for redemption of any Definitive Bearer Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (ii) Upon the due date for redemption of any Definitive Bearer Note, any unexpired Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iii) Upon the due date for redemption of any Definitive Bearer Note which is redeemable in instalments, all Receipts relating to such Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iv) Where any Definitive Bearer Note that provides that the relative unexpired Receipts and/or Coupons are to become void upon the due date for redemption of these Notes is presented for redemption without all unexpired Receipts, unexpired Coupons, and where any Definitive Bearer Note is presented for redemption without any unexpired Talon relating to it, redemption shall be made only against the provisions of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note (other than a Registered Note represented by a Global Certificate) is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be.
- (vi) Default Interest on any Note (other than a Registered Note represented by a Global Certificate) shall only be payable against presentation (and surrender if appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be.

(g) **Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Definitive Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the Specified Office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 18 (*Prescription*)).

(h) **Non-Business Days**

If any day on which a payment is due in respect of any Note, Receipt or Coupon is not a Business Day, the holder shall not be entitled to payment until the next following Business Day, nor to any interest or other sum in respect of such postponed or adjusted date of payment.

11 Agents

(a) Appointment of Agents and Custodian

The Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents, the Custodian, the Disposal Agent and the Calculation Agent initially appointed by the Issuer and their respective Specified Offices are listed in the applicable Accessory Conditions. Subject to the provisions of the Agency Agreement and the Custody Agreement, the Issuing and Paying Agent, the Paying Agents, the Registrar, the Transfer Agents, the Custodian, the Disposal Agent and the Calculation Agent act solely as agents of the Issuer and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time with the approval of the Trustee (except that, subject to Conditions 11(b)(ii)(B) (*Calculation Agent Appointment, Termination and Replacement*) and 11(c)(ii)(B) (*Disposal Agent Appointment, Termination and Replacement*), the approval of the Trustee shall not be required for the appointment of a replacement Disposal Agent or Calculation Agent where Noteholders have directed the Issuer to appoint such replacement pursuant to this Condition 11) to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar, any Transfer Agent, the Custodian, the Disposal Agent or the Calculation Agent and to appoint additional or other Paying Agents, Transfer Agents, Custodian(s), Disposal Agent(s), Calculation Agent(s) or such other agents as may be required, provided that the Issuer shall, at all times, maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) a Disposal Agent, (v) a Calculation Agent, (vi) a Custodian and (vii) such other agents as may be required by any other stock exchange on which the Notes may be listed, in each case as approved by the Trustee (subject as provided above).

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Definitive Bearer Notes denominated in U.S. dollars in the circumstances described in Condition 10(d) (*Payments in the United States*).

To the extent practicable, the Issuer shall give at least 14 days' prior notice to the Noteholders of any future appointment, resignation or removal of an Agent or the Custodian or of any change by an Agent or the Custodian of its Specified Office in accordance with Condition 23 (*Notices*).

(b) Calculation Agent Appointment, Termination and Replacement

Subject to the automatic termination of the appointment of the Calculation Agent as a result of the occurrence of a Calculation Agent Bankruptcy Event, the Issuer shall procure that there shall, at all times, be a Calculation Agent for so long as any Note is outstanding. Without prejudice to Condition 9(a) (*Determination and Publication of Rates of Interest, Interest Amounts, any Final Redemption Amount, any Early Redemption Amount and any Instalment Amounts*), if (x) the Calculation Agent fails duly to establish the Rate of Interest for an Interest Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount or Early Redemption Amount or to make any other calculation or determination required of it under the Conditions or the Agency Agreement or any other Transaction Document, as the case may be, or fails to comply with any other material requirement under the Conditions, the Agency Agreement or any other Transaction Document and, in each case, such failure has not been remedied within a reasonable period or (y) a Calculation Agent Bankruptcy Event occurs, then:

- (i) the Issuer shall use reasonable endeavours (provided it has funds available for such purpose) (with the prior approval of the Trustee and, provided no Event of Default (as defined in the Swap Agreement for the Series) has occurred with respect to the Swap Counterparty in accordance with the terms of the Swap Agreement for the Series, the Swap Counterparty and, provided no Event of Default (as defined in the Repo Agreement for the Series) has occurred with respect to the Repo Counterparty in accordance with the terms of the Repo

Agreement for the Series, the Repo Counterparty and, provided no Event of Default (as defined in the SL Agreement for the Series) has occurred with respect to the SL Counterparty in accordance with the terms of the SL Agreement for the Series, the SL Counterparty) to appoint a leading bank or financial institution engaged in the interbank market or other appropriate market that is most closely connected with the calculation(s) and/or determination(s) to be made by the Calculation Agent (acting through its principal London office or any other office actively involved in such market) to act as such in its place, provided that the terms of such appointment are substantially the same as the terms on which the outgoing Calculation Agent is appointed; or

- (ii) if a Calculation Agent Bankruptcy Event has occurred, and if the Issuer has been directed by an Extraordinary Resolution that the Issuer appoint a replacement Calculation Agent, the Issuer shall, provided that (A) such replacement is a financial institution of international repute that satisfies the Trustee's "know your customer" requirements, (B) the terms of such appointment are substantially the same as the terms on which the outgoing Calculation Agent is appointed (and if any difference in such terms (in the opinion of the Trustee or any Agent or the Custodian (as applicable)) adversely affects the terms on which the Trustee or any other Agent or the Custodian is appointed, the prior written consent of each such affected party has also been obtained by the Issuer (such consent not to be unreasonably withheld or delayed)), and (C) the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any initial or ongoing costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement calculation agent (whether by one or more Noteholders, a Secured Creditor or any other third party), use reasonable endeavours (provided it has funds available for such purpose) to appoint the person nominated in such Extraordinary Resolution as calculation agent in respect of the Notes.

(c) **Disposal Agent Appointment, Termination and Replacement**

Subject to the automatic termination of the appointment of the Disposal Agent as a result of the occurrence of a Disposal Agent Bankruptcy Event, the Issuer shall procure that there shall, at all times, be a Disposal Agent for so long as any Note is outstanding. If (x) the Disposal Agent fails duly to establish any rate, amount or value required to be determined by it under the Conditions or the Agency Agreement or any other Transaction Document or to take the steps required of it under the Conditions or the Agency Agreement to Liquidate the Collateral, as the case may be, or fails to comply with any other material requirement under the Conditions, the Agency Agreement or any other Transaction Document and, in each case, such failure has not been remedied within a reasonable period or (y) a Disposal Agent Bankruptcy Event occurs, then:

- (i) the Issuer shall use reasonable endeavours (provided it has funds available for such purpose) (with the prior approval of the Trustee and, provided no Event of Default (as defined in the Swap Agreement for the Series) has occurred with respect to the Swap Counterparty in accordance with the terms of the Swap Agreement for the Series, the Swap Counterparty and, provided no Event of Default (as defined in the Repo Agreement for the Series) has occurred with respect to the Repo Counterparty in accordance with the terms of the Repo Agreement for the Series, the Repo Counterparty and, provided no Event of Default (as defined in the SL Agreement for the Series) has occurred with respect to the SL Counterparty in accordance with the terms of the SL Agreement for the Series, the SL Counterparty) to appoint a leading bank or financial institution engaged in the interbank market or other appropriate market to act as such in its place, provided that the terms of such appointment are substantially the same as the terms on which the outgoing Disposal Agent is appointed; or

- (ii) if a Disposal Agent Bankruptcy Event has occurred, and if the Issuer has been directed by an Extraordinary Resolution that the Issuer appoint a replacement Disposal Agent, the Issuer shall, provided that (A) such replacement is a financial institution of international repute that satisfies the Trustee's "know your customer" requirements, (B) the terms of such appointment are substantially the same as the terms on which the outgoing Disposal Agent is appointed (and if any difference in such terms (in the opinion of the Trustee or any Agent or the Custodian (as applicable)) adversely affects the terms on which the Trustee or any other Agent or the Custodian is appointed, the prior written consent of each such affected party has also been obtained by the Issuer (such consent not to be unreasonably withheld or delayed)), and (C) the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction for any initial or ongoing costs, charges, fees and/or expenses the Issuer may incur in connection with the appointment of a replacement disposal agent (whether by one or more Noteholders, a Secured Creditor or any other third party), use reasonable endeavours (provided it has funds available for such purpose) to appoint the person nominated in such Extraordinary Resolution as disposal agent in respect of the Notes.

(d) **Replacement of Custodian and/or Issuing and Paying Agent upon Failure to Satisfy Required Ratings**

If the Custodian or the Issuing and Paying Agent (each, a "**Rated Entity**") fails to maintain the Required Ratings or ceases to be rated by S&P or Moody's, Clause 34.3 (*Ratings*) of the Custody Agreement or Clause 18.6 (*Ratings*) of the Agency Agreement shall apply (as applicable) and the Rated Entity's appointment may be terminated at the election of the Issuer, the Swap Counterparty, the Repo Counterparty or the SL Counterparty and shall be terminated if the Issuer is so directed by the Noteholders acting by an Extraordinary Resolution (provided that, for this purpose, the Extraordinary Resolution must be passed by holders of 100 per cent. of the aggregate principal amount of the Notes then outstanding).

The Issuer shall use all reasonable endeavours to procure the replacement of the Rated Entity which will occur not earlier than the date falling 33 calendar days following the date on which (i) the Issuer, the Swap Counterparty, the Repo Counterparty or the SL Counterparty elected that the Rated Entity's appointment should be terminated or (ii) the Issuer was directed by the Noteholders acting by an Extraordinary Resolution (provided that, for this purpose, the Extraordinary Resolution must be passed by holders of 100 per cent. of the aggregate principal amount of the Notes then outstanding) to terminate the appointment of the Rated Entity provided that such replacement (A) is a financial institution of international repute, (B) has the Required Ratings and (C) is appointed on terms substantially similar to the terms on which the outgoing Rated Entity was appointed.

The termination of a Rated Entity's appointment pursuant to Clause 34.3 (*Ratings*) of the Custody Agreement or Clause 18.6 (*Ratings*) of the Agency Agreement shall not take effect:

- (i) until a replacement Rated Entity has been appointed; and
- (ii) if there would cease to be Rated Entity as required by the Conditions or by any relevant stock exchange as a result of such termination.

(e) **Replacement of Calculation Agent and Disposal Agent upon a Swap Counterparty Replacement**

If, following the termination of the Swap Agreement and entry into a new Swap Agreement with an alternative Programme Swap Counterparty in accordance with Condition 20 (*Replacement of Swap Counterparty*), the appointment of each of the Calculation Agent and the Disposal Agent has not been automatically terminated as a result of the occurrence of a Calculation Agent Bankruptcy Event or a Disposal Agent Bankruptcy Event (as applicable), such appointments shall, to the extent that

the entity performing such role is, or is an Affiliate of, the original Swap Counterparty, be terminated and the replacement Swap Counterparty (or, if such entity is not a Programme Calculation Agent or a Programme Disposal Agent, an affiliated Programme Calculation Agent and Programme Disposal Agent (as applicable)), shall be appointed as the new Calculation Agent and Disposal Agent.

12 Taxation

(a) Withholding or Deductions on Payments in respect of the Notes

Without prejudice to Condition 8(d) (*Redemption for Taxation Reasons*), all payments in respect of the Notes will be made subject to any withholding or deduction for, or on account of, any present or future taxes, duties or charges of whatsoever nature that the Issuer, the Trustee or any Agent is required by applicable law to make. In that event, the Issuer, the Trustee or such Agent shall make such payment after such withholding or deduction has been made and shall account to the relevant authorities for the amount(s) so required to be withheld or deducted. None of the Issuer, the Trustee or any Agent will be obliged to make any additional payments to Noteholders in respect of such withholding or deduction. For the purposes of this Condition 12(a), any withholding required by an Information Reporting Regime shall be deemed to be required by applicable law.

(b) Provision of Information

Each Noteholder, Couponholder and beneficial owner of Notes shall, within 10 London Business Days of the Issuer giving a request in accordance with Condition 23 (*Notices*) or receipt of a request from any agent acting on behalf of the Issuer, supply to the Issuer and/or any agent acting on behalf of the Issuer such forms, documentation and other information relating to such Noteholder's, Couponholder's or beneficial owner's status under any Applicable Law (including, without limitation, any Information Reporting Regime) or any agreement entered into by the Issuer pursuant thereto as the Issuer and/or any agent acting on behalf of the Issuer reasonably requests for the purposes of the Issuer's, SPIRE's or such agent's compliance with such law or agreement and such Noteholder, Couponholder or beneficial owner shall notify the Issuer and/or any agent acting on behalf of the Issuer (as applicable) reasonably promptly if it becomes aware that any of the forms, documentation or other information provided by such Noteholder, Couponholder or beneficial owner is (or becomes) inaccurate in any material respect; provided, however, that no Noteholder, Couponholder or beneficial owner shall be required to provide any forms, documentation or other information pursuant to this Condition 12(b) to the extent that:

- (i) any such form, documentation or other information (or the information required to be provided on such form or documentation) is not reasonably available to such Noteholder, Couponholder or beneficial owner and cannot be obtained by such Noteholder, Couponholder or beneficial owner using reasonable efforts; or
- (ii) doing so would or might in the reasonable opinion of such Noteholder, Couponholder or beneficial owner constitute a breach of any (A) Applicable Law, (B) fiduciary duty or (C) duty of confidentiality,

and, in each case, such Noteholder, Couponholder or beneficial owner promptly provides written notice to the Issuer and/or any agent acting on behalf of the Issuer (as applicable) stating that it is unable to comply with the Issuer's and/or such agent's request and the reason for such inability to comply.

The Issuer and its duly authorised agents and delegates may disclose the forms, documentation and other information provided to the Issuer and/or any agent acting on behalf of the Issuer (as applicable) pursuant to this Condition 12(b) to any taxation or other governmental authority.

For the purposes of this Condition 12(b), “**Applicable Law**” shall be deemed to include (A) any rule or practice of any Authority by which the Issuer or any agent on behalf of the Issuer is bound or with which it is accustomed to comply, (B) any agreement between any Authorities and (C) any agreement between any Authority and the Issuer or any agent on behalf of the Issuer that is customarily entered into by institutions of a similar nature.

(c) **U.S. Reference Notes**

Without prejudice to Condition 12(b) (*Provision of Information*), and in order to mitigate the risk of U.S. withholding tax applying with respect to payments to the Issuer in respect of the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement, each Noteholder, Couponholder and beneficial owner of U.S. Reference Notes shall supply the necessary tax documentation to the intermediary through which it receives payments on the Notes. Such intermediary may be the Issuer, Euroclear, Clearstream, Luxembourg, any other relevant clearing system and/or any agent acting on behalf of the Issuer or any intermediary through which a Note is held. Such necessary tax documentation includes a properly completed IRS Form W-9 or IRS Form W-8 or other documentation that will allow the relevant intermediary to confirm that if the Noteholder, Couponholder or beneficial owner had received payments in respect of such Collateral, Swap Agreement, Repo Agreement or SL Agreement directly, no deduction or withholding would be required for or on account of any U.S. withholding tax imposed under Sections 871 or 881 (other than Section 871(m)) or Section 3406 (relating to backup withholding), or any successor provisions, of the Code. Each such Noteholder, Couponholder or beneficial owner shall reasonably promptly (i) notify the applicable intermediary if it becomes aware that any of the forms, documentation or other information provided by such Noteholder, Couponholder or beneficial owner is (or becomes) inaccurate in any material respect and (ii) provide a replacement form or other documentation or information. Each intermediary (including Euroclear, Clearstream, Luxembourg, any other relevant clearing system or any agent acting on behalf of the Issuer) shall be entitled to share any information or documentation it receives from a Noteholder, Couponholder, beneficial owner of a U.S. Reference Note or other intermediary through which such person holds an interest in a U.S. Reference Note, with the Issuer or another intermediary in respect of such U.S. Reference Note, to the extent requested in connection with U.S. federal tax reporting, withholding or other compliance obligations.

U.S. Reference Notes may only be issued as Registered Notes. If a substitution or change in the composition of the Collateral for a Series occurs (whether pursuant to Condition 5(c) (*Substitution of Original Collateral*) or as a result of a delivery pursuant to the Swap Agreement, the Repo Agreement or the SL Agreement for the Series) in respect of a U.S. Reference Note, the Note will be treated as if newly issued for purposes of this Condition 12.

(d) **FATCA Amendments**

Each Noteholder, Couponholder and beneficial owner of the Notes further agrees and consents that, in respect of applicable Information Reporting Regimes, the Issuer may (i) comply with the terms of any intergovernmental agreement between the U.S. and another jurisdiction with respect to FATCA or any legislation implementing such an intergovernmental agreement, (ii) enter into an agreement with the U.S. Internal Revenue Service or (iii) comply with other legislation or agreements under an applicable Information Reporting Regime, in each case, in such form as may be required to avoid the imposition of withholding on payments made to the Issuer, or fines or penalties that would be suffered by the Issuer, under an applicable Information Reporting Regime.

In connection therewith, the Issuer may, without the consent of the Noteholders, the Couponholders or any beneficial owner of the Notes, make such amendments to the Conditions and/or the

Transaction Documents (except for the Programme Deed) as it determines necessary to enable the Issuer to enter into, or comply with the terms of, any such agreement or legislation (such amendments, the “**FATCA Amendments**”), provided that:

- (A) the FATCA Amendments are agreed to by each party to the affected Transaction Documents (in each case, such consent not to be unreasonably withheld or delayed) and the Trustee;
- (B) the FATCA Amendments do not require a special quorum resolution; and
- (C) the Issuer certifies in writing (such certificate, a “**FATCA Amendments Certificate**”) to the Trustee and each party to the affected Transaction Documents that the FATCA Amendments (I) are necessary to avoid the imposition of withholding on payments made to the Issuer, or fines or penalties that would be suffered by the Issuer, under an applicable Information Reporting Regime and (II) do not require a special quorum resolution.

The Trustee may rely, without further enquiry and without liability to any person for so doing, on a FATCA Amendments Certificate. Upon receipt of a FATCA Amendments Certificate, the Trustee shall agree to the FATCA Amendments without seeking the consent of the Noteholders, the Couponholders or any other party and concur with the Issuer (at the Issuer’s expense) in effecting the FATCA Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be required to agree to the FATCA Amendments if, in the opinion of the Trustee (acting reasonably), the FATCA Amendments would (x) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (y) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

13 Liquidation

(a) **Liquidation Event**

Upon the Issuer becoming aware of the occurrence of a Liquidation Event, it shall give a Liquidation Commencement Notice to the Disposal Agent (copied to each of the other Transaction Parties) as soon as is practicable.

Upon the Trustee becoming aware of the occurrence of a Liquidation Event, the Trustee may, and upon it being directed by an Extraordinary Resolution or in writing by the Swap Counterparty, the Repo Counterparty or the SL Counterparty (whichever shall be the first to so direct) that a Liquidation Event has occurred, the Trustee shall, give notice of the same to the Issuer. If the Issuer does not give a Liquidation Commencement Notice to the Disposal Agent (copied to each of the other Transaction Parties) within two Luxembourg Business Days following receipt of notice from the Trustee, the Trustee shall (provided that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction) give a Liquidation Commencement Notice to the Disposal Agent (copied to each of the other Transaction Parties) that a Liquidation Event has occurred as soon as is practicable.

If at the time a Liquidation Commencement Notice is given there is no Calculation Agent or Disposal Agent, then, if a replacement Calculation Agent or Disposal Agent (as applicable) is appointed pursuant to Condition 11 (*Agents*), such notice shall be provided to such replacement Calculation Agent or Disposal Agent (if any) upon its appointment as Calculation Agent or Disposal Agent (as applicable).

Neither the Disposal Agent nor the Trustee shall have any duty to monitor, enquire or satisfy itself as to whether a Liquidation Event has occurred. Prior to receipt by it of a Liquidation Commencement Notice, the Disposal Agent may assume that no Liquidation Event has occurred.

Prior to receipt by it of a Liquidation Commencement Notice or a direction from the Noteholders (acting by Extraordinary Resolution), the Swap Counterparty, the Repo Counterparty or the SL Counterparty, the Trustee may assume that no Liquidation Event has occurred. Subject to the Trust Deed, the Trustee shall have no obligation, responsibility or liability to any person for giving a Liquidation Commencement Notice in accordance with this Condition 13(a).

The Disposal Agent shall be entitled to rely on a Liquidation Commencement Notice without investigation of whether the relevant Liquidation Event has occurred.

The Trustee shall have no responsibility or liability for the performance or any failure or delay in the performance by the Disposal Agent of its obligations under the Agency Agreement or the Conditions or for the payment of any commissions or expenses charged by the Disposal Agent or for any failure by the Disposal Agent to account for the proceeds of any Liquidation of Collateral in accordance with the Agency Agreement and the Conditions, and the Trustee shall not incur any liability to any person in respect of any acts or omissions or exercise of discretion of the Disposal Agent, who shall not be regarded as acting as the agent of the Trustee in any circumstances.

Any Liquidation Commencement Notice given by the Issuer or the Trustee shall not be valid and the Disposal Agent shall not take any action in relation thereto if the Disposal Agent has already received (i) a Liquidation Commencement Notice in respect of the same or a prior Liquidation Event or (ii) an Enforcement Notice from the Trustee.

(b) **Liquidation Process**

Following receipt by it of a Liquidation Commencement Notice, the Disposal Agent shall, on behalf of the Issuer, so far as is practicable in the circumstances and to the extent that such Collateral is outstanding, effect an orderly Liquidation of the Collateral with a view to Liquidating all the Collateral within the Liquidation Period, and provided that the Disposal Agent shall have no liability if the Liquidation of all Collateral has not been effected by the expiry of the Liquidation Period. If the Collateral has not been Liquidated in full by the expiry of the Liquidation Period (as extended by any Disposal Agent Bankruptcy Event), the Disposal Agent shall sell the Collateral not then Liquidated, irrespective of the price obtainable and regardless of such price being close to or equal to zero.

If, owing to the occurrence of a Disposal Agent Bankruptcy Event, there is no Disposal Agent at the commencement of a Liquidation Period, or the Disposal Agent is the subject of a Disposal Agent Bankruptcy Event during a Liquidation Period and prior to the Liquidation having been completed, then that Liquidation Period shall not end on the date when it would, but for the effect of this provision, have ended and shall instead terminate on the date falling 10 Reference Business Days (where "Liquidation Period Cut-off" is specified as 10 Reference Business Days in the applicable Accessory Conditions) or 30 Reference Business Days (where "Liquidation Period Cut-off" is specified as 30 Reference Business Days in the applicable Accessory Conditions) following the appointment of a replacement Disposal Agent.

If a replacement Disposal Agent is appointed during a Liquidation Period then, on appointment, the Disposal Agent will seek to effect a Liquidation as provided in this Condition 13 and the Disposal Agent shall have no responsibility in respect of any period prior to its appointment.

The Disposal Agent may take such steps as it considers appropriate in order to effect such Liquidation, including, but not limited to, selecting the method of Liquidating any Collateral. The Disposal Agent must effect any Liquidation as soon as is reasonably practicable within the available timeframe and in a commercially reasonable manner, even where a larger amount could possibly be received in respect of such Collateral if any such Liquidation were to be delayed. Subject to such requirement, the Disposal Agent shall be entitled to effect any Liquidation by way of one or multiple transactions on a single or multiple day(s). The Disposal Agent shall not be liable to the Issuer, the

Trustee, the Swap Counterparty, the Repo Counterparty, the SL Counterparty, the Noteholders, the Couponholders, the Custodian, the other Agents, holders of Receipts or any other Secured Creditor merely because a larger amount could have been received had any such Liquidation been delayed or had the Disposal Agent selected a different method of Liquidating any such Collateral.

Notwithstanding the above, to the extent that any Liquidation consists of the sale of any Collateral, the Issuer and the Disposal Agent may agree that such sale will be made by the Issuer to the Disposal Agent and with the Disposal Agent then transacting with the relevant purchaser at the same price at which it purchased the Collateral from the Issuer. In such circumstance, the Disposal Agent would be acting on a strictly principal-to-principal basis and not as an agent of, or broker for, the Issuer. The Disposal Agent is under no obligation to agree to perform such a principal-to-principal role. If the Disposal Agent does agree to perform such a role, the Issuer may enter into such documentation as it, in good faith, determines appropriate in connection with such sale and may agree such terms as it, in good faith, deems appropriate in respect thereof, including (without limitation) as to the timing of settlement of the sale and as to the consequences of any disruption, but provided that it makes reasonable efforts to procure that any settlement would be made by no later than the 10th Reference Business Day (where "Liquidation Period Cut-off" is specified as 10 Reference Business Days in the applicable Accessory Conditions) or the 30th Reference Business Day (where "Liquidation Period Cut-off" is specified as 30 Reference Business Days in the applicable Accessory Conditions) following the relevant Early Redemption Trigger Date or the Maturity Date for that Series, as applicable. The Issuer shall have no liability to any Noteholder or other Secured Creditor in respect of any such agreement, action or determination.

In accordance with the terms of the Trust Deed and Condition 5(d) (*Disposal Agent's Right Following Liquidation Event*), following the occurrence of a Liquidation Event and a Liquidation Commencement Notice having been given, the Security shall be released without further action on the part of the Trustee to the extent necessary for the Disposal Agent to effect the Liquidation of the Collateral. Nothing in this Condition 13(b) or Condition 5(d) (*Disposal Agent's Right Following Liquidation Event*) will operate to release the charges and other security interests over the proceeds of the Liquidation of the Collateral.

Notwithstanding the obligations of the Disposal Agent pursuant to this Condition 13(b), the Disposal Agent shall not effect a Liquidation of any Collateral that is due to be redeemed or repaid, in whole or in part, on or before the third Reference Business Day prior to the Early Redemption Date (ignoring for this purpose the proviso to paragraph (ii) of the definition of "Early Redemption Date"), until the Original Collateral Call Early Payment Date has occurred in respect of that Original Collateral.

(c) **Proceeds of Liquidation**

The Disposal Agent shall not be liable:

- (i) to account for anything except actual proceeds of the Collateral received by it (after deduction of the Liquidation Expenses (if any) described in Condition 13(d) (*Liquidation Expenses*)) and which shall, upon receipt, automatically become subject to the Security created by the Trust Deed; or
- (ii) for any taxes, costs, charges, losses, damages, liabilities, fees, commissions or expenses arising from or connected with any Liquidation or from any act or omission in relation to the Collateral or otherwise unless such taxes, costs, charges, losses, damages, liabilities or expenses shall be caused by its own negligence, fraud or wilful default.

In addition, the Disposal Agent shall not be obliged to pay to the Issuer, any Transaction Party, any Noteholder or any Couponholder, interest on any proceeds from any Liquidation held by it at any time.

(d) **Liquidation Expenses**

The Issuer acknowledges that in effecting a Liquidation, Liquidation Expenses may be incurred. The Issuer agrees that any such Liquidation Expenses shall be borne by the Issuer and that the Disposal Agent shall only be required to remit the proceeds of such Liquidation net of such Liquidation Expenses. Where the Disposal Agent makes such net remittance to the Issuer but has itself received the relevant payment on a gross basis, the Disposal Agent agrees to apply the relevant amount retained by it in payment of such Liquidation Expenses.

(e) **Good Faith of Disposal Agent**

In effecting any Liquidation, the Disposal Agent shall act in good faith and, subject as provided above, in respect of any sale, early repayment, early redemption or agreed termination in respect of the Collateral, shall agree a price that it reasonably believes to be representative of, or better than, the price available in the market for the sale of such Collateral in the appropriate size at that time, taking into account the total amount of Collateral to be sold, repaid, redeemed or terminated.

(f) **Disposal Agent to Use Reasonable Care**

The Disposal Agent shall use reasonable care in the performance of its duties but shall not be responsible for any loss or damage suffered by any party as a result thereof, save that the Disposal Agent's liability to the Issuer shall not be so limited where the loss or damage results from the negligence, fraud or wilful default of the Disposal Agent.

(g) **No Relationship of Agency or Trust**

The Disposal Agent shall not have any obligations towards, or relationship of agency or trust with, any Noteholder, Couponholder or any other Transaction Party.

(h) **Consultations on Legal Matters**

The Disposal Agent may consult on any legal matter any reputable legal adviser of international standing selected by it, who may be an employee of the Disposal Agent or adviser to the Issuer, and it shall not be liable in respect of anything done or omitted to be done relating to that matter in good faith in accordance with that adviser's opinion.

(i) **Reliance on Documents**

The Disposal Agent shall not be liable in respect of anything done or suffered by it in reliance on a document it reasonably believed to be genuine and to have been signed by the proper parties or on information to which it should properly have regard and which it reasonably believed to be genuine and to have been originated by the proper parties.

(j) **Entry into Contracts and Other Transactions**

The Disposal Agent may enter into any contracts or any other transactions or arrangements with any of the Issuer, any other Transaction Party, any Noteholder, any Couponholder or any Original Collateral Obligor, or any Affiliate of any of them (whether in relation to the Notes, the Collateral, the Security or any other transaction or obligation whatsoever), and may hold or deal in or be a party to the assets, obligations or agreements of which the relevant Collateral forms a part and other assets, obligations or agreements of any Original Collateral Obligor in respect of the Collateral. The Disposal Agent shall not be required to disclose any such contract, transaction or arrangement to any Noteholder, any Couponholder or other Transaction Party and shall be in no way accountable

to the Issuer or (save as otherwise provided in the Agency Agreement and the Conditions) to any Noteholder, any Couponholder or any other Transaction Party for any profits or benefits arising from any such contract(s), transaction(s) or arrangement(s).

(k) **Illegality**

The Disposal Agent shall not be liable to effect a Liquidation of any of the Collateral if it determines, in its sole and absolute discretion, that (i) any such Liquidation of some or all of the Collateral in accordance with this Condition 13 (A) would or might require or result in a violation by the Disposal Agent of any applicable law or regulation in any jurisdiction, including any insolvency prohibition or moratorium on the disposal of assets or (B) would or might require or result in any Affiliate of the Disposal Agent being in violation of any applicable law or regulation or (ii) for any other reason it is not possible for it to dispose of the Collateral (even at zero), and the Disposal Agent notifies the Issuer and the Trustee of the same.

(l) **Sales to Itself and Affiliates**

In effecting any Liquidation, the Disposal Agent may sell any Collateral to itself, to any of its Affiliates, to any Affiliates of the Swap Counterparty or the Swap Guarantor, to any Affiliates of the Repo Counterparty or to any Affiliates of the SL Counterparty, provided that (i) the Disposal Agent sells at a price that it reasonably believes to be a fair market price, (ii) following a Swap Counterparty Bankruptcy Event, the Disposal Agent shall not sell to the Swap Counterparty or any Affiliate of the Swap Counterparty, (iii) following a Repo Counterparty Bankruptcy Event, the Disposal Agent shall not sell to the Repo Counterparty or any Affiliate of the Repo Counterparty and (iv) following an SL Counterparty Bankruptcy Event, the Disposal Agent shall not sell to the SL Counterparty or any Affiliate of the SL Counterparty. A sale price shall be deemed to be a fair market price if two major market makers in the applicable market have either refused to buy the relevant assets or offered to buy them at a price equal to or less than such sale price.

(m) **Notification of Enforcement Event**

Upon the Trustee giving an Enforcement Notice to the Disposal Agent following the occurrence of an Enforcement Event, the Disposal Agent shall cease to effect any further Liquidation of any Collateral and shall take no further action to Liquidate any Collateral, save that any transaction entered into in connection with the Liquidation on or prior to the date any such Enforcement Notice was given shall be settled and the Disposal Agent shall take any steps and actions necessary to settle such transaction and/or that are incidental thereto.

(n) **Transfer of Collateral**

Subject to Condition 13(l) (*Sales to Itself and Affiliates*), in effecting any Liquidation, the Disposal Agent may sell any Collateral to itself or to any of its Affiliates, provided that the price for such Collateral is paid to the Custodian or to the order of the Issuer. The Disposal Agent shall not have the right to transfer the Collateral to itself or to any of its Affiliates other than in connection with a sale thereof to itself or one of its Affiliates, as applicable, and provided that such sale is executed on a delivery versus payment basis.

Notwithstanding the immediately preceding paragraph, if the Disposal Agent has reasonable grounds to believe that a Custodian Bankruptcy Event has occurred and it has not received contrary orders from the Issuer it shall make arrangements for any such price for the Collateral to instead be paid to the Issuing and Paying Agent, provided that, if it has reasonable grounds to believe that an Issuing and Paying Agent Bankruptcy Event has also occurred, it shall remit such net proceeds of the Liquidation in accordance with the Issuer's instructions and subject to the Security created by the Trust Deed.

14 Enforcement of Security

(a) Trustee to Enforce Security

At any time after the Trustee becomes aware of the occurrence of an Enforcement Event, it may, and (i) if so requested in writing by holders of at least 20 per cent. of the aggregate principal amount of the Notes then outstanding, (ii) if so directed by an Extraordinary Resolution, (iii) if so directed in writing by the Swap Counterparty, (iv) if so directed in writing by the Repo Counterparty or (v) if so directed in writing by the SL Counterparty (whichever shall be the first to so request or direct, as the case may be), shall (provided in each case that the Trustee shall have been indemnified and/or secured and/or pre-funded to its satisfaction and provided that the Trustee has given an Enforcement Notice to the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and any Disposal Agent appointed at that time), enforce the Security constituted by the Trust Deed and/or any other Security Documents (if applicable).

(b) Enforcement Notice

Prior to taking any steps to enforce the Security, the Trustee shall notify (such notice being an “**Enforcement Notice**”) the Issuer, the Custodian, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and any Disposal Agent appointed at that time that (i) the Trustee intends to enforce the Security constituted by the Trust Deed and/or any other Security Documents (if applicable) and (ii) the Disposal Agent is to cease to effect any further Liquidation of the Collateral (if such Liquidation is taking place), save that any transaction entered into in connection with the Liquidation on or prior to the date such Enforcement Notice was given shall be settled and the Disposal Agent shall take any steps and actions necessary to settle such transaction and/or that are incidental thereto.

(c) Enforcement of Security

In order to enforce the Security, the Trustee may:

- (i) sell, call in, collect and convert the Mortgaged Property into money in such manner and on such terms as it shall think fit, and the Trustee may, at its discretion, take possession of all or part of the Mortgaged Property over which the Security shall have become enforceable;
- (ii) take such action, step or proceeding against any Collateral Obligor as it deems appropriate but without any liability to the Noteholders or Couponholders or any other Secured Creditor as to the consequence of such action, step or proceeding; and
- (iii) take any such other action or step or enter into any such other proceedings as it deems appropriate (including, without limitation, taking possession of all or any of the Mortgaged Property and/or appointing a receiver) as are permitted under the terms of the Trust Deed and/or any other Security Documents (if applicable).

The Trustee shall not be required to take any action, step or proceeding in relation to the enforcement of the Security without first being indemnified and/or secured and/or pre-funded to its satisfaction. When taking any action, step or proceeding in relation to the enforcement of the Security, the Trustee shall be entitled to do so without having regard to the effect of such action, step or proceeding on individual Noteholders or Couponholders or any other Secured Creditor.

15 Application of Available Proceeds

(a) Application of Available Proceeds of Liquidation

The Issuer shall, on each Issuer Application Date, apply the Available Proceeds as they stand on each such date as follows:

- (i) first, *pari passu*, in payment of:
 - (A) where immediately prior to the associated termination of the Swap Agreement, the Swap Counterparty's Credit Support Balance (VM) (if any, in its capacity as Transferor under the Credit Support Annex) was greater than zero, an amount (as determined by the party responsible for determining such amounts under the Swap Agreement and such amount being a "**CSB Return Amount**") equal to the lesser of (I) the Available Proceeds, (II) the value of the Swap Counterparty's Credit Support Balance (VM) that was used in determining the Early Termination Amount (as defined in the Swap Agreement) payable under the Swap Agreement and (III) the value of the amounts owing to the Swap Counterparty under the Swap Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value referred to in (III) above the value referred to in (II) above, if any, the "**Remaining Swap Counterparty Claim Amount**") to the Swap Counterparty;
 - (B) where immediately prior to the associated termination of the Repo Agreement, the Net Margin (as defined in the Repo Agreement) provided to the Issuer (if any) was greater than zero, an amount (as determined by the party responsible for determining such amounts under the Repo Agreement and such amount being a "**Net Margin Return Amount**") equal to the lesser of (I) the Available Proceeds, (II) the Default Market Values of the Equivalent Margin Securities and Cash Margin (as each such term is defined in the Repo Agreement) (including the amount of interest accrued) forming such Net Margin provided to the Issuer and (III) the value of the amounts owing to the Repo Counterparty under the Repo Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value referred to in (III) above the value referred to in (II) above, if any, the "**Remaining Repo Counterparty Claim Amount**") to the Repo Counterparty; and
 - (C) where immediately prior to the associated termination (if applicable) of the SL Agreement, the amount by which the Market Value of the Collateral (for which purpose the Collateral Valuation Percentage shall be 100 per cent.) (each as defined in the SL Agreement) provided by the SL Counterparty exceeded the Market Value of Securities equivalent to the Loaned Securities (each as defined in the SL Agreement) (the "**SL Net Margin**") was greater than zero, an amount (as determined by the SL Counterparty or, if the SL Counterparty is the Defaulting Party (as defined in the SL Agreement), the Issuer and such amount being a "**SL Net Margin Return Amount**") equal to the lesser of (I) the Available Proceeds, (II) the Default Market Values of the securities forming such SL Net Margin provided to the Issuer and (III) the value of the amounts owing to the SL Counterparty under the SL Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value referred to in (III) above over the value referred to in (II) above, if any, the "**Remaining SL Counterparty Claim Amount**") to the SL Counterparty;
- (ii) secondly, in payment or satisfaction of, or reserving for, the Issuer's share of any present or future taxes owing or expected to be owing by SPIRE;

MASTER CONDITIONS

- (iii) thirdly, in payment or satisfaction of the fees, costs, charges, expenses and liabilities (if any) incurred by the Trustee under the Trust Deed and the other Transaction Documents (including, but not limited to, any taxes required to be paid and the Trustee's remuneration);
- (iv) fourthly, *pari passu*, in payment of (A) any amounts owing to the Custodian for reimbursement in respect of payments properly made by it in accordance with the terms of the Custody Agreement relating to sums receivable on or in respect of the relevant Collateral, (B) any amounts owing to the Issuing and Paying Agent for reimbursement in respect of payments properly made by it in accordance with the terms of the Agency Agreement to any person in discharge of a Secured Payment Obligation and (C) any fees, costs, charges, expenses and liabilities then due and payable to the Agents under the Agency Agreement and to the Custodian under the Custody Agreement;
- (v) fifthly, in payment or satisfaction of the Disposal Agent Fees;
- (vi) sixthly, *pari passu*, in payment of:
 - (A) any amounts owing to the Swap Counterparty under the Swap Agreement (which, to the extent that a CSB Return Amount has been paid to the Swap Counterparty in accordance with Condition 15(a)(i), shall be limited to the Remaining Swap Counterparty Claim Amount);
 - (B) any amounts owing to the Repo Counterparty under the Repo Agreement (which, to the extent that a Net Margin Return Amount has been paid to the Repo Counterparty in accordance with Condition 15(a)(i), shall be limited to the Remaining Repo Counterparty Claim Amount); and
 - (C) any amounts owing to the SL Counterparty under the SL Agreement (which, to the extent that an SL Net Margin Return Amount has been paid to the SL Counterparty in accordance with Condition 15(a)(i), shall be limited to the Remaining SL Counterparty Claim Amount);
- (vii) seventhly, in payment of (A) any Early Redemption Amount then due and payable, (B) any Final Redemption Amount then due and payable and/or (C) any interest or Instalment Amount that became due and payable on the Maturity Date and that remains due and payable, as applicable, and, in each case, any interest accrued thereon (which, for the avoidance of doubt, shall include Default Interest) to the Noteholders; and
- (viii) eighthly, in payment rateably of the Residual Amount to the Noteholders,

save that no such application shall be made at any time following an Enforcement Notice having been given by the Trustee following the occurrence of an Enforcement Event.

Any Secured Creditor that has a claim in respect of more than one Secured Payment Obligation may rank differently in respect of each Secured Payment Obligation.

If, following the Initial Issuer Application Date, the Issuer receives any sum from the Mortgaged Property, the Issuer shall send a notice to the Trustee, the Issuing and Paying Agent, the Disposal Agent (where there is one), the Swap Counterparty, the Repo Counterparty and the SL Counterparty of the same as soon as is practicable upon receiving any such sum.

(b) **Application of Available Proceeds of Enforcement of Security**

Subject to and in accordance with the terms of the Security Documents, with effect from the date on which any Enforcement Notice is given by the Trustee following the occurrence of an Enforcement Event, the Trustee will hold the Available Proceeds received by it under the Trust Deed on trust to apply them as they stand on each Trustee Application Date as follows:

- (i) first, *pari passu*, in payment of:
 - (A) where immediately prior to the associated termination of the Swap Agreement, the Swap Counterparty's Credit Support Balance (VM) (if any, in its capacity as Transferor under the Credit Support Annex) was greater than zero, an amount (as determined by the Swap Counterparty or the party responsible for determining such amounts under the Swap Agreement and such amount being a "**CSB Return Amount**") equal to the lesser of (I) the Available Proceeds, (II) the value of the Swap Counterparty's Credit Support Balance (VM) that was used in determining the Early Termination Amount (as defined in the Swap Agreement) payable under the Swap Agreement and (III) the value of the amounts owing to the Swap Counterparty under the Swap Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value referred to in (III) above the value referred to in (II) above, if any, the "**Remaining Swap Counterparty Claim Amount**") to the Swap Counterparty;
 - (B) where immediately prior to the associated termination of the Repo Agreement, the Net Margin (as defined in the Repo Agreement) provided to the Issuer (if any) was greater than zero, an amount (as determined by the party responsible for determining such amounts under the Repo Agreement and such amount being a "**Net Margin Return Amount**") equal to the lesser of (I) the Available Proceeds, (II) the Default Market Values of the Equivalent Margin Securities and Cash Margin (as each such term is defined in the Repo Agreement) (including the amount of interest accrued) forming such Net Margin provided to the Issuer and (III) the value of the amounts owing to the Repo Counterparty under the Repo Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value referred to in (III) above the value referred to in (II) above, if any, the "**Remaining Repo Counterparty Claim Amount**") to the Repo Counterparty; and
 - (C) where immediately prior to the associated termination (if applicable) of the SL Agreement, the amount by which the Market Value of the Collateral (for which purpose the Collateral Valuation Percentage shall be 100 per cent.) (each as defined in the SL Agreement) provided by the SL Counterparty exceeded the Market Value of Securities equivalent to the Loaned Securities (each as defined in the SL Agreement) (the "**SL Net Margin**") was greater than zero, an amount (as determined by the SL Counterparty or, if the SL Counterparty is the Defaulting Party (as defined in the SL Agreement), the Issuer and such amount being a "**SL Net Margin Return Amount**") equal to the lesser of (I) the Available Proceeds, (II) the Default Market Values of the securities forming such SL Net Margin provided to the Issuer and (III) the value of the amounts owing to the SL Counterparty under the SL Agreement, if any, which shall be deemed to be zero if no such amounts are owing (the excess of the value referred to in (III) above over the value referred to in (II) above, if any, the "**Remaining SL Counterparty Claim Amount**") to the SL Counterparty;
- (ii) secondly, in payment or satisfaction of, or reserving for, the Issuer's share of any present or future taxes owing or expected to be owing by SPIRE;
- (iii) thirdly, in payment or satisfaction of the fees, costs, charges, expenses and liabilities (if any) incurred by the Trustee or any receiver in preparing and executing the trusts under the Trust Deed and carrying out its functions under the Trust Deed and the other Transaction Documents (including, but not limited to, any taxes required to be paid, the cost of realising any Security and the Trustee's remuneration);

MASTER CONDITIONS

- (iv) fourthly, *pari passu*, in payment of (A) any amounts owing to the Custodian for reimbursement in respect of payments properly made by it in accordance with the terms of the Custody Agreement relating to sums receivable on or in respect of the relevant Collateral, (B) any amounts owing to the Issuing and Paying Agent for reimbursement in respect of payments properly made by it in accordance with the terms of the Agency Agreement to any person in discharge of a Secured Payment Obligation and (C) any fees, costs, charges, expenses and liabilities then due and payable to the Agents under the Agency Agreement and to the Custodian under the Custody Agreement;
- (v) fifthly, in payment or satisfaction of any Disposal Agent Fees incurred in respect of any Liquidation prior to such Trustee Application Date and which have not already been paid to the Disposal Agent pursuant to Condition 15(a) (*Application of Available Proceeds of Liquidation*);
- (vi) sixthly, *pari passu*, in payment of:
 - (A) any amounts owing to the Swap Counterparty under the Swap Agreement (which, to the extent that a CSB Return Amount has been paid to the Swap Counterparty in accordance with Condition 15(b)(i), shall be limited to the Remaining Swap Counterparty Claim Amount);
 - (B) any amounts owing to the Repo Counterparty under the Repo Agreement (which, to the extent that a Net Margin Return Amount has been paid to the Repo Counterparty in accordance with Condition 15(b)(i), shall be limited to the Remaining Repo Counterparty Claim Amount); and
 - (C) any amounts owing to the SL Counterparty under the SL Agreement (which, to the extent that an SL Net Margin Return Amount has been paid to the SL Counterparty in accordance with Condition 15(b)(i), shall be limited to the Remaining SL Counterparty Claim Amount);
- (vii) seventhly, in payment of (A) any Early Redemption Amount then due and payable, (B) any Final Redemption Amount then due and payable and/or (C) any interest or Instalment Amount that became due and payable on the Maturity Date and that remains due and payable, as applicable, and, in each case, any interest accrued thereon (which, for the avoidance of doubt, shall include Default Interest) to the Noteholders; and
- (viii) eighthly, in payment rateably of the Residual Amount to the Noteholders.

Any Secured Creditor that has a claim in respect of more than one Secured Payment Obligation may rank differently in respect of each Secured Payment Obligation.

If the amount of moneys available to the Trustee for payment in respect of the Notes under this Condition 15(b) at any time following the Trustee giving an Enforcement Notice in accordance with the Conditions, other than where the Mortgaged Property has been exhausted, amount to less than 10 per cent. of the aggregate principal amount of the Notes then outstanding, the Trustee shall not be obliged to make any payments under this Condition 15(b) and, if it does not make any such payments, it may, at its discretion, place and retain such amounts on deposit as provided in Condition 15(c) (*Deposits*) and accumulate the resulting income and shall retain the deposits and accumulations until (A) such deposits and accumulations, together with any other funds for the time being under the Trustee's control and available for such payment (including funds resulting from the enforcement of the Security), amount to at least 10 per cent. of the aggregate principal amount of the Notes then outstanding or (B) the Mortgaged Property is exhausted and then, in each case, such amounts, accumulations and funds (after deduction of, or provision for, any applicable taxes and Negative Interest) shall be applied as specified in this Condition 15(b).

(c) **Deposits**

Moneys held by the Trustee may, at its discretion, be deposited in its name in an account bearing a market rate of interest (and, for the avoidance of doubt, the Trustee shall not be required to obtain best rates, be responsible for any loss occasioned by such deposit (subject to the provisions of the Trust Deed) or exercise any other form of investment discretion with respect to such deposits) in the name or under the control of the Trustee at such bank or other financial institution and in such currency as the Trustee may, acting in good faith and in a commercially reasonable manner, think fit in light of the claims under Condition 15(b) (*Application of Available Proceeds of Enforcement of Security*) and not for the purposes of generating income. If such moneys are placed on deposit with a bank or financial institution which is a subsidiary, holding company, affiliate or associated company of the Trustee, it need only account for an amount of interest equal to the standard amount of interest payable by it on such a deposit to an independent customer. The Trustee may at any time convert any moneys so deposited into any other currency and will not be responsible for any resulting loss whether due to depreciation in value, fluctuations in exchange rates or otherwise (subject to the provisions of the Trust Deed). The parties acknowledge and agree that, if the interest rate in respect of certain currencies is a negative value, the application thereof would result in amounts being debited from funds held by such bank or financial institution.

(d) **Insufficient Proceeds**

If, following a Liquidation Event or an Enforcement Event, the available cash sums pursuant to Conditions 15(a) (*Application of Available Proceeds of Liquidation*) or 15(b) (*Application of Available Proceeds of Enforcement of Security*) are insufficient for the Noteholders to receive payment in full of (i) any Early Redemption Amount that has become due and payable, (ii) any Final Redemption Amount that has become due and payable and/or (iii) any interest or Instalment Amount that has become due and payable on the Maturity Date, as applicable, and, in each case, any interest accrued thereon, the Noteholders will receive an amount which is less than any such amount, and the provisions of Condition 17 (*Limited Recourse and Non-Petition*) will apply.

(e) **Foreign Exchange Conversion**

To the extent that any proceeds payable to any party pursuant to this Condition 15 are not denominated in the relevant currency of such Secured Payment Obligation (the "**Payment Currency**"), then the minimum amount of such proceeds that are required to be converted into the Payment Currency in order to meet such Secured Payment Obligation shall be converted into the Payment Currency at such rate or rates, in accordance with such method and as at such date as may be reasonably specified by the Disposal Agent (prior to the Trustee enforcing the Security pursuant to the Security Documents and as described in Condition 14 (*Enforcement of Security*)) or the Trustee (following the Trustee enforcing the Security pursuant to the Security Documents and as described in Condition 14 (*Enforcement of Security*)), but having regard to current rates of exchange, if available. Any rate, method and date so specified shall be binding on the Issuer, the Noteholders, the Couponholders, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and the Custodian.

(f) **Swap Counterparty, Repo Counterparty or SL Counterparty Failure to Pay after Maturity**

If, on or after the day falling five Reference Business Days after the Maturity Date of the Notes (such fifth Reference Business Day, the "**Maturity Cut-off Date**"):

- (i) there are amounts that have become payable under the Swap Agreement by the Swap Counterparty, the Repo Agreement by the Repo Counterparty or the SL Agreement by the SL Counterparty and which, in either case, remain unpaid as at the Maturity Cut-off Date or there are obligations that were required to be settled by delivery from the Swap Counterparty,

the Repo Counterparty or the SL Counterparty, as applicable, to the Issuer on or prior to the Maturity Date and which have not been so settled as at the Maturity Cut-off Date;

- (ii) no Early Termination Date has already been designated, deemed to be designated or occurred under the Swap Agreement, the Repo Agreement or the SL Agreement; and
- (iii) no Early Redemption Trigger Date or Early Redemption Date has occurred under any other Condition,

then the Issuer shall, as soon as is practicable after becoming aware of the same, notify the Noteholders in accordance with Condition 23 (*Notices*) and the Trustee in writing of the same. Following such notice being given by the Issuer, the Issuer shall, if so directed by an Extraordinary Resolution, exercise its right to designate an Early Termination Date in respect of all outstanding Swap Transactions under the Swap Agreement, all outstanding Repo Transactions under the Repo Agreement or all outstanding SL Transactions under the SL Agreement.

16 Enforcement of Rights or Security

(a) Notes

Subject always to the terms of the Trust Deed, only the Trustee may pursue the remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons, and no Noteholder or Couponholder is entitled to proceed directly against the Issuer unless the Trustee, having become bound to proceed in accordance with the terms of the Trust Deed, fails to do so within a reasonable period and such failure is continuing. In respect of any failure by the Issuer to make payment of the Final Redemption Amount and/or any interest or Instalment Amount that became due and payable on the Maturity Date, the Trustee may not pursue any remedies against the Issuer for any breach by the Issuer of the terms of the Trust Deed, the Notes or the Coupons until after the Relevant Payment Date and the Trustee shall have no liability to any person for any loss which may arise from such delay.

(b) Security

Only the Trustee may enforce the Security over the Mortgaged Property in accordance with, and subject to the terms of, the Trust Deed.

(c) Indemnity, Security and/or Pre-funding

The Trustee shall in no circumstances be obliged to take any action, step or proceeding whether pursuant to the Trust Deed, any other Security Document or otherwise without first being indemnified and/or secured and/or pre-funded to its satisfaction.

17 Limited Recourse and Non-Petition

(a) General Limited Recourse

The Transaction Parties, the Noteholders and the Couponholders expressly acknowledge and accept that the Issuer is subject to the Securitisation Act 2004 and will create Compartments in respect of each Series to which all relevant assets, rights, claims and agreements (including the relevant Notes) will be allocated.

The obligations of the Issuer to pay any amounts due and payable in respect of a Series and to the other Transaction Parties at any time in respect of a Series shall be limited to the proceeds available out of the Mortgaged Property in respect of such Series at such time to make such payments in accordance with Condition 15 (*Application of Available Proceeds*). Notwithstanding anything to the contrary contained herein, or in any Transaction Document, in respect of a Series, the Transaction

Parties, the Noteholders and the Couponholders shall have recourse only to the Mortgaged Property in respect of the Series, subject always to the Security, and not to any other general assets of SPIRE or to any other assets of SPIRE acting in respect of other Compartments. If, after (i) the Mortgaged Property in respect of the Series is exhausted (whether following Liquidation or enforcement of the Security or otherwise) and (ii) application of the Available Proceeds as provided in Condition 15 (*Application of Available Proceeds*), any outstanding claim, debt or liability against the Issuer in relation to the Notes of the Series or the Transaction Documents relating to the Series remains unpaid, then such outstanding claim, debt or liability, as the case may be, shall be extinguished and no debt shall be owed by the Issuer in respect thereof. Following extinguishment in accordance with this Condition 17(a), none of the Transaction Parties, the Noteholders, the Couponholders or any other person acting on behalf of any of them shall be entitled to take any further steps against the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors to recover any further sum in respect of the extinguished claim, debt or liability and no debt shall be owed to any such persons by the Issuer or any of its officers, shareholders, members, incorporators, corporate service providers or directors in respect of such further sum in respect of the Series.

(b) **Non-Petition**

None of the Transaction Parties, the Noteholders, the Couponholders or any other person acting on behalf of any of them may, at any time, institute, or join with any other person in bringing, instituting or joining, insolvency, administration, bankruptcy, winding-up or any other similar proceedings (whether court-based or otherwise) in relation to the Issuer, SPIRE or any of its officers, shareholders, members, incorporators, corporate service providers or directors or any of its assets, and none of them shall have any claim arising with respect to the assets and/or property attributable to any other Obligations issued or entered into by the Issuer or SPIRE (save for any further notes which form a single series with the Notes) or any other assets of the Issuer or SPIRE.

Notwithstanding the provisions of the foregoing, the Trustee may lodge a claim in the liquidation of SPIRE which is initiated by another party or take proceedings to obtain a declaration or judgment as to the obligations of the Issuer.

(c) **Shortfall After Application of Proceeds**

In addition, no Noteholders or Couponholders or any other person acting on behalf of them may start proceedings against the Issuer which are based on article 470-21 of the Companies Act 1915.

(d) **Survival**

The provisions of this Condition 17 shall survive notwithstanding any redemption of the Notes of any Series or the termination or expiration of any Transaction Document in respect of any Series.

18 Prescription

Claims against the Issuer for payment in respect of the Notes (whether in definitive or global form), Receipts and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

19 Meetings of Noteholders, Modification, Waiver and Substitution

(a) **Meetings of Noteholders**

(i) **Convening meetings**

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of the Conditions or any provisions of the Trust Deed or any other Transaction Document and to give any authority, direction or sanction required by, *inter alia*, Conditions 5 (*Security*), 6 (*Restrictions*), 8 (*Redemption and Purchase*), 11 (*Agents*) or 14 (*Enforcement of Security*) to be given by Extraordinary Resolution. Such a meeting (A) may be convened by the Issuer or the Trustee, (B) shall be convened by the Issuer in the circumstances specified in Conditions 8(g) (*Redemption for Swap Counterparty Bankruptcy Event*), 8(i) (*Redemption for Repo Counterparty Bankruptcy Event*) or 8(k) (*Redemption for SL Counterparty Bankruptcy Event*) and (C) shall be convened by the Trustee if it receives a written request from Noteholders holding at least 10 per cent. of the aggregate principal amount of the Notes then outstanding and is indemnified and/or secured and/or pre-funded to its satisfaction against all costs and expenses.

(ii) **Quorum**

The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in principal amount of the Notes then outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the principal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (A) to amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes, (B) to reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes, (C) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (D) to vary any method of, or basis for, calculating the Final Redemption Amount or the Early Redemption Amount, (E) to vary the currency or currencies of payment or the currency or currencies of the denomination of the Notes, (F) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, (G) to modify Condition 5 (*Security*) or to hold an Extraordinary Resolution for purposes of Condition 5(b) (*Issuer's Rights as Beneficial Owner of Collateral*), (H) to modify Conditions 15 (*Application of Available Proceeds*) and 17 (*Limited Recourse and Non-Petition*), (I) to modify Conditions 8(b) (*Redemption by Instalments*) to (p) (*Redemption Following the Occurrence of an Event of Default*) or (J) to modify the scenarios listed in (A) to (I) above, in which case the necessary quorum shall be two or more persons holding or representing at least 75 per cent. or, at any adjourned meeting, at least 25 per cent. of the aggregate principal amount of the Notes then outstanding in accordance with the Trust Deed. In circumstances in which there is only one Noteholder in respect of all the Notes then outstanding, the quorum for all purposes shall be one.

The holder of a Global Note or Global Certificate shall (unless such Global Note or Global Certificate represents only one Note) be treated as two persons for the purposes of any quorum requirements of a meeting of Noteholders.

(iii) **Voting**

On a show of hands, every person who is present in person and who produces a Bearer Note, a Certificate of which he is the registered holder or a voting certificate or is a proxy or representative has one vote. On a poll, every such person has one vote in respect of each integral currency unit of the Specified Currency of such Series so produced or represented by the voting certificate so produced or for which he is a proxy or representative.

(iv) **Extraordinary Resolutions**

Any Extraordinary Resolution duly passed shall be binding on all Noteholders (whether or not they were present at, or participated in, the meeting at which such resolution was passed) and on the holders of Coupons, Receipts and Talons.

The Trust Deed provides that (A) a resolution in writing signed by or on behalf of the holders of at least 75 per cent. of the aggregate principal amount of the Notes then outstanding or (B) where the Notes are held by or on behalf of a clearing system or clearing systems, approval of a resolution proposed by the Issuer or the Trustee (as the case may be) given by way of electronic consents communicated through the electronic communications systems of the relevant clearing system(s) in accordance with their operating rules and procedures by or on behalf of the holders of at least 75 per cent. of the aggregate principal amount of the Notes then outstanding shall, in each case for all purposes (including matters that would otherwise require an Extraordinary Resolution to be passed at a meeting for which the special quorum was satisfied), be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. A written resolution referred to in (A) may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders. A written resolution and/or electronic consent referred to in (A) and (B) will be binding on all Noteholders and holders of Coupons, Talons and Receipts whether or not they participated in such written resolution or electronic consent.

Where electronic consents are not being sought, for the purpose of determining whether a written resolution has been validly passed, the Issuer and the Trustee shall be entitled to rely on consent or instructions given in writing directly to the Issuer and/or the Trustee, as the case may be, (I) by accountholders in the clearing system(s) with entitlements relating to the relevant Global Note or Global Certificate and/or (II) where the accountholders hold any such entitlement on behalf of another person, on written consent from or written instruction by the person identified by that accountholder as the person for whom such entitlement is held. For the purpose of establishing the entitlement to give any such consent or instruction, the Issuer and the Trustee shall be entitled to rely on any certificate or other document issued by, in the case of (I) above, Euroclear or Clearstream, Luxembourg and, in the case of (II) above, the relevant clearing system and the accountholder identified by the relevant clearing system. Any resolution passed in such manner shall be binding on all Noteholders and Couponholders even if the relevant consent or instruction proves to be defective. Any such certificate or other document shall be conclusive and binding for all purposes. Any such certificate or other document may comprise any form of statement or print out of electronic records provided by the relevant clearing system (including Euroclear's EUCLID or Clearstream, Luxembourg's CreationOnline system) in accordance with its usual procedures and in which the accountholder of a particular principal amount of the Notes is clearly identified together with the amount of such holding. Neither the Issuer nor the Trustee shall be liable to any person by reason of having accepted as valid or not having rejected any certificate or other document to such effect purporting to be issued by any such person and subsequently found to be forged or not authentic.

(v) **Single meeting for more than one Series**

The Trust Deed contains provisions for convening a single meeting of the holders of the Notes of separate Series in certain circumstances where the Trustee so decides.

(vi) **Luxembourg law issues**

The provisions relating to meetings of noteholders contained in articles 470-1 to 470-19 of the Companies Act 1915 will not apply in respect of the Notes.

For the purposes of this Condition 19(a):

- (A) references to a meeting are to a meeting of Noteholders and Couponholders of a single Series; and
- (B) references to “Notes” and “Noteholders” are only to the Notes of the Series in respect of which a meeting has been, or is to be, called, and to the holders of such Notes, respectively.

(b) **Modification and Waiver of the Conditions and/or any Transaction Document**

The Trustee may, without the consent of the Noteholders or the Couponholders:

- (i) agree to any modification to the Conditions, the Trust Deed or any other Transaction Document that is, in the opinion of the Trustee, of a formal, minor or technical nature or is made to correct a manifest error;
- (ii) agree to any modification to, and any waiver or authorisation of any breach or proposed breach by the Issuer of, the Conditions, the Trust Deed or any other Transaction Document that is, in each case, in the opinion of the Trustee, not materially prejudicial to the interests of the Noteholders (but such power in this paragraph (ii), in relation to modifications only, does not extend to any such modification as would require a special quorum resolution for approving the same, as specified in the Trust Deed); and
- (iii) determine that an Event of Default, Potential Event of Default or Enforcement Event shall not be treated as such, provided that, in the Trustee’s opinion, the interests of the Noteholders will not be materially prejudiced thereby,

provided however, that the Trustee shall not agree to any waiver or authorisation pursuant to paragraph (ii) above or make any determination pursuant to paragraph (iii) above in contravention of an express direction of Noteholders given by an Extraordinary Resolution.

In connection with the appointment or replacement of any Agent or the Custodian, the Issuer may, without the consent of the Noteholders or the Couponholders, make such amendments to the Conditions and/or the Transaction Documents as it determines necessary to reflect such appointment or replacement. The Trustee shall agree to such amendments without seeking the consent of the Noteholders, the Couponholders or any other party and concur with the Issuer (at the Issuer’s expense) in effecting the amendments described in this Condition 19(b) (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be required to agree to such amendments if, in the opinion of the Trustee (acting reasonably), such amendments would (A) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

Any modification, authorisation, waiver or determination as is made or given under this Condition 19(b) shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, shall be notified to the Noteholders by the Issuer as soon as is practicable. The Issuer shall notify each Rating Agency then rating the Notes at the request of the Issuer of any modification made by it in accordance with this Condition 19(b).

(c) **Substitution**

- (i) Upon receipt of a written request to substitute the Issuer from a Programme Dealer subject to and in accordance with Clause 11.1 (*Substitution*) of the Programme Deed, the Issuer may (provided that it may not unreasonably withhold its consent to any such request), without the

consent of the Noteholders or the Couponholders, effect a substitution of any other company in place of itself, or of any previous substituted company, as the principal debtor under the Trust Deed and the Notes, the Receipts, the Coupons and the Talons, as applicable (such substitution, the “**Substitution**”), provided that:

- (A) the following conditions precedent have been satisfied:
 - (I) the substituted company must be a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) under the laws of Luxembourg and must have the status of an unregulated securitisation undertaking (*société de titrisation*) within the meaning of the Securitisation Act 2004;
 - (II) any listing or admission to trading of the Notes must not be cancelled or suspended as a result of the Substitution;
 - (III) the identity of the Trustee must remain unchanged;
 - (IV) the identity of the Agents and the Custodian must either (1) remain unchanged or (2) be replaced with one or more agents or custodians, provided that any such replacement is an institution of international repute and the terms of such appointment are substantially the same as the terms on which the existing agent or custodian is appointed;
 - (V) the Notes of the Series must be treated as being issued from a separate compartment of the substituted company;
 - (VI) the Conditions and the Transaction Documents must not be amended, provided that the substituted company may make such amendments to the Conditions and/or the Transaction Documents as it determines necessary to reflect the Substitution;
 - (VII) the type and amount of the Original Collateral must remain unchanged; and
 - (VIII) Rating Agency Affirmation has been received at the time of the Substitution from each Rating Agency (if any) then rating the outstanding Notes at the request of the Issuer;
- (B) the Issuer certifies in writing (such certificate, a “**Substitution Certificate**”) to the Trustee and each Transaction Party that the conditions precedent set out in paragraph (A) above have been satisfied; and
- (C) the applicable Transaction Parties’ “know your customer” requirements have been satisfied.

The Trustee may rely, without further enquiry and without liability to any person for so doing, on a Substitution Certificate. Upon receipt of a Substitution Certificate, the Trustee and the other Transaction Parties shall (at the expense of the Issuer) agree to the Substitution (including, *inter alia*, to the execution of a Deed of Substitution) without seeking the consent of the Noteholders, the Couponholders or any other party, provided that the Trustee shall not be required to agree to the Substitution if, in the opinion of the Trustee (acting reasonably), the Substitution would (x) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (y) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

The Issuer shall give notice to Noteholders of the substitution in accordance with Condition 23 (*Notices*) within 14 days of the execution of the documents effecting such substitution.

- (ii) The Trust Deed contains provisions permitting the Trustee to agree, subject to such consequential amendment of the Transaction Documents as the Trustee may deem appropriate and subject to such other requirements as the Trustee may direct in the interests of the Noteholders, without the consent of the Noteholders or the Couponholders but subject to the prior written consent of the Swap Counterparty, the Swap Guarantor, the Repo Counterparty and the SL Counterparty, to the substitution of any other company in place of the Issuer, or of any previous substituted company, as the principal debtor under the Trust Deed and the Notes, the Receipts, the Coupons and the Talons, as applicable, provided that Rating Agency Affirmation has been received at the time of substitution from each Rating Agency (if any) then rating the outstanding Notes at the request of the Issuer. In the case of such a substitution, the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Receipts, the Coupons, the Talons and/or the Trust Deed and/or any other Transaction Document, provided that such change would not, in the opinion of the Trustee, be materially prejudicial to the interests of the Noteholders.

(d) **Entitlement of the Trustee**

- (i) In connection with the exercise of its functions (including but not limited to those referred to in this Condition 19) the Trustee shall have regard to the interests of the Noteholders as a class and, in particular, but without prejudice to the generality of the foregoing, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or otherwise to the tax consequences thereof, and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim from the Issuer or the Trustee, any indemnification or payment in respect of any tax arising in consequence of any such exercise upon individual Noteholders or Couponholders.
- (ii) So long as any Global Note is, or any Notes represented by a Global Certificate are, held on behalf of a clearing system, in considering the interests of Noteholders, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders or participants with entitlements to any such Global Note or the Registered Notes and may consider such interests and treat such accountholders or participants on the basis that such accountholders or participants were the holder(s) thereof.

20 Replacement of Swap Counterparty

In respect of a Series, if (a) an Early Termination Date has occurred or been designated as a result of an Event of Default (as defined in the relevant Swap Agreement) in respect of the Swap Counterparty under the Swap Agreement, (b) Noteholders acting by an Extraordinary Resolution (provided that, for the purpose of this Condition 20, the Extraordinary Resolution must be passed by holders of 100 per cent. of the aggregate principal amount of the Notes of that Series then outstanding) have agreed with another Programme Swap Counterparty that it shall act as Swap Counterparty (there being no obligation on any Programme Swap Counterparty to agree), (c) such Noteholders have agreed any necessary amendments to the Conditions, (d) the Issuer has been indemnified and/or secured and/or pre-funded to its satisfaction and (e) the actions proposed to be taken pursuant to this Condition 20 would not breach applicable bankruptcy, insolvency or liquidation laws, the Issuer shall give notice to the Trustee of the proposed replacement and of any such amendments to the Conditions and shall enter into a new agreement with

such Programme Swap Counterparty as soon as is reasonably practicable, which agreement shall constitute a replacement Swap Agreement for the Series, provided that no such replacement shall take effect if, in the opinion of the Trustee (acting reasonably), such replacement and/or the related amendments to the Conditions would (i) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series. The Issuer shall, promptly following any such replacement, notify the Noteholders and each Transaction Party of the replacement and any such amendments to the Conditions.

Following the termination of the Swap Agreement and entry into a new Swap Agreement with an alternative Programme Swap Counterparty in accordance with this Condition 20, the appointment of the Dealer (which shall have been the same entity in respect of each Tranche of the relevant Series) shall be terminated and the replacement Swap Counterparty (or, if such entity is not a Programme Dealer, an affiliated Programme Dealer), shall be appointed as the new Dealer for each Tranche of the Series.

21 Replacement of Notes, Certificates, Receipts, Coupons and Talons

If a Note, Certificate, Receipt, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange or other relevant authority regulations, at the Specified Office of the Issuing and Paying Agent (in the case of Bearer Notes, Receipts, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may, from time to time, be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders in accordance with Condition 23 (*Notices*), in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that, if the allegedly lost, stolen or destroyed Note, Certificate, Receipt, Coupon or Talon is subsequently presented for payment, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Note, Certificate, Receipt, Coupon or Talon) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

22 Further Issues and Amendments to the Transaction Documents

(a) Further Issues

The Issuer may, from time to time, without the consent of the Noteholders or the Couponholders but subject to Condition 6 (*Restrictions*), create and issue further notes either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them, issue date, issue price and principal amount) and so that such further issue shall be consolidated and form a single series with the Notes or upon such terms as the Issuer may determine at the time of their issue.

Any such further notes shall only form a single series with the Notes (unless otherwise approved by an Extraordinary Resolution) if:

- (i) the Issuer provides additional Original Collateral (as security for such further notes) which is fungible with, and has the same proportionate composition as, the existing Original Collateral and in the same proportion as the proportion that the principal amount of such new notes bears to the Notes; and (as applicable)
- (ii) the Issuer enters into an additional or supplemental Swap Agreement, Repo Agreement and/or SL Agreement (as applicable) with the Programme Swap Counterparty, the Programme Repo Counterparty and/or the Programme SL Counterparty which is then acting

as the Swap Counterparty, the Repo Counterparty and/or the SL Counterparty (as applicable) and which extends to the new notes or extends the terms of any existing Swap Agreement, Repo Agreement and/or SL Agreement to the new notes, in each case on terms no less favourable than such existing documents and agreements, as applicable.

Any new notes forming a single series with the Notes shall be constituted and secured by a deed supplemental to the Trust Deed, such further security shall be added to the Mortgaged Property so that the new notes and the existing Notes shall be secured by the same Mortgaged Property (and, for the avoidance of doubt, all the holders of the first and all later Tranches of Notes shall benefit from the Mortgaged Property on a *pari passu* basis) and references in the Conditions to **“Notes”**, **“Original Collateral”**, **“Collateral”**, **“Mortgaged Property”**, the **“Swap Agreement”**, the **“Repo Agreement”**, the **“SL Agreement”**, **“Secured Payment Obligations”** and **“Secured Creditor”** shall be construed accordingly.

(b) **Swap/Repo/Securities Lending Amendments**

The Issuer may, without the consent of the Noteholders or the Couponholders, agree with the Swap Counterparty to amend the Swap Agreement, with the Repo Counterparty to amend the Repo Agreement and with the SL Counterparty to amend the SL Agreement (such amendments, the **“Swap/Repo/Securities Lending Amendments”**), provided that:

- (i) the purpose and effect of the Swap/Repo/Securities Lending Amendments are to:
 - (A) ensure that the Issuer’s payment obligations thereunder match any amounts receivable by the Issuer under the Original Collateral, including (but not limited to) following the addition of Original Collateral in respect of further Notes pursuant to Condition 22(a) (*Further Issues*);
 - (B) ensure that the Swap Counterparty’s, the Repo Counterparty’s or the SL Counterparty’s (as the case may be) payment obligations thereunder match any amounts payable by the Issuer in respect of the Notes and other liabilities, including (but not limited to) following (I) the making of any Replacement Reference Rate Amendments in respect of the Notes pursuant to Condition 9(c) (*Occurrence of a Reference Rate Event*), (II) the making of any Original Collateral Disruption Event Amendments in respect of the Notes pursuant to Condition 9(i) (*Occurrence of an Original Collateral Disruption Event*) and (III) the issue of further Notes pursuant to Condition 22(a) (*Further Issues*); or
 - (C) effect the changes referred to in Condition 5(c)(ii);
- (ii) the Swap/Repo/Securities Lending Amendments do not require a special quorum resolution; and
- (iii) the Issuer certifies in writing (such certificate, a **“Swap/Repo/Securities Lending Amendments Certificate”**) to the Trustee that (A) the purpose of the Swap/Repo/Securities Lending Amendments is solely as set out in paragraphs (i)(A) to (i)(C) above and (B) the Swap/Repo/Securities Lending Amendments do not require a special quorum resolution.

The Trustee may rely, without further enquiry and without liability to any person for so doing, on a Swap/Repo/Securities Lending Amendments Certificate. Upon receipt of a Swap/Repo/Securities Lending Amendments Certificate, the Trustee shall agree to the Swap/Repo/Securities Lending Amendments without seeking the consent of the Noteholders, the Couponholders or any other party and concur with the Issuer (at the Issuer’s expense) in effecting the Swap/Repo/Securities Lending Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be required to agree to the Swap/Repo/Securities

Lending Amendments if, in the opinion of the Trustee (acting reasonably), the Swap/Repo/Securities Lending Amendments would (A) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (B) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

(c) **Regulatory Requirement Amendments**

If the Calculation Agent determines that a Regulatory Requirement Event has occurred in respect of a Series, it may notify the Issuer and the Transaction Parties of any modifications that it determines are required to be made to the Conditions and/or any Transaction Document (except for the Programme Deed) (such amendments, the “**Regulatory Requirement Amendments**”) in order to cause:

- (i) the transactions contemplated by the Conditions and the Transaction Documents to be compliant with all Relevant Regulatory Laws;
- (ii) the Issuer and each Transaction Party to be compliant with all Relevant Regulatory Laws; or
- (iii) the Issuer and each Transaction Party to be able to continue to transact future business (as issuer of Notes or as a transaction party to the Issuer pursuant to the Programme) in compliance with all Relevant Regulatory Laws.

If the Issuer receives such a notice from the Calculation Agent, it shall, without the consent of the Noteholders or the Couponholders, promptly make the Regulatory Requirement Amendments, provided that:

- (A) no Early Redemption Trigger Date or Early Redemption Date has occurred in respect of the Notes;
- (B) the Regulatory Requirement Amendments will not:
 - (I) amend the dates of maturity or redemption of the Notes, any Instalment Date or any date for payment of interest or Interest Amounts on the Notes;
 - (II) reduce or cancel the principal amount of, or any Instalment Amount of, or any premium payable on redemption of, the Notes;
 - (III) reduce the rate or rates of interest in respect of the Notes or vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes;
 - (IV) vary any method of, or basis for, calculating the Final Redemption Amount or the Early Redemption Amount;
 - (V) exchange or substitute the Original Collateral; or
 - (VI) have a material adverse effect on the validity, legality or enforceability of the Security or on the priority and ranking of the Security;
- (C) the Regulatory Requirement Amendments are agreed to by each party to the affected Transaction Documents (in each case, such consent not to be unreasonably withheld or delayed) and the Trustee; and
- (D) the Calculation Agent certifies in writing (such certificate, a “**Regulatory Requirement Amendments Certificate**”) to the Trustee that (I) the purpose of the Regulatory Requirement

Amendments is solely as set out in Conditions 22(c)(i) to 22(c)(iii) and (II) the Regulatory Requirement Amendments satisfy the requirements of paragraph (B) above.

The Trustee may rely, without further enquiry and without liability to any person for so doing, on a Regulatory Requirement Amendments Certificate. Upon receipt of a Regulatory Requirement Amendments Certificate, the Trustee shall agree to the Regulatory Requirement Amendments without seeking the consent of the Noteholders, the Couponholders or any other party and concur with the Issuer (at the Issuer's expense) in effecting the Regulatory Requirement Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be required to agree to the Regulatory Requirement Amendments if, in the opinion of the Trustee (acting reasonably), the Regulatory Requirement Amendments would (x) expose the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (y) impose more onerous obligations upon it or expose it to any additional duties or responsibilities or reduce or amend the protective provisions afforded to the Trustee in the Conditions or any Transaction Document of any Series.

Neither the Calculation Agent nor the Trustee shall have any duty to monitor, enquire or satisfy itself as to whether any Regulatory Requirement Event has occurred. The Calculation Agent shall not have any obligation to give, nor any responsibility or liability for giving or not giving, any notice to the Issuer and the Transaction Parties that a Regulatory Requirement Event has occurred.

Any Regulatory Requirement Amendments will be binding on the Issuer, the Transaction Parties, the Noteholders and the Couponholders.

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and be deemed to have been given on the day it is delivered in the case of recorded delivery and three days (excluding Saturdays and Sundays) in the case of inland post or seven days (excluding Saturdays and Sundays) in the case of overseas post after despatch or if earlier when delivered, save that, for purposes only of determining any Early Redemption Trigger Date, the relevant Early Redemption Notice shall be deemed to have been given on the date despatched.

Notices to the holders of Definitive Bearer Notes shall be valid if published in a daily newspaper of general circulation in Europe. If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in Europe. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Any such notice shall be deemed to have been given to the holders of the Notes on the Reference Business Day immediately following the day on which the said notice was given to Euroclear or Clearstream, Luxembourg.

In addition, if and for so long as the Notes are listed on a stock exchange, all notices to holders of the Notes will be published in accordance with the rules of such stock exchange.

24 Indemnification and Obligations of the Trustee

The Trustee is not obliged or required to take any step, action or proceeding under the Trust Deed unless indemnified and/or secured and/or pre-funded to its satisfaction. The Trustee and any Affiliate of the Trustee are entitled to enter into business transactions with the Issuer, any Original Collateral Obligor, the Swap Counterparty, the Swap Guarantor, the Repo Counterparty and the SL Counterparty or any of their subsidiaries, holding or associated companies without accounting to the Noteholders or Couponholders for profit resulting therefrom.

The Trustee is not responsible for monitoring or supervising the performance by any other person of its obligations to the Issuer.

The Trust Deed provides that in acting as Trustee under the Trust Deed, the Trustee does not assume any duty or responsibility to the Swap Counterparty, any Swap Guarantor, the Repo Counterparty, the SL Counterparty, the Disposal Agent, the Custodian, the Issuing and Paying Agent or any other Secured Creditor or any other Transaction Party (other than to pay to any of such parties any moneys received and repayable to it and to act in accordance with the Conditions and the Trust Deed) and shall have regard solely to the interests of the Noteholders.

Securitisation Act 2004 and Compartments

SPIRE is a special purpose vehicle incorporated as a public limited liability company (*société anonyme*) under the laws of Luxembourg and has the status of an unregulated securitisation undertaking (*société de titrisation*) within the meaning of the Securitisation Act 2004. The Board will establish a Compartment in relation to each Series. Each Compartment is a separate and distinct part of SPIRE's estate (*patrimoine*) which may be distinguished by the nature of acquired risks or assets, the Conditions of the Notes issued in relation to the Compartment, and the reference currency or other distinguishing characteristics.

If the net assets of a Compartment are liquidated, the net proceeds of liquidation shall be applied in the order set out in the Conditions.

The rights of Noteholders and other Secured Creditors against SPIRE in respect of a Series are limited to the assets of the corresponding Compartment.

The assets of a Compartment are, in principle, available only to satisfy the rights of the Noteholders of Notes issued in relation to that Compartment and the rights of creditors whose claims have arisen at the occasion of the creation, the operation or the liquidation of that Compartment (including the other Secured Creditors). No other party shall have a claim against the net proceeds of a liquidation of the net assets of that Compartment,

including after the opening of insolvency proceedings against SPIRE, except to the extent required by any applicable law.

A creditor of SPIRE may have claims against SPIRE in respect of more than one Series, in which case the claims in respect of each individual Series will be limited to the net proceeds of the Mortgaged Property relating to that particular Series only. Assets held in different Compartments of SPIRE are deemed to be assets of separate entities for the purpose of creditors.

To give effect to the provisions of the Securitisation Act 2004 under which the net proceeds of the Mortgaged Property of a Compartment are available only for the Secured Creditors for the Series relating to that Compartment, the Issuer is (subject as provided for in the Trust Deed) permitted only to contract with parties on a "limited recourse" basis such that claims against the Issuer in relation to each Series would be restricted to the net proceeds of the Mortgaged Property of the Compartment for the relevant Series.

Fees, expenses and other liabilities incurred on behalf of SPIRE but which do not relate specifically to any Compartment will be payable out of the assets of SPIRE's general estate, not out of the assets allocated to Compartments. The Board shall establish and maintain separate accounting records for each of the Compartments of SPIRE for the purposes of ascertaining the rights of holders of debt securities issued in respect of each Compartment, and such accounting records shall be conclusive evidence of such rights in the absence of manifest error.

Special Purpose Vehicle

SPIRE's sole business is the raising of money by issuing Notes or entering into certain other obligations within the limits of the Securitisation Act 2004, in each case for the purposes of purchasing assets and entering into related derivatives and other contracts. The Issuer has covenanted (amongst other things) not, so long as any Note is outstanding, without the prior written consent of the Trustee or the sanction of an Extraordinary Resolution, and except as provided for or contemplated in the Conditions or any Transaction Document and within the limits of the Securitisation Act 2004, to engage in any business other than the issuance or entry into of Obligations, the entry into of related agreements and transactions, the acquisition and holding of related assets and the performing of acts incidental thereto or necessary in connection therewith, and provided that:

- (i) such Obligations are secured on assets of the Issuer other than any fees paid to the Issuer (for its own account) in connection with the Notes or other Obligations and any assets securing any other Obligations (other than Equivalent Obligations) of the Issuer;
- (ii) such Obligations and any related agreements contain limited recourse and non-petition provisions;
- (iii) the terms of such Obligations comply with all applicable laws; and
- (iv) (x) the terms of such Obligations comply with paragraph 2 (*Additional Restrictions*) of the Product Criteria and (y) any underlying assets relating to such Obligations comply with the Collateral Criteria, in each case in effect at the time such Obligations are entered into.

In addition, the Issuer will be subject to certain other restrictions including that it will (amongst other things) not, without the prior written consent of the Trustee or the sanction of an Extraordinary Resolution, have any subsidiaries or employees, purchase, own, lease or otherwise acquire any real property, consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any person (other than as contemplated by the Conditions) or issue any shares or declare any distributions or dividends thereon (other than such shares as are in issue at the date hereof and such shares as may be issued in accordance with the Securitisation Act 2004, and any distributions or dividends thereon).

General

In addition to the consent of the Swap Counterparty, except as provided in the Trust Deed, the terms of a Swap Agreement may not be amended without the consent of the Trustee. The Trustee can agree, without the consent of the Noteholders, to any modification which is, in its opinion, of a formal, minor or technical nature or to correct a manifest error. The Trustee may (subject to limits set out in the Trust Deed) also agree to any modification that is in its opinion not materially prejudicial to the interests of the Noteholders.

Set out below are summaries of certain provisions of the Swap Agreement (and should be construed as such).

Payments

The Swap Agreement sets out certain payments to be made from the Issuer to the Swap Counterparty and *vice versa*. Payments by the Issuer under the Swap Agreement will be limited recourse obligations and will be funded from sums received (i) on the issue of the relevant Notes and/or (ii) in respect of the Original Collateral relating to such Notes.

The payments required between the Issuer and the Swap Counterparty under the Swap Agreement are designed to ensure that, following the making of such payments, the Issuer will have such funds, when taken together with remaining amounts available to it from the issue of the relevant Notes and/or received in respect of the Original Collateral relating to such Notes, as are necessary for it to meet its obligations under such Notes and the related Transaction Documents. Such obligations may include, without limitation, its obligation:

- (i) to pay the purchase price for the Original Collateral relating to the relevant Series;
- (ii) to make payments of any Interest Amount (or any other amount payable by it by way of interest), Instalment Amount and Final Redemption Amount; and/or
- (iii) to make payment of certain fees and expenses to Agents, the Custodian, rating agencies, accountants, auditors or other service providers which fees and expenses are associated with or are attributable to such Notes.

The exact payments due under the Swap Agreement for a particular Series will vary from Series to Series depending on the terms of those Series. The exact payments will be agreed between the Issuer and the Swap Counterparty at the time of entry into of the relevant Swap Agreement. There is no restriction upon the payments that may be agreed. In addition, collateral may be transferable to or from the Issuer under the Credit Support Annex. As with payments under the Swap Agreement, the provisions of the Credit Support Annex will be agreed between the Issuer and the Swap Counterparty at the time of entry into of the relevant Swap Agreement. There is no restriction upon the provisions that may be agreed under the Credit Support Annex.

Events of Default

 - (c) either party becoming materially and adversely restricted in its ability to perform its obligations under an outstanding Swap Transaction or would be required to post additional collateral to any person; or
 - (d) the designation of a party as an “AIFM” or an “AIF” pursuant to Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011 on Alternative Investment Fund Managers (otherwise known as “AIFMD”) or any similar concept under any comparable legislation in the United Kingdom,

which results from (I) the Dodd-Frank Act, (II) the U.S. Bank Holding Company Act of 1956, (III) the U.S. Federal Reserve Act of 1913, (IV) the Regulation of the European Parliament and the Council on OTC Derivatives, Central Counterparties and Trade Repositories (otherwise known as “EMIR”), (V) MiFID II, (VI) the Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments (otherwise known as “MIFIR”), (VII) AIFMD, (VIII) any change in any applicable law or (IX) any arrangements or understandings that the Swap Counterparty or any of its Affiliates may have made or entered into with any regulatory agency with respect to its or any of their legal entity structure or location, where (I) to (VII) above shall in each case also include any similar concept under comparable legislation in the United Kingdom, including as they form part of domestic law by virtue of the EUWA;
- (ix) if, due to any change in law, any payment obligations under the Swap Agreement that would otherwise be denominated in euro cease to be denominated in euro or it would be unlawful, impossible or impracticable to pay or receive those payments in euro; and
- (x) any amendment is made to the Conditions and/or a Transaction Document which adjusts the amount, timing or priority of any payments or deliveries due between the Issuer and the Swap Counterparty under the Notes and/or the Transaction Documents, unless the Swap Counterparty has consented in writing to such amendment.

The occurrence of any of the events described in paragraphs (i) to (iii) above will entitle the Issuer and/or the Swap Counterparty, as provided in the Swap Agreement (depending, amongst other things, on who is the “Affected Party” (as defined in the Swap Agreement)), to terminate the Swap Agreement. If the event described

in paragraph (iv) above occurs, an Early Termination Date will be deemed to have been designated by the Swap Counterparty (or the Issuer where the early redemption of the Notes arises as a result of a Swap Counterparty Bankruptcy Event) without the need for a notice of termination. The occurrence of any of the events described in paragraphs (v) to (x) above will entitle the Swap Counterparty to terminate the Swap Agreement.

Early Termination Amount

In connection with any “Early Termination Date” (as defined in the Swap Agreement), either the Swap Counterparty or the Issuer will be required to determine the “Early Termination Amount” (as defined in the Swap Agreement) under the Swap Agreement and whether such amount is payable from the Issuer to the Swap Counterparty or *vice versa*. Which of the Swap Counterparty or the Issuer determines the Early Termination Amount will depend on the reason for the termination of the Swap Agreement. Where the termination is as a result of an Event of Default, it will be the non-defaulting party who makes the determination. Where the termination is as a result of a Termination Event, the Swap Agreement will specify for each event which of the parties will make such determination (or, in certain circumstances, that both parties will make such determination).

The Early Termination Amount is calculated by reference to the costs that would be incurred by the party making the calculation in replacing (or providing the economic equivalent of) the rights and obligations that have been terminated, or the gain that would be made in so doing (referred to in the Swap Agreement as the “**Close-out Amount**”) and taking into account the value of any collateral posted between the parties pursuant to any Credit Support Annex to the Swap Agreement.

The termination currency in respect of a Swap Agreement will be the Specified Currency, which will be set out in the applicable Accessory Conditions.

Termination following Satisfaction of Issuer Call Condition

If “Issuer Call” is specified in the applicable Accessory Conditions, the Swap Agreement will terminate early following satisfaction of an Issuer Call Condition which may occur where:

- (i) if “Optional Termination Trigger” is specified in the applicable Accessory Conditions, the Swap Counterparty elects an optional termination under the Swap Agreement; or
- (ii) if “Autocall Termination Trigger” is specified in the applicable Accessory Conditions, the calculation agent under the Swap Agreement determines that the sum of (x) the value of the Original Collateral and (y) the anticipated termination value of the Swap Agreement, is equal to or greater than an amount equal to the aggregate of each Issuer Call Redemption Amount of the Notes then outstanding, has been met on a particular date; or
- (iii) any other event specified in the applicable Accessory Conditions as constituting an Issuer Call Condition is determined to have occurred.

If “Substitution Knockout” is specified as “Applicable” in the applicable Accessory Conditions and, at any prior time to the Issuer Call Settlement Date, the Original Collateral is substituted pursuant to Condition 5(c) (*Substitution of Original Collateral*), the provisions relating to any Issuer Call Condition shall no longer apply.

The occurrence of the events described in (i) to (iii) above will entitle the Swap Counterparty or the calculation agent under the Swap Agreement, as provided in the Swap Agreement, to deliver a notice specifying the date on which the Swap Agreement will terminate. Where the Swap Agreement terminates early in these circumstances, no Early Termination Amount is calculated or payable by either party, with each party instead paying such amounts as set out in the terms of the Swap Agreement following satisfaction of the applicable Issuer Call Condition.

Credit Support Annex

If specified in the applicable Accessory Conditions, the Issuer will also enter into a Credit Support Annex with the Swap Counterparty in respect of the Notes. If (i) “Applicable – Payable by Issuer” is specified in the applicable Accessory Conditions, credit support will be provided by the Issuer to the Swap Counterparty (but not from the Swap Counterparty to the Issuer), (ii) “Applicable – Payable by Swap Counterparty” is specified in the applicable Accessory Conditions, credit support will be provided by the Swap Counterparty to the Issuer (but not from the Issuer to the Swap Counterparty) and (iii) “Applicable – Payable by Issuer and Swap Counterparty” is specified in the applicable Accessory Conditions, both the Issuer and the Swap Counterparty will provide credit support to each other. If “Not Applicable” is specified in the applicable Accessory Conditions, then neither party will provide credit support to each other and there will be no Credit Support Annex for that Series. Where a Credit Support Annex is entered into it shall form part of the Swap Agreement.

The Credit Support Annex will be in the form of the ISDA 2016 Credit Support Annex for Variation Margin (VM) (Bilateral Form - Transfer) (ISDA Agreements Subject to English Law) Copyright © 2016 by the International Swaps and Derivatives Association, Inc., subject to certain amendments. The sections below provide a summary of the provisions of the Credit Support Annex and of certain terms used in the Credit Support Annex, but do not necessarily set out such terms in full.

Delivery and Return of Credit Support

Under the Credit Support Annex, a party required to provide credit support is known as a “**Transferor**” and the recipient of such credit support is known as the “**Transferee**”.

A Transferor will be required to transfer credit support if its Delivery Amount (VM) for the relevant Valuation Date exceeds what is known as the Minimum Transfer Amount of the Transferor. Credit support will be transferred on a title transfer basis.

A Delivery Amount (VM) arises if the Exposure of the Transferee to the Transferor under the Swap Agreement exceeds the value at that time of the credit support then provided by the Transferor (known as the Transferor’s “**Credit Support Balance (VM)**”), but with the Transferor’s Credit Support Balance (VM) being adjusted to take account of any credit support that is in the process of being transferred (by either party) as if it had been transferred. The “**Delivery Amount (VM)**” will be equal to such Exposure minus the value of such credit support.

If the Delivery Amount (VM) does exceed the Transferor’s Minimum Transfer Amount, the Transferor can then be required to transfer “**Eligible Credit Support (VM)**” having a Value equal to the Delivery Amount (VM).

The credit support comprising Eligible Credit Support (VM) is as specified in the applicable Accessory Conditions. Eligible Credit Support (VM) will typically comprise cash in an “**Eligible Currency**” and may also comprise specified securities. For the purposes of determining how much Eligible Credit Support (VM) is required to be provided as credit support, each item of credit support is given a Value (see “*Value and Exposure*” below).

Once a Transferor has provided credit support, it may be entitled to receive assets of the same type back from the Transferee if the parties’ exposure to one another under the Swap Agreement, or the Value of the credit support, changes. The amount a Transferor is entitled to receive back is known as a Return Amount (VM).

A Return Amount (VM) arises if the Value of the credit support comprised in the Transferor’s Credit Support Balance (VM) (again adjusted to take account of any credit support that is in the process of being transferred (by either party) as if it had been transferred) exceeds the exposure of the Transferee to the Transferor under the Swap Agreement. The “**Return Amount (VM)**” will be equal to such Credit Support Balance (VM) minus such Exposure.

If the Return Amount (VM) for a Valuation Date exceeds the Minimum Transfer Amount of the Transferee, the Transferee is required to transfer credit support of the same type, nominal value, description and amount as that comprised in the Transferor’s Credit Support Balance (VM) (known as “**Equivalent Credit Support (VM)**”, up to an aggregate amount having a Value equal to that Return Amount (VM).

If the operation of the Credit Support Annex requires credit support to be provided by the Issuer as Transferor to the Swap Counterparty as Transferee, the Issuer would use the Collateral to satisfy its obligation.

If the “Delivery Cap” is specified as “Applicable” in the applicable Accessory Conditions (the “**Delivery Cap**”), the Issuer’s obligation as Transferor to transfer Eligible Credit Support (VM) shall at no time exceed the Value of the Collateral that is then held by or on behalf of the Issuer that comprises Eligible Credit Support (VM). If “Delivery Cap” is specified as “Not Applicable” in the applicable Accessory Conditions, such limitation shall not apply and, accordingly, there is a possibility that the Collateral available to the Issuer for transfer might not have a sufficient Value to enable the Issuer to satisfy a Delivery Amount (VM). This would be in a case where the exposure of the Swap Counterparty to the Issuer under the Swap Agreement exceeds the aggregate Value of the Collateral held by the Issuer and the Issuer’s Credit Support Balance (VM) at that time. Any failure of the Issuer to deliver a Delivery Amount (VM) in full would comprise an Event of Default under the Swap Agreement if not remedied within the time period therein and would entitle the Swap Counterparty to terminate the Swap Agreement. Such termination would result in an early redemption of the relevant Series.

The “**Minimum Transfer Amount**” of a Transferor will be the amount as is specified in the applicable Accessory Conditions subject to a maximum of USD 500,000 (or its equivalent in another currency as at the Issue Date of the first Tranche of the relevant Series), or, if not so specified, zero; provided that, at any time and from time to time, the Swap Counterparty may designate any amount lower than USD 500,000 (or its equivalent in another currency as at the time of designation) as the Minimum Transfer Amount for either party at that time.

Any deliveries of credit support are subject to rounding. Cash will be rounded up to the nearest whole unit whereas securities will be rounded up to the nearest denomination in the case of a Delivery Amount (VM) and down to the nearest denomination in the case of a Return Amount (VM).

Value and Exposure

The “**Exposure**” of a party (“**X**”) to the other (“**Y**”) under the Swap Agreement represents the amount, if any, that would be payable to X by Y (expressed as a positive number) or by X to Y (expressed as a negative number) under the Swap Agreement if it were terminated, but calculated on a mid-market basis.

The “**Value**” of an item of credit support will be determined:

- for cash, by taking the equivalent amount of that cash in the Base Currency and by then multiplying by a percentage equal to the Valuation Percentage minus, if applicable, the relevant FX Haircut Percentage; and
- for securities, by taking the value in the Base Currency of the bid price for that security obtained by the Valuation Agent (which may include a bid price quoted by itself in good faith in a commercially reasonable manner) and by then multiplying by a percentage equal to the Valuation Percentage minus, if applicable, the relevant FX Haircut Percentage.

The “**Valuation Percentage**” for an item of credit support will be specified in the applicable Accessory Conditions but provided that if at any time the Valuation Percentage assigned to an item of Eligible Credit Support (VM) with respect to a party (as the Transferor) under the Credit Support Annex is greater than the maximum permitted valuation percentage (prescribed or implied) for such item of collateral under any law requiring the collection of variation margin applicable to the other party (as the Transferee), then the Valuation Percentage with respect to such item of Eligible Credit Support (VM) and such party will be such maximum permitted valuation percentage.

The “**Base Currency**” means the currency in which the Series is denominated, unless otherwise specified in the applicable Accessory Conditions. An “**Eligible Currency**” will mean the Base Currency and each other currency specified in the applicable Accessory Conditions.

The “**FX Haircut Percentage**” means, with respect to a party as the Transferor and an item of Eligible Credit Support (VM) or Equivalent Credit Support (VM), eight per cent., unless the Eligible Credit Support (VM) or

Equivalent Credit Support (VM) is in the form of cash in a Major Currency or is denominated in a currency that matches an Eligible Currency, in which case the FX Haircut Percentage will be zero per cent.

As used above, “**Major Currency**” means any of (i) United States Dollar, (ii) Canadian Dollar, (iii) Euro, (iv) United Kingdom Pound, (v) Japanese Yen, (vi) Swiss Franc, (vii) New Zealand Dollar, (viii) Australian Dollar, (ix) Swedish Kronor, (x) Danish Kroner, (xi) Norwegian Krone, (xii) Korean Won or any other currency specified as such in the applicable Accessory Conditions.

Timings and Methodology of Calculations and Transfers

Under the terms of the Credit Support Annex, the Valuation Agent will determine whether a Delivery Amount (VM) or Return Amount (VM) arises in relation to each Valuation Date, as well as making other valuations required under the Credit Support Annex. The “**Valuation Agent**” will be the Swap Counterparty provided that following the occurrence of a Bankruptcy Event in respect of the Valuation Agent, a replacement Valuation Agent shall be appointed. Such replacement Valuation Agent will be chosen either by the Issuer, with the prior approval of the Trustee or by the Noteholders acting by Extraordinary Resolution.

A “**Valuation Date**” will be each day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London, unless the applicable Accessory Conditions specify that different dates apply.

If transfer of credit support is required and relevant notices are received (or are deemed to have been received) by applicable cut-off times, then the relevant transfer is required to be made not later than the close of business on the Regular Settlement Day relating to the date of the relevant demand.

“**Regular Settlement Day**” means, with respect to a date of demand, (i) for cash or other property (other than securities) that would have been transferred into the relevant bank account specified by the recipient on the date of demand had the instruction for transfer been given on such date of demand, the same local business day as the date of demand; (ii) for any other cash or other property (other than securities), the next local business day and (iii) for securities, the first local business day after such date on which settlement of a trade in the relevant securities, if effected on such date, would have been settled in accordance with customary practice when settling through the clearance system agreed between the parties for delivery of such securities or, otherwise, on the market in which such securities are principally traded (or, in either case, if there is no such customary practice, on the first local business day after such date on which it is reasonably practicable to deliver such securities).

However, if under any law requiring the collection or posting by the Swap Counterparty of variation margin, the Swap Counterparty is at that time required to collect or post variation margin on a shorter timeframe in respect of the Swap Agreement, Regular Settlement Day shall mean the same local business day as the date of demand.

Exchanges

A Transferor is entitled to inform the Transferee that it wishes to exchange credit support comprised in its Credit Support Balance (VM) for alternative Eligible Credit Support (VM). In such case, the Transferor and Transferee will be obliged to exchange the relevant credit support on the timings set out in the Credit Support Annex.

Distributions and Interest Amounts

Where Distributions arise in respect of credit support comprised in a Transferor’s Credit Support Balance (VM), the Transferee is required to transfer cash, securities or other property of the same type, nominal value, description and amount as such Distributions, to the extent that this would not create or increase a Delivery Amount (VM).

“**Distributions**” means, with respect to Eligible Credit Support (VM) comprised in the Credit Support Balance (VM) of a Transferor that comprises securities, all principal, interest and other payments and distributions of cash or other property that would have been received by a Relevant Holder of securities of the same type, nominal value, description and amount as such Eligible Credit Support (VM) from time to time, provided that

Distributions shall be gross of any taxes, costs or other charges that may have been imposed on a payment of principal, interest or other payment or distribution to such a Relevant Holder. For this purpose, “**Relevant Holder**” means a hypothetical holder having the same legal form and being incorporated and domiciled in the same jurisdiction as the relevant Transferee.

If cash is provided as credit support, interest will be payable by the Transferee periodically at the applicable rate. Interest will be calculated in respect of each day (but will not be subject to daily compounding).

For cash provided to the Swap Counterparty, the relevant “**Interest Rate (VM)**” will be the Interest Rate (VM) specified in the applicable Accessory Conditions or, if no such rate is specified, the rate determined by the Swap Counterparty acting in good faith and in a commercially reasonable manner.

For cash provided to the Issuer, the relevant “**Interest Rate (VM)**” will be the Custodian’s standard overnight rate (which may be positive or negative) offered for deposits in the relevant currency as of the relevant time as determined by the Custodian.

If the relevant Interest Rate (VM) results in the relevant interest amount being a negative number, the absolute value of such interest amount shall instead be payable by the Transferor.

Legally Ineligible Credit Support

The Credit Support Annex contains provisions that enable a party to deliver a notice that items that then comprise Eligible Credit Support (VM) will cease to comprise Eligible Credit Support (VM). Such notice can be delivered if the Transferee determines that the relevant items either have ceased to satisfy, or as of a specified date will cease to satisfy, collateral eligibility requirements under laws applicable to the Transferee requiring the collection of variation margin. Any credit support in the Transferor’s Credit Support Balance (VM) that does not comprise Eligible Credit Support (VM) will be given a Value of zero. If the Swap Counterparty delivers such a notice to the Issuer, the Issuer is unlikely to have any other Collateral available to it to provide to the Swap Counterparty as Eligible Credit Support (VM) and, as a result, such legal ineligibility would be likely to lead to an event of default under the Swap Agreement if not remedied within the time period therein and would entitle the Swap Counterparty to terminate the Swap Agreement. Such termination would result in an early redemption of the relevant Series.

Early Termination

On any Early Termination Date being designated or deemed to occur under the Swap Agreement, the party to whom collateral has been posted shall not be obliged to return such collateral or equivalent collateral, but instead the Value of such collateral (but for this purpose without applying any Valuation Percentage or FX Haircut Percentage) shall be deemed to be owed to the transferor for the purposes of calculating the termination payment under the Swap Agreement. In the case of Swap Counterparty CSA Posted Collateral, such collateral will be Liquidated with the Original Collateral as part of the early redemption process for the Notes, and the Value ascribed to such Swap Counterparty CSA Posted Collateral for the purposes of calculating the termination payment shall be such proceeds as may be realised by the Disposal Agent on behalf of the Issuer within the Liquidation Period.

CSA Collateral Exchange

If “CSA Collateral Exchange” is specified as applicable in the relevant Accessory Conditions, the Swap Counterparty may exchange the Original Collateral for Eligible Shorter Dated Collateral (as defined in the Swap Agreement). In such circumstances, the Swap Counterparty has the right, exercisable from time to time up to and excluding the Collateral Exchange End Date (as defined in the Swap Agreement), to require the Issuer to transfer securities equivalent to some or all of the Original Collateral to it under the Credit Support Annex in exchange for Eligible Shorter Dated Collateral having a Value at least equal to the Original Collateral transferred to the Swap Counterparty (upon delivery, “**Shorter Dated Collateral**”). Following exercise of this right, the Value of the Original Collateral so transferred and the Value of the Shorter Dated Collateral transferred to the Issuer will be monitored on each Valuation Date and additional transfers will be made such that the Value of the Shorter Dated Collateral transferred to the Issuer is at least equal to the Value of the Original Collateral transferred to

THE SWAP AGREEMENT

the Swap Counterparty. On the Collateral Exchange End Date, the Swap Counterparty shall deliver to the Issuer securities equivalent to the exchanged Original Collateral and the Issuer shall deliver to the Swap Counterparty securities equivalent to the Shorter Dated Collateral. The deliveries of the Original Collateral and the Shorter Dated Collateral may not be simultaneous.

THE REPO AGREEMENT

The following applies only in relation to Notes in connection with which there is a Repo Agreement.

General

In connection with the issue of the Notes, the Issuer may enter into a Repo Agreement as specified in the applicable Accessory Conditions. Any Repo Agreement will be governed by the laws of England and Wales.

In addition to the consent of the Repo Counterparty, except as provided in the Trust Deed, the terms of a Repo Agreement may not be amended without the consent of the Trustee. The Trustee can agree, without the consent of the Noteholders, to any modification which is, in its opinion, of a formal, minor or technical nature or to correct a manifest error. The Trustee may (subject to limits set out in the Trust Deed) also agree to any modification that is in its opinion not materially prejudicial to the interests of the Noteholders.

Set out below are summaries of certain provisions of the Repo Agreement (and should be construed as such).

Payments

The Repo Agreement sets out certain payments to be made from the Issuer to the Repo Counterparty and *vice versa*. Payments by the Issuer under the Repo Agreement will be limited recourse obligations and will be funded from sums received (i) on the issue of the relevant Notes and/or (ii) in respect of the Original Collateral (if any) relating to such Notes.

The payments required between the Issuer and the Repo Counterparty under the Repo Agreement are designed to ensure that following the making of such payments the Issuer will have such funds, when taken together with remaining amounts available to it from the issue of the relevant Notes and/or received in respect of the Original Collateral relating to such Notes, as are necessary for it to meet its obligations under such Notes and the related Transaction Documents. Such obligations may include, without limitation, its obligation:

- (i) to pay the purchase price for the Original Collateral relating to the relevant Series;
- (ii) to make payments of any Interest Amount (or any other amount payable by it by way of interest), Instalment Amount and Final Redemption Amount; and/or
- (iii) to make payment of certain fees and expenses to Agents, the Custodian, rating agencies, accountants, auditors or other service providers which fees and expenses are associated with or are attributable to such Notes.

The exact payments due under the Repo Agreement for a particular Series will vary from Series to Series depending on the terms of those Series. The exact payments will be agreed between the Issuer and the Repo Counterparty at the time of entry into of the relevant Repo Agreement. There is no restriction upon the payments that may be agreed. In addition, collateral may be transferable to or from the Issuer in relation to the margining provisions of the Repo Agreement. As with payments under the Repo Agreement, the margining provisions will be agreed between the Issuer and the Repo Counterparty at the time of entry into of the relevant Repo Agreement. There is no restriction upon the margining provisions that may be agreed.

Events of Default

The Repo Agreement provides for certain "Events of Default" (as defined in the Repo Agreement) relating to the Issuer and the Repo Counterparty, the occurrence of which may lead to a termination of the Repo Agreement.

The Events of Default under the Repo Agreement include:

- (i) failure by either party to pay, when due, any purchase price or repurchase price under the Repo Agreement required to be made by it;
- (ii) failure by either party to deliver any securities on the scheduled purchase date or repurchase date under the Repo Agreement;
- (iii) failure by either party to comply with the relevant margin maintenance provisions under the Repo Agreement, to the extent applicable;
- (iv) failure by either party to transfer or credit to the other party a sum equal to (and in the same currency as) any sum it receives as income in respect of any securities transferred to it under the Repo Agreement, on the date it receives such income;
- (v) certain insolvency events relating to either party;
- (vi) any representations made by either party in the Repo Agreement proving to be incorrect or untrue in any material respect when made or repeated;
- (vii) either party admitting to the other that it is unable to, or intends not to, perform any of its obligations under the Repo Agreement;
- (viii) circumstances where either party is suspended or expelled from membership of or participation in any securities exchange or suspended or prohibited from dealing in securities by any government agency, in each case on the grounds that it has failed to meet any requirements relating to financial resources or credit rating;
- (ix) the occurrence of certain illegality events (in the case of illegality, including with respect to any member of the Repo Counterparty's group);
- (x) if sums paid or received under the relevant Repo Transaction(s) are subject to a withholding or a deduction on account of tax and such withholding or deduction arises as a result of a change in tax law or as a result of any action taken by a taxing authority or a court after the entry into of the relevant Repo Transaction(s);
- (xi) the Notes being subject to an early redemption (other than where such early redemption is itself caused by a termination of the Repo Agreement);
- (xii) the Issuer failing to give an Early Redemption Notice to Noteholders when required to do so pursuant to the Conditions;
- (xiii) if sums paid or received under the relevant Repo Transaction(s) are subject to a deduction or withholding imposed pursuant to (a) an Information Reporting Regime or (b) Sections 871 or 881 of the Code;
- (xiv) a breach by either party of its obligations under the Repo Agreement if not remedied within the time period specified therein;
- (xv) the Issuer breaching any of the covenants in the Trust Deed;
- (xvi) if, due to any change in law, any payment obligations under the Repo Agreement that would otherwise be denominated in euro cease to be denominated in euro or it would be unlawful, impossible or impracticable to pay or receive those payments in euro; and
- (xvii) any amendment is made to the Conditions and/or a Transaction Document which adjusts the amount, timing or priority of any payments or deliveries due between the Issuer and the Repo Counterparty under the Notes and/or the Transaction Documents, unless the Repo Counterparty has consented in writing to such amendment.

Upon the occurrence of an Event of Default under the Repo Agreement, the non-defaulting party may give a notice of default designating an Event of Default and the Repurchase Date (as defined in the Repo Agreement) for each Repo Transaction under the Repo Agreement will be deemed immediately to occur subject to the provisions of the Repo Agreement.

Consequences of Early Termination

In connection with any “Event of Default” (as defined in the Repo Agreement) that triggers the acceleration of the Repo Agreement (either as a result of a “Default Notice” (as defined in the Repo Agreement) being served or where no such “Default Notice” is required to be served in respect of the particular Event of Default) (a “**Repo Acceleration**”), an early termination payment, based on the market value of the initial collateral sold under the Repo Agreement, the market value of any margin posted by the Issuer to the Repo Counterparty or *vice versa* under the Repo Agreement and the repurchase price payable for equivalent collateral, will be payable by the Issuer to the Repo Counterparty or (as the case may be) by the Repo Counterparty to the Issuer.

Other than where the Repo Counterparty is in default under the Repo Agreement, in which case the Issuer will make any determinations under the Repo Agreement, the Repo Counterparty will make all determinations under the Repo Agreement relating to an early termination thereof. If the Repo Counterparty is in default, the Issuer will need to appoint a calculation agent for the purposes of making such determination on the Issuer’s behalf. In determining a termination payment, (i) the value of securities will be determined as either the sale price of such securities (taking into account fees, costs and expenses incurred by the party selling the securities) or their fair market value, in accordance with the Repo Agreement and (ii) the determining party is generally required to act in good faith.

The termination currency in respect of a Repo Agreement will be the Specified Currency, which will be set out in the applicable Accessory Conditions.

THE SL AGREEMENT

The following applies only in relation to Notes in connection with which there is an SL Agreement.

General

In connection with the issue of the Notes, the Issuer may enter into an SL Agreement as specified in the applicable Accessory Conditions. Any SL Agreement will be governed by the laws of England and Wales.

In addition to the consent of the SL Counterparty, except as provided in the Trust Deed, the terms of the SL Agreement may not be amended without the consent of the Trustee. The Trustee can agree, without the consent of the Noteholders, to any modification which is, in its opinion, of a formal, minor or technical nature or to correct a manifest error. The Trustee may (subject to limits set out in the Trust Deed) also agree to any modification that is in its opinion not materially prejudicial to the interests of the Noteholders.

Set out below are summaries of certain provisions of the SL Agreement (and should be construed as such).

Payments and Deliveries

The SL Agreement sets out certain payments and deliveries to be made from the Issuer to the SL Counterparty and *vice versa*. Payments and deliveries by the Issuer under the SL Agreement will be limited recourse obligations and will be funded from sums received (i) on the issue of the relevant Notes and/or (ii) in respect of the Original Collateral (if any) relating to such Notes.

The payments and deliveries required between the Issuer and the SL Counterparty under the SL Agreement are designed to ensure that following the making of such payments and deliveries the Issuer will have such funds, when taken together with remaining amounts available to it from the issue of the Notes and/or received in respect of the Original Collateral, as are necessary for it to meet its obligations under the Notes and the Transaction Documents.

The exact payments and deliveries due under the SL Agreement for a particular Series will vary from Series to Series depending on the terms of those Series. The exact payments and deliveries will be agreed between the Issuer and the SL Counterparty at the time of entry into of the relevant SL Agreement. There is no restriction upon the payments and deliveries that may be agreed. In addition, collateral may be transferable to or from the Issuer in relation to the margining provisions of the SL Agreement. As with payments under the SL Agreement, the margining provisions will be agreed between the Issuer and the SL Counterparty at the time of entry into of the relevant SL Agreement. There is no restriction upon the margining provisions that may be agreed.

Events of Default

The SL Agreement provides for certain “Events of Default” (as defined in the SL Agreement) relating to the Issuer and the SL Counterparty, the occurrence of which may lead to a termination of the SL Agreement.

The Events of Default under the SL Agreement include:

- (i) failure by either party to comply with the relevant margin maintenance provisions under the SL Agreement;
- (ii) failure by either party to transfer or credit to the other party a sum equal to (and in the same currency as) any sum it receives as income in respect of any securities transferred to it under the SL Agreement, on the date it receives such income;
- (iii) certain insolvency events relating to either party;

- (iv) any warranties made by either party in the SL Agreement proving to be incorrect or untrue in any material respect when made or repeated;
- (v) either party admitting to the other that it is unable to, or intends not to, perform any of its obligations under the SL Agreement where such failure would (with the service of notice or lapse of time) constitute an event of default under the SL Agreement;
- (vi) all or any material part of the assets of either party being transferred or ordered to be transferred to a trustee by a regulatory authority pursuant to any legislation;
- (vii) circumstances where either party is suspended or expelled from membership of or participation in any securities exchange or suspended or prohibited from dealing in securities by any regulatory authority, in each case on the grounds that it has failed to meet any requirements relating to financial resources or credit rating;
- (viii) a breach by either party of its obligations under the SL Agreement if not remedied within the time period specified therein;
- (ix) if sums paid or received under the relevant SL Transaction(s) are subject to a withholding or a deduction on account of tax and such withholding or deduction arises as a result of a change in tax law or as a result of any action taken by a taxing authority or a court after the entry into of the relevant SL Transaction(s);
- (x) the occurrence of certain illegality events (in the case of illegality, including with respect to any member of the SL Counterparty's group);
- (xi) the Notes being subject to an early redemption (other than where such early redemption is itself caused by a termination of the SL Agreement);
- (xii) the Issuer failing to give an Early Redemption Notice to Noteholders when required to do so pursuant to the Conditions;
- (xiii) if sums paid or received under the relevant SL Transaction(s) are subject to a deduction or withholding imposed pursuant to (a) an Information Reporting Regime or (b) Sections 871 or 881 of the U.S. Internal Revenue Code of 1986;
- (xiv) the Issuer breaching any of the covenants in the Trust Deed;
- (xv) if, due to any change in law, any payment obligations under the SL Agreement that would otherwise be denominated in euro cease to be denominated in euro or it would be unlawful, impossible or impracticable to pay or receive those payments in euro; and
- (xvi) any amendment is made to the Conditions and/or a Transaction Document which adjusts the amount, timing or priority of any payments or deliveries due between the Issuer and the SL Counterparty under the Notes and/or the Transaction Documents, unless the SL Counterparty has consented in writing to such amendment.

Upon the occurrence of any such event under the SL Agreement, the non-defaulting party may give a notice of default designating an Event of Default (as defined in the SL Agreement) and a Termination Date (as defined in the SL Agreement) for each SL Transaction under the SL Agreement will be deemed immediately to occur subject to the provisions of the SL Agreement.

Consequences of Early Termination

Upon early termination of the SL Agreement (which may occur as a result of a default by the SL Counterparty or the insolvency of the Issuer), an early termination payment, based on the market value of the securities loaned under the SL Agreement and the market value of any margin posted by the Issuer to the SL Counterparty

THE SL AGREEMENT

or *vice versa* under the SL Agreement, will be payable by the Issuer to the SL Counterparty or (as the case may be) by the SL Counterparty to the Issuer.

Other than where the SL Counterparty is in default under the SL Agreement, in which case the Issuer will make any determinations under the SL Agreement, the SL Counterparty will make all determinations under the SL Agreement relating to an early termination thereof. If the SL Counterparty is in default, the Issuer will need to appoint a calculation agent for the purposes of making such determination on the Issuer's behalf. In determining a termination payment, (i) the value of securities will be determined as either the sale price of such securities (taking into account fees, costs and expenses incurred by the party selling the securities) or their fair market value, in accordance with the SL Agreement and (ii) the determining party is generally required to act in good faith.

Unless otherwise specified, the base currency in respect of an SL Agreement will be the Specified Currency.

TRANSACTION REPORTING STANDARDS

The Primary Programme Dealers have acknowledged that certain Dealer Set Counterparties (as defined below) may be responsible for reporting details of any outstanding Swap Transaction, Repo Transaction and/or SL Transaction entered into with SPIRE to a trade repository or the European Securities and Markets Authority established by Regulation (EU) No 1095/2010 of the European Parliament and of the Council ("**ESMA**") on behalf of SPIRE pursuant to Regulation (EU) No 648/2012 of the European Parliament and of the Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (as amended or replaced from time to time) ("**EMIR**") and/or Regulation (EU) 2015/2365 of the European Parliament and of the Council on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 dated 25 November 2015 (as amended or replaced from time to time) ("**SFTR**") (a "**Mandatory Reporting Obligation**").

Each Primary Programme Dealer has agreed to procure that, for any Dealer Set Counterparty that is not subject to a Mandatory Reporting Obligation in respect of a Series, such Dealer Set Counterparty will have arrangements in place with SPIRE under which it (or an entity on its behalf) agrees to report to a trade repository or ESMA, on SPIRE's behalf, details of the relevant Swap Transaction, Repo Transaction and/or SL Transaction which SPIRE is required to report pursuant to EMIR or SFTR (as applicable).

A "**Dealer Set Counterparty**" means, in relation to a Primary Programme Dealer, such Primary Programme Dealer or any Affiliate of such Primary Programme Dealer that is a Swap Counterparty, Repo Counterparty or SL Counterparty in respect of a Series.

SECONDARY MARKET, SWAP COUNTERPARTY REPLACEMENT AND SWAP CLOSE-OUT QUOTATIONS

Secondary Market Quotations

Subject to the conditions set out below, Noteholders may request one or more Programme Dealers (irrespective of whether such Programme Dealer acted as the Dealer for the relevant Tranche(s) of Notes) to provide a quotation for the cost of buying all or a part of such Noteholder's holding of Notes of a Series. Following receipt of such a request, each such Programme Dealer will use reasonable endeavours to provide a relevant quotation, provided that:

- (i) the Noteholder is requesting a quotation for a principal amount at least equal to the lesser of (a) the aggregate principal amount of the Notes of the Series then outstanding or (b) EUR 10,000,000 (or its equivalent in any other currency);
- (ii) normal market conditions are prevailing, as determined by the relevant Programme Dealer in its sole and absolute discretion and taking into account such factors or criteria as it may see fit; and
- (iii) the relevant Programme Dealer has obtained all necessary internal credit, compliance and risk approvals (which approvals such Programme Dealer shall use reasonable endeavours to obtain).

In addition to the above criteria, if the Programme Dealer that has been requested to provide the quotation is not the Dealer for the relevant Series:

- (a) "Standard Terms" must be specified as "Applicable" in the applicable Accessory Conditions at the relevant time; and
- (b) if the Notes are to be sold to the Issuer for cancellation and such Programme Dealer is not an Affiliate of the Swap Counterparty for such Series, it must have been able to obtain a firm quotation from the Swap Counterparty for the Series in respect of the corresponding unwind of the Swap Agreement as a result of the cancellation of such Notes.

Noteholders should be aware that a Programme Dealer may discontinue certain businesses such that, even if it was in a position to provide a quotation at the Issue Date of the first Tranche of the relevant Series, it may not be able to provide such a quotation at a later date.

Replacement of the Swap Counterparty

If the Swap Agreement in respect of a Series is terminated because an event of default has occurred with respect to the Swap Counterparty (as to which, see the section of this Base Prospectus titled "*The Swap Agreement*" and the paragraph "*Events of Default*" therein) (the "**Defaulted Swap Counterparty**"), the Notes would ordinarily redeem early at their Early Redemption Amount. However, Noteholders may, subject to the conditions set out below, request one or more Programme Swap Counterparties (which were not the Defaulted Swap Counterparty) (the "**Replacement Swap Counterparty**") to provide a firm quotation for the entry into of a replacement swap transaction with the Issuer in respect of the Notes (a "**Replacement Swap**"). Each Primary Programme Dealer which is an Affiliate of a Replacement Swap Counterparty which has received such a request shall procure that the Replacement Swap Counterparty uses reasonable endeavours to provide a relevant firm quotation by no later than 5.00pm (London time) on the 30th calendar day after (but excluding) the date of request to such Replacement Swap Counterparty (the "**Firm Quotation Cut-off Time**"), provided that:

- (i) the request for a quotation is made by Noteholders holding 100 per cent. of the aggregate principal amount of the outstanding Notes of the relevant Series;
- (ii) "Standard Terms" and "Replacement Swap Counterparty Mechanics" are specified as "Applicable" and "Credit Support Annex" is specified as "Applicable - Payable by Issuer and Swap Counterparty", in each case in the applicable Accessory Conditions at the relevant time (a "**Replacement Eligible Series**");

SECONDARY MARKET, SWAP COUNTERPARTY REPLACEMENT AND SWAP CLOSE-OUT QUOTATIONS

- (iii) normal market conditions are prevailing, as determined by the Replacement Swap Counterparty in its sole and absolute discretion and taking into account such factors or criteria as it may see fit; and
- (iv) the Replacement Swap Counterparty and any affiliated Programme Dealer have obtained all necessary internal credit, compliance and risk approvals (which approvals the relevant Primary Programme Dealer shall procure that the Replacement Swap Counterparty and each other affiliated Programme Dealer uses reasonable endeavours to obtain).

In addition to the above criteria, the parties will need to ensure that:

- (a) the Replacement Swap Counterparty is pre-funded, indemnified and/or secured by or on behalf of one or more Noteholders in a manner satisfactory to such Replacement Swap Counterparty (acting reasonably in making such determination) against any loss that may be incurred by such Replacement Swap Counterparty as a result of any claim by the Defaulted Swap Counterparty (or any liquidator, administrator or other insolvency official relating to the Defaulted Swap Counterparty) in connection with the Notes;
- (b) the Issuer will, in the determination of the Replacement Swap Counterparty:
 - (I) when taken together with any other sums available to the Issuer for such purpose (which may include (A) payments from the Noteholders, (B) an upfront payment from the Replacement Swap Counterparty and (C) the proceeds of sale from any sale of Swap Counterparty CSA Posted Collateral posted by the Defaulted Swap Counterparty), have sufficient immediately available funds in order to (1) make any upfront payments required to be made to the Replacement Swap Counterparty, (2) fund any termination payment to the Defaulted Swap Counterparty and (3) fund any purchase of additional Original Collateral; and
 - (II) be able to satisfy its ongoing obligations in respect of the Notes (under the terms as originally issued or as amended with the agreement of the Noteholders), the Replacement Swap and all other related agreements; and
- (c) the Replacement Swap Counterparty is not prohibited or restricted from entering into the Replacement Swap pursuant to bankruptcy, insolvency or liquidation laws.

Noteholders should be aware that the terms of the Replacement Swap, in particular the terms of any collateral arrangements relating to such Replacement Swap, may not be the same as those for the original Swap Transaction.

Swap Close-out Quotations

If the Swap Agreement in respect of a Series is terminated because of a Defaulted Swap Counterparty and no Replacement Swap has been entered into with a Replacement Swap Counterparty, the Issuer (or a party acting on behalf of the Issuer) may request one or more Programme Swap Counterparties (other than the Defaulted Swap Counterparty) to provide an indicative quotation for a Replacement Swap. For these purposes, the Issuer may make such a request irrespective of whether the Series is a Replacement Eligible Series.

Each Primary Programme Dealer which is an Affiliate of each Programme Swap Counterparty which has received such a request shall procure that each such Programme Swap Counterparty uses reasonable endeavours to provide an indicative quotation by no later than:

- (i) in respect of any Replacement Eligible Series and provided that such Programme Swap Counterparty also received a request for a firm quotation for a Replacement Swap (see "*Replacement of the Swap Counterparty*" above), 5.00pm (London time) on the 14th calendar day after the Firm Quotation Cut-off Time; or

SECONDARY MARKET, SWAP COUNTERPARTY REPLACEMENT AND SWAP CLOSE-OUT
QUOTATIONS

(ii) in respect of any other Notes, 5.00pm (London time) on the 21st calendar day after (but excluding) the date of request to such Programme Swap Counterparty for such an indicative quotation,

provided, in each case, that:

- (a) normal market conditions are prevailing, as determined by the relevant Programme Swap Counterparty in its sole and absolute discretion and taking into account such factors or criteria as it may see fit; and
- (b) the relevant Programme Swap Counterparty has obtained all necessary internal credit, compliance and risk approvals (which approvals the Primary Programme Dealer that is an Affiliate of such Programme Swap Counterparty shall procure that such Programme Swap Counterparty uses reasonable endeavours to obtain).

Such indicative quotations may assist the Issuer with the valuing of the Swap Agreement and help to ensure an orderly early redemption of the Notes in such circumstances.

APPROVED SWAP COUNTERPARTIES, APPROVED REPO COUNTERPARTIES, APPROVED SL COUNTERPARTIES AND APPROVED ORIGINAL COLLATERAL

Notes to be admitted to the Official List and to trading on the Regulated Market may only be issued under this Base Prospectus by way of Final Terms for the purposes of the Prospectus Regulation where (i) the Swap Counterparty has securities admitted to trading on a regulated market for the purposes of MiFID II (an “**EEA Regulated Market**”), equivalent third country market or SME Growth Market or the obligations are guaranteed by an entity whose securities are admitted to trading on an EEA Regulated Market, equivalent third country market or SME Growth Market (an “**Approved Swap Counterparty**”), (ii) the Repo Counterparty has securities admitted to trading on an EEA Regulated Market, equivalent third country market or SME Growth Market or the obligations are guaranteed by an entity whose securities are admitted to trading on an EEA Regulated Market, equivalent third country market or SME Growth Market (an “**Approved Repo Counterparty**”), (iii) the SL Counterparty has securities admitted to trading on an EEA Regulated Market, equivalent third country market or SME Growth Market or the obligations are guaranteed by an entity whose securities are admitted to trading on an EEA Regulated Market, equivalent third country market or SME Growth Market (an “**Approved SL Counterparty**”), and (iv) the Original Collateral is collateral having the following characteristics (“**Approved Original Collateral**”):

Issuer of Approved Original Collateral:	Any corporate or sovereign
Status:	Senior, unsecured
Legal nature:	Bonds
Governing law:	English law
Other:	Admitted to trading on an EEA Regulated Market, equivalent third country market or SME Growth Market

In all other cases, the Swap Counterparty, the Repo Counterparty, the SL Counterparty and the Original Collateral in respect of a Series will be as specified in the applicable Pricing Terms.

SECURITY ARRANGEMENTS

The Security may include a fixed charge over the Collateral which may be held by or through the Custodian through Euroclear and/or Clearstream, Luxembourg and/or an alternative clearing system (each, a “**clearing system**”). The charge is intended to create a property interest in the Collateral in favour of the Trustee to secure the Issuer’s liabilities.

However, where the Collateral is held through a clearing system, neither the Issuer nor the Custodian is the legal owner of the Collateral itself but instead they merely have interests in that Collateral. As between the Issuer and the Custodian, such interests arise from the Custody Agreement. In turn, the Custodian will have rights either against an intermediary (such as a sub-custodian) or as an accountholder in the clearing system, the clearing system will have rights against the common depository or the nominee, as the case may be, for the clearing system and such common depository or nominee, as the case may be, will, as legal owner, have rights against the issuer of the Collateral. As a result, where Collateral is held in a clearing system, the Security will take the form of an assignment of the Issuer’s rights against the Custodian under the Agency Agreement, as the case may be, rather than a charge over the Collateral itself.

TAXATION

LUXEMBOURG

Automatic Exchange of Information

Investors should note that Luxembourg signed an Intergovernmental Agreement (“**IGA**”) with the U.S. in 2014 to assist with the implementation of the U.S. Foreign Accounts Tax Compliance Act (“**FATCA**”) and implemented the obligations resulting from the IGA into Luxembourg domestic law on 24 July 2015 (the “**FATCA Law**”).

Luxembourg further implemented the provisions of the Council Directive 2014/107/EU amending Council Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation as well as the multilateral agreement of 29 October 2014 by which the OECD adopts the Common Reporting Standard (“**CRS**”) into domestic law on 18 December 2015 (the “**CRS Law**”).

Under the FATCA Law and the CRS Law, SPIRE (or any other entity designated by SPIRE to this end), provided SPIRE qualifies as a Financial Institution, may be obliged to identify its investors and, as the case may be, to report certain information regarding certain investors (qualifying as reportable persons or qualifying as passive non financial entities controlled by such reportable persons) as well as their investment and their allocable share of income to the Luxembourg Tax Authorities (*Administration des Contributions Directes*). The Luxembourg Tax Authorities will then forward such information to the relevant foreign authorities of other participating jurisdictions in the context of CRS and to the U.S. Internal Revenue Service in the context of FATCA.

Investors have the right to access the data reported to the Luxembourg Tax Authorities and, as the case may be, to have these data rectified in case of error.

Luxembourg Taxation

The following overview is of a general nature. It is based on the laws presently in force in Luxembourg, though it is not intended to be, nor should it be construed to be, legal or tax advice. Prospective investors in the Notes should therefore consult their own professional advisers as to the effects of state, local or foreign laws, including Luxembourg tax law, to which they may be subject.

Taxation of the Issuer

SPIRE will be considered a fiscal resident of Luxembourg from a Luxembourg tax law perspective and should therefore be able to obtain a residence certificate from the Luxembourg tax authorities.

SPIRE will be liable for Luxembourg corporate taxes. The current standard combined applicable rate in the City of Luxembourg, including corporate income tax (*impôt sur le revenu des collectivités*), municipal business tax (*impôt commercial communal*) and solidarity taxes, is 23.87 per cent. Liability for such corporate taxes extends to SPIRE’s worldwide profits including capital gains, subject to the provisions of any relevant double taxation treaty. The taxable income of SPIRE is computed by application of all rules of the Luxembourg income tax law of 4 December 1967, as amended (*loi concernant l’impôt sur le revenu*), as commented and currently applied by the Luxembourg tax authorities.

Under certain conditions, dividends received by SPIRE from qualifying participations and capital gains realised by SPIRE on the sale of qualifying participations may be exempt from Luxembourg corporate taxes under the Luxembourg participation exemption. Subject to the application of ATAD, SPIRE may, under certain conditions, deduct from its taxable profits interest payments made to Noteholders.

A fixed registration duty (*droit fixe spécifique d’enregistrement*) of EUR 75 is payable at the moment of the amendment of the Articles. The transfer or sale of securities of the Issuer or SPIRE (as appropriate) will not be subject to Luxembourg registration or stamp duty.

SPIRE will be exempt from wealth tax (*impôt sur la fortune*), save for the minimum annual net wealth tax ranging between EUR 535 and EUR 4,815.

Taxation of the Noteholders

Withholding Tax

(i) Non-resident Noteholders

Under Luxembourg general tax laws currently in force, there is no withholding tax on payments of principal, premium or interest made to non-resident Noteholders, nor on accrued but unpaid interest in respect of the Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of the Notes held by non-resident Noteholders.

(ii) Resident Noteholders

Under Luxembourg general tax laws currently in force and with the possible exception of interest paid to certain individual Noteholders, there is no withholding tax on payments of principal, premium or interest made to Luxembourg resident Noteholders, nor on accrued but unpaid interest in respect of Notes, nor is any Luxembourg withholding tax payable upon redemption or repurchase of Notes held by Luxembourg resident Noteholders.

Under the Law of 23 December 2005, as amended, (the “**Law**”) payments of interest or similar income made or ascribed by a paying agent established in Luxembourg to an individual beneficial owner who is a resident of Luxembourg will be subject to a withholding tax of 20 per cent. Such withholding tax will be in full discharge of income tax if the beneficial owner is an individual acting in the course of the management of his/her private wealth.

Responsibility for the withholding of the tax will be assumed by the Luxembourg paying agent. Payments of interest under the Notes coming within the scope of the Law would currently be subject to withholding tax of 20 per cent.

Income Taxation

Noteholders who are residents of Luxembourg will not be liable for any Luxembourg income tax on repayment of principal.

(i) Interest

A corporate Noteholder who is a resident of Luxembourg for tax purposes or a Noteholder who is not a resident of Luxembourg, but who has a permanent establishment or a permanent representative in Luxembourg, to which or whom the Notes are attributable, is subject to Luxembourg income tax in respect of the interest paid or accrued, redemption premiums or issue discounts under the Notes. A non-resident holder of Notes, not having a permanent establishment or permanent representative in Luxembourg to which/whom such Notes are attributable, is not subject to Luxembourg income tax on interest accrued or received, redemption premiums or issue discounts, under the Notes.

An individual Luxembourg resident Noteholder, acting in the course of the management of his/her private wealth, is subject to Luxembourg income tax at progressive rates in respect of interest received, redemption premiums or issue discounts, under the Notes, except if (i) withholding tax has been levied on such payments in accordance with the Law, or (ii) the individual Noteholder has opted for the application of a 20 per cent. tax in full discharge of income tax in accordance with the Law, which applies if a payment of interest has been made or ascribed by a paying agent established in an EU Member State (other than Luxembourg), or in a Member State of the European Economic Area (other than an EU Member State). The withholding tax or self-applied tax are the final tax liability for the Luxembourg individual resident taxpayers receiving the interest payment in the framework of their private wealth.

An individual holder of Notes acting in the course of the management of a professional or business undertaking must include this interest in its taxable basis. If applicable, the tax levied in accordance with the Law will be credited against his/her final tax liability.

(ii) Gains

Under Luxembourg domestic tax law, gains realised by an individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, on the sale or disposal, in any form whatsoever, of Notes are not subject to Luxembourg income tax, provided this sale or disposal took place at least six months after the acquisition of the Notes. An individual Noteholder, who acts in the course of the management of his private wealth and who is a resident of Luxembourg for tax purposes, has further to include the portion of the gain corresponding to accrued but unpaid interest in respect of the Notes in his taxable income, except if tax has been levied on such interest in accordance with the Law. Gains realised by a corporate Noteholder or by an individual Noteholder, who acts in the course of the management of a professional or business undertaking, who is a resident of Luxembourg for tax purposes or who has a permanent establishment or a permanent representative in Luxembourg, to which or whom the Notes are attributable, on the sale or disposal, in any form whatsoever, of Notes are subject to Luxembourg income tax.

However, a Luxembourg Noteholder that is governed by the law of 11 May 2007 on family estate companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 23 July 2016 on reserved alternative investment funds, as amended, (provided it is not foreseen in the incorporation documents that (i) its exclusive object is the investment in risk capital and that (ii) article 48 of the aforementioned law of 23 July 2016, as amended, applies), will not be subject to any Luxembourg income tax in respect of interest received or accrued on the Notes, or on gains realised on the sale or disposal, in any form whatsoever, of Notes.

Noteholders will not be deemed to be resident, domiciled or carrying on business in Luxembourg solely by reason of the holding, execution, performance, delivery, exchange and/or enforcement of the Notes.

Gains realised by a non-resident Noteholder, who does not have a permanent establishment or a permanent representative in Luxembourg, to which or whom the Notes are attributable, on the sale or disposal of Notes are not subject to Luxembourg income tax.

Net Wealth Tax

A corporate Noteholder, whether it is a resident of Luxembourg for tax purposes or, if not, it maintains a permanent establishment or a permanent representative in Luxembourg to which or whom such Notes are attributable, is subject to Luxembourg wealth tax on such Notes, except if the Noteholder is governed by the law of 11 May 2007 on family estate companies, as amended, or by the law of 17 December 2010 on undertakings for collective investment, as amended, or by the law of 13 February 2007 on specialised investment funds, as amended, or by the law of 22 March 2004 on securitisation, as amended, or by the law of 15 June 2004 on venture capital vehicles, as amended, or by the law of 23 July 2016 on reserved alternative investment funds, as amended.

Please note that companies governed by the law of 22 March 2004 on securitisation, as amended, or the law of 15 June 2004 on venture capital vehicles, as amended, as well as reserved alternative investment funds governed by the law of 23 July 2016, as amended, which fall under the special tax regime set out under article 48 thereof, may be subject to an annual minimum net wealth tax.

An individual Noteholder, whether he/she is a resident of Luxembourg or not, is not subject to Luxembourg wealth tax on Notes.

Other Taxes

In principle, neither the issuance nor the transfer, repurchase or redemption of Notes will give rise to any Luxembourg registration tax or similar taxes.

However, a fixed or *ad valorem* registration duty may be due upon the registration of the Notes in Luxembourg in the case where the Notes are physically attached to a public deed or to any other document subject to mandatory registration, as well as in the case of a registration of the Notes on a voluntary basis.

Under present Luxembourg tax law, in the case where a Noteholder is a resident for tax purposes of Luxembourg at the time of his/her death, the Notes are included in his/her taxable estate, for inheritance tax purposes and gift tax may be due on a gift or donation of Notes, if the gift is recorded in a Luxembourg deed passed in front of a Luxembourg notary or recorded in Luxembourg.

U.S. TEFRA CATEGORISATION

Notes in bearer form will be issued:

- (i) in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (or any successor rules in substantially the same form that are applicable for the purposes of section 4701 of the U.S. Internal Revenue Code of 1986, as amended) (“**TEFRA C**”);
- (ii) in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for the purposes of section 4701 of the U.S. Internal Revenue Code of 1986, as amended) (“**TEFRA D**”); or
- (iii) other than in compliance with TEFRA D or TEFRA C but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”), which circumstances will be referred to in the applicable Accessory Conditions as a transaction to which TEFRA is not applicable.

U.S. Reference Notes

Payments on instruments issued by a special purpose vehicle organised outside the United States, such as the Issuer, generally are not treated as income from U.S. sources and, thus, are not subject to U.S. withholding tax. However, pursuant to certain provisions of U.S. law, payments on assets held by a special purpose vehicle organised outside the United States, such as the Issuer, are subject to U.S. withholding tax if the assets pay or are deemed to pay income from U.S. sources under U.S. federal income tax rules, unless certain conditions are satisfied.

For any Series where (i) the Notes are secured by Original Collateral that is a debt instrument issued by a U.S. Person or that otherwise pays or is deemed to pay amounts treated as U.S. source income for U.S. federal income tax purposes; (ii) the Notes are secured by Collateral (other than the Original Collateral) that is a debt instrument issued by a U.S. Person or that otherwise pays or is deemed to pay amounts treated as U.S. source income for U.S. federal income tax purposes; (iii) the Swap Counterparty is a U.S. Person; (iv) the Repo Counterparty is a U.S. Person; or (v) the SL Counterparty is a U.S. Person, the Notes issued in such Series will be designated “U.S. Reference Notes”. In order to mitigate the risk that payments to the Issuer in respect of the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement (in each case, if any) would be subject to U.S. withholding tax, investors in U.S. Reference Notes will be required to provide U.S. tax forms to the intermediary through which it receives payments on the Notes (or, where applicable, to the Issuer directly) evidencing that the investor would not be subject to any deduction or withholding for or on account of any U.S. withholding tax if the relevant payment had been made to the investor instead of the Issuer. Each intermediary (including Euroclear, Clearstream, Luxembourg, any other relevant clearing system or any other agent acting on behalf of the Issuer) shall be entitled to share any information or documentation it receives from an investor in respect of a U.S. Reference Note with the Issuer or another intermediary in respect of U.S. Reference Note, to the extent requested in connection with U.S. federal tax reporting, withholding or other compliance obligations.

The Issuer may be subject to U.S. withholding tax on all, or a portion of, payments it receives with respect to the Collateral, the Swap Agreement, the Repo Agreement or the SL Agreement (in each case, if any) if the

holders of U.S. Reference Notes would have been subject to U.S. withholding tax if such payments had been made to them instead of the Issuer or if such holders fail to substantiate that such withholding would not have applied through the provision of U.S. tax forms.

Any U.S. withholding tax imposed on payments on assets held by the Issuer will result in the Issuer having insufficient funds from which to make payments that would otherwise have become due in respect of the Notes, the Swap Agreement, the Repo Agreement or the SL Agreement with respect to a Series. No other funds will be available to the Issuer or any other Transaction Party to make up any such shortfall and, as a result, the Issuer may not have sufficient funds to satisfy its payment obligations to Noteholders. Accordingly, any such U.S. withholding tax being imposed on payments on assets held by the Issuer could have material adverse consequences to investors in Notes of the applicable Series, or possibly to investors in Notes of other Series.

The Proposed Financial Transactions Tax (“FTT”)

On 14 February 2013, the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (each, other than Estonia, a “**participating Member State**”). However, Estonia has stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission’s Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established or deemed to be established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

With respect to any Tranche, the Notes of that Tranche will be sold by the Issuer to the Dealer of such Tranche pursuant to the Dealer Agreement for such Tranche.

The Issuer may pay a Dealer a commission as agreed between the Issuer and a Dealer in respect of the Notes subscribed by it.

By entering into the relevant Dealer Agreement, the Issuer will agree to indemnify the Dealer against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement for any Tranche may be terminated by the Issuer or by the Dealer, at any time on giving at least 10 days' notice.

The Programme Dealers may sell Notes to subsequent purchasers in individually negotiated transactions at negotiated prices, which may vary among different purchasers and which may be greater or less than the aggregate issue price of the Notes.

Selling Restrictions

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States. No person has registered nor will register as a commodity pool operator of the Issuer under the U.S. Commodity Exchange Act of 1936 (the "**CEA**") and the rules of the U.S. Commodity Futures Trading Commission thereunder.

Notes may not at any time be offered, sold or, in the case of Notes in bearer form, delivered within the United States or to, or for the account or benefit of, any person who is (a) a U.S. person (as defined in Regulation S under the Securities Act ("**Regulation S**")), (b) a U.S. person (as defined in the credit risk retention rules issued under Section 15G of the U.S. Securities Exchange Act of 1934 (the "**U.S. Credit Risk Retention Rules**")) or (c) not a Non-United States person (as defined in Rule 4.7 of the rules of the Commodity Futures Trading Commission (the "**CFTC Rules**") under the CEA, but excluding for purposes of subsection (D) thereof, the exception to the extent that it would apply to persons who are not Non-United States persons ("**Rule 4.7**")). Terms used in this paragraph and not otherwise defined have the meanings given to them by Regulation S.

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not at any time be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations (but excluding for purposes of U.S. Treas. Reg. §1.163-5(c)(2)(i)(D), transactions that would permit resale of the Notes after the expiration of the restricted period to a person who is within the United States or its possessions or to a United States person). Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

APPENDIX 1 FORM OF FINAL TERMS

[Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.]

[Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook, and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (the "EUWA") ("UK MiFIR"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.]

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a "retail client" as defined in point (11) of Article 4(1) of [Directive 2014/65/EU of the European Parliament and the Council on markets in financial instruments (as amended, "MiFID II")][MiFID II]; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in, respectively, point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "Prospectus Regulation"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the [European Union (Withdrawal) Act 2018 (as amended, the "EUWA")][EUWA]; or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("DISC") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in any jurisdiction. For these purposes, a "retail investor" (i) has the meanings given to it above in relation to EEA and UK law and (ii) means a person who does not qualify as a professional, institutional, qualified, accredited, sophisticated or other similar

category of investor under the applicable laws and regulations of any other jurisdiction into which the Notes are being offered, sold, distributed or otherwise made available.

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (the "EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a "retail client" as defined in point (11) of Article 4(1) of [Directive 2014/65/EU of the European Parliament and the Council on markets in financial instruments (as amended, "MiFID II")][MiFID II]; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in, point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (the "Prospectus Regulation"). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is either one (or both) of the following: (i) not a professional client as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the [European Union (Withdrawal) Act 2018 (as amended, the "EUWA")][EUWA]; or (ii) not a qualified investor as defined in paragraph 15 of Schedule 1 to the Public Offers and Admissions to Trading Regulations 2024. Consequently no disclosure document required by the FCA Product Disclosure Sourcebook ("DISC") for offering, selling or distributing the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering, selling or distributing the Notes or otherwise making them available to any retail investor in the UK may be unlawful under DISC and the Consumer Composite Investments (Designated Activities) Regulations 2024.

The Notes are not intended to be offered, sold, distributed or otherwise made available to and should not be offered, sold, distributed or otherwise made available to any retail investor in any jurisdiction. For these purposes, a "retail investor" (i) has the meanings given to it above in relation to EEA and UK law and (ii) means a person who does not qualify as a professional, institutional, qualified, accredited, sophisticated or other similar

category of investor under the applicable laws and regulations of any other jurisdiction into which the Notes are being offered, sold, distributed or otherwise made available.

DETAILS RELATING TO THE CREDIT SUPPORT ANNEX

40 Base Currency: [•]

41 Eligible Currency: [Specify currencies]

(Cash in a Major Currency or other Eligible/Equivalent Credit Support denominated in an Eligible Currency will attract a 0% FX Haircut Percentage under the CSA in the Master Swap Terms; otherwise, a haircut of 8% will be applied to the specified Valuation Percentages. This follows the ISDA VM CSA approach, but is only required for parties subject to VM. The Base Currency is automatically an Eligible Currency, but to ensure 0% FX Haircut Percentage is applicable to any collateral not denominated in the Base Currency, the relevant currency in which such collateral is denominated must be specified as an Eligible Currency. It is expected that the default definition of "Major Currency" will cover the common currencies used, but if you require further currencies these can be specified either as additional Eligible Currencies (not impacting cash posting) or as an expansion of the Major Currency definition below.

Each of the following constitute a "Major Currency": (1) United States Dollar; (2) Canadian Dollar; (3) Euro; (4) United Kingdom Pound; (5) Japanese Yen; (6) Swiss Franc; (7) New Zealand Dollar; (8) Australian Dollar; (9) Swedish Krona; (10) Danish Krone; (11) Norwegian Krone; and (12) Korean Won.)

42 [Additional Major Currency: [•]]
